Independent Auditor's Report

To the Plan Administrator of
Motherson DRSC Modules USA, Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Motherson DRSC Modules USA, Inc. (formerly Dr. Schneider Automotive System, Inc. 401(k) Profit Sharing Plan & Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Motherson DRSC Modules USA, Inc. (formerly Dr. Schneider Automotive System, Inc. 401(k) Profit Sharing Plan & Trust)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Motherson DRSC Modules USA, Inc. (formerly Dr. Schneider Automotive System, Inc. 401(k) Profit Sharing Plan & Trust) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Motherson DRSC Modules USA, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Motherson DRSC Modules USA, Inc. (formerly Dr. Schneider Automotive System, Inc. 401(k) Profit Sharing Plan & Trust)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Motherson DRSC Modules USA, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, “Schedule H – line 4i – Schedule of Assets (Held at the End of Year)” is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE A - DESCRIPTION OF PLAN

The following description of Motherson DRSC Modules USA, Inc. (formerly Dr. Schneider Automotive Systems, Inc. 401(k) Profit Sharing Plan & Trust) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

During the year ended December 31, 2024, Dr. Schneider Automotive Systems, Inc. was acquired Motherson DRSC Modules USA, Inc. In turn, the plan name was changed from Dr. Schneider Automotive Systems, Inc. to Motherson DRSC Modules USA, Inc. Each of the companies is referred to as the "sponsor" or "company" during time of ownership.

The Plan is a defined contribution plan covering a majority of all full-time employees of sponsors who are age eight-teen or older and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

Receivables

Receivables consist of the employer contributions and participant contributions which have been earned as of the end of the year and are required to be paid into the Plan subsequent to the year-end. These receivables have been stated at the amount the Plan expects to collect from the outstanding balance. The receivables were subsequently deposited into the Plan.

Contributions

Each year, participants may contribute up to 92 percent of pretax annual compensation subject to IRS prescribed limits. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsors make matching employer contributions up to 50% of the first 6% the participant's contributions. A receivable is recorded for the employer match contribution as of the year-end.

The Sponsors may make discretionary profit sharing contributions to the Plan. The profit sharing contribution is allocated to the eligible participants based on a pro-rata formula based on each qualifying participant's compensation for the plan year. Participants are eligible for the discretionary profit sharing contributions after 2 years of service. During the years ended December 31, 2024 and 2023 the sponsors elected to not make any discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Companies' contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in participant contributions plus actual earnings thereon. Vesting in the Companies' discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become 100% vested in the sponsor's matching contribution after three years of credited service.

Participants become immediately vested in the Company's discretionary profit sharing contribution plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer discretionary contributions to selected investment options. Participants may change their investment options at any time.

Payment of Benefits

On termination of service due to death, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes Receivable From Participants

Participants borrowed from their accounts. The notes receivable from participants are secured by the applicable participant's account balance and bear interest at a rate which is commensurate with local prevailing rates as determined quarterly. As of December 31, 2024 and 2023 this rate ranged from 4.25% to 9.50%. Principal and interest are paid through payroll deductions.

Administrative Costs

The Sponsor absorbs significant administrative costs of the Plan.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Base of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments consist of shares of mutual funds which are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances. Any accrued but unpaid interest is included in the employee's contribution receivable. Interest income is recorded on the accrual basis. Related fees are recorded in the notes receivable from participants and paid out of the participant's account when they are incurred.

Management estimates an allowance for uncollectible notes receivable based on the related participant account balances and historical trends. Management has estimated the allowance for uncollectible notes receivable from participants to be \$-0- as of December 31, 2024 and 2023.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported revenue and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,796 and \$5,922, respectively. During the years ended December 31, 2024 and 2023 and \$17,395 and \$15,912 was used to pay administrative fees or to reduce the employer contribution.

Expenses

A majority of plan expenses of maintaining the Plan are paid by the sponsor and are excluded from these financial statements. Fees related benefits paid are charged directly to the participant's account and are included in plan expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C- INFORMATION CERTIFIED BY CUSTODIAN

The following investments were certified by Mid-Atlantic Trust Company, the custodian, as complete and accurate by the plan custodian as of December 31, 2024 and 2023 and the years then ended:

	2024	2023
Registered investment companies	\$ 4,891,612	\$ 4,062,537
Notes receivable from participants	\$ 171,542	\$ 105,838
Money market account	\$ 22,269	\$ 17,413

NOTE D - PARTY-IN INTEREST TRANSACTIONS

During the years ended December 31, 2024 and 2023, certain plan investments are managed by Mid-Atlantic Trust Company, the custodian of the Plan. Paychex, Inc. provided third party administrative services for the Plan. Each of these transactions qualified as a party-in interest transaction. The party-in-interest receive revenue from investment providers for services provided.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE F - TAX STATUS

The Plan has adopted a prototype non-standardized 401(k) profit sharing plan agreement that was sponsored by the Plan's third-party administrator. A determination letter was received by the Plan administrator for the prototype plan and management believes the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). As of December 31, 2024 and 2023, the Plan has not recognized any uncertain tax positions. The Plan is subject to audits by tax and compliance jurisdictions; however, there are currently no audits for tax periods in process. The Plan is no longer subject to tax examination for years prior to 2021.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Codification 820-10 (FASB ASC 820-10), *Fair Value Measurements* (formerly FASB Statement No. 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE H – FAIR VALUE MEASUREMENTS (CONTINUED)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Registered investment companies: Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively trade.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements as of December 31, 2024

	Level 1	Level 2	Level 3	Total
