INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator  
of the K&L Gates 401(k) Plan Alpha

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the K&L Gates 401(k) Plan Alpha (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan administration having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Plan administration has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan administration determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Plan Administration for the Financial Statements**

Plan administration is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan administration's election of the ERISA Section 103(a)(3)(C) audit does not affect their responsibility for the financial statements.

In preparing the financial statements, Plan administration is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan administration is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan administration, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan administration and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan administration determined meets the requirements of ERISA Section 103(a)(3)(C).

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the K&L Gates 401(k) Plan Alpha (Plan) provides only general information. Participants should refer to the individual Summary Plan Description or Plan Document for a complete description of the Plan's provisions.

General - The Plan is sponsored by K&L Gates LLP, a Delaware limited liability partnership (Firm). The Benefits and Investment Committee is the named fiduciary with respect to the administration and operation of the Plan. Fidelity Management Trust Company (FMTC) serves as trustee of the Plan. Fidelity Investments Institutional Operations Company, Inc. (FIIOC) serves as recordkeeper. The trustee has overall responsibility for the custody, safekeeping and investment of the Plan assets that it holds. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a defined contribution plan covering all eligible Equity Partners, Specified Income Partners or Associate/Counsel, Income Partners, Of Counsel or exempt or nonexempt Employees whose Social Security numbers end with 0, 2, 4, 6 or 8. The Firm's contributions for Equity Partners and Specified Income Partners are evenly allocated between the Plan and the K&L Gates 401(k) Beta Plan. Participant deferrals for Equity Partners and Specified Income Partners are made only to this Plan.

Contributions - Each year, participants may defer, on a pretax basis, up to 75% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make pretax catch-up contributions. A participant may also elect to defer, on an after-tax basis, to a Roth account or Roth catch-up account in the same amounts noted above in lieu of, or in combination with, the participant's pretax deferral. Participants may also contribute rollover amounts from other qualified plans. All eligible participants who are over the age of 18 are subject to an auto-enrollment feature. Unless an employee waives participation in the Plan, he/she is automatically enrolled and the deferral rate is set at 5% of eligible compensation 60 days after the employee's date of hire until changed by the participant. If participation is waived, the employee may choose to participate in the Plan at any time in the future. Equity Partners are not subject to the automatic enrollment feature.

The Firm, at the sole discretion of the Management Committee, may make a profit-sharing contribution in any amount. The profit-sharing contribution rate for the year ended December 31, 2024 was 5% of eligible participants' compensation up to the statutory limit. A participant must have two years of service, work at least 1,000 hours in the Plan year, be at least 21 years of age and active on December 31 of the Plan year to receive a profit-sharing contribution. Income Partners (other than Specified Income Partners), Of Counsel, Government Affairs Counselors, Government Affairs Advisors, Government Affairs Analysts and Progression Equity Partners initially elected on or after January 1, 2018 who have fewer than two years of Equity Partner Service, and Lateral Equity Partners initially elected on and after January 1, 2018 who have fewer than three years of Equity Partner Service, are not eligible to receive profit-sharing contributions. The profit-sharing contribution for an Equity Partner who has met eligibility requirements is equal to 50% of the total contribution limit under Internal Revenue Code (IRC) Section 415(c)(1)(A), as adjusted annually, minus the elective deferral limit under IRC Section 402(g), as adjusted annually. Progression Partners and Lateral Partners promoted or hired after January 1, 2018 are subject to a phased-in contribution schedule.

All contributions are subject to certain limitations of the IRC.

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If no affirmative election has been made, contributions are invested in an aged-based Target Retirement Date Fund. The Firm's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Firm's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and all Firm contributions plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note terms are up to five years, or up to 10 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding note balance during the preceding 12-month period. A participant may not have more than five notes outstanding at any time. Notes are collateralized by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.50%, which are set at a rate equal to two points plus the prime rate at the date of issuance. Principal and interest are paid ratably through monthly payroll deductions or Equity Partner draw accounts.

Payment of Benefits - Upon attainment of age 59-1/2 or separation from service with the Firm due to death, disability, retirement or termination, a participant may elect to receive an immediate lump-sum distribution equal to his or her account balance. Certain distributions are required to be paid in the form of a joint and survivor annuity unless the participant and spouse elect a lump sum.

In-service withdrawals are available in certain limited circumstances as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

The Plan has an automatic distribution feature. Terminated participants with balances of \$1,000 or less will be paid in a lump sum. Terminated participants with balances in excess of \$1,000 but less than \$7,000 will be paid in the form of a direct rollover to an individual retirement account established by the Plan administrator with the trustee unless the participant elects a lump-sum distribution. All distributions will be made as soon as practicable following the termination event.

