## Independent Auditor's Report

To the Plan Administrator and Those in Charge of Governance of  
Institute of Management Accountants Employees' Retirement Plan  
Montvale, New Jersey

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Institute of Management Accountants Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## 2024 Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Auditor's Report on the 2023 Financial Statement

Predecessor auditors performed an audit of the 2023 financial statement of the Institute of Management Accountants Employees' Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statement, other than those agreed to or derived from the certified investment information, were presented fairly in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statement related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the information in the 2023 supplemental schedules related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements under ERISA Section 103(a)(3)(C).

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of Plan

The following description of the Institute of Management Accountants Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General and eligibility

The Plan was adopted effective April 1, 1994 and is a defined contribution plan covering eligible employees of the Institute of Management Accountants, Inc. and its related affiliate Institute of Certified Management Accountants, Inc. (collectively, the Organization, Employer or Plan Sponsor). Employees of the Plan Sponsor may participate in the Plan upon completing one month of credited service and reaching age twenty-one. Eligible employee may participate in the Plan beginning on the first day of the month following the date the employee meets the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is the Plan Administrator and is responsible for the oversight of the Plan. The Plan's 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company (the Trustee) holds the Plan's investments, executes transactions (subject to the direction of participants), and provides recordkeeping services through its affiliate, Fidelity Workplace Services LLC (Fidelity).

#### Contributions

Each year, participants may voluntarily contribute up to 100% of their eligible compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled to contribute 6% of eligible compensation unless an election is made to change that contribution percentage or opt out of the Plan.

For the year ended December 31, 2024, the Employer made non-discretionary matching contributions to eligible participants equal to 66.67% of the first 6% of an eligible participant's compensation, as defined. For the year ended December 31, 2024, Employer non-discretionary matching contributions totaled \$366,360.

In addition to non-discretionary matching contributions, in any Plan year, the Employer, in its sole discretion, may make a discretionary contribution to the Plan. A participant is eligible to receive discretionary contribution if they have completed 1,000 hours of credited service and are employed on the last day of the Plan year. There were no discretionary contributions for the year ended December 31, 2024. All Employer contributions are invested as directed by the participants.

Contributions are subject to certain IRS limitations.

#### Participant accounts

Each participant account is credited with the participant's contribution, and an allocation of: (a) the Employer's contributions (if any), and (b) an allocation of Plan earnings or losses thereon. Participants are charged with his or her withdrawals and an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

### Note 1 – Description of Plan, Continued

#### Vesting

Participants are immediately vested in their individual contributions and the Employer's non-discretionary matching contributions, plus actual earnings or losses thereon. Participants are fully vested in the Employer's discretionary contributions after three (3) years of credited service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based on the elapsed time method, as defined. Participant accounts become fully vested in the event of early retirement age (55), death, disability, or termination of the Plan.

#### Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Employer's contributions. For the year ended December 31, 2024, no forfeitures approximating were utilized. There were no forfeitures available as of both December 31, 2024 and 2023.

#### Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which shall not exceed ten years.

#### Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (59.5), a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$7,000 or elect a lump-sum distribution. If a participant's vested balance is \$7,000 or less the Plan administrator can direct the Trustee that any account exceeding \$1,000 be distributed to an Individual Retirement Account on the participants' behalf. Participants with vested amounts less than \$1,000 receive a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after age 59½. Distributions may be in the form of a lump-sum payment, or a rollover into another qualified plan.

#### Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

### Note 2 – Summary of Significant Accounting Policies

#### Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### Note 2 – Summary of Significant Accounting Policies, Continued

#### Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

#### Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

#### Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2024 and 2023. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded. The Plan had recorded an adjustment for defaulted participant notes receivable in the amount of \$3,865 and \$2,894, respectively, at December 31, 2024 and 2023.

#### Payment of benefits

The Plan records benefits when paid.

#### Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third-party administrator fees, are paid from Plan assets and classified as an expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Plan Sponsor and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

### Note 2 – Summary of Significant Accounting Policies, Continued

#### Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan management has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

### Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule, is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### Note 4 – Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial investments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

*Mutual funds* – are valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are deemed to be actively traded on national exchanges and transact at their published daily net asset value (NAV).

*Money market funds* – institutional short-term investment vehicle valued daily with a net asset value of \$1. NAV is the quoted price in an active market and therefore is classified within Level 1 of the fair value hierarchy.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2024 and 2023:

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total

Investments, at fair value	<u>\$ 21,773,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,773,807</u>

### Note 5 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. Certain Plan investments include mutual funds that are managed, administered, and/or issued by the Trustee. The Trustee's affiliate, Fidelity, is the Plan's recordkeeper. Therefore, transactions with the Trustee and Fidelity qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### **Note 6 – Tax Status**

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC); although, the Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2021.

### **Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

### **Note 8 – Subsequent Events**

The Plan Administrator has evaluated activity of the Plan subsequent to December 31, 2024 through September 22, 2025, the date on which the financial statements were available to be issued, for events that require recognition in the financial statements or disclosure in the notes thereto.

## Independent Auditor's Report

To the Plan Administrator and Those in Charge of Governance of  
Institute of Management Accountants Employees' Retirement Plan  
Montvale, New Jersey

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Institute of Management Accountants Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## 2024 Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Auditor's Report on the 2023 Financial Statement

Predecessor auditors performed an audit of the 2023 financial statement of the Institute of Management Accountants Employees' Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statement, other than those agreed to or derived from the certified investment information, were presented fairly in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statement related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the information in the 2023 supplemental schedules related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements under ERISA Section 103(a)(3)(C).

