Independent Auditors' Report

The Retirement Committee of the
CHS/Community Health Systems, Inc. Standard 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CHS/Community Health Systems, Inc. Standard 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- **the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

CHS/COMMUNITY HEALTH SYSTEMS, INC. STANDARD 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(1) Description of plan

The following description of the CHS/Community Health Systems, Inc. Standard 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. CHS/Community Health Systems, Inc. and Subsidiaries (the "Company"), a wholly-owned subsidiary of Community Health Systems, Inc. ("CHS"), is the sponsor of the Plan ("Plan Sponsor").

(a) General

The Plan is a defined contribution plan and covers substantially all salaried employees who have three months of service ("participants") and are employees of certain subsidiaries of the Company. Participants who are employees of Palmer-Wasilla Health Systems, LLC dba the Mat-Su Regional Medical Center ("Mat-Su Participants") are eligible to make deferrals and eligible for the employer match after six months of service. There is no age requirement in order to participate in the Plan. Employees who are not eligible to participate in the Plan include residents of Puerto Rico, certain non-resident aliens, leased employees and employees who are eligible to participate in other retirement plans maintained by the Company that are intended to be qualified under Internal Revenue Code (the "Code") Section 401(a) that also provide for a cash-or-deferred arrangement or contain a qualified Roth contribution arrangement. The Retirement Committee, which consists of members approved by the Board of Directors of the Company (the "Administrator"), controls and manages the operation and administration of the Plan. Principal Trust Company ("Principal") serves as the trustee of the Plan and holds, invests and administers the trust assets and contributions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

When the Company acquires or divests of hospitals or other businesses, the employees of those entities either become eligible or are no longer eligible to participate in the Plan. Depending on the terms of the acquisition or divestiture, the Plan may accept participant rollovers (in the case of acquisitions) or distribute participant assets (in the case of divestitures).

The Company and Principal executed a master trust agreement (the "Master Trust") whereby all of the Plan's investments are included in the Master Trust. The Master Trust, which includes two participating plans of the Company, provides for pooling and commingling of assets, solely for investment purposes, and facilitates the investment of such assets on a diversified basis. The affiliated plan included in the Master Trust is the CHS/Community Health Systems, Inc. Retirement Savings Plan.

Notes to the Financial Statements

December 31, 2024 and 2023

(b) Contributions

Each year, participants may contribute up to 50% of compensation, not to exceed the maximum amount as determined by the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for an employer matching contribution for most participants in an amount equal to 100% of the first 1% and 50% of the next 5% of eligible employee contributions. The Plan provides for an employer matching contribution for Mat-Su Participants in an amount equal to 50% of the first 3% of eligible employee contributions. The Company also contributed a discretionary amount equal to 5.5% of total compensation for certain eligible Mat-Su Participants for the years ended December 31, 2024 and 2023. Additional amounts may be contributed at the discretion of the Company; however, none were made for the years ended December 31, 2024 and 2023 except those for the Mat-Su Participants. Plan Sponsor contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Company contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are invested by Principal according to the participant's instructions in one or a combination of several fund options. Participants may change their investment elections or initiate transfers between funds by giving notice to Principal. The Plan currently offers a variety of mutual funds, pooled separate accounts, collective investment trusts and the CHS Stable Value Fund as investment options for participants.

Notes to the Financial Statements

December 31, 2024 and 2023

(e) Vesting

Participants are vested immediately in their participant contributions plus actual earnings thereon. Vesting in Company matching and discretionary contributions is based on years of service. Termination of participation in the Plan prior to the scheduled vesting period for a reason other than death, disability or retirement results in forfeiture of the unvested portion of the participant's account balance. Vesting is according to the terms of the collective bargaining agreement in place at each participating location and follows either a two-year cliff, whereby participants become 100% vested in Company matching and discretionary contributions after two years of service, or a five-year graded schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Mat-Su Participants become fully vested in Company matching and discretionary contributions after two years of service. Participants who transferred to the Plan from the CHS/Community Health Systems, Inc. Spokane 401(k) Plan are fully vested in their account balances.

(f) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 4.25% to 9.50%, which was commensurate with local prevailing rates as determined by the plan administrator at the time the loan was taken. Principal and interest are collected ratably through payroll deductions.

