Technogym Related Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Technogym Related Companies 401(k) Plan, (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Technogym Related Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Technogym Related Companies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Technogym Related Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Technogym Related Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Technogym Related Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess

whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Technogym USA Corp (the “Company”) defined contribution plan, known as Technogym Related Companies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have 90 days of continuous service and are age 21 or older. Date of eligible participation occurs immediately upon meeting all eligibility requirements.

The Plan was established on March 30, 2000, under Section 401(k) of the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 50% of pre-tax annual compensation, subject to a maximum of \$22,500 and \$20,500 for the years ended 2023 and 2022, respectively. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 100% of a participant’s contribution up to the first 4% of eligible pre-tax annual compensation. Starting on July 1, 2023 the Company incorrectly only contributed 50%. This was not corrected until April 2024 when a retro adjustment was made to correct this error.

In addition to the Company’s matching contributions, the Company may make an annual discretionary contribution, as determined by the Board of Directors of the Company. Discretionary contributions are allocated at the end of the calendar year to participants employed at the end of the year and to participants who have retired, died or became disabled during the year. Such allocations are based on the proportion that each participant’s basic compensation bears to the total basic compensation for all participants. In the event of a discretionary contribution, participants will go into the vesting schedule as described below. During 2023 and 2022, the Company made no discretionary contributions.

Notes Receivable From Participants. Participants may obtain a loan from the Plan of up to 50% of their vested balance, but not to exceed \$50,000. All loans are subject to approval by the Company and are secured by the balance in the participant’s accounts. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon as well as the Company’s matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of credited service for the Company’s discretionary contributions plus actual earnings thereon.

Investment Options. Upon enrollment in the Plan, a participant may direct their contributions into any of the investment options offered under the terms of the investment contract. There are a variety of different mutual funds and investment options available to the participants.

Payment of Benefits. Distributions of benefits after termination of service are made either in the form of a lump sum distribution or in periodic payments as requested by the participant, subject to any required minimum distribution requirements of the tax law. Prior to termination of service, participants may elect to receive a distribution of all or a portion of their accounts once they have attained age 59½, and may receive all or any portion of their elective contributions account prior to 59½ on account of a financial hardship.

1. Description of Plan (Cont'd.)

Administrative Services. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts. The Statements of Changes in Net Assets Available for Plan Benefits are prepared on a contract value basis.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Shares are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Gains or losses on sales of investments are based on the specific identification method, while unrealized gains and losses resulting from changes in market value are recorded as income of the current period. Both realized and unrealized gains and losses are included in the net appreciation of investments in the accompanying statement of changes in net assets available for benefits. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

The Plan is exposed to loss in the event of nonperformance by the investment manager for the funds in which the Trustee invests; however, the Plan does not anticipate nonperformance by the investment manager.

Benefits are recorded when paid.

Other Liabilities. The amount represents erroneous contributions made by the employer. The Plan intends to return the funds to the employer.

Forfeited Accounts. At December 31, 2023 and 2022, forfeited nonvested accounts were not significant. These accounts will be used to reduce future employer contributions. Also in 2023 and 2022, employer contributions were reduced by \$24,428 and \$13,708, respectively, from forfeited nonvested accounts.

Subsequent Events. The Company has evaluated subsequent events through August 1, 2025, the date these financial statements were available to be issued.

JPMorgan Equity Income Fund Class A	*	\$ 278,712

* - Investment did not represent 5% or more of the Plan's net assets available for benefits

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. Income Tax Status

The Plan has received a determination letter from the IRS dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

6. Information Prepared and Certified By the Trustee

Fidelity Management Trust Company, the Trustee as of December 31, 2023, and Reliance Trust Company, the Trustee as of December 31, 2022, holds all of the Plan's investment assets and executes transactions in the assets.

The following information included in the accompanying financial statements and the supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by each of the Trustees:

	2023	2022
Money market fund	\$ 102,237	\$ 1,004,341
Investments, at fair value	\$ 8,585,430	\$ 4,032,814
Notes receivable from participants	\$ 4,869	\$ 53,201
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ 822,107	\$ (1,236,537)
Interest and dividends	\$ 183,328	\$ 182,551

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Fair Value Measurements

The applicable guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the applicable guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Technogym Related Companies 401(k) Plan
Notes to Financial Statements

8. Fair Value Measurements (Cont'd.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common/Collective Trusts: Valued at net asset value ("NAV") and categorized as a Level 2 fair value measurement.

Registered Investment Companies: Valued at the fair value of shares held by the Plan at year end and categorized as a Level 1 fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Fair Value Measurements at December 31, 2023			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
