INDEPENDENT AUDITOR'S REPORT

TO THE PARTICIPANTS AND PLAN ADMINISTRATOR OF
JPMORGAN CHASE HEALTH CARE AND INSURANCE PROGRAM FOR ACTIVE EMPLOYEES

OPINION

We have audited the accompanying financial statements of JPMorgan Chase Health Care and Insurance Program for Active Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of JPMorgan Chase Health Care and Insurance Program for Active Employees as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JPMorgan Chase Health Care and Insurance Program for Active Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JPMorgan Chase Health Care and Insurance Program for Active Employees ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JPMorgan Chase Health Care and Insurance Program for Active Employees internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JPMorgan Chase Health Care and Insurance Program for Active Employees ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) assets (held at end of year) as of December 31, 2024 and (2) reportable transactions for the year ended December 31, 2024, together referred to as "supplemental schedules", are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The JPMorgan Chase Health Care and Insurance Program for Active Employees (the "Plan") is an employee health and welfare plan sponsored by JPMorgan Chase Bank, National Association ("JPMorgan Chase Bank, N.A."), a wholly-owned bank subsidiary of JPMorgan Chase & Co. ("JPMorgan Chase"), which is a leading global financial services firm and one of the largest banking institutions in the United States of America ("U.S."), with operations worldwide. JPMorgan Chase Bank, N.A. is a national banking association that has retail branches in 48 states and Washington, D.C. and operates nationally as well as through non-U.S. bank branches and subsidiaries, and representative offices.

The following is a general description of the Plan. Refer to the Plan's Summary Plan Description and governing legal Plan document for a more complete description of the Plan.

General

The Plan provides coverage for medical, dental, vision, long-term disability ("LTD"), life insurance, accidental death and dismemberment ("AD&D"), group legal, health reimbursement account, and employee assistance benefits to participating employees, certain former employees on LTD and certain terminated employees ("Participants") of JPMorgan Chase and certain affiliated companies thereof ("Participating Employers"), as well as eligible dependents. These benefits are provided through self-insurance and commercial insurance contracts.

The Plan assets are held in a voluntary employees' beneficiary association ("VEBA") trust ("Trust"), which is administered by JPMorgan Chase Bank, N.A., as the Trustee. In its capacity as Trustee, JPMorgan Chase Bank, N.A. is responsible for the investment and safeguarding of the assets of the Plan. The Plan is administered by a Plan Administrator who is appointed by the Board of Directors of JPMorgan Chase or JPMorgan Chase Bank, N.A.

The Plan is subject to, and complies with, the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Retirement Plan Investment Committee ("RPIC"), as a named fiduciary, controls and manages the investment of the assets of the Trust, including the appointment of investment managers for the management of such assets.

Eligibility

Participation in the Plan, including the choice of options and levels of coverage, is voluntary and solely the decision of the Participants. Except as otherwise provided below, all active full-time and part-time employees of the Participating Employers on the U.S. payroll who are regularly scheduled to work 20 hours or more per week ("Eligible Employees") are eligible to participate in any of the benefits available under the Plan. For expatriate employees, to be eligible for the expatriate medical plan, they must be on active assignment as a salaried employee. All benefits are effective on the date of hire for full-time employees, and the first day of the month after 60 days from the hire date for part-time employees, provided an election is made within a designated 31-day enrollment period. Full-time employees are generally defined as those who are regularly scheduled to work 40 hours per week, and eligible part-time employees are those who are regularly scheduled to work at least 20 hours or more per week but less than 40 hours. Generally, the coverage that a Participant chooses during the annual enrollment period becomes effective as of January 1 of the following plan year, and it will stay in effect throughout the plan year unless there is a qualified status change whereby a Participant may be permitted to change their coverage. Eligible dependents may include the Participant's spouse or a domestic partner, and children up to the end of the month in which they attain age 26, assuming they meet certain requirements. Dependent children who are not capable of supporting themselves due to a mental or physical disability may continue their coverage under the Plan beyond age 26.

Coverage on termination of employment

Generally, participation in the Plan ends on the last day of the month in which a Participant terminates employment with JPMorgan Chase for medical, dental, vision and employee assistance plan benefits. In addition, employees who cease employment ("Former Employees") are entitled to continue to participate in the Plan for up to 18 months (which may be extended for a further period of time in the event of disability), as provided and in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). All other benefits end on the last day of employment. If the Former Employee meets the age and service requirements for retiree medical benefits, he/she may also be eligible to participate in the retiree medical plan at that time.

