## *Independent Auditors' Report*

Plan Administrator  
Insulet Corporation 401(k) Profit Sharing Plan  
Acton, Massachusetts

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed the audits of the financial statements of the Insulet Corporation 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Notes to Financial Statements*

### **Note 1 - Description of Plan**

The following description of the Insulet Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### ***General***

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering substantially all employees upon hire of Insulet Corporation (the “Employer”) with the exception of students or interns, temporary employees, non-resident aliens, employees covered under a collective bargaining agreement or employees of an employer who is a member of a controlled group which the Employer did not adopt for this Plan, as defined by the Plan (“Participants”). Fidelity Management Trust Company is the trustee and custodian of the Plan. The Employer is the Plan’s administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all investments are participant directed.

#### ***Participant Contributions***

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, up to an annual dollar amount set by Federal law. The Plan utilizes an auto-enrollment feature and eligible employees that do not make an affirmative election nor elect to waive participation will be enrolled with a 6% pre-tax deferral rate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

#### ***Employer Matching Contributions***

Each year, the Employer, at its discretion, may make matching contributions to the Plan, subject to limitations imposed by the Federal law. For the year ended December 31, 2024, the Employer made matching contributions of 50% of the Participants’ elective deferrals up to the first 6% of eligible compensation deferred by each participant, as defined by the Plan, subject to certain limitations.

#### ***Employer Profit Sharing Contributions***

Each year, the Employer, at its discretion, determines the amount of profit sharing contribution it will contribute to the Plan, subject to certain limitations. Eligibility to participate in profit sharing contributions requires a minimum of 1,000 hours of service during the Plan year, and the participant must be employed by the Employer on the last day of the Plan year. Allocations of the profit sharing contribution are made among eligible participants based on the ratio that each such participant’s gross compensation bears to the total gross compensation of all such eligible Participants. There was no profit sharing contribution for the year ended December 31, 2024.

## *Notes to Financial Statements*

### **Note 1 - Description of Plan (Continued)**

#### ***Participant Accounts***

Each participant's account is credited with the Participant's contribution, allocations of the Employer's contribution, Plan investment earnings and reduced by direct loan fees. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

#### ***Vesting***

Participants are always fully vested in their deferral and rollover contribution accounts. Vesting in the Employer's contributions is based on years of continuous service. Participants will become fully vested in the Employer's contributions after one year of continuous service or upon death, disability or attainment of normal retirement age.

#### ***Forfeitures***

A participant who leaves the employ of the Employer forfeits any unvested balance. Forfeited amounts will be used to pay administrative expenses of the Plan, reduce Employer contributions and/or be allocated as an Employer contribution. Uncashed stale distribution checks may be re-issued to former employees that were not initially located. During 2024, \$10,000 was used to offset a portion of the Employer matching contributions. At December 31, 2024 and 2023, forfeited non-vested amounts representing forfeited Employer match amounts and uncashed stale distribution checks totaled \$65,663 and \$6,553, respectively.

#### ***Payment of Benefits***

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum amount or installment payments equal to the value of his or her account. Hardship withdrawals from a participant's vested account balances are permitted due to financial hardship and subject to a minimum amount of \$500. In-service withdrawals from any of a participant's vested accounts are permitted upon reaching age 59½. Upon termination of service, if a participant's account balance is greater than \$1,000, the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

#### ***Notes Receivable from Participants***

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may only have one loan outstanding at a time. Loan terms are up to five years (up to ten years if proceeds are used for the purpose of purchasing a primary residence). The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest to be determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

#### ***Unit Values***

Individual participant accounts for the units in the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

#### ***Benefits Paid***

Benefits are recorded when paid.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from those estimates.

#### ***Contributions***

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### ***Notes Receivable from Participants***

Notes receivable from Participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expenses as they are incurred.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies (Continued)**

#### ***Plan Expenses***

Individual participant accounts are charged directly for notes receivable from participants' recordkeeping and benefit disbursement processing fees, if applicable, and terminated participants pay an annual maintenance fee. All other operating expenses incurred in the administration of the Plan are paid by the Plan.

#### ***Subsequent Events***

The Employer has evaluated subsequent events through September 16, 2025, the date that the financial statements were approved by management. There were no significant matters identified for disclosure during this evaluation.

### **Note 3 - Information Certified by Trustee and Custodian**

Plan investments are held in mutual fund accounts and common/collective trusts by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). Fidelity certified the fair value of all investments as of December 31, 2024 and 2023 and all investment transactions for the year ended December 31, 2024. Investment transactions include interest and dividend income and net appreciation in fair values. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Fidelity.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants may direct contributions to any of the investment options that consist of shares of mutual funds and common/collective trusts sponsored by Fidelity.

