Report of Independent Auditors

To the General Partner of HarbourVest Partners VIII-Venture Fund L.P.

Opinion

We have audited the financial statements of HarbourVest Partners VIII-Venture Fund L.P. (the “Partnership”), which comprise the balance sheet, including the condensed schedule of investments, as of December 31, 2024, and the related statements of operations, changes in partners’ equity and cash flows for the year then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Partnership at December 31, 2024, and the results of its operations, changes in its partners’ equity and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**Shape the future
with confidence**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The detailed schedule of partners' equity and its related notes (the "supplemental information") is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

1. Partnership

HarbourVest Partners VIII-Venture Fund L.P. (the "Partnership") was legally formed on May 24, 2006 as a limited partnership under Delaware law and began admitting limited partners on May 24, 2006. The purpose of the Partnership is to make investments in limited partnerships or other pooled investment vehicles ("Partnership Investments") which, in turn, make private equity investments and to invest directly in private equity investments ("Direct Investments"). Private equity investments are defined in the partnership agreement as investments in young, growing or emerging companies or entities and other private equity transactions. The total amount invested or committed to be invested in secondary partnership investments and direct investments shall not exceed the greater of 35% of the aggregate capital commitments of the partners and 35% of the cumulative amount invested or committed to be invested in Partnership Investments and Direct Investments. The total amount invested or committed to be invested in direct investments shall not exceed the greater of 10% of the aggregate capital commitments of the partners and 10% of the cumulative amount invested or committed to be invested in Partnership Investments and Direct Investments. The Partnership commenced operations and began charging management fees as of October 1, 2006. The first capital call was made on October 5, 2006.

At December 31, 2024, HarbourVest VIII-Venture Associates L.P. (the "General Partner") and limited partners had committed \$2,084,646,465 in capital, of which 98.0% or \$2,042,953,536 has been called. The remaining unfunded capital commitments of \$41,692,929 are due upon not less than 10 days prior written notice from the General Partner. The General Partner has agreed to contribute capital to the Partnership in an aggregate amount equal to 1% of the aggregate capital contributions of all partners. Such amount may be paid by the General Partner upon and to the extent of distributions made by the Partnership to the General Partner, but in no event later than the end of the Partnership's taxable year in which the General Partner's interest is liquidated (or, if later, within 90 days after the date of such liquidation).

Generally, net profits and losses (defined as "Net Profits" or "Net Losses" in the partnership agreement) are allocated to the partners in proportion to their respective sharing percentages. Management fees are allocated to the limited partners in accordance with the partnership agreement.

Net secondary profits and losses of the Partnership, as defined in the partnership agreement, represent the net profits and losses derived directly or indirectly from interests in partnerships, which are not issued directly by the applicable partnership at the time of purchase, including unrealized profits and losses. Net secondary profits and losses are allocated 10% to the General Partner (carried interest) and 90% to all partners in proportion to their sharing percentages, as defined in the partnership agreement, unless cumulative net secondary losses exceed cumulative net secondary profits. In such a case, excess net secondary losses are allocated to all partners in proportion to their respective sharing percentages. Subsequent net secondary profits are allocated in proportion to each partner's sharing percentage, up to previously allocated excess net secondary losses. Net secondary investment gains/(losses), including realized and unrealized gains and losses, subject to carried interest for the year ended December 31, 2024 total \$(332,369).

Net direct profits and losses, as defined in the partnership agreement, represent the net profits and losses derived directly or indirectly from direct investments. Net direct profits and losses are allocated 15% to the General Partner (carried interest) and 85% to all partners in proportion to their sharing percentages, unless cumulative net direct losses exceed cumulative net direct profits. In such a case, excess net direct losses are allocated to all partners in proportion to their respective sharing percentages. Subsequent net direct profits are allocated in proportion to each partner's sharing percentages, up to previously allocated excess net direct losses. Net direct investment gains/(losses), including realized and unrealized gains and losses, subject to carried interest for the year ended December 31, 2024 total \$(2,385).

