INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

TRANSACT CAMPUS 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of *Transact Campus 401(k) Plan* (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 20, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period ended December 20, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 20, 2024 and December 31, 2023 and for the period ended December 20, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

TRANSACT CAMPUS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 20, 2024 and December 31, 2023

(1) Description of the Plan

The following description of the *Transact Campus 401(k) Plan* (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. General** – The Plan was a defined contribution 401(k) plan covering employees of Transact Campus, Inc. (the “Company”). The Plan was adopted on January 1, 2021 and became effective for participation on April 1, 2021. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Internal Revenue Code (“IRC”) Section 401(k). The Company had appointed Pentegra Services, Inc. to serve as the Plan’s plan administrator. As of September 5, 2024, the Plan was amended to terminate effective October 31, 2024. All remaining plan assets were distributed on December 20, 2024.
- B. Eligibility** – Under the provisions of the Plan, each employee was eligible to become a participant in the Plan when he or she attained the age of 18. An eligible employee who satisfied the requirement would become a participant in the Plan on the first day of the month coinciding with or following the date the requirements were met for all contribution types.
- C. Contributions** – Participants could contribute a portion of their eligible compensation on a before-tax basis and Roth basis of up to 90% of compensation each year, not to exceed the maximum allowable by the Internal Revenue Code (\$23,000 for 2024). The Plan had an automatic deferral provision in which if an eligible employee did not opt out of the plan, they would be automatically enrolled at 3% before-tax deferral of compensation. In addition, the Plan allowed participants attaining the age of 50 or more before the end of the Plan year to make additional catch-up contributions not exceeding \$7,500 for 2024. The Company was able to make a matching contribution at its discretion. Effective January 1, 2023, the computation period for the discretionary employer match was changed from being applied on a Plan Year basis to a payroll period basis. For the 2024 plan year, the Company elected to match 38% of participant contributions, inclusive of catch-up contributions, up to 6% of their eligible salary. The Plan also provided that the Company may contribute to the Plan a discretionary non-elective contribution each year. There were no discretionary non-elective contributions for 2024.
- D. Participant accounts** – Each participant’s account was credited with their elective deferral contributions, Company matching contributions, an allocation of any Company discretionary non-elective contributions, and an allocation of investment earnings and losses. Allocations of Company non-elective contributions were based on the ratio of each participant’s compensation to total compensation of all participants. Allocations of investment earnings and losses were based on each participant’s investment election. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.
- E. Vesting** – Participants were 100% vested in contributions they make to the Plan plus actual earnings thereon. Vesting under the Plan was based on whole years of employment service with the Company. Participants become vested in Company contributions based on years of service as follows.

<u>Year(s) of Service</u>	<u>Vesting</u>
1 year	33%
2 years	67%
3 years	100%

Upon death and permanent disability, regardless of the vesting schedule, the participant would become fully vested.

TRANSACT CAMPUS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 20, 2024 and December 31, 2023

(1) Description of the Plan (continued)

As of October 31, 2024, the effective date of the Plan termination amendment, all funds credited to a participant's account became fully vested and nonforfeitable.