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 4 - Fair Value Measurements (Continued)**

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Stable value common/collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

### Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2024</i>			
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

<b>Total investments in the fair value hierarchy</b>	<b>\$ <u>103,180,599</u></b>	<b>\$ <u>-</u></b>	<b>\$ <u>-</u></b>	<b>103,180,599</b>
Investments measured at NAV practical expedient (a)				<u>143,742,544</u>
<b>Total investments at fair value</b>				<b>\$ <u>246,923,143</u></b>

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2023</i>			
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ <u>74,449,227</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>74,449,227</u>
<b>Total investments in the fair value hierarchy</b>	<b>\$ <u>74,449,227</u></b>	<b>\$ <u>-</u></b>	<b>\$ <u>-</u></b>	<b>74,449,227</b>
Investments measured at NAV practical expedient (a)				<u>115,278,435</u>
<b>Total investments at fair value</b>				<b>\$ <u>189,727,662</u></b>

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient**

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

<i>Investment</i>	<i>Fair Value 12/31/2024</i>	<i>Fair Value 12/31/2023</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Common/Collective Trusts (a)	\$ 140,372,789	\$ 112,154,239	\$ -	daily	1 day
Stable Value Common/ Collective Trust (a)	<u>3,369,755</u>	<u>3,124,196</u>	<u>-</u>	daily	1 day
<b>Total</b>	<b><u>\$ 143,742,544</u></b>	<b><u>\$ 115,278,435</u></b>	<b><u>\$ -</u></b>		

(a) See Note 4 for the description of the common/collective trusts.

### **Note 6 - Risks and Uncertainties**

The Plan provides for various investment options in registered investment companies, self-directed funds and a stable value common/collective trust which hold investment securities. Market risks include global events such as international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### **Note 7 - Related-Party and Party-In-Interest Transactions**

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and custodian as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity and other related parties for participant and other fees totaled \$423,596 for the year ended December 31, 2024. Additionally, the Plan may receive excess revenue from Fidelity which may be used to pay plan expenses or allocated to the accounts of participants. During 2024, the Plan received approximately \$28,800 in revenue sharing. Notes receivable from Participants also qualify as exempt party-in-interest transactions.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## Notes to Financial Statements

### Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

### Note 9 - Tax Status

The Plan has adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA and received a favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrative committee/plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Plan net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<b>2024</b>	<b>2023</b>
Net assets available for benefits per the financial statements at December 31	\$ 251,221,965	\$ 192,851,074

Plan Administrator  
Insulet Corporation 401(k) Profit Sharing Plan  
Acton, Massachusetts

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed the audits of the financial statements of the Insulet Corporation 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *Notes to Financial Statements*

### **Note 1 - Description of Plan**

The following description of the Insulet Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### ***General***

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering substantially all employees upon hire of Insulet Corporation (the “Employer”) with the exception of students or interns, temporary employees, non-resident aliens, employees covered under a collective bargaining agreement or employees of an employer who is a member of a controlled group which the Employer did not adopt for this Plan, as defined by the Plan (“Participants”). Fidelity Management Trust Company is the trustee and custodian of the Plan. The Employer is the Plan’s administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Substantially all investments are participant directed.

#### ***Participant Contributions***

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, up to an annual dollar amount set by Federal law. The Plan utilizes an auto-enrollment feature and eligible employees that do not make an affirmative election nor elect to waive participation will be enrolled with a 6% pre-tax deferral rate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

#### ***Employer Matching Contributions***

Each year, the Employer, at its discretion, may make matching contributions to the Plan, subject to limitations imposed by the Federal law. For the year ended December 31, 2024, the Employer made matching contributions of 50% of the Participants’ elective deferrals up to the first 6% of eligible compensation deferred by each participant, as defined by the Plan, subject to certain limitations.

#### ***Employer Profit Sharing Contributions***

Each year, the Employer, at its discretion, determines the amount of profit sharing contribution it will contribute to the Plan, subject to certain limitations. Eligibility to participate in profit sharing contributions requires a minimum of 1,000 hours of service during the Plan year, and the participant must be employed by the Employer on the last day of the Plan year. Allocations of the profit sharing contribution are made among eligible participants based on the ratio that each such participant’s gross compensation bears to the total gross compensation of all such eligible Participants. There was no profit sharing contribution for the year ended December 31, 2024.

