Plan Administrator
Kissimmee Chevrolet, LLC dba Starling Chevrolet 401(k) Plan
Orlando, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kissimmee Chevrolet, LLC dba Starling Chevrolet 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KISSIMMEE CHEVROLET, LLC DBA STARLING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Kissimmee Chevrolet, LLC dba Starling Chevrolet 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for complete information.

General: The Plan is a defined contribution plan covering substantially all employees of Starling Chevrolet (the Company) who have completed one year of service (1,000 hours) and are age twenty-one or older. Union employees, leased employees, and nonresident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute on a pre-tax basis up to 100% of their compensation up to limits allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also allows participants to contribute post-tax Roth contributions.

The Company may make a discretionary matching contribution and a discretionary profit-sharing contribution. The Company's discretionary match for 2024 was 50% of the first 4% of eligible compensation that a participant contributes to the Plan. The Company did not make a discretionary profit-sharing contribution in 2024.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as listed below:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
1 year but less than 2 years	10%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

Payment of Benefits: Upon normal retirement, death, disability or termination, a participant may elect to receive their account balance as a lump sum distribution. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½. All distributions are subject to the applicable provisions of the Plan document.

KISSIMMEE CHEVROLET, LLC DBA STARLING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may not borrow from their accounts.

Forfeited Accounts: The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and can be used by the Plan to reduce administrative expenses or future employer contributions to the Plan. The forfeiture balance at December 31, 2024 and 2023 was \$85,619 and \$72,656, respectively.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and contract administrator fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(Continued)

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America ("Empower") (insurance company).

NOTE 4 - FAIR VALUE MEASUREMENT

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Pooled Separate Accounts: The fair values of participation units held in sub-accounts of Separate Account CAI are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. As of December 31, 2024, the Plan had no unfunded commitments related to investments measured at net asset value (NAV). The investment objective and strategy of each sub-account held by the Plan as of December 31, 2024 and 2023 summarized below:

Bond Separate Accounts

Brandywine Global Opportunities Bond Separate Account: The investment seeks to maximize total return consisting of income and capital appreciation. The fund normally invests at least 80% of its net assets in fixed income securities of issuers located in developed market countries. It will invest in both investment grade and below investment grade fixed income securities, and the advisor intends to invest less than 35% of its net assets in below investment grade fixed income securities (commonly known as "high yield debt" or "junk bonds"). The fund may invest up to 25% of its net assets in convertible debt securities. It is non-diversified.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Blackrock High Yield Separate Account: The investment seeks to achieve a high level of total return, with an emphasis on current income, by investing primarily in high yield debt and related securities. The fund invests primarily in lower rated U.S. debt securities, including securities in default. It invests at least 80% of its net assets in lower rated fixed income securities.

Lord Abbett Total Return Separate Account: This investment seeks income and capital appreciation to produce a high total return. The Fund pursues its investment objective by investing in investment grade debt (or fixed income) securities. The Fund may invest up to 20% of its net assets in high-yield debt securities.

Asset Allocation/Lifestyle Separate Accounts

MM Retiresmart by JPMorgan 2020 Separate Account: The investment seeks total return through its asset allocation, which is designed to become more conservative over time; as the fund approaches and passes the target retirement date, the fund's objective will shift to seeking current income and some capital appreciation. The fund is a "fund of funds" and seeks to achieve its investment objective by investing in a combination of U.S. domestic and international mutual funds ("underlying funds") using an asset allocation strategy designed for investors expecting to retire at age 65 around the year 2020 and likely to stop making new investments in the fund at or around that time.

Specialty Separate Account

Invesco Balanced Risk Commodity Strategy Separate Account: The investment seeks long-term total return. The fund seeks to maintain substantial economic exposure to the performance of the commodities markets. Its strategy is principally implemented with derivative instruments including futures, total return swaps, and commodity-linked notes to provide a cost-effective way to gain exposure to asset classes.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Large Cap Separate Accounts

Columbia Contrarian Core Separate Account: The investment seeks total return, consisting of long-term capital appreciation and current income. Under normal circumstances, the fund invests at least 80% of its net assets (including the amount of any borrowings for investment purposes) in common stocks. In addition, under normal circumstances, it invests at least 80% of its net assets in equity securities of U.S. companies that have large market capitalizations (generally over \$2 billion) that the fund's investment manager believes are undervalued and have the potential for long-term growth and current income. The fund may also invest up to 20% of its net assets in foreign securities.

