INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Sterling Equities Associates Employees Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Sterling Equities Associates Employees Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Sterling Equities Associates (the "Company") Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company or affiliate employers (together the "Employer") who have three (3) months of service and are age twenty-one (21) or older. Employees covered by collective bargaining agreements and non-resident aliens are excluded from participation. Eligible employees may elect to begin participation in the Plan as of the first day of the calendar Plan year, or the first day of the fourth, seventh and tenth month of the Plan year coinciding with or next following the date that the age and service eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employee Contributions

Each year, participants may contribute up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to contribute all or a portion of their elective contributions to the Plan as pre-tax deferrals or as after-tax Roth contributions. The Plan currently offers various mutual funds and a common trust fund as investment options for participants.

Employer Contributions

The Employer is obligated to contribute half of the first 4% of eligible compensation that a participant contributes. Additional matching amounts may be contributed solely at the discretion of the Employer. There were no additional discretionary Employer contributions made for the year ended December 31, 2024. Rollover contributions are not eligible for Employer matching.

Automatic Enrollment

The Plan includes an auto-enrollment provision whereby all newly eligible employees hired or rehired are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax elective deferral rate set at four percent of eligible compensation (increasing each January 15 by one percent until a deferral rate of ten percent is reached) and their contributions invested in the Plan's Qualified Default Investment Alternative ("QDIA") until changed by the participant. The Plan has selected the Fidelity Freedom target date fund closest to the year in which the participant turns 65 as its QDIA.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled under the Plan is the benefit that can be provided from the participant's vested Plan balances.

**STERLING EQUITIES ASSOCIATES
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully vested in their own contributions including any related earnings or losses. Employer matching and discretionary contributions, including any earnings or losses thereon, vest based on years of continuous service. Participants become fully vested in Employer contributions, in 20% increments, over a period of two through six years of credited service. A participant may become fully vested upon normal retirement age (65), early retirement age (55 with five years of vesting service), total disability, death, and termination or partial termination of the Plan. In general, a participant who terminates employment with the Employer before becoming fully vested will forfeit the unvested Employer contributed portion of their account balances.

Notes Receivable from Participants

Participants may borrow from their vested balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. No more than one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 9.25 percent per annum, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator, and are generally payable in installments over periods ranging from one to five years unless such loan is for the purchase of a primary residence. Principal and interest is paid ratably through monthly payroll deductions. A loan that is considered in default is reported as a deemed distribution and is a taxable event for the participant. Loan origination fees are charged directly to the participants' accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their designated beneficiary may elect to defer distribution, or receive either a lump-sum amount or installments equal to the vested value of the participant account.

In-service Distributions

Participants who have attained age 59 ½ may request an in-service distribution of all or a portion of their vested Plan account balances, provided such request is for at least \$500.

Hardship Distributions

Participants may request a distribution of all or a portion of their vested Plan account balances in the event of certain defined financial hardships. Participants must first exhaust all other reasonably available resources before becoming eligible for hardship distributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants' Plan accounts may be applied to reduce Employer contributions or pay Plan administrative expenses, at the discretion of the Plan sponsor. Activity arising from unallocated forfeitures of terminated participants' non-vested account balances for the years ended December 31, 2024 and 2023 is as follows:

	2024	2023
Forfeiture balance available – beginning of year	\$ 8,721	\$ 18,517
Increases arising from forfeitures of terminated participants' non-vested account balances	16,307	11,959
Amounts used to reduce Employer contributions or pay Plan administrative expenses	(22,830)	(21,755)
Forfeiture balance available – end of year	\$ 2,198	\$ 8,721

Investment Options

Upon enrollment in the Plan, participants may direct the investment of contributions made on their behalf and may transfer the investment of their Plan account balances among several investment options, primarily registered investment companies ("mutual funds"). The Company, or its delegate, may add or subtract from the list of investment options from time to time, in accordance with its fiduciary duties under ERISA. When participants direct their own Plan account investments, their Plan accounts are allocated earnings or losses reflective of their chosen investments. A participant's Plan account does not share in the investment performance of other participants' Plan accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**STERLING EQUITIES ASSOCIATES
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Company determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company, the trustee of the Plan. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages. Employer contributions are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain operating and administrative expenses are absorbed by the Company and, to that extent, are not reflected in these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Plan participates in a revenue credit program where recordkeeping revenue received in connection with Plan services by the service providers exceeds agreed-upon compensation.

Administrative fees paid by the Plan amounted to \$28,704, which were netted with revenue credits of (\$44,505). The net amount of both the administrative fees and the revenue credits amounted to (\$15,801) for the year ended December 31, 2024. These transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market

Interest-bearing cash includes money market accounts and certificates of deposit which are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund

A stable value fund that is composed primarily of guaranteed investment contracts, bank investment contracts, synthetic investment contracts and separate account contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly manner. The Stable Value Collective Trust Fund option within the Plan is a direct filing entity.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain principals, officers and employees of the Employer are named fiduciaries of the Plan. They, along with Plan service providers, the Employer and trustee, are considered "parties-in-interest" pursuant to definitions within ERISA (and "disqualified persons" within the Internal Revenue Code) (the "IRC"). Fidelity Management Trust Company is the third-party administrator, as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. In general, individuals and companies that do business with the Plan also may be defined as parties-in-interest. Parties-in-interest may be restricted in their ability to be involved in transactions with the Plan and Plan fiduciaries.

