Independent Auditors' Report

The Plan Administrator
Vera Institute of Justice
Tax Sheltered Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vera Institute of Justice Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions (modified cash basis) for the year ended December 31, 2024 and (2) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

The Plan Administrator
Vera Institute of Justice Tax Sheltered Annuity Plan
Page 4

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Vera Institute of Justice Tax Sheltered Annuity Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all eligible full-time employees of Vera Institute of Justice, Inc. (the “Employer”) upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of their eligible annual compensation, as defined in the Plan document, on a pre-tax or Roth basis, subject to the annual limitations established by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions and participants with fifteen years of service may make special long service catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Plan has an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a pre-tax contribution rate of 3% of their eligible compensation upon meeting the eligibility requirements, unless they opt-out.

The Employer will make a matching contribution to those participants who have at least one year of service equal to 166% of the participant’s contribution if the participant’s contribution is at least 3%, as defined by the Plan document.

Vesting

A participant is 100% vested in their contributions including allocated earnings thereon at all times. Participants vest in the Employer matching contributions based on the following table:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
1	0%
2	100%

Forfeitures

At December 31, 2024 and 2023, forfeited account balances were \$73,380 and \$43,675. These accounts may be used to reduce future Employer contributions or pay Plan expenses. During 2024, no amounts of forfeitures were used to reduce Employer contributions or pay Plan expenses.

1. Description of Plan (*continued*)

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer matching contribution and allocations of Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach the normal retirement age of 65. The Plan permits early retirement at age 55. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability, hardship or after attaining age 59 1/2. Employees may elect to receive their benefit payments in the form of a lump sum distribution, installment payments, or purchase of an annuity contract.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans bear interest at prime rate plus one percentage point and are secured by the participant's account. Principal and interest are repaid through payroll deductions in equal payments over the term of the loan (up to five years). The Plan permits longer repayment terms for loans made for the purchase of a principal residence.

Expenses

Certain expenses related to maintaining the Plan are paid by the Employer and are excluded from these financial statements. Any expenses not paid by the Employer are paid by the Plan. Investment related expenses are included in net appreciation in value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Tax Sheltered Annuity Plan**

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

Although the Plan's financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. GAAP, the Plan follows U.S. GAAP guidance on Fair Value Measurements for disclosure purposes. That guidance defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2024 and 2023, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the guaranteed investment contract, which is stated at contract value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Mutual funds are deemed to be actively traded. The guaranteed investment contract is valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as a deemed distribution when a distributable event has occurred, otherwise it will continue to accrue interest.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 25, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, qualified institutions.

4. Guaranteed Investment Contract

The Capital Preservation Account (“Account”) is a market value separate account investment option offered through a guaranteed investment contract and is fully benefit-responsive. Participant principal and interest are fully guaranteed by the entire account assets of Empower Life & Annuity Insurance Company of New York, the issuer of the Account. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with Empower Life & Annuity Insurance Company of New York. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include:

- The Plan’s failure of the trust to qualify for exemption under ERISA.
- Plan termination or merger.
- Changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions.
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan.

The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit Empower to terminate the agreement prior to the scheduled maturity date.

The credit risk of the issuer as of December 31, 2024 and 2023 was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A+), Moody’s (Aa3), Standard and Poor’s (AA), and Fitch (AA).

Tax Sheltered Annuity Plan**

Notes to Financial Statements
December 31, 2024

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the plan document preparer by a letter dated March 31, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

The guaranteed investment contract was issued by Empower Life & Annuity Insurance Company of New York, trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

8. Non-exempt Party-in-Interest Transactions

For the 2024 plan year, the Employer failed to transmit to the Plan contributions and loan repayments for participants totaling \$85,792 (\$427 related to the 2024 plan year and \$85,365 related to the 2023 plan year) within the period prescribed by Department of Labor regulations. The Employer has corrected contributions and loan repayments totaling \$58,420 during 2024 and is in the process of making the remaining necessary corrections.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Risks and Uncertainties (*continued*)

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
