Independent Auditor's Report

To the Plan Administrator and Trustee of
Dynamis, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Dynamis, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Dynamis, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Dynamis, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator and Trustee of
Dynamis, Inc. 401(k) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Dynamis, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Dynamis, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Dynamis, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

To the Plan Administrator and Trustee of
Dynamis, Inc. 401(k) Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of plan

The following description of the Dynamis, Inc. 401(k) Plan (the Plan) provides only general information. The Plan agreement and summary plan description should be referred to for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the plan sponsor, Dynamis, Inc. (the Company). The Company provides management consulting and information technology services to U.S. and foreign federal government agencies and other contractors. All employees age 21 or older are eligible for the Plan starting on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's original effective date was January 1, 2013.

Contributions and funding

Each year, participants may contribute up to the lesser of ninety-two percent (92%) of pretax annual compensation or the maximum applicable amount defined by law, as defined in the Plan. Participants age 50 or older may make additional catch up contributions as defined by law. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions to each participant's pre-tax and Roth elective deferrals, matching 100 percent of contributions which are not 3 percent over pay plus 50 percent of contributions over 3 percent of pay, but not over 5 percent of pay. Additional amounts may be contributed at the discretion of the Company's board of directors. There were no discretionary contributions in 2024 or 2023. Contributions are subject to certain limitations.

Contribution receivables are determined based on the paycheck date. There were no contributions receivable as of December 31, 2024 or 2023.

Participant accounts

Each participant's account is credited with the (a) participant's contribution, (b) allocations of the Company's contribution and (c) investment earnings, net of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their employee contributions and qualified employer matching contributions plus actual earnings thereon. Employees are subject to a six year graded vesting schedule for discretionary employer contributions. Under this schedule, a participant is 100 percent vested after six years of credited service. A participant is 100 percent vested at age 65 or upon death or total disability. There were no forfeitures during the years ended December 31, 2024 and 2023.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive his/her vested account balance in a lump-sum, receive the balance in monthly or annuity payments, or roll the account balance to an individual retirement account or to another employer's tax qualified plan. Vested account balances less than \$5,000 will be distributed in a single lump-sum payment.

Administrative expenses

Most costs and expenses of administering the Plan are paid by the Plan sponsor except for fees paid to the investment managers from their respective funds and certain fees paid directly by the participants.

See independent auditor's report.

Participant loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Payments are due at least quarterly and are allocated to principal and interest.

2. Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value in the financial statements. See Notes 4 and 5 for additional information. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Benefits payable to participants

Benefits payable to participants as of December 31, 2024 and 2023 consists of a returned uncashed check resulting from a participant requested rollover during 2021 that was not cashed within 180 days and returned to the plan's forfeiture account.

3. Information prepared and certified by the trustee

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the investment information certified by Empower Trust Company, LLC and affiliated companies as of and for the years ended December 31, 2024 and 2023, were not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

See independent auditor's report.

Dynamis, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The Plan's financial information that was certified by Empower Trust Company, LLC and affiliated companies included investments of \$9,562,608 and notes receivable from participants of \$153,022 as of December 31, 2024 and investments of \$8,893,713 and notes receivable from participants of \$77,569 as of December 31, 2023.

Empower Trust Company, LLC and affiliated companies also certified to the completeness and accuracy of \$1,211,073 and \$1,338,581 of investment income and \$8,035 and \$4,648 of interest income on notes receivable related to the aforementioned investments and loans for the years ended December 31, 2024 and 2023, respectively, as well as the schedule of assets (held at end of year) as of December 31, 2024.

4. Investments at fair value

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following section describes the valuation methodologies the Plan uses to measure its assets at fair value.

Common/collective trusts: The common/collective investment trusts (CIT) invest in common/collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of the common/collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of the underlying mutual funds are level 1 publicly quoted pricing inputs. These assets are measured as level 2 within the fair value hierarchy.

Registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ -	\$ 7,741,506	\$ -	\$ 7,741,506
Registered investment companies	1,299,554	-	-	1,299,554

See independent auditor's report.

Dynamis, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			Total
	Level 1	Level 2	Level 3	
Common/collective trusts	\$ -	\$ 7,233,335	\$ -	\$ 7,233,335
Registered investment companies	1,073,577	-	-	1,073,577
	<u>\$ 1,073,577</u>	<u>\$ 7,233,335</u>	<u>\$ -</u>	<u>\$ 8,306,912</u>

5. Investments at contract value

The Plan held a benefit-responsive investment contract with Empower Annuity Insurance Company of America during the years ended December 31, 2024 and 2023.

The guaranteed income account contract assets totaled \$521,548 for as of December 31, 2024 and \$586,801 as of December 31, 2023. Empower Annuity Insurance Company of America maintained the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants direct the withdrawal or transfer of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and /or issuer. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include management of the portfolio is not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the Investment Advisor without prior consent of the issuer, the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

See independent auditor's report.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Related party transactions

Certain plan investments are managed by Empower Annuity Insurance Company of America and affiliated companies and, therefore, these transactions qualify as party-in-interest transactions. The Plan investments have internal expenses that compensate Empower Annuity Insurance Company of America and affiliated companies.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

9. Income tax status

The Plan operates under a prototype plan which received its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since issuance of the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

In accordance with authoritative guidance issued by the FASB, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for years ended December 31, 2021 through 2024.

See independent auditor's report.

Dynamis, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

10. Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 9,703,421	\$ 8,959,073
Adjustment for uncashed benefit payment to participant	12,209	12,209
Net assets available for benefits per the Form 5500	<u>\$ 9,715,630</u>	<u>\$ 8,971,282</u>

11. Subsequent events

The plan administrator assessed events occurring subsequent to December 31, 2024 through September 9, 2025, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.

See independent auditor's report.
