Opinion on the 2025 Financial Statements

We have audited the financial statements of Alder Partners 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of January 1, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period ended January 1, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Alder Partners 401(k) Plan as of January 1, 2025, and the changes in its net assets available for benefits for the period then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Auditor's Report on the 2024 Financial Statement

We performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated September 24, 2025, we indicated that in our opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Alder Partners 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan available to eligible employees of Alder Partners, LLC and members of the controlled group (collectively, the Employer) who had three months of eligible service. Effective January 1, 2025, the Plan was merged into the Flynn Restaurant Group 401(k) Retirement Plan. Plan assets were liquidated to non-interest bearing cash on December 31, 2024, pending transfer to Principal on January 2, 2025. The accompanying financial statements are for the one-day period ended January 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer was responsible for the administration of the Plan and entrusted the maintenance of records and the day-to-day administration to TAG Resources (TAG) who processed transactions through Transamerica Financial Life Insurance Company (Transamerica), the custodian.

Contributions

Each year, participants could contribute up to 90% of their pre-tax annual compensation, as defined in the Plan. In addition, participants who attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan. Participants could change the investment options previously elected at any time.

The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation, increasing annually by 1%, up to maximum withholding of 6% of compensation.

The Employer made QACA safe harbor matching contributions to the Plan equal to 100% of the participant's elective deferral up to 1% of compensation, plus 50% of the participant's elective deferrals between 1% and 6% of compensation. The Employer could also make discretionary matching, nonelective and qualified nonelective contributions to the Plan. During 2025, the Employer did not make any contributions to the Plan. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account was credited with the participant's contributions, the Employer's QACA safe harbor matching contributions, discretionary matching, nonelective and qualified nonelective contributions and Plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions, discretionary matching, nonelective and qualified nonelective contributions plus actual earnings on these contributions. Vesting in the Employer's QACA safe harbor matching contribution portion of their accounts plus related earnings thereon was based on years of vesting service in which the participants completed 1,000 hours of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 or more	100%

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at 1% above the prime rate, as defined. Principal and interest was paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or early retirement, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants electing to receive benefits after the normal retirement age could choose either a lump-sum amount or annual installments. For termination of service due to other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution or roll over their account into another individual retirement account. The Plan permitted in-service and hardship withdrawals under certain conditions.

1. Description of the Plan (continued)

Forfeitures

Forfeitures were created when participants terminated employment before becoming entitled to their full benefits under the Plan and were considered nonparticipant-directed investments. Forfeitures could be used to pay administrative expenses and to reduce future Employer contributions. As of December 31, 2024, forfeited non-vested accounts total \$74,203 (which is held in non-interest bearing cash).

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Cash

Cash in the Plan consists of cash held in a non-interest bearing account with Transamerica.

Contributions

Contributions from Plan participants and the QACA safe harbor matching contributions from the Employer were recorded in the year in which the employee contributions were withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make scheduled repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Benefits Paid to Participants

Benefits were recorded when paid.

Alder Partners 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2025, the date the financials were available to be issued.

3. Related Party Transactions and Party-in-Interest Transactions

Plan investments were in accounts of Transamerica; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and participant contributions were also considered to be party-in-interest transactions. Employer contributions were considered to be both party-in-interest and related party transactions.

4. Tax Status

The Plan adopted non-standardized pre-approved profit sharing plan which had received an opinion letter dated August 17, 2021, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