Certain investments of the Plan are in shares (or units) of mutual funds, money market funds and common collective trusts. These investment vehicles may pay fees for investment advisory services, management or similar services, both to their own related mutual fund family umbrella companies and to other service providers, some of which do business with the Plan, the Employer, the Plan administrator, the trustee, the custodian or the investment advisor. These transactions qualify as exempt party-in-interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

**STERLING EQUITIES ASSOCIATES
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

(Continued)

Through arrangements with the trustee, the Plan recaptures fees from mutual funds through a revenue credit program. Activity within the unallocated recapture account for the Plan year ended December 31, 2024 was minimal. Recaptured fees in excess of current year Plan expenses are reallocated to eligible participants. These transactions qualify as exempt party-in-interest transactions.

From 1985 to 2008, certain principals of Sterling Equities, and parties related to those principals, had been investing at Bernard L. Madoff Investment Securities, LLC ("BMIS"), in discretionary brokerage accounts similar to those previously offered by the Plan. Principals of Madoff and their relations also were investors, from time to time, in ventures (primarily real estate) syndicated, managed, owned or controlled by Sterling Equities Associates, LLC, its principals and parties related to those principals. Refer to Note 7 for additional details.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: MADOFF FRAUD LOSS

During 2008, the Plan became aware that its investments at BMIS were substantially impaired when Bernard L. Madoff (Madoff), the owner and principal of BMIS, admitted to committing fraud.

The Plan filed a claim with its insurance carrier under its crime policy for losses sustained as a result of the fraud perpetrated by Madoff, and recovered \$5,000,000 in 2009, representing the entire coverage amount of such policy. In addition, the Plan filed a claim on behalf of itself, as well as on behalf of each of its participants, with the Securities Investor Protection Corporation ("SIPC"), which provides protection to each of BMIS' customers, up to a maximum of \$500,000. The BMIS bankruptcy trustee denied customer status to the individual participants (such decision subsequently affirmed by the district court), but approved a claim for the Plan in an amount equal to \$15,415,309, representing the bankruptcy trustee's computation of net cash invested by the Plan with BMIS (i.e. excluding "fictitious profits").

In 2011, the Plan received a \$500,000 advance from the SIPC, as well as a "first" partial distribution from the BMIS bankruptcy trustee of \$709,413 with respect to the Plan's approved claim.

In August 2012, The District Court for the Southern District of New York approved a settlement agreement ("Goldweber Settlement" or "Goldweber Agreement") related to a class action lawsuit brought by Elyse S. Goldweber, as Executrix of the Estate of David A. Sloss ("Plaintiff"), against Sterling Equities Associates ("Sterling") and certain of its partners.

**STERLING EQUITIES ASSOCIATES
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 7: MADOFF FRAUD LOSS (Continued)

The Goldweber Agreement provides that all amounts previously recovered, or to the extent later recovered, will be allocated and distributed as follows:

- First, to pay fees and expenses of the Plan's independent fiduciary (approximately \$60,000) and Plaintiff's counsel (approximately \$375,000);
- Second, \$6,500,000 less approximately \$435,000 of fees and expenses as paid above, (approximately \$5,965,000) pro-rata to the Settlement Class (as defined in the Agreement), based on their net cash investment in BMIS;
- Third, to Immediate Family and to Releasor Participants (as defined in the Agreement), pro-rata, based on their net cash investment in BMIS in an amount proportionate to that paid to the Settlement Class above;
- Fourth, pro-rata to the Settlement Class, Immediate Family and Releasor Participants, until such persons have received a full return of their net cash investment in BMIS;
- Fifth, to Plan participants who are partners of Sterling or their beneficiary heirs until such persons have received a full return of their net cash investment in BMIS;
- Sixth, pro-rata to all Plan participants based on the relative amounts of their total investments with BMIS as reflected on such Participants' November 30, 2008 account statements.

In connection with the Goldweber Settlement, the Plan received \$2,000,000 from an insurance company.

In 2015, the Plan agreed to a settlement concerning subrogation rights with the two insurance companies from which it previously received \$7,000,000, pursuant to crime and fiduciary policies extant in 2008. The agreement as amended ("Subrogation Agreement" or "Subrogation Settlement"), stipulates that these insurers would be reimbursed from a portion of future recoveries until they have collected the entire amount of benefits previously paid to the Plan.

All amounts collected by the Plan relating to the BMIS fraud were maintained by the Plan administrator in a separate "Restoration Account" not subject to participant direction.

Activity in the Restoration Account for the years ended December 31, 2024 and 2023, all of which amounts are currently maintained in a Bank of America checking account, consists of the following:

	2024	2023
Balances - beginning of year	\$ 2,262	\$ 1,437
Recoveries collected from Madoff bankruptcy trustee:		
Thirteenth partial distribution	64,590	40,851
Payment in connection with insurance company		
Subrogation Agreement	(48,442)	(30,638)
Goldweber Settlement amounts allocated and distributed		
to Plan participants	(15,515)	(9,388)
Balances - end of year	\$ 2,895	\$ 2,262

**STERLING EQUITIES ASSOCIATES
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 7: MADOFF FRAUD LOSS (Continued)

Restoration Account funds on hand at December 31, 2024 are pending payment to participants. Plan participants, including partners of Sterling or their beneficiary heirs, have received 100% of their net cash invested by the Plan with BMIS. Future funds collected and distributable, if any, will be recognized when received and will be distributed in accordance with the agreements.

NOTE 8: TAX STATUS

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the Non-Standardized Pre-Approved Profit Sharing adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator (and the Plan's tax counsel) believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC of 1986, as amended. Should the Company permanently discontinue contributions or terminate the Plan, participants will be 100% vested in all Plan accounts. Further, under some circumstances (such as a partial Plan termination caused by a significant reduction in Plan participants from one Plan year to the next resulting from certain events), Plan participants with respect to whom a partial Plan termination occurs will become 100% vested in all their Plan accounts.