No limited partner may assign or otherwise transfer all or any part of their interest in the Partnership to another entity unless the General Partner has consented to the transfer in writing in accordance with the partnership agreement.

The Partnership was scheduled to terminate on September 30, 2020. Under the terms of the partnership agreement, the Partnership was extended for two two-year extensions with the consent of limited partners holding at least three-fifths of the aggregate sharing percentages. During 2024, the Partnership was again extended for one additional year to September 30, 2025. Under the terms of the partnership agreement, the Partnership is in the process of liquidating the remaining assets and the General Partner will wind up the Partnership in an orderly manner.

2. Significant Accounting Policies

Method of Accounting

The financial statements are prepared in conformity with U.S. generally accepted accounting principles. The Partnership is an investment company following the accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946 “Financial Services – Investment Companies”.

Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the General Partner to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents may consist of deposits held at a bank or an investment in a money market fund to which the Partnership is exposed to credit concentration risk. The Partnership considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount included in the Balance Sheet for cash and cash equivalents approximates their fair value. The amounts on deposit may exceed the federal deposit insurance limits.

As of December 31, 2024, the Partnership held the following cash and cash equivalents:

All amounts in U.S. Dollars

Deposits	517,618
Money Market Funds	25,136,459
Total cash and cash equivalents	25,654,077

Investments in money market funds are recorded at net asset value per share and are classified as Level 1 assets.

Accounts Receivable

Accounts receivable includes amounts due from the limited partners for taxes withheld and remitted and estimated withholding tax payments made on their behalf.

Foreign Currency Transactions

Foreign currency transactions, if any, are translated into U.S. Dollars at the exchange rate in effect at the transaction dates. Foreign currency balances are translated at the rates in effect at December 31, 2024. The Partnership does not isolate that portion of net income or loss resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair value of investments. Such fluctuations are included in the Statement of Operations in net realized gains/(losses) and unrealized appreciation/(depreciation) on investments. Foreign currency gains and losses on cash and other receivables and payables, if any, are included in net realized gains/(losses) and unrealized appreciation/(depreciation) on foreign currency transactions on the Statement of Operations.

Revenue Recognition

Dividend and interest income, if any, is recorded on the accrual basis of accounting. Dividend income, if any, is recorded on the ex-dividend date. Interest and dividend income are presented net of withholding tax, if any.

Expenses

Expenses are recorded on an accrual basis as incurred. The Partnership allocates expenses to the limited partners in accordance with their respective sharing percentages. Expenses paid directly by the Partnership may include tax expense, professional fees, and other out-of-pocket expenses and are included in the Statement of Operations.

Income Taxes

The Partnership has elected to be treated as a partnership for U.S. tax purposes.

The Partnership accounts for income taxes under the provisions of ASC 740, "Income Taxes." This standard establishes consistent thresholds as it relates to accounting for income taxes. It defines the threshold for recognizing the benefits of tax-return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority and requires measurement of a tax position meeting the more-likely-than-not criterion, based on the largest benefit that is more than fifty percent likely to be realized. The Partnership may be subject to potential examination by certain taxing authorities in various jurisdictions. Any potential tax liability is also subject to ongoing interpretation of laws by taxing authorities. The tax years under potential examination vary by jurisdiction. The General Partner has analyzed the Partnership's inventory of tax positions taken with respect to all applicable income tax issues for all open tax years (in each respective jurisdiction), and has concluded that no provision for income tax is required in the Partnership's financial statements. Each partner individually may be required to report on its own tax return its pro rata share of the Partnership's taxable income or loss.

The Partnership may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Partnership invests. To the extent taxes are attributable to certain partners, the amounts are withheld from those partners' distributions and the withholdings are accounted for as deemed non-cash distributions to such partners. To the extent taxes are borne by the Partnership, the amounts are accrued and applied to net investment income, net realized gains and net unrealized appreciation as such income and/or gains are earned, and the Partnership records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date. As of December 31, 2024, there were no deferred tax liabilities at the Partnership level.

