INDEPENDENT AUDITORS' REPORT

To the Plan Trustees of
Microwave Transmission Systems, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Microwave Transmission Systems, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Comerica Bank and Trust, N.A., a custodian of the Plan, as of December 31, 2024 and for the period July 16, 2024 to December 31, 2024 stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate. We have been informed by the Plan Trustees that certain other custodians held Plan assets and executed investment transactions during the year ended December 31, 2024 and that these transactions were not covered by certifications by qualified institutions.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Microwave Transmission Systems, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Microwave Transmission Systems, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards

will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Microwave Transmission Systems, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Microwave Transmission Systems, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions, schedule of assets (held at end of year), and the schedule of reportable transactions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The financial statements of Microwave Transmissions Systems, Inc. Profit Sharing Plan as of December 31, 2023 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 2, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects,

in accordance accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The plan investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Life insurance policies (2023) are valued at estimated fair value, which is cash surrender value as determined by Massachusetts Mutual Life Insurance.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Investment transactions are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant does not make loan repayments and the loan is considered to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Expenses

Certain expenses of maintaining the plan are absorbed by the plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain expenses specifically incurred by, or attributable to a participant are paid from that participant's account. During the year ended December 31, 2024, the Plan incurred administrative expenses of \$38,450 for recordkeeping fees and the audit fee for the prior year audit.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE B – DESCRIPTION OF PLAN

Plan Summary

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Microwave Transmission Systems, Inc. Profit Sharing Plan is a defined contribution profit sharing plan that provides retirement savings benefits to eligible employees of Microwave Transmission Systems, Inc. and subsidiaries ("the Company" or "Plan Sponsor"). The Plan commenced effective January 1, 1995. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. Certain officers of the Company serve as Trustees of the Plan.

Eligibility

Except for union employees and nonresident aliens, all employees of the Company are eligible to participate in the Plan after attaining 18 years of age and completing one year of service. The Plan entry date is the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the completing of the eligibility requirements.

Notes to Financial Statements

December 31, 2024

NOTE B – DESCRIPTION OF PLAN – Continued

Contributions

The Plan Sponsor has the option to make discretionary profit sharing contributions to the Plan as determined annually by the Plan Sponsor. Participants must be employed on the last day of the year in order to receive a profit sharing contribution. The Plan does allow for rollover contributions from other qualified retirement plans and certain IRAs. The profit sharing contribution for 2024 amounted to 3% of eligible compensation for each eligible participant.

Participants Accounts

Each participant's account is credited with the employer's contributions plus allocations of Plan earnings, losses and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Vesting in the Company's profit-sharing contributions, if any, in participants' accounts plus earnings thereon is based on years of continuous service. Participants are vested based on the following:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans must be repaid over a maximum five-year period unless it is for the purchase of a principal residence, in which case, the loan may be repaid over a longer period. The Plan allows a maximum of 3 loans per participant. The loans are secured by the balance in the participant's account and bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

MICROWAVE TRANSMISSION SYSTEMS, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024

NOTE B – DESCRIPTION OF PLAN – Continued

Life Insurance

Prior to 2024, the Plan Sponsor had the option to direct employer contributions to purchase life insurance coverage for certain officers. The cash values of the policies are included in plan assets as of December 31, 2023. The value of those policies was distributed to the respective participants in 2024.

Distributions

On termination of service, retirement, disability, or attaining age 59 1/2, a participant may elect to receive a distribution equal to the value of the participant's vested account balance. Upon normal retirement, disability or death, the participant or beneficiary becomes fully vested. Under the Plan, normal retirement is defined as age 65. Balances less than or equal to \$5,000 will be paid in a single lump sum payment. Participants may elect to receive balances that exceed \$5,000 in either a single lump-sum payment or in installments over a period of time not to exceed the participant's life expectancy. The Plan also allows in-service hardship distributions based on specific criteria and in-service distributions after a participant has attained age 40 and is 100% vested.

