Report of Independent Auditor

To the Plan Administrator and Participants
HMC Hospitality Group 401(k) Plan
Clearwater, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HMC Hospitality Group 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certification from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan

The following description of the HMC Hospitality Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan was established by HMC Hospitality Group, Inc., formerly Hooters Management Corporation, (the “Company” or “Plan Sponsor”) as a defined contribution plan effective January 1, 1995, for all non-highly compensated employees. The Plan was amended and restated effective October 4, 2021, to change the Plan’s name to HMC Hospitality Group 401(k) Plan and to comply with Internal Revenue Service (“IRS”) regulations for periodic Plan restatements. The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility – Employees of the Plan Sponsor who have completed at least one year of service, as defined by the Plan document, are eligible to participate in the Plan and are eligible for discretionary employer matching and profit-sharing contributions. The Plan provides for entry dates as of the first day of each quarter.

Contributions – Participants may make pre-tax contributions up to limits defined in the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified, defined benefit, or defined contribution plans.

Unless the participant elects otherwise, the Plan automatically enrolls eligible employees in the Plan at a 4% contribution rate of their eligible compensation, as defined, which automatically increases 1% each Plan year, to a maximum contribution rate of 10%, unless another contribution rate is elected by the participant.

The Plan Sponsor may make discretionary matching contributions and profit-sharing contributions. For the year ended December 31, 2024, the Plan Sponsor made discretionary matching contributions of 25% of the first 4% of eligible compensation that participants contributed to the Plan. Contributions are subject to certain IRS limitations. The Plan Sponsor made no additional discretionary profit-sharing contributions during the year ended December 31, 2024.

Investment Options – Participants direct their contributions into various investment options offered by the Plan, each with different risk exposure and return potential. The Plan currently offers various mutual funds, a money market fund, and stable value fund as investment options for participants. Participants may change their investment options daily.

Participation Accounts – Each participant’s account is credited with the participant’s contributions and allocations of any Plan Sponsor contributions (if any) and Plan earnings (losses). Participant accounts are charged with distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or flat amounts, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting on Plan Sponsor discretionary contributions is based on years of continuous service in accordance with a six-year graded vesting schedule, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Participants are immediately vested upon termination of the Plan, upon reaching the retirement age of 65, or upon disability or death while an employee of the Plan Sponsor.

Forfeitures – At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$-0- and \$1,955, respectively. Forfeited nonvested accounts are available to be used to reduce future employer contributions and to pay Plan expenses. During the year ended December 31, 2024, forfeitures of \$6,652 were used to reduce employer contributions and no forfeitures were used to pay Plan expenses.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or their beneficiary, as applicable, will receive an amount equal to the value of the participant’s vested interest in their account in a lump-sum amount as provided by the Plan.

For termination of service due to other reasons and if the vested account balance exceeds \$5,000, a participant may elect to receive a taxable lump-sum distribution, a direct rollover to an individual retirement account, a direct rollover to another employee tax qualified plan, or to leave the balance in the Plan. If the vested account balance is less than or equal to \$5,000, the Plan administrator will distribute the participant’s entire vested account balance, either as a taxable, lump-sum distribution or as a direct rollover to an individual retirement account or a direct rollover to another employer’s tax qualified plan.

Notes Receivable from Participants – Participants may borrow from the Plan any amount greater than \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Note terms are for a period not exceeding five years unless they are for the purchase of a principal residence, in which case the term may be longer. Notes are secured by the balance in the participant’s account and bear interest at 2% over prime based on prevailing market rates at time of origination (interest rates ranged from 5.25% to 10.5% as of December 31, 2024). Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note at any given time. If a participant with a note balance is terminated or leaves the Company, any remaining balance of the note must be repaid or a benefit payment recorded in accordance with the Plan documents.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Investments, Investment Valuation, and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment, which is reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the assets or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation or depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment vehicle is valued using quoted prices for similar assets in active markets. The investment is valued at amortized cost and is classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2—Summary of significant accounting policies (continued)

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

The Plan maintains an ERISA budget account to hold ERISA budget account credits transferred to the Plan by the Plan's service provider, in accordance with the ERISA Budget Account Agreement. For each year in which an ERISA Budget Account Agreement is in effect with a service provider, the Plan administrator may, in his or her discretion, direct the service provider to either pay reasonable Plan administrative expenses with the ERISA budget account credits or allocate the ERISA budget account credits among the accounts of the participants with a balance in the Plan. Income related to these credits is recorded as an offset to administrative expenses in the accompanying financial statements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Note 3—Information provided and certified by the qualified institutions (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Trust Company, the qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2024. Reliance Trust Company was the qualified institution that certified the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2023.

- Investments, at fair value, investment, at contract value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i.

Note 3—Information provided and certified by the qualified institution (unaudited) (continued)

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ 7,219,969	\$ -	\$ -	\$ 7,219,969
Money market fund	-	326,244	-	326,244
Total investments, at fair value	<u>\$ 7,219,969</u>	<u>\$ 326,244</u>	<u>\$ -</u>	<u>\$ 7,546,213</u>
	2023			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	\$ 6,784,318	\$ -	\$ -	\$ 6,784,318
Money market fund	-	1,075,365	-	1,075,365
Total investments, at fair value	<u>\$ 6,784,318</u>	<u>\$ 1,075,365</u>	<u>\$ -</u>	<u>\$ 7,859,683</u>

Note 5—Fully benefit-responsive investment contract

As described in Note 2, the Plan maintains a stable value fund. This fund is invested in an investment contract as of December 31, 2024 and 2023 which includes a guaranteed interest rate and was determined to be a traditional fully benefit-responsive guaranteed investment contract (the "Investment Contract"). As a result of the contract being fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by the qualified institution, represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value. The contract value is approximately \$15,400 and \$25,500 as of December 31, 2024 and 2023, respectively.

HMC HOSPITALITY GROUP
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 5—Fully benefit-responsive investment contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the Investment Contract. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Party-in-interest transactions

Certain Plan investments were managed by the qualified institution and Transamerica Retirement Solutions, LLC, the recordkeeper, throughout the year; therefore, these investment transactions qualify as party-in-interest transactions. The Plan's administrative expenses are paid in part by the Plan and in part by the Plan Sponsor, as provided by the Plan document. In addition, certain administrative functions are performed by employees of the Plan Sponsor. Neither the Plan Sponsor nor any of its employees receive reimbursement and/or compensation from the Plan. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and accrued benefits must be distributed to the participants and beneficiaries of the Plan.

Note 8—Income tax status

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The prototype plan has been amended since receiving the determination letter. The prototype plan received a favorable opinion letter from the IRS in June 30, 2020 which stated the prototype plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself, however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan also has no income subject to unrelated business income tax and therefore continues to be tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