Market and Other Risk Factors

The Partnership's investments are subject to various risk factors including market, credit, interest rate and currency risk. Investments may be concentrated in certain regions, or industries, as detailed in the Condensed Schedule of Investments. The Partnership's investments are inherently more sensitive to declines in revenues and to increases in expenses that may occur due to general downward swings in the world economy or other risk factors including increasingly intense competition, rapid changes in technology, changes in federal, state and foreign regulations, and limited capital investments. Since the Partnership's investments generally will involve a high degree of risk, poor performance by a few of the investments could adversely affect the total return to the limited partners.

3. Investments

In accordance with the authoritative guidance on fair value measurements and disclosures under generally accepted accounting principles in the United States, the Partnership discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1	Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access at the measurement date;
Level 2	Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;
Level 3	Inputs that are unobservable.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Because of the inherent uncertainty of these valuations, the estimated fair value may differ significantly from the value that would have been used had a ready market for this security existed, and the difference could be material.

Investment Valuations

For investments in partnerships and other pooled investment vehicles, the General Partner encourages all managers to apply fair value principles in their financial reports that are consistent with U.S. generally accepted accounting principles and completes a good faith determination of such. Where possible, the Partnership values its investments at fair value using the net asset value ("NAV") as a practical expedient. Investments for which fair value is measured using NAV per share as a practical expedient have not been categorized within the fair value hierarchy.

Partnership Investments

Unless otherwise noted below, all Partnership Investments held by the Partnership are measured at fair value using the NAV as a practical expedient.

Marketable Securities

Securities traded in public exchanges (e.g. Marketable Securities) shall be valued at the closing price at the end of the valuation period and are classified within Level 1. If any security was not traded on such date, the latest closing price shall be used. Discounts shall be applied when a formal legal restriction exists on the securities. This restriction shall apply to transferability issues related to the security and not to the holder of the instrument.

The following table summarizes the levels used in valuing the Partnership's investments as of December 31, 2024.

<i>All amounts in U.S. Dollars</i>	Level 1	Level 2	Level 3	<i>Measured using NAV as a practical expedient¹</i>	Total
Partnership Investments	-	-	-	666,051,835	666,051,835
Marketable Securities	5,378,316	-	-	-	5,378,316
Total Investments	5,378,316	-	-	666,051,835	671,430,151

Investments include partnership interests in private equity partnerships, all of which carry restrictions on redemption. The Partnership recognizes transfers at fair value at December 31, 2024. There were no transfers during the year ended December 31, 2024.

¹ Investments that are measured at fair value using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Balance Sheet.

Investment Transactions

Partnership Investments generally record income derived from such investments using the equity pick-up method. Under the equity pick-up method of accounting, the Partnership's proportionate share of the net investment income/(loss) and net realized gains/(losses), as reported by the underlying investments, is reflected in the Statement of Operations as net realized gains/(losses) on investments. The Partnership's proportionate share of the aggregate increase or decrease in unrealized appreciation/(depreciation), as reported by the underlying investments, is reflected in the Statement of Operations as net change in unrealized appreciation/(depreciation) on investments. An investment's cost basis, as reported in the Condensed Schedule of Investments, is increased by the Partnership's share of net earnings from the Partnership Investment and decreased by the Partnership's share of net loss from the Partnership Investment.

The Partnership received securities valued at \$4,006,030 during the year ended December 31, 2024 as distributions from its investments. Net realized gains/(losses) on investments includes realized gains/(losses) on marketable securities of \$(10,893,389) for the year ended December 31, 2024. Realized gains and losses on marketable securities are measured by the difference between proceeds from the sale and the cost basis of those securities. The cost basis is based on the distribution value assigned to the securities by the investment making the distribution. Net change in unrealized appreciation/(depreciation) on investments includes unrealized gains/(losses) on marketable securities of \$12,577,915 for the year ended December 31, 2024.