- F. Investment options** – Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered a number of mutual funds managed by various investment managers as investment options for participants as well as a self-directed account option.
- G. Notes receivable from participants** – Participants were able to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms could be no longer than five years, or up to 30 years subject to the Plan Administrator's discretion, for the purchase of a primary residence. The loans were collateralized by the balance in the participant's account and bear interest at the Prime Rate plus 1%. Principal and interest were paid ratably through payroll deductions. The interest rate for all participant loans outstanding at December 31, 2024 ranged from 4.25% to 9.50%. The Plan terminated effective October 31, 2024, and all assets, including participant loans, were fully distributed by December 20, 2024. Accordingly, no participant loans were outstanding as of December 20, 2024.
- H. Distribution of benefits** – Benefit payments occurred upon participant retirement from the Company, termination of employment, death, disability, proven financial hardship, an in-service distribution if age 59 ½ had been obtained, or if specific requirements were met for military members. Distributions could be made in the form of lump-sums, substantially equal installments, and partial withdrawals.
- I. Forfeitures** – At December 20, 2024 and December 31, 2023, there were no forfeited non-vested amounts outstanding. These amounts would be used to first pay Plan expenses and then to reduce future employer contributions, to the extent made by the Company, in accordance with Plan documents. During the period ended December 20, 2024, the Plan used approximately \$13,000 in forfeitures to pay Plan expenses and approximately \$18,000 to reduce employer contributions. During the year ended December 31, 2023, the Plan used approximately \$9,000 in forfeitures to pay Plan expenses.
- J. Administrative expenses** – The Plan permitted the payment of Plan expenses to be made from the Plan's assets. If expenses were paid using the Plan's assets, the expenses would generally be allocated among the accounts of all Participants in the Plan.
- K. Plan termination** – As of September 5, 2024, the Plan was amended to terminate effective October 31, 2024. Under the amendment, all the participants' benefits under the Plan became 100% vested and nonforfeitable as of the effective date.

(2) Significant accounting policies

The significant accounting policies followed by the Plan were as follows:

Basis of accounting – The accompanying financial statements of the Plan were prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) on the accrual basis of accounting. Accordingly, income and contributions were recognized when earned and expenses were recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(2) Significant accounting policies (continued)

Investment valuation and income recognition – Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Risks and uncertainties – The Plan's exposure to credit loss in the event of nonperformance of investments was limited to the carrying value of such instruments. The Plan's exposure to interest rate risk, credit risk and market risk were dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it was at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes receivable from participants – Notes receivable from participants were measured at their unpaid principal balance plus accrued interest. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses.

Payment of benefits – Benefits were recorded when paid.

Subsequent events – The Plan's management had evaluated subsequent events through September 25, 2025, which was the date the financial statements were available to be issued.

(3) Fair value measurement

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC820 were described below:

- Level 1: Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access. If a Level 1 input was available, it must be used.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that were observable for the asset or liability; inputs that were derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability had a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets or liabilities. For Level 3 inputs, there was no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

(3) Fair value measurement (continued)

The financial instruments level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan held no investments as of December 20, 2024. Following was a description of the valuation methodologies used for the investments held by the Plan as of December 31, 2023.

Mutual funds – Valued at the net asset value (“NAV”), which were readily determinable fair values of those shares as they were published daily and were the basis for current transactions.

Self-directed brokerage accounts – The self-directed brokerage accounts primarily consisted of common stock and interest-bearing cash. Common stocks were stated at fair value, which was based on the closing price reported on the active market on which the common stock was traded.

The following table summarizes the valuation of the Plan’s investments by the above categories as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 44,041,016	\$ -	\$ -	\$ 44,041,016
Self-directed brokerage accounts	302,981	-	-	302,981
Total investments at fair value	<u>\$ 44,343,997</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,343,997</u>

(4) Information certified by the trustee

The Plan Administrator had elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Plan’s trustee, had certified that the following data included in the accompanying financial statements was complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Interest income on notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments

The Plan’s independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(5) Party-in-interest transactions

The Company was the Plan sponsor and provides all employer contributions to the Plan; consequently, these transactions qualify as party-in-interest transactions. Certain plan transactions were executed by ADP, the record keeper and Reliance Trust Company, the trustee, therefore these transactions qualify as party-in-interest. Administrative fees paid by the Plan to the recordkeeper and investment advisors for management services totaled approximately \$190,000 for the period ended December 20, 2024.

(6) Tax status

The Plan had adopted a pre-approved defined contribution plan document from Automatic Data Processing (the "Pre-Approved Plan Document"). The Pre-Approved Plan Document received an opinion letter from the Internal Revenue Service ("IRS") dated October 6, 2020 stating that the Pre-Approved Plan Document was designed in accordance with the applicable sections of the IRC. The Pre-Approved Plan Document had been amended since receipt of the opinion letter. The Plan Sponsor and the trustee of the Plan believe that the Plan was designed and was currently operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes had been made in the accompanying financial statement.