Transfers - In 2024, the following transfers were made to (from) this Plan as follows:

K&L Gates 401(k) Plan Beta	\$ 3,664,078
K&L Gates 401(k) Plan Beta	<u>(4,170,946)</u>

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination - While it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan holds an interest in the net assets of the K&L Gates Master Trust (Master Trust) as of December 31, 2024 and 2023. Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. (See Note 4 for discussion of fair value measurement and Note 5 for discussion of contract value.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Plan interest in Master Trust investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses - Administrative expenses are paid by the Plan or by the participant in certain cases, as provided by the Plan's provisions. Mutual fund expenses relating to participant investment elections are charged to the particular investment fund to which the expenses relate. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Master Trust provides for an administrative expenses account to hold fees collected from participant accounts for the purpose of paying Plan expenses. When said revenue is insufficient to cover Plan expenses, the Firm may loan the Plan, pursuant to a promissory note, an amount necessary to pay the expenses. Promissory notes are forgiven by the Firm within three years if the balances are unpaid. There were no amounts due to the Firm at December 31, 2024 and 2023.

Subsequent Events - The Plan has evaluated subsequent events through September 18, 2025, the date on which the financial statements were available to be issued.

NOTE 3 - INTEREST IN MASTER TRUST

All of the Plan's investments are held in the Master Trust, which was established for the investment of assets of the plans making up the K&L Gates 401(k) Program (401(k) Program), consisting of K&L Gates 401(k) Plan Alpha and K&L Gates 401(k) Plan Beta. Each participating plan's interest in the investment funds (i.e., separate accounts) of the Master Trust is based on the account balances of the participants and their elected investment funds. The Master Trust assets are allocated among the participating plans in the 401(k) Program by assigning to each such plan those transactions (primarily contributions, benefit payments and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each such plan, income and expenses resulting from the collective investment of the assets of the Master Trust.

The following table presents the net assets of the Master Trust and the Plan's interest in those assets as of December 31:

	<u>2024</u>		<u>2023</u>	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INTEREST IN MASTER TRUST (Continued)

Investment income for the Master Trust for the year ended December 31, 2024 was as follows:

Net appreciation in fair value of investments	\$ 195,184,358
Interest and dividends	<u>25,033,584</u>
Investment Income	<u>\$ 220,217,942</u>

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies - Valued at the daily closing price as reported by the registered investment companies. These funds are registered with the U.S. Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and to transact at that price.

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

BrokerageLink Accounts -

*Common Stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Interest-Bearing Cash:* Valued based on the actual observable value of the underlying money market funds and is priced daily at its closing price.

*Registered Investment Companies* - Valued at the daily closing price as reported by the registered investment companies. These funds are registered with the U.S. Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and to transact at that price.

*U.S. Government Agency and Corporate Bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks, or a broker quote if available. Quoted prices were available during 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Master Trust at fair value measurements at December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,221,514,218	-	-	\$ 1,221,514,218

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Master Trust holds a fully benefit-responsive guaranteed investment contract (GIC) consisting of synthetic investment contracts with FMTC (Issuer) totaling \$13,943,081 and \$17,743,537 at December 31, 2024 and 2023, respectively. The Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Master Trust. The crediting rate is based on a formula established by the contract issuer but may not be less than -0-%. The crediting rate is reviewed on a quarterly basis for resetting. Guaranteed investment contracts do not permit insurance companies to terminate the agreement prior to the scheduled maturity dates.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value, which is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Master Trust's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Master Trust and, as a result, the Plan, to transact at contract value with the issuers. Such events include (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contracts. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Master Trust's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer. As of December 31, 2024 and 2023, Plan administration was not aware of any such events.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

K&L GATES 401(K) PLAN ALPHA

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

NOTE 7 - TAX STATUS

On September 17, 2014, the Plan received a favorable determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC and the related trust is exempt from taxation under Section 501(a). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified. The related trust is tax-exempt.

U.S. GAAP requires Plan administration to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has determined that there are no uncertain tax positions at December 31, 2024 or 2023. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress as of the date of these financial statements. Should the Plan incur penalties and interest related to unrecognized tax benefits, such amounts would be recorded in administrative expenses. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Master Trust, which the Plan owns an interest in, are managed by FMTC, which is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the Plan's interest in the Master Trust investment income, since they are paid through revenue sharing rather than a direct payment. Certain administrative functions are performed by employees or partners of the Firm at no cost to the Plan.

NOTE 9 - TRUSTEE CERTIFICATION (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments (interest in K&L Gates Master Trust) and notes receivable from participants held at December 31, 2024 and 2023, Plan interest in K&L Gates Master Trust investment income and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by Plan administration and agreed to or derived from information certified as complete and accurate by FMTC.