4. Management Fee

The General Partner, or its designee, has agreed to provide management services to the Partnership for which it receives a management fee based on capital commitments of the limited partners. In general, the General Partner, or its designee, bears all ordinary costs of administering the Partnership (other than the management fee), except for such expenses as organizational expenses, syndication costs, legal and accounting fees, costs of reporting to the limited partners, and other costs of evaluating, making, holding and selling investments and certain other costs and expenses. The General Partner has retained HarbourVest Partners L.P. (the "Management Company") to provide such services.

The management fee commenced on October 1, 2006. In line with the terms of the management agreement and the Partnership extension letter, from October 1, 2022 onward, no further management fee has been charged.

5. Financial Highlights

Financial highlights for the year ended December 31, 2024 were as follows:

	Percent (%) ¹
<i>Internal rate of return to limited partners since inception:</i>	
Beginning of year	11.2
End of year	11.4
<i>Ratio to limited partners' average partners' equity:</i>	
Net investment income/(loss)	0.2
Operating expenses	0.1
Carried interest allocation	(0.0)
Total expenses and carried interest	0.1
<i>Ratio to limited partners' committed capital:</i>	
Operating expenses	0.0

¹Amounts shown as zero round to less than 0.05%.

The internal rate of return to limited partners is calculated net of carried interest and expenses taking into account the actual dates of the cash inflows (contributions), outflows (distributions), and the ending net asset value at the end of the period (residual value) of the limited partners' capital account as of the measurement date.

Net investment income/(loss) is the limited partners' share of investment income, net of operating expenses and does not include the proportionate share of net gain or loss from underlying investments (or the effects of carried interest). Operating expenses include the limited partners' share of partnership expenses and do not include expenses from underlying investments.

The carried interest allocation is the General Partner's share of net income or loss calculated in accordance with the partnership agreement.

As the Partnership's expenses are largely based on the limited partners' committed capital rather than their average capital, supplemental information has been provided in order to disclose the expense ratio as a percentage of the limited partners' committed capital.

6. Related-Party Transactions

Accounts payable to HarbourVest Partners L.P. represents expenses of the Partnership incurred in the ordinary course of business, which have been paid by and are reimbursable to the Management Company at December 31, 2024.

Certain partners of the Management Company may serve as members of the advisory committees of certain investee entities and may be the partners of the General Partner.

The General Partner of the Partnership is also the General Partner of HarbourVest Partners VIII-Cayman Venture Fund L.P., a limited partner which has a \$983,900,000 capital commitment to the Partnership.

7. Investment Commitments

As of December 31, 2024, the Partnership has unfunded investment commitments to other partnerships of \$2,838,299 which are payable upon notice by the partnerships to which the commitments have been made.

8. General Indemnifications

General Indemnifications

In the normal course of business, the Partnership may enter into contracts that contain a variety of representations and warranties and which provide for general indemnifications. The Partnership's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Partnership that have not yet occurred. Based on the prior experience of the General Partner, the Partnership expects the risk of loss under these indemnifications to be remote.

General Partner Indemnifications

Consistent with standard business practices in the normal course of business, the Partnership has provided general indemnifications to the General Partner, any affiliate of the General Partner and any person acting on behalf of the General Partner or such affiliate when they act in good faith, in the best interest of the Partnership. The Partnership is unable to develop an estimate of the maximum potential amount of future payments that could potentially result from any hypothetical future claim but expects the risk of having to make any payments under these general business indemnifications to be remote.

9. Subsequent Events

In the preparation of the financial statements, the General Partner has evaluated the effects, if any, of events occurring after December 31, 2024 through the date of the report of the independent auditors, which is the date that the financial statements were available to be issued. There were no events or material transactions subsequent to December 31, 2024 that required recognition or disclosure in the financial statements.
