## *Independent Auditors' Report*

Plan Administrator  
Associated Universities, Inc. Retirement Plan  
Vienna, Virginia

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed the audits of the financial statements of the Associated Universities, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Notes to Financial Statements*

### **Note 1 - Description of the Plan**

The following brief description of the Associated Universities, Inc. Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### **General**

The Plan, as amended, is a non-contributory defined contribution plan covering employees of Associated Universities, Inc. (“AUI”), including the employees at the National Radio Astronomy Observatory (“NRAO”) and Green Bank Observatory (“GBO”), (collectively the Employer or Plan Sponsor) who have attained the age of 21 and, effective January 1, 2020, completed six months of continuous service. Prior to January 1, 2020, employees needed to have completed 1,000 hours of service. AUI manages the observatories under cooperative agreements with the National Science Foundation (“NSF”). The Plan became effective September 1, 1947 and amended and restated on January 1, 2016 and again on January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant-directed.

#### **Employer Contributions**

The Employer makes contributions equal to 10% of eligible compensation, as defined in the Plan, for each participant, subject to certain limitations.

#### **Participant Accounts**

Each Participant’s account is credited with the Employer’s contribution and an allocation of the Plan’s investment earnings/losses and charged with an allocation of administration expenses. Earnings or losses during the period are credited to or deducted from the account balances of participants in the proportion that the amount of each account balance bears to the total of all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account balance.

The Plan accepts rollover contributions from a qualified plan or an eligible individual retirement account or an eligible plan maintained by a state (“Rollovers and Transfers”).

#### **Vesting**

Participants are immediately 100% vested in the Employer contributions and earnings thereon.

#### **Payment of Benefits**

Participants are entitled to the vested account balance upon death, disability, or retirement or termination of employment. In-service withdrawals are also allowed upon reaching age 59.5 or due to financial hardship. The Plan provides for benefit distributions to Plan participants or their beneficiaries (either in the form of an annuity, installment, or lump sum) of their account balance.

# ASSOCIATED UNIVERSITIES, INC. RETIREMENT PLAN

## *Notes to Financial Statements*

### **Note 1 - Description of the Plan (Continued)**

#### ***Plan Administration***

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participant accounts are charged directly for benefit disbursement processing fees; however, the majority of expenses incurred in the administration of the Plan are charged to and paid by the Employer.

#### ***Investment Options***

Participants have the option to direct contributions and the balance accumulated in their accounts. The participants may elect to choose among The Teachers Insurance and Annuity Association of America ("TIAA") guaranteed annuity contracts, TIAA real estate pooled separate account, or TIAA and College Retirement Equities Fund ("TIAA-CREF") mutual funds. The Plan also offers each participant a choice of funds offered by Fidelity Investments. Participants may change their election or transfer monies. Effective July 15, 2024, through a recommendation of the AUI Retirement Plans Committee, TIAA and CREF and TIAA as agent for TIAA, Trust, N.A. have been named the recordkeeper and custodian of the Plan. Accordingly, the Plan's assets held at Fidelity were transferred to TIAA during the Plan year 2024.

#### ***Other Income***

Excess fees paid by AUI to TIAA and CREF were refunded to the Plan during 2024 and are labeled as a Plan Servicing Credit. This credit is used to pay for reasonable and necessary administrative expenses and services related to the retirement plan.

#### ***Administrative Expenses***

The administrative expenses associated with the Plan administration are paid by AUI.

### **Note 2 - Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

# ASSOCIATED UNIVERSITIES, INC. RETIREMENT PLAN

## *Notes to Financial Statements*

### *Note 2 - Summary of Significant Accounting Policies (Continued)*

#### *Investments, Investment Valuation and Income Recognition (Continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has a fully benefit-responsive investment contract and a non benefit-responsive investment contract with TIAA and CREF. TIAA and CREF maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

#### *Unit Values*

Individual participant accounts for the pooled separate investment account are maintained on a unit value basis. Participants do not have beneficial ownership in their specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

#### *Benefits Paid*

Benefits are recorded when paid.

#### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from the estimates that were used.

#### *Subsequent Events*

The Plan administrator has evaluated subsequent events through September 23, 2025, the date that the financial statements were available to be issued. There were no significant matters identified for disclosure during this evaluation.

# ASSOCIATED UNIVERSITIES, INC. RETIREMENT PLAN

## *Notes to Financial Statements*

### **Note 3 - Information Certified by Trustee and Custodians**

Plan investments are held in mutual funds, fixed rate annuities, variable annuities, and a pooled separate investment account by the trustee and custodians, Fidelity (through July 15, 2024), TIAA and CREF and TIAA as agent for TIAA, Trust, N.A. in 2024 and as agent for TIAA, FSB in 2023. Fidelity administers the Plan pursuant to trust agreements. TIAA and CREF administers the Plan through annuity contracts with the individual participants offered by TIAA and TIAA-CREF mutual funds. The fair value and contract value of investments as of December 31, 2024 and 2023, and all investment transactions for the year ended December 31, 2024, including interest and dividend income and net appreciation in fair value are reported to the Plan and certified as complete and accurate by the trustee and custodians. Information included in the supplemental schedule has also been derived from information certified by the trustee and custodians.

