To the Plan Administrator
Sensory Technologies, LLC Retirement Readiness 401(k) Plan
Indianapolis, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sensory Technologies, LLC Retirement Readiness 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investments and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States ("GAAS") and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Sensory Technologies, LLC Retirement Readiness 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

On January 1, 2020, management approved the decision to merge the Plan into the One Diversified Systems, LLC 401(k) Plan to be effective December 31, 2020, at which time all employee and employer contributions into the Plan were ceased. Assets transferred from the Plan included mutual funds and notes receivable, which were certified by Reliance Trust Company (the "Trustee"). In aggregate, the total transfer of assets from Sensory Technologies, LLC Retirement Readiness 401(k) Plan to One Diversified Systems, LLC 401(k) Plan is reported on the Statement of Changes in Net Assets Available for Benefits.

General

The Plan was a defined contribution plan covering the employees of the Company, who completed 90 days of service and were age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company's management team was responsible for the oversight of the Plan, determined the appropriateness of the Plan's investment offerings, and monitored investment performance.

Contributions

Each year, participants were permitted to contribute up to 90% of annual compensation, as defined in the Plan. Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributed a safe harbor enhanced match equal to the sum of 100% of a participant's elective deferrals that did not exceed 4% of eligible compensation. Additional discretionary amounts were able to be contributed at the option of the Company. During the years ended December 31, 2020 and 2019, no discretionary contributions were made to the Plan. Participant contributions were directed into various investment options selected by the participant. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

The Plan was amended effective May 1, 2020 to remove Company safe harbor matching contributions as a permitted contribution. Accordingly, Company matching contributions stopped effective May 1, 2020.

Participant Accounts

Each participant's account was credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's discretionary contributions, if applicable, (b) plan earnings (losses), and (c) administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Sensory Technologies, LLC Retirement Readiness 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants were immediately vested in their voluntary contributions and the Company's contribution portion of their accounts, plus actual earnings thereon.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes were secured by the balance in the participant's account and bore interest at rates from 4.25% to 6.50%, which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were paid ratably through payroll deductions. Participants were limited to one outstanding loan at any one time.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act permitted qualifying participants to delay loan repayments that were due between March 27, 2020 and December 31, 2020. The Plan adopted this provision.

Payment of Benefits

On termination of services due to death, disability, or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over the lives of the participant and their spouse. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service withdrawals for participants reaching age 59-1/2 and financial hardships are permitted by the Plan.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available, for Coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$0 and \$10, respectively. These accounts could be used to reduce Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2020, forfeitures were not used.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Sensory Technologies, LLC Retirement Readiness 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when incurred. No allowance for credit losses was recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable were recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were allocated proportionately to plan participants based on their respective account balances and were included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 7, 2025, which is the date the financial statements were available to be issued.

Sensory Technologies, LLC Retirement Readiness 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no investment assets as of December 31, 2020. There were no changes in the methodologies used as of December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Sensory Technologies, LLC Retirement Readiness 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,863,329	\$ -	\$ -	\$ 5,863,329
Total investment assets at fair value	\$ 5,863,329	\$ -	\$ -	\$ 5,863,329

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the Trustee of the Plan).

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments were managed by Reliance Trust Company, the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP, LLC provided record keeping and administrative services to the Plan. Direct fees incurred and paid by the Plan for these services were \$20,120 for 2020. Merrill Lynch Pierce Fenner & Smith (Merrill Lynch) provided certain administrative services to the Plan pursuant to a Retirement Cash Management Account Agreement (RMCA Agreement) between the Plan and Merrill Lynch. Direct fees incurred and paid by the Plan for these services were \$11,348 for 2020. ADP Broker Dealer (ADP) also provided administrative services to the Plan pursuant to an agreement between the Plan and ADP. Merrill Lynch and ADP received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to Merrill Lynch and ADP for their administrative services to the Plan.

If the revenue received by Merrill Lynch or ADP from such mutual fund service providers exceeded the amount owed under the respective agreements, Merrill Lynch and ADP remitted the excess to the Plan's trust on a quarterly basis. Such amounts could be applied to pay administrative expenses or allocated to participant accounts. During 2020 and 2019, there were no excess amounts. The Plan or Company could make a payment to Merrill Lynch or ADP for administrative services not covered by revenue sharing.

Notes receivable from participants also qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules of ERISA.

Sensory Technologies, LLC Retirement Readiness 401(k) Plan

Notes to Financial Statements

Note 6: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter which stated the prototype plan document was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan was amended since receiving the determination letter; however, the plan administrator believes the Plan was designed and was operated in compliance with the applicable requirements of the IRC and had no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties and Concentrations of Investments

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
