INDEPENDENT AUDITOR'S REPORT

To Oakbrook Corporation
The Plan Administrator for
Oakbrook Corporation Salary Deferral Profit Sharing Plan
Madison, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Oakbrook Corporation Salary Deferral Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oakbrook Corporation Salary Deferral Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oakbrook Corporation Salary Deferral Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oakbrook Corporation Salary Deferral Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oakbrook Corporation Salary Deferral Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oakbrook Corporation Salary Deferral Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OAKBROOK CORPORATION
SALARY DEFERRAL PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024

NOTE A -- Description of plan and significant accounting policies

The following description of the Oakbrook Corporation Salary Deferral Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Oakbrook Corporation (the company and employer) has adopted the Empower Retirement, LLC Defined Contribution Pre-Approved Plan with the most recent restatement effective April 13, 2021. The original effective date of the Plan was January 1, 1989.

General

The Plan is a safe harbor 401(k) Plan covering full-time employees of the company on the date of hire and part-time employees of the company who have attained 1,000 hours of service during a computation period for elective deferrals. The Plan excludes collective bargaining (union) employees. The Plan covers all employees of the company who have completed one year of service for nonelective and safe harbor contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-1591030, and the Plan's number is 001.

Contributions

Participants may contribute up to 100% of pretax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

As part of the 401(k) safe harbor plan, a qualified automatic contribution arrangement (QACA) was designed which incorporates an automatic deferral feature. Accordingly, 3% of the participant's eligible compensation is automatically deferred with an annual step-up of 1% starting in year three, up to a maximum of 6%. Participants may opt out of the automatic enrollment provision or select an alternative deferral amount at any time. In order to maintain the Plan's "QACA safe harbor" status, the company makes a safe harbor matching contribution equal to 100% of participant elective deferrals that do not exceed 1% of employee compensation plus 50% of employee elective deferrals between 1% and 6% of participant compensation.

The company may also make a discretionary nonelective contribution to the Plan. In order to receive the nonelective contribution a participant must be employed on the last day of the Plan year, or if not employed on the last day of the Plan year, must have obtained 501 hours of service by the contribution date. A participant's share of the nonelective contribution is calculated as total discretionary amount contributed multiplied by the participant's compensation divided by the total compensation of all eligible participants. No discretionary nonelective contributions were made during 2024.

Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

NOTE A -- Description of plan and significant accounting policies (Continued)

Participant accounts and “rollovers”

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s matching and discretionary contribution, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocation of employer contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the rollover of funds from other qualified plans to a participant’s account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company’s nonelective and qualified safe harbor contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service. Participants, who leave the Plan because of death or disability, as defined in the Plan, are considered 100% vested in all amounts.

Forfeited accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$11,305 and \$19,834 respectively. These accounts will be used to reduce future employer contributions or reduce Plan expenses. In 2024, employer contributions were reduced by \$12,730 from forfeited non-vested accounts.

Benefits

On termination of service due to death, disability, retirement (age 65) or other reasons, a participant may elect either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or in monthly, quarterly or annual annuity payments. The Plan permits hardship distributions if certain criteria are met. In-service withdrawals are permitted in the Plan after participants attain age 59 ½. A participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000 the participant may elect a lump-sum distribution or may elect installments over a fixed reasonable period of time; or the participant may elect to rollover the distribution to another qualified plan.

Participant loans

Participants may not borrow from their fund accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

NOTE A -- Description of plan and significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The employer pays some of the administrative expenses of the Plan, which are excluded from these financial statements. The major administrative expenses are recordkeeping and professional fees.

Subsequent events

These financial statements have not been updated for subsequent events occurring after September 23, 2025, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the trustee and asset custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and interest, dividends, and net appreciation for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the asset custodian and trustee of the Plan.

NOTE C -- Party-in-interest transactions

JPMorgan Invest Holdings LLC (JPMorgan) is the recordkeeper of the Plan as of and for the year ended December 31, 2024, and is therefore designated as a fiduciary and party-in-interest.

Some Plan administrative expenses are paid by the employer. JPMorgan and its affiliates and agents may receive compensation with respect to Plan investments or other revenue-sharing fees. In recognition of the compensation paid to JPMorgan, JPMorgan credits the Plan with a percentage of the total annual fund fees for the purposes of determining its pricing for the services it provided to the Plan.

NOTE D -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

¹ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE D -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Stable asset collective investment fund: A stable asset fund composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
JPMorgan Stable Asset Income Fund	\$ 617,025	n/a	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
JPMorgan Stable Asset Income Fund	\$ 604,068	n/a	Daily	12 months

NOTE E -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F -- Tax status

The Empower Retirement, LLC Defined Contribution Pre-Approved Plan, that the Plan has adopted effective April 13, 2021, obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Plan termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their allocated employer contributions.

NOTE H -- Plan amendments

The Plan has made certain elections for the Secure Act 2.0 provisions effective prior to January 1, 2025, which laws address, among others, involuntary cash-out distributions' limits and eligibility requirements for long-term part-time employees. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