Forfeited Accounts

Forfeitures can be used to pay expenses of the Plan or may be reallocated to Participants as additional employer contributions. Unallocated forfeitures in the amount of \$117,032 were reallocated to participants in February 2025. During the year ended December 31, 2023, forfeitures of \$10,017 were allocated to participants. At December 31, 2023, there were no unallocated forfeitures.

Plan Termination

Although it has not expressed an intent to do so, the Company, at its discretion, may discontinue the contributions and terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their accounts.

NOTE C – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

MICROWAVE TRANSMISSION SYSTEMS, INC. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2024

NOTE C – INCOME TAX STATUS - Continued

The Plan operates under an adoption agreement in connection with a prototype non-standardized profit sharing plan and custodial document sponsored by 401 Plans. The IRS has determined and informed the plan sponsor in a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

NOTE D - INFORMATION CERTIFIED BY THE PLAN TRUSTEE - Continued

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Full-scope audit procedures were performed on the investment information provided by the other custodians of Plan assets which include Comerica Securities, Inc. (2023), Ameriprise Financial Services, LLC (January 1, 2024 to July 16, 2024), Fidelity Management Trust Company, Invesco Capital Management Company and Columbia Management Investment Services Corporation.

At December 31, 2024, the Plan's investments were held by Comerica Bank & Trust, N.A. and the cash accounts were held by Comerica Bank.

NOTE E – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (2023)

The Plan holds a traditional investment contract in the form of a group annuity contract with Massachusetts Mutual Life Insurance Company (the Issuer) that invests contributions in the general account product. The underlying investment in the group annuity contracts is the Invesco V.I. Main Street Mid Cap Fund. The fund seeks long-term capital growth by investing in mid-sized U.S. companies.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this investment. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (a) amendments to the plan document (including complete or partial termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE E – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (2023) – Continued

During the year ended December 31, 2024, these investments were distributed to the respective participants. The balance of the group annuity contracts at contract value was \$196,727 at December 31, 2023.

NOTE F - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and quoted prices for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds: Valued at cost which approximates fair market value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the closing price reported in the active market where the individual securities are traded.

Life Insurance: Valued using mortality rates which are considered to be unobservable and are substantive to the valuation of the related policies. As such, these are classified as Level 3.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2024

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds cash and investments managed by the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transaction rules under ERISA.

The Plan paid audit fees in the amount of \$23,000 during the year ended December 31, 2024. The Plan's third-party administrator and recordkeeper provides administrative services to the Plan. During the year ended December 31, 2024, fees paid by the Plan to the TPA totaled \$15,450. These are included in administrative expenses.

The Plan has notes receivable from participants as of December 31, 2024 and 2023. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions which are exempt from being prohibited transactions under ERISA.

NOTE I – DELINQUENT LOAN REPAYMENTS

The Plan Sponsor did not remit certain participant loan repayments to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions under ERISA. Untimely remittances are identified on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. The Plan has filed the corrections related to the lost earnings under the Voluntary Fiduciary Correction Program (VFCP). In September 2024, the Plan Sponsor remitted \$6,908 of lost earnings to the Plan. The Plan Sponsor received correspondence from the U.S. Department of Labor dated January 28, 2025 that acknowledged the corrective action taken and that indicated that no further action will be taken conditioned upon the completeness and accuracy of the application submitted under the VFCP.

NOTE J – SUBSEQUENT EVENTS

The Plan was amended as of March 1, 2025. The recordkeeper and trustee of the Plan changed to Fidelity Investments and Fidelity Management Trust Company, respectively. Under the amended Plan, a participant is permitted to exercise control over the assets of his/her account and choose from a broad range of investment alternatives. The Fidelity Plan also includes a self-directed brokerage option to participants.

The date to which events occurring after December 31, 2024 have been evaluated for possible adjustment to or disclosure in the financial statements is September 4, 2025, which is the date on which the financial statements were available to be issued.