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of Plan

The following description of the Institute of Management Accountants Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General and eligibility

The Plan was adopted effective April 1, 1994 and is a defined contribution plan covering eligible employees of the Institute of Management Accountants, Inc. and its related affiliate Institute of Certified Management Accountants, Inc. (collectively, the Organization, Employer or Plan Sponsor). Employees of the Plan Sponsor may participate in the Plan upon completing one month of credited service and reaching age twenty-one. Eligible employee may participate in the Plan beginning on the first day of the month following the date the employee meets the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is the Plan Administrator and is responsible for the oversight of the Plan. The Plan's 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company (the Trustee) holds the Plan's investments, executes transactions (subject to the direction of participants), and provides recordkeeping services through its affiliate, Fidelity Workplace Services LLC (Fidelity).

#### Contributions

Each year, participants may voluntarily contribute up to 100% of their eligible compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan's provisions also provide for Roth 401(k) elective deferrals. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled to contribute 6% of eligible compensation unless an election is made to change that contribution percentage or opt out of the Plan.

For the year ended December 31, 2024, the Employer made non-discretionary matching contributions to eligible participants equal to 66.67% of the first 6% of an eligible participant's compensation, as defined. For the year ended December 31, 2024, Employer non-discretionary matching contributions totaled \$366,360.

In addition to non-discretionary matching contributions, in any Plan year, the Employer, in its sole discretion, may make a discretionary contribution to the Plan. A participant is eligible to receive discretionary contribution if they have completed 1,000 hours of credited service and are employed on the last day of the Plan year. There were no discretionary contributions for the year ended December 31, 2024. All Employer contributions are invested as directed by the participants.

Contributions are subject to certain IRS limitations.

#### Participant accounts

Each participant account is credited with the participant's contribution, and an allocation of: (a) the Employer's contributions (if any), and (b) an allocation of Plan earnings or losses thereon. Participants are charged with his or her withdrawals and an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested portion of their accounts.

### Note 1 – Description of Plan, Continued

#### Vesting

Participants are immediately vested in their individual contributions and the Employer's non-discretionary matching contributions, plus actual earnings or losses thereon. Participants are fully vested in the Employer's discretionary contributions after three (3) years of credited service. Participants who become eligible, and are enrolled in the Plan, will receive vesting credit for years of service based on the elapsed time method, as defined. Participant accounts become fully vested in the event of early retirement age (55), death, disability, or termination of the Plan.

#### Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Employer's contributions. For the year ended December 31, 2024, no forfeitures approximating were utilized. There were no forfeitures available as of both December 31, 2024 and 2023.

#### Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which shall not exceed ten years.

#### Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (59.5), a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$7,000 or elect a lump-sum distribution. If a participant's vested balance is \$7,000 or less the Plan administrator can direct the Trustee that any account exceeding \$1,000 be distributed to an Individual Retirement Account on the participants' behalf. Participants with vested amounts less than \$1,000 receive a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after age 59½. Distributions may be in the form of a lump-sum payment, or a rollover into another qualified plan.

#### Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

### Note 2 – Summary of Significant Accounting Policies

#### Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### Note 2 – Summary of Significant Accounting Policies, Continued

#### Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

#### Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's Trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

#### Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2024 and 2023. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded. The Plan had recorded an adjustment for defaulted participant notes receivable in the amount of \$3,865 and \$2,894, respectively, at December 31, 2024 and 2023.

#### Payment of benefits

The Plan records benefits when paid.

#### Plan expenses

Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses, such as recordkeeping, trustee, and third-party administrator fees, are paid from Plan assets and classified as an expense rather than as a reduction of investment income. Certain other administrative expenses are paid by the Plan Sponsor and are not reflected in these financial statements. Participant directed transactions such as loan processing fees are charged directly to participants' accounts.

#### Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan management has determined it does not have any positions at December 31, 2024, that it would be unable to substantiate.

### Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule, is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

# INSTITUTE OF MANAGEMENT ACCOUNTANTS EMPLOYEES' RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### Note 4 – Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial investments into or out of Level 3.

Following is a description of the valuation methodology used for assets measured at fair value:

*Mutual funds* – are valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are deemed to be actively traded on national exchanges and transact at their published daily net asset value (NAV).

*Money market funds* – institutional short-term investment vehicle valued daily with a net asset value of \$1. NAV is the quoted price in an active market and therefore is classified within Level 1 of the fair value hierarchy.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,011,186	\$ -	\$ -	\$ 20,011,186
Money market funds	<u>317,629</u>	<u>-</u>	<u>-</u>	<u>317,629</u>
Investments, at fair value	<u>\$ 20,328,815</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,328,815</u>
Fair Value Measurements at December 31, 2023				
	Level 1	Level 2	Level 3	Total

Money market funds	<u>872,666</u>	<u>-</u>	<u>-</u>	<u>872,666</u>
Investments, at fair value	<u>\$ 21,773,807</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,773,807</u>

### Note 5 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. Certain Plan investments include mutual funds that are managed, administered, and/or issued by the Trustee. The Trustee's affiliate, Fidelity, is the Plan's recordkeeper. Therefore, transactions with the Trustee and Fidelity qualify as party-in-interest transactions. Such transactions are exempt from prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

## NOTES TO FINANCIAL STATEMENTS, CONTINUED

### **Note 6 – Tax Status**

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC); although, the Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2021.

### **Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

### **Note 8 – Subsequent Events**

The Plan Administrator has evaluated activity of the Plan subsequent to December 31, 2024 through September 22, 2025, the date on which the financial statements were available to be issued, for events that require recognition in the financial statements or disclosure in the notes thereto.
