## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator of  
West Penn Energy Services, LLC 401(k) Profit Sharing Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of West Penn Energy Services, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment purposes at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements

or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## WEST PENN ENERGY SERVICES, LLC 401(K) PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### 1. DESCRIPTION OF THE PLAN

West Penn Energy Services, LLC 401(k) Profit Sharing Plan (the "Plan") was established effective January 1, 2012, and is intended to provide the opportunity for retirement savings for employees of West Penn Energy Services, LLC and Subsidiaries and participating affiliates (the "Company").

The following description of the Plan provides only general information. Participants should refer to the plan document, which is amended from time to time to reflect changes in laws applicable to employee benefit plans, for a more complete description of the Plan's provisions.

*General* - The Plan is a defined contribution plan qualified under Section 401(k) of the Internal Revenue Code (IRC) and covers substantially all employees of the Company who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Contributions* - Participants may elect to make pre-tax or after-tax (Roth) contributions to the Plan of up to 100% of compensation, subject to IRS limitations. The Plan provides for auto enrollment with a deferral of 2%. Employees have the ability to opt-out of the automatic enrollment. Employee rollovers represent contributions from other plans and are not subject to the IRC contribution limits.

The Plan provides for an employer matching contribution, which was 100% on the first 2% of compensation deferred for the years ended December 31, 2024 and 2023. The Plan also provides for a discretionary employer profit sharing contribution. No profit sharing contributions were made for the years ended December 31, 2024 and 2023.

*Participant Accounts* - Each participant's account is credited with the employee and applicable employer contributions and an allocation of the Plan's earnings. Allocations of plan earnings are based on a participant's account balance as a percentage of the total account balances for the applicable investment option. Participants are not permitted to borrow from their accounts.

*Investment Options* - Upon enrollment in the Plan, a participant may direct both elective and employer contributions among various fund options offered by Empower Trust Company, LLC.

*Vesting* - Participants are immediately vested in their voluntary contributions. Employer matching and profit sharing contributions and earnings thereon vest according to the following schedule, where a year

of service is defined as achieving 1,000 service hours during any plan year:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 and over	100%

*Payment of Benefits* - On termination of service, and subject to certain restrictions, a participant may elect to receive an amount equal to, or less than, the value of the participant's vested interest in his or her account in the form of a lump-sum payment, subject to tax withholding requirements, or a qualified rollover. The Plan further provides for hardship withdrawals except that account balances resulting from certain types of contributions are not eligible.

*Forfeitures* - Forfeitures represent the portion of non-vested account balances remaining in the Plan for terminated employees. Forfeiture balances may be utilized to pay administrative expenses or reduce employer contributions and are reflected on the last day of the plan year in which the plan administrator distributes the participant's entire vested interest, as defined in the plan document. Forfeitures of \$8,449 and \$3,530 were utilized to pay administrative expenses, in accordance with the plan document, for the years ended December 31, 2024 and 2023, respectively. At December 31, 2024 and 2023, the balance of unapplied forfeitures was \$23,342 and \$5,214, respectively.

*Administrative Expenses* - Administrative expenses of the Plan are paid by the Plan or the Company, as provided by the plan agreement.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Accounting* - The Plan's financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

*Use of Estimates* - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities at the dates of the financial statements. Actual results could differ from these estimates.

*Investment Valuation and Income Recognition* - The Plan's investments are stated at fair value, and the net appreciation or depreciation in the fair value of investments, which consists of the realized gains and losses and the net unrealized appreciation and depreciation on those investments, is included in the statements of changes in assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis.

*Fair Value Measurements* - U.S. GAAP establishes a framework for measuring fair value of financial assets which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2      Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2024 and 2023.

- *Mutual Funds:* Mutual funds are valued at the closing price reported on the active market on which the individual funds are traded (level 1).
- *Group Annuity Contract:* The group annuity contract, Key Guaranteed Portfolio Fund, is a public investment vehicle that is not fully benefit-responsive. The fund is valued using the value provided by the custodian on the last day of the Plan's year end, which is based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider (level 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

*Contributions* - Employee and employer matching contributions to the Plan are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

*Risks and Uncertainties* - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

*Benefits* - Benefits are reflected when they have been approved for payment and are paid by the Plan.

*Subsequent Events* - Management has evaluated subsequent events through September 16, 2025, the date which the financial statements were available to be issued.

### **3. CERTIFIED FINANCIAL INFORMATION**

Empower Trust Company, LLC, the trustee, has certified that the following data included in the financial statements as of and for the years ended December 31, 2024 and 2023 is complete and accurate:

- Investments as shown in the statements of assets available for benefits.
- Investment income as shown in the statements of changes in assets available for benefits.
- The schedule of assets held for investment purposes as shown on the accompanying schedule.

### **4. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants shall become 100% vested in their accounts.

### **5. INCOME TAX STATUS**

The Plan is a non-standardized, pre-approved plan for which the sponsoring organization obtained a favorable opinion letter in which the Internal Revenue Service states that the Plan, as designed, was in compliance with the applicable requirements of the IRC based upon a letter dated June 30, 2020.

Management believes that there is no liability related to uncertain tax positions at December 31, 2024 or 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is no longer subject to tax examinations for the years before 2021.

**6. RELATED PARTIES AND PARTIES-IN-INTEREST**

Empower Trust Company, LLC served as the trustee of the Plan during the years ended December 31, 2024 and 2023. The trustee provided access to a group annuity contract as an investment option as well as other investment options and, accordingly, is considered a party-in-interest.

Neither the Company nor employees involved in the administration of the Plan receive compensation from the Plan.