Medical plan options

The U.S. Medical Plan consisting of Plan Option 1 and Plan Option 2, is a self-insured plan, and the claims administrators of the plan are Aetna Life Insurance Company ("Aetna") and Cigna Health and Life Insurance Company ("Cigna").

Employees residing in California are offered a third option - a fully insured HMO plan with Kaiser Permanente. Vera Whole Health ("Vera"), an advanced primary care provider, operate two near site care centers in Ohio. Employees residing in Ohio enrolled in Plan Option 1 or Plan Option 2 and their covered dependents may access Vera's services at the near site care centers subject to cost share under the Plan. All plans contain certain wellness features such as 100% coverage with no deductible for in-network preventive care and certain preventive brand and generic medications. Medical Plan Option 1 and Plan Option 2 have in-network and out-of-network benefits. Employees enrolled in the Medical Plan Option 1 or Option 2, are eligible to receive funding in a Medical Reimbursement Account ("MRA"), which is available for Participants to use to pay for eligible out-of-pocket medical and prescription drug expenses, if they complete certain Wellness Incentive Activities for healthy outcomes, preventive care, emotional well-being and financial well-being. The MRA is funded by JPMorgan Chase and includes funds that can be earned by all employees. Employees not enrolled in the Medical Plan can earn up to $400 annually in taxable pay for completing certain Wellness Incentive Activities. Employees enrolled in the Kaiser HMO are not eligible to earn MRA funds. Employees who have existing funds in their MRA that switch to the Kaiser HMO option will continue to have access to such funds to pay for eligible medical and prescription drug out of pocket expenses, but will not be eligible to earn additional funds while enrolled in the Kaiser HMO.

The prescription drug coverage under the self-insured medical plan is provided through the Prescription Drug Plan, which is administered by CVS Caremark. The Prescription Drug Plan is part of the medical plan. The Prescription Drug Plan gives Participants the option of having prescriptions filled at a retail pharmacy (in-network or any other pharmacy) or through a mail-order service. Long-term prescriptions are generally filled through CVS Caremark's mail order program or at a CVS pharmacy. Participants covered under these options pay a co-payment or coinsurance amount for filling each prescription drug which varies based on type of drug and whether it is filled at a retail or mail-order pharmacy, and varies based on plan design. Employees in California who are enrolled in the Kaiser HMO plan will have their prescription drug plan administered by Kaiser as well.

The Plan's Employee Assistance Program ("EAP") is administered by Cigna. The EAP provides employees and their eligible dependents with access to confidential professional counseling for personal problems such as family conflict, substance abuse, stress, marital discord and personal finances. Effective May 15, 2023, components of the Plan's EAP are administered by Spring Health. As an EAP partner, Spring Health provides employees and their eligible dependents with help finding and accessing mental health care professionals and other services to support their mental health. Services include counseling/ therapy (8 sessions per year), coaching (6 sessions per year), care navigation and access to a library of mental strength exercises. The cost of this program is fully funded by Participating Employers.

The Cigna International Expatriate Medical plan includes 100% coverage for preventive care, such as annual physical exams and recommended screenings, with no deductible, when received outside the U.S. or in-network in the U.S. Other medical costs require an annual deductible, after which coinsurance or copay applies, with lower rates for services outside the U.S. or in-network. The plan includes an out-of-pocket maximum to cap annual medical expenses, with separate limits for in-network and out-of-network U.S. charges. Prescription drug benefits are included, subject to coinsurance but not the deductible, with savings available by choosing generic drugs.

Dental plan options

The Dental Plan provides Participants with the following two types of coverage options:

1. Preferred Dentist Program ("PDP") self insured option, which provides dental coverage through either in-network or out-of-network dentists. In-network care is generally covered at a higher percent cost with lower annual deductibles as compared with out-of-network care. Metropolitan Life Insurance Company ("MetLife") serves as the claims administrator for this option.
2. Dental Health Maintenance Organization ("DHMO") and Dental Maintenance Organization (DMO) fully insured options, which offers a broad range of dental services provided by dentists associated with the network. Participants covered under these options have no cost for preventive services and pay a coinsurance (no deductible) amount for other covered dental services. The claims administrators for the DMO and DHMO options are Aetna and Cigna, respectively.