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- Level I* – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level II* – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
- Level III* – Inputs that are unobservable and significant to the fair value measurement for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

# ASSOCIATED UNIVERSITIES, INC. RETIREMENT PLAN

## *Notes to Financial Statements*

### **Note 4 - Fair Value Measurements (Continued)**

#### ***TIAA Real Estate Account***

The TIAA Real Estate account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate investment account) is based on the fund's daily Net Asset Value ("NAV"), which is considered by Plan management to be the best approximation of fair value. This investment is measured at net asset value in the fair value hierarchy. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA and CREF's website. There are no unfunded commitments from participants in the Plan who invest in this account. These investments may be redeemed quarterly with one day's notice.

#### ***TIAA Traditional - Fixed Rate Annuity***

The TIAA Traditional Annuity is a fixed rate guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA") and Group Retirement Annuities ("GRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Investments in certain TIAA Traditional Annuity contracts are reported at fair value (RA and GRA), which approximates contract value. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level III). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA and GRA contracts, the crediting interest rates were 5.375% and 6.25% as of December 31, 2024 and 2023, respectively.

# ASSOCIATED UNIVERSITIES, INC. RETIREMENT PLAN

## *Notes to Financial Statements*

### **Note 4 - Fair Value Measurements (Continued)**

#### ***TIAA Traditional - Fixed Rate Annuity (Continued)***

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. With the GRA contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). All other withdrawals must be spread over 84 monthly installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

#### ***CREF Variable Annuities***

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.

The fair values of accumulation units held by the Plan in CREF Variable Annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of the fair value. The NAV is based on the fair values of the underlying investments held by the fund less its liabilities. Data for NAVs are available daily to Plan administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. There are no unfunded commitments from participants in the Plan who invest in these accounts. The CREF Variable Annuities are measured at net asset value in the valuation hierarchy and are redeemable daily with one day's notice.

#### ***Mutual Funds and Mutual Funds in Self-Directed Brokerage***

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

### Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2024</i>			
	<i>Total</i>	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>
Mutual funds	\$ 96,968,054	\$ 96,968,054	\$ -	\$ -
Mutual funds in self-directed brokerage	1,330,580	1,330,580	-	-
Fixed rate annuities	46,688,018	-	-	46,688,018
Investments in the fair value hierarchy	144,986,652	\$ 98,298,634	\$ -	\$ 46,688,018
Investments measured at NAV practical expedient (a)	59,765,614			
<b>Total investments at fair value</b>	<b>\$ 204,752,266</b>			

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2023</i>			
	<i>Total</i>	<i>Level I</i>	<i>Level II</i>	<i>Level III</i>
Mutual funds	\$ 84,416,673	\$ 84,416,673	\$ -	\$ -
Fixed rate annuities	45,330,702	-	-	45,330,702
Investments in the fair value hierarchy	129,747,375	\$ 84,416,673	\$ -	\$ 45,330,702
Investments measured at NAV practical expedient (a)	63,483,193			
<b>Total investments at fair value</b>	<b>\$ 193,230,568</b>			

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

For the years ended December 31, 2024 and 2023, there were \$8,054,400 and \$4,218,880, respectively, of purchases of Level III assets. There were no significant transfers between Levels I and II and no transfers into Level III. For the years ended December 31, 2024 and 2023, there were no transfers out of Level III.

### Note 4 - Fair Value Measurements (Continued)

#### Quantitative Information about Significant Unobservable Inputs Used in Level III Fair Value Measurements

The following table as of December 31, 2024 and 2023 represents the Plan's Level III financial assets and liabilities, the valuation techniques used to measure the fair value of those financial assets and liabilities, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Description</u>	<u>12/31/2024 Fair Value</u>	<u>12/31/2023 Fair Value</u>	<u>Principal Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
TIAA Traditional	\$ <u>46,688,018</u>	\$ <u>45,330,702</u>	Discounted cash flow  Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 5.25% - 5.50% GRA - 5.25% - 5.50%

### Note 5 - Fully Benefit-Responsive Investment Contracts

The following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

#### **TIAA Traditional Annuity**

SRA and GSRA contracts are also traditional annuity contracts as discussed in Note 4. SRA and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

The contract value for the TIAA Traditional SRA and GSRA fully benefit-responsive investment contracts at December 31, 2024 and 2023 was \$72 and \$1,787, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 4.625% and 5.50% as of December 31, 2024 and 2023, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by the future economic and regulatory developments.

### Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

#### TIAA Traditional Annuity (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are periodically reviewed for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

### Note 6 - Fair Value of Investments that Calculate Net Asset Value

The following table for December 31, 2024 and 2023 sets forth a summary of the Plan's investments measured at fair value based on net asset value ("NAV") per share.

<i>Investments</i>	<i>Fair Value 12/31/2024</i>	<i>Fair Value 12/31/2023</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Pooled separate investment account (a)	\$ 2,382,452	\$ 3,714,809	\$ -	Quarterly	1 day
Variable annuities (a)	<u>57,383,162</u>	<u>59,768,384</u>	<u>-</u>	Daily	1 day
<b>Total</b>	<b>\$ <u>59,765,614</u></b>	<b>\$ <u>63,483,193</u></b>	<b>\$ <u>-</u></b>		

(a) See Note 4 for the description of the pooled separate investment account and variable annuities.

## *Notes to Financial Statements*

### ***Note 7 - Plan Termination***

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

### ***Note 8 - Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### ***Note 9 - Related Party Transactions and Party-in-Interest Transactions***

The Plan's investments are managed by Fidelity and TIAA and CREF. Fidelity and TIAA and CREF are the trustee and custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

### ***Note 10 - Tax Status***

The IRS has determined and informed the Plan Sponsor by a letter dated May 19, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