(g) Payment of benefits

The Plan was amended effective January 1, 2024 to increase the involuntary cash-out threshold from \$5,000 to \$7,000, as permitted under the SECURE 2.0 Act of 2022.

Distributions from the Plan are permitted upon a participant's death, disability or retirement. In addition, certain payments are permitted if a participant terminates employment for any other reason. On termination of service, if a participant's vested account balance exceeds \$7,000, the participant may generally elect to receive a single, lump-sum payment or installments over a period of time not to exceed the participant's assumed life expectancy. Account balances that do not exceed \$7,000 generally may only be distributed as a lump-sum payment. In-service withdrawals are available for a participant upon attainment of age 59½.

Notes to the Financial Statements

December 31, 2024 and 2023

(h) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Company contribution portion of their accounts. Any portion of Plan forfeitures not allocated in the Plan year in which they are forfeited ("Forfeiture Year") may be allocated in the following Plan year to pay Plan expenses or to offset the Company contributions for the Forfeiture Year. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$94,733 and \$113,333, respectively. The 2024 and 2023 forfeited non-vested accounts were utilized to reduce the Company contributions during 2025 and 2024, respectively.

(i) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(j) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses, recordkeeping and investment management services are charged directly to the participant's account and are included in administrative expenses.

(k) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any full or partial plan termination, all amounts credited to the account of any affected participant will become 100% vested and nonforfeitable and any amounts forfeited during the applicable period with respect to any affected participant will be reinstated. The Retirement Committee reviews Company divestitures and other relevant information from time to time, as appropriate, in connection with partial plan termination matters.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes to the Financial Statements

December 31, 2024 and 2023

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by its third-party investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Transfers

The Company sponsors other defined contribution plans in which participants of this Plan may become eligible participants. Similarly, participants in the other Company defined contribution plans may become eligible to participate in this Plan. In such situations, the employees' respective participant accounts are transferred to or from these other plans sponsored by the Company. These transactions are included in transfers into or out of the Plan in the statements of changes in net assets available for benefits.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after the reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2024 and September 23, 2025, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Notes to the Financial Statements

December 31, 2024 and 2023

(3) Summary of information certified by Principal

The following information was certified as complete and accurate by Principal as of and for the years ended December 31, 2024 and 2023.

	<u>2024</u>	<u>2023</u>
Interest in Master Trust	\$ <u>123,445,128</u>	\$ <u>119,318,647</u>
Notes receivable from participants	\$ <u>1,138,220</u>	\$ <u>1,023,940</u>

Interest income on notes receivable from participants	\$ <u>78,353</u>	\$ <u>61,465</u>

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 and Level 3 are not applicable to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at NAV as a practical expedient (a)				<u>4,276,016,441</u>
Investments at fair value				\$ <u>4,514,851,500</u>

- (a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Master Trust in Note 5.

(5) Interest in Master Trust

All of the Plan's investments are included in the Master Trust which was established for the investment of assets of the Plan and other related benefit plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Principal. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

Investments of the Master Trust and Plan's interest as of December 31, 2024 and 2023, are as follows:

	<u>2024</u>		<u>2023</u>	
	<u>Master Trust Balances</u>	<u>Plan's Interest in Master Trust Balances</u>	<u>Master Trust Balances</u>	<u>Plan's Interest in Master Trust Balances</u>

Investment gains for the Master Trust for the years ended December 31, 2024 and 2023, are as follows:

	<u>2024</u>	<u>2023</u>
Net appreciation in fair value of investments	\$ 541,017,785	\$ 647,180,641
Dividend income	<u>4,568,441</u>	<u>3,948,232</u>
Net investment gain	<u>\$ 545,586,226</u>	<u>\$ 651,128,873</u>

(6) Income tax status

The Plan obtained a favorable determination letter on August 4, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and is, therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Untimely remittance of participant contributions and loan repayments

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant note repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. During 2024, certain participant note repayments were not remitted timely.

(8) Related party and party-in-interest transactions

Certain investments are managed by Principal. Therefore, these transactions qualify as party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

Notes to the Financial Statements

December 31, 2024 and 2023

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