The Expatriate Dental Plan provides dental coverage through either in-network or out-of-network dentists. The plan pays the full cost for preventive dental care received inside or outside the U.S. The claims administrator for this option is Cigna.

Medical and Dental plan contributions

The cost of benefits coverage provided by the Plan is shared by the Participating Employers and the Participants. The cost of payroll contributions for the Medical Plan to Participants depends on the option and the level of coverage selected, total annual cash compensation, whether or not the employee and covered dependents use tobacco, whether or not the employee and covered spouse/domestic partner complete certain wellness activity(ies), where the Participant lives and the number of covered family members. The determination of total annual cash compensation is made each August 1 and applies for the next succeeding calendar year. Prior to the start of the Plan year, Participating Employer and Participant contributions for any self-insured plans are determined based on the projected total annual Plan costs. For fully-insured plans, contributions are determined based on the insured premium amount. Participants pay for coverage with before-tax-dollars. A terminated employee who elects to continue coverage under COBRA, pays contributions to the Plan equal to 102% of the terminated employee's projected total annual Plan cost.

Employees may also elect to participate in The JPMorgan Chase Health Care Spending Account Plan which allows individuals to pay for eligible health care expenses that are not covered by the Plan through payroll deductions on a before-tax basis. The JPMorgan Chase Health Care Spending Account Plan is not a component of the Plan.

Long-term disability ("LTD") plan

The LTD Plan is an insured plan which provides replacement income to participating employees when they are unable to work for an extended period of time due to illness or injury.

Eligibility for long-term disability plan participation

Eligible employees who earn less than $60,000 in total annual cash compensation are provided LTD coverage of 60% of total annual cash compensation, up to a monthly maximum benefit of $3,000, fully paid by JPMorgan Chase, without making an election. Eligible employees who earn $60,000 or more in total annual cash compensation must elect and pay for LTD coverage. These participants may elect employee-paid LTD levels of benefit coverage of 50% or 60% of total annual cash compensation. Eligible compensation is limited to $400,000 for those electing 60% coverage and $480,000 for those electing 50% coverage. In all cases the maximum monthly LTD benefit is $20,000. Employees who earn more than this limit can purchase additional LTD coverage under a fully portable Individual Disability Insurance Policy that would provide an additional maximum monthly LTD benefit of up to $15,000.

All employee-paid LTD coverage must be elected during specified enrollment/election periods and may be subject to Evidence of Insurability ("EOI") criteria established by the insurance carrier.

JPMorgan Chase has engaged The Prudential Insurance Company of America ("Prudential") to serve as the Plan's insurance carrier for the group LTD benefit and Unum Group ("Unum") for the Individual Disability Insurance Policy. Under the terms of the insurance policy, an employee participating in the Plan becomes eligible for LTD benefits if the insurance carrier determines that the Participant is unable to work due to sickness or disability. Benefit payments commence after 182 days of absence from work due to a disability. However, no benefits are payable if, during the first 12 months of coverage, a Participant becomes disabled due to a condition for which the Participant had a diagnosis or received treatment during the six months immediately preceding coverage under the Plan. This would include receiving treatment, consultation, care, or services (including diagnostic measures), or taking prescribed drugs or medicines for the condition in the six months prior to the effective date of coverage. It is solely Prudential's decision as to whether a Participant qualifies for benefits under the Plan. Thereafter, the duration of benefits is based upon the type of disability and age of the Participant at the time benefits commence. Benefits continue as long as the individual's condition meets the definition of a disability and the individual continues to provide the necessary evidence of his/her disability.

The LTD benefit amount is offset by certain other disability-related compensation such as, but not limited to, U.S. Social Security disability and workers' compensation.

For participants who pay the full cost of coverage through after-tax payroll deductions, which varies with the level of coverage elected, total annual cash compensation and the employee's tobacco user status, benefits received are not subject to U.S. federal, state and local income taxes. For participants who are provided company paid LTD coverage, benefits received are fully taxable.

Basic life insurance plan

The Plan purchased a life insurance contract from MetLife to provide insurance coverage to Participants. The amount of the insurance coverage is equal to one times each Participant's total annual cash compensation, up to a maximum of $100,000. The amount of coverage for LTD participants is equal to the participant's eligible compensation (up to a maximum of $100,000) immediately prior to the disability. Coverage generally ceases upon termination of employment with JPMorgan Chase; terminated employees can elect to convert their insurance coverage to an individual policy.