## *Notes to Financial Statements*

### **Note 1 - Description of Plan (Continued)**

#### ***Participant Accounts***

Each participant's account is credited with the Participant's contribution, allocations of the Employer's contribution, Plan investment earnings and reduced by direct loan fees. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

#### ***Vesting***

Participants are always fully vested in their deferral and rollover contribution accounts. Vesting in the Employer's contributions is based on years of continuous service. Participants will become fully vested in the Employer's contributions after one year of continuous service or upon death, disability or attainment of normal retirement age.

#### ***Forfeitures***

A participant who leaves the employ of the Employer forfeits any unvested balance. Forfeited amounts will be used to pay administrative expenses of the Plan, reduce Employer contributions and/or be allocated as an Employer contribution. Uncashed stale distribution checks may be re-issued to former employees that were not initially located. During 2024, \$10,000 was used to offset a portion of the Employer matching contributions. At December 31, 2024 and 2023, forfeited non-vested amounts representing forfeited Employer match amounts and uncashed stale distribution checks totaled \$65,663 and \$6,553, respectively.

#### ***Payment of Benefits***

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum amount or installment payments equal to the value of his or her account. Hardship withdrawals from a participant's vested account balances are permitted due to financial hardship and subject to a minimum amount of \$500. In-service withdrawals from any of a participant's vested accounts are permitted upon reaching age 59½. Upon termination of service, if a participant's account balance is greater than \$1,000, the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

#### ***Notes Receivable from Participants***

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant may only have one loan outstanding at a time. Loan terms are up to five years (up to ten years if proceeds are used for the purpose of purchasing a primary residence). The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest to be determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

#### ***Unit Values***

Individual participant accounts for the units in the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

#### ***Benefits Paid***

Benefits are recorded when paid.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from those estimates.

#### ***Contributions***

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

#### ***Notes Receivable from Participants***

Notes receivable from Participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expenses as they are incurred.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies (Continued)**

#### ***Plan Expenses***

Individual participant accounts are charged directly for notes receivable from participants' recordkeeping and benefit disbursement processing fees, if applicable, and terminated participants pay an annual maintenance fee. All other operating expenses incurred in the administration of the Plan are paid by the Plan.

#### ***Subsequent Events***

The Employer has evaluated subsequent events through September 16, 2025, the date that the financial statements were approved by management. There were no significant matters identified for disclosure during this evaluation.

### **Note 3 - Information Certified by Trustee and Custodian**

Plan investments are held in mutual fund accounts and common/collective trusts by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). Fidelity certified the fair value of all investments as of December 31, 2024 and 2023 and all investment transactions for the year ended December 31, 2024. Investment transactions include interest and dividend income and net appreciation in fair values. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Fidelity.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants may direct contributions to any of the investment options that consist of shares of mutual funds and common/collective trusts sponsored by Fidelity.

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 4 - Fair Value Measurements (Continued)**

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Stable value common/collective trust:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

### Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2024</i>

Investments measured at NAV practical expedient (a)				<u>115,278,435</u>
<b>Total investments at fair value</b>				<b>\$ <u>189,727,662</u></b>

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## *Notes to Financial Statements*

### **Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient**

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

<i>Investment</i>	<i>Fair Value</i> <i>12/31/2024</i>	<i>Fair Value</i> <i>12/31/2023</i>	<i>Unfunded</i> <i>Commitments</i>	<i>Redemption</i> <i>Frequency</i>	<i>Redemption</i> <i>Notice</i> <i>Period</i>

Stable Value Common/ Collective Trust (a)	<u>3,369,755</u>	<u>3,124,196</u>	<u>-</u>	daily	1 day
<b>Total</b>	<b><u>\$ 143,742,544</u></b>	<b><u>\$ 115,278,435</u></b>	<b><u>\$ -</u></b>		

(a) See Note 4 for the description of the common/collective trusts.

### **Note 6 - Risks and Uncertainties**

The Plan provides for various investment options in registered investment companies, self-directed funds and a stable value common/collective trust which hold investment securities. Market risks include global events such as international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### **Note 7 - Related-Party and Party-In-Interest Transactions**

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and custodian as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity and other related parties for participant and other fees totaled \$423,596 for the year ended December 31, 2024. Additionally, the Plan may receive excess revenue from Fidelity which may be used to pay plan expenses or allocated to the accounts of participants. During 2024, the Plan received approximately \$28,800 in revenue sharing. Notes receivable from Participants also qualify as exempt party-in-interest transactions.

# INSULET CORPORATION 401(k) PROFIT SHARING PLAN

## Notes to Financial Statements

### Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

### Note 9 - Tax Status

The Plan has adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA and received a favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrative committee/plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Plan net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<b>2024</b>	<b>2023</b>
Net assets available for benefits per the financial statements at December 31	\$ 251,221,965	\$ 192,851,074