Under the Internal Revenue Code ("Code"), the amount of company provided life insurance premium attributable to the value of the Basic Life Insurance coverage in excess of $50,000 is defined as imputed income to the Participant, which is subject to U.S. federal, state and local income tax. Accordingly, the Participating Employers report such amounts to the Internal Revenue Service ("IRS") as taxable income to the affected Participants. A Participant can choose to limit their basic life insurance amount to $50,000. EOI rules will apply if the Participant wishes to increase the coverage later.

The Basic Life Insurance Plan is a fully insured plan and premiums are funded entirely through contributions by the Participating Employers.

Other fully insured plan benefits
The Plan provides Participants the option to elect employee and dependent supplemental term life insurance, employee and dependent AD&D insurance, vision care, and group legal services which are all fully insured with various insurance companies. Participants pay the full cost of the benefits elected.

The Plan has purchased an insurance contract from MetLife to provide supplemental term life insurance coverage. The amount of insurance coverage that can be elected is as follows: employee coverage may be purchased in $10,000 increments up to the lesser of ten times the employee's total annual cash compensation or $3 million, spouse/domestic partner insurance coverage may be purchased in $10,000 increments from $10,000 up to $300,000, and coverage per child is $5,000, $10,000, $15,000 or $20,000. Employees pay for this coverage with after-tax-dollars. Coverage may be subject to Evidence of Insurability ("EOI") criteria established by the insurance carrier.

The Plan has purchased an insurance contract from MetLife to provide AD&D insurance coverage. The amount of insurance coverage that can be elected is as follows: employee coverage may be purchased in $10,000 increments up to ten times the employee's eligible compensation, up to a maximum of $3 million, spouse/domestic partner insurance coverage may be purchased in $10,000 increments from $10,000 up to $600,000, and coverage per child may be purchased in $10,000 increments from $10,000 up to $100,000. Employees pay for this coverage with after-tax-dollars.

The Plan has purchased an insurance contract from EyeMed Vision Care LLC, to provide eye care insurance coverage. Coverage is available for the employee, their spouse/domestic partner and eligible dependents. Employees pay for this coverage with before-tax-dollars.

The Plan has purchased an insurance contract from MetLife Legal to provide coverage that includes attorney's fees for routine legal services related to personal and family legal issues. Coverage is available for employees, their spouse/domestic partner, and eligible dependents. Employees pay for this coverage with after-tax-dollars.

Insurance claims deposits
The Plan maintains prepaid cash deposits at JPMorgan Chase Bank, N.A. as required by certain third-party administrators to facilitate the payment of medical and dental claims. Insurance claims are paid from the deposits, and the Plan replenishes the imprest amount weekly based off the historical claims experience.

Account limit
The Plan uses a Section 501(c)(9) trust under the Code to fund healthcare and other benefits. All Participating Employer contributions to the trust are tax-deductible as long as Plan balances do not exceed the actuarially certified account limits for the applicable year.

Administrative expenses
To the extent not paid by JPMorgan Chase, JPMorgan Chase Bank, N.A. and/or Participating Employers, the Plan's administrative expenses are paid by the Plan. Only those expenses paid by the Plan are reflected in the financial statements.

2. Summary of significant accounting policies

Basis of presentation

The accounting and financial reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates in the preparation of financial statements
The preparation of financial statements requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, Plan benefit obligations, changes in net assets available for benefits, liability for

incurred but not reported ("IBNR") claims, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation
All investments are recorded at fair value. For information related to the Plan's valuation methodologies for its investments recorded at fair value, refer to Note 3.

Claims, premiums, and administrative fee refunds
The Plan may receive prescription drug rebates and administrative fee refunds from service providers under the terms of the contracts. The Plan may also receive fully insured premium refunds due to changes in the number of covered participants or coverage amounts. Such refunds are recorded when earned.

Claims incurred but not reported
Claims incurred but not reported are computed by AON Consulting utilizing actuarial methods that take into consideration prior claims experience and the expected time period from the date such claims are incurred to the date that the related claims are submitted to and paid by the Plan. The claims are paid by the Plan only if they are submitted and approved for payment.

Claim payments to participants and healthcare providers
Claim payments are recorded when paid.

Insurance premiums and administrative expenses
Premiums for healthcare, insurance and administrative expenses are recorded as incurred.

Plan benefit obligations
The estimated liability for medical and dental benefits, including the estimated liability for IBNR claims for Participants, is determined for the self-insured options based on past and emerging experience patterns. The Claims Administrators are responsible for processing and paying all approved claims submitted by Participants.

The post employment benefit obligation related to the medical and dental benefits for individuals who went on disability after January 1, 2011 is calculated based on 24 months of historical medical and dental claims data for this LTD population. The post employment benefit obligation IBNR claims line does not include an estimated liability for IBNR claims related to the LTD population. Those estimated liabilities are included in a separate line on the Statements of Plan Benefit Obligations and Statements of Changes in Plan Benefit Obligations.

The post employment benefit obligations represent, in part, the LTD benefit liability related to currently disabled individuals and their eligible dependents. For certain individuals participating in a heritage LTD benefit plan, the actuarial present values of the post employment benefit obligations have been determined by the Plan's actuary. These values are estimated by applying actuarial assumptions to historical claims and cost data to estimated future annual claims costs per Participant. Such estimates are adjusted for the time value of money (through a discount rate for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used to determine the estimated post employment benefit obligation for LTD benefits for this portion of the population under the Plan as of December 31, 2024 and 2023, were as follows:

- Interest discounts were at a rate of 4.97% and 4.74% at December 31, 2024 and 2023, respectively.
- Rates of Post Disability Death and Recovery were based on the 1987 Group Long-Term Disability (GLTD) Table as published by the Society of Actuaries Committee.
- Benefit reductions due to rehabilitation are ignored in calculating reserves due to the high probability of relapse to full claim status.

The foregoing assumptions were based on the presumption that the Plan would continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

The post employment benefit obligation does not include the LTD benefit liability for certain heritage LTD individuals whose LTD claims are payable by The Hartford, Liberty Mutual, Prudential and Unum (depending on the original plan sponsor and the date of claims).

The excess of Plan benefit obligations over net assets at December 31, 2024 and 2023, of $66,987,279 and $57,783,549, respectively, was attributable to the post employment benefit obligations, the funding of which was not covered by the current contribution rate. It is expected that the deficiency will be funded through future contributions.

Differences between financial statements and IRS Form 5500

The Plan does not reflect as liabilities in the Statements of Net Assets Available for Benefits the estimated liability for benefits payable including IBNR claims. The U.S. Department of Labor, however, requires that these amounts be reported as a liability on IRS Form 5500, Annual Return/Report of Employee Benefit Plan ("Form 5500").

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2024	2023
Net assets available for benefits per the financial statements	**$ 264,864,860**	$ 220,522,000
Less: Estimated benefits/claims payable	**(264,864,860)**	(220,522,000)
Net assets available for benefits per Form 5500	**$ –**	$ –

The following is a reconciliation of benefits/claims paid to Participants and healthcare providers per the financial statements to the Form 5500:

Year ended December 31,	2024
Benefits/claims payments per the financial statements	**$ 2,544,520,934**
Premium payments for healthcare and insurance per financial statements	**202,758,202**
Add: Estimated benefits/claims payable at December 31 of current year	**264,864,860**
Less: Estimated benefits/claims payable at December 31 of prior year	**(220,522,000)**
Benefits/claims paid and payable per Form 5500	**$ 2,791,621,996**

3. Fair value measurements

Determination of fair value

The following is a description of the Plan's valuation methodologies for assets and liabilities measured at fair value. The Plan has an established and well-structured process for determining fair values. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on quoted market prices or inputs, where available. If prices or quotes are not available, fair value is based on valuation models and other valuation techniques that consider relevant transaction characteristics (such as maturity) and use as inputs, observable or unobservable market parameters, including but not limited to yield curves, interest rates, volatilities, equity or debt prices, foreign exchange rates and credit curves. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. These adjustments may include amounts to reflect constraints on liquidity and unobservable parameters when the Plan is unable to observe a recent market price for a financial instrument that trades in an inactive (or less active) market. No adjustments to quoted prices are applied for instruments classified within level 1 of the fair value hierarchy (refer to the discussion below for further information on the fair value hierarchy).

The Plan uses various methodologies and assumptions in the determination of fair value. The use of different methodologies or assumptions by other market participants compared with those used by the Plan could result in a different estimate of fair value at the reporting date.

Fair value hierarchy

A three-level fair value hierarchy has been established under U.S. GAAP for disclosure of fair value measurements. The fair value hierarchy is based on the observability of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – one or more inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following table describes the valuation methodologies generally used by the Plan to measure its instruments at fair value, including the general classification of such instruments pursuant to the fair value hierarchy.

Instrument	Valuation methodology	Classifications in the fair value hierarchy
Fund investments (e.g., money market)	Net asset value ("NAV") • NAV is supported by the ability to redeem and purchase at NAV level.	Level 1

Investments measured at net asset value

Fund investments

These investments are public investment vehicles that are valued based on the calculated NAV of the fund. These funds produce a daily NAV that is validated by a sufficient level of observable activity (i.e., purchases and sales at NAV). The NAV is used to value the fund investment, and they are classified in level 1 of the fair value hierarchy.

The Plan has no unfunded commitments related to investments that are valued at NAV.

The Plan assets measured at fair value at December 31, 2024 and 2023 were $5,883,002 and $24,942,743, respectively, of funds investments classified in level 1.

4. Transactions with affiliated parties

Certain plan investments are managed by parties that meet the definition of affiliated parties as defined by the Plan. There were no qualifying affiliate transactions for the years ended December 31, 2024 and 2023.

5. Tax status

The Trust established under the Plan has qualified for tax-exempt status under the provisions of Section 501(c)(9) of the Code. The Plan has been amended since the Trust received a favorable tax determination letter from the IRS on October 9, 2008. The Plan Administrator believes that the Trust, as amended, is operating in compliance with the requirements of the Code and continues to qualify as tax-exempt. However, despite its status as a tax-exempt entity, due to the Plan's investment strategies, the Trust may generate unrelated business taxable income ("UBTI") and become subject to U.S. federal and state income taxes. Additionally, pursuant to federal tax law, Code Section 501(c)(9) entities must report certain investment income as UBTI. During 2024 and 2023, the Trust did not generate any UBTI or recognize any U.S. federal and state income tax expense.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize an income tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. Plan management has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no tax audits in progress for any tax period.

6. Commitments and contingencies

In accordance with the provisions of U.S. GAAP for contingencies, the Plan accrues for a litigation-related liability when it is probable that such a liability has been incurred and the amount of the loss can be reasonably estimated. Plan management evaluates the Plan's outstanding legal proceedings, if any, periodically to assess whether any litigation reserve is required, and makes adjustments in such reserves, upwards or downwards, as appropriate, based on Plan management's best judgment after consultation with counsel.

While the outcome of litigation is inherently uncertain, Plan management believes, based upon its current knowledge, after consultation with counsel, in light of all information known to it at December 31, 2024, that there were no pending or threatened legal proceedings against the Plan that would require the establishment of a litigation reserve. There is no assurance that the Plan will not need to establish a reserve, or to adjust the amount of such a reserve, for a litigation-related liability in the future.

7. Risks and uncertainties

The Plan's investments include financial instruments that are exposed to various risks such as interest rate, market, credit and country risks. Due to the level of risk associated with certain financial instruments, it is at least reasonably possible that changes in the values of financial instruments will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of the investment instruments in the registered investment company, which are further diversified into various financial instruments, including securities issued or guaranteed by the U.S. government or its agencies.

The Plan's prepaid cash deposits are held in a noninterest-bearing cash account at JPMorgan Chase Bank, N.A. The deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") up to $250,000. None of the Plan's other investments are insured by the FDIC.

Plan contributions are made and the actuarial present value of benefit obligations are reported based on certain assumptions including but not limited to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. Plan termination

JPMorgan Chase intends to continue the Plan, but reserves the right to amend, modify or terminate the Plan at any time. Upon termination of any Trust, the assets must be used to satisfy all liabilities to existing beneficiaries and then to provide various benefits to existing Participants. Eligible claims covered by the Plan will be paid according to the terms of the Plan.

9. Subsequent Events

In preparing the financial statements, management of the Plan has performed an evaluation of material events that occurred subsequent to December 31, 2024, and through June 27, 2025, the date these financial statements were available to be issued. There were no material subsequent events that occurred that would require disclosure or recognition in these financial statements.