Blackrock Ishares S&P 500 Index Separate Account: The investment seeks to approximate as closely as practicable (before fees and expenses) the capitalization-weighted total rate of return of that portion of the U.S. market for publicly traded common stocks composed of larger-capitalized companies. The fund invests at least 90% of its net assets (plus the amount of any borrowings for investment purposes) in the equity securities of companies included within the S&P 500 Index.

Pioneer Fundamental Growth Separate Account: The investment seeks long-term capital growth. The fund normally invests at least 80% of its net assets (plus the amount of borrowings, if any, for investment purposes) in equity securities of large companies, that is, companies similar in size to issuers included in the Russell 1000 Growth Index. It primarily invests in securities of U.S. issuers.

Hartford Equity Income Separate Account: The Fund seeks a high level of current income consistent with growth of capital. Under normal circumstances, at least 80% of the fund's assets will be invested in the equity securities of large, well-established companies.

Mid Cap Separate Accounts

The Hartford Midcap Separate Account: The investment seeks long-term growth of capital. The fund invests at least 80% of its assets in common stocks of mid-capitalization companies. The sub-adviser defines mid-capitalization companies as companies with market capitalizations within the collective range of the Russell Midcap and S&P MidCap 400 Indices.

Blackrock Ishares Russell Mid-Cap Separate Account: The investment seeks to track the investment results of an index composed of mid-capitalization U.S. equities, approximating (before fees and expenses) the aggregate price and dividend performance of the securities included in the Russell Midcap® Index.

MFS Midcap Separate Account: The investment seeks capital appreciation. The fund normally invests at least 80% of its net assets plus any borrowings for investment purposes (measured at the time of purchase) ("net assets") in a diversified portfolio of equity investments in mid-cap issuers with public stock market capitalizations in the medium market range.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Small Cap Separate Accounts

Nuveen Smallcap Value Separate Account: The investment seeks long-term capital appreciation. The Fund invests primarily in small-cap equities across the value spectrum. Small-capitalization companies are defined as companies that have market capitalizations within the market capitalization range of the companies in the Russell 2000® Index on the last business day of the month in which its most recent reconstitution was completed.

Delaware Ivy Smallcap Growth Separate Account: The investment seeks to provide growth of capital. The fund seeks to achieve its objective by investing, under normal circumstances, at least 80% of its net assets in common stocks of small-capitalization companies. For purposes of this fund, small-capitalization companies typically are companies with market capitalizations similar to those of issuers included in the Russell 2000 Growth Index over the last 13 months at the time of acquisition.

BlackRock Ishares Russell 2000 Small-Cap Index Separate Account: The investment seeks to match the performance of the Russell 2000® Index as closely as possible before the deduction of Fund expenses. The fund invests at least 80% (and, typically, substantially all) of its net assets (plus the amount of any borrowings for investment purposes) in the equity securities of companies included in the index, in weightings that approximate the relative composition of the securities contained in the index, and in Russell 2000® Index futures contracts. The index is a widely recognized, unmanaged index representative of common stocks of smaller capitalized U.S. companies.

International/Global Separate Accounts

BlackRock Global Dividend Separate Account: The investment seeks to provide a level of current income that exceeds the average yield on global stocks generally. Under normal circumstances, the fund will invest at least 80% of its net assets in dividend-paying equity securities and at least 40% of its assets outside of the U.S. (unless market conditions are not deemed favorable by fund management, in which case the fund would invest at least 30% of its assets outside of the U.S.). It will primarily invest in common stock, preferred stock, securities convertible into common and preferred stock and non-convertible preferred stock.

American Century Investments Emerging Markets Separate Account: The investment seeks growth of capital. The fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in securities of issuers in developing countries. It invests primarily in equity securities and depositary receipts. The principal types of equity securities in which the fund invests are common and preferred stock.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

American Funds Europacific Growth R6: The fund's investment objective is to provide long-term growth of capital. Typically, the fund will invest at least 80% of its net assets in securities of issuers in Europe and the Pacific Basin and invests primarily in common stocks and short-term securities. A country will be considered part of Europe if it is part of the MSCI European indexes, and part of the Pacific Basin if any of its borders touches the Pacific Ocean. In determining the domicile of an issuer, the fund's investment adviser will generally look to the determination of a leading provider of global indexes, such as MSCI Inc. (MSCI) for equity securities and Bloomberg for debt securities. In certain limited circumstances (including where relevant data is unavailable or the nature of a holding warrants special considerations), the adviser may also take into account additional factors, as applicable, including where the issuer's securities are listed; where the issuer is legally organized, maintains principal corporate offices, conducts its principal operations, generates revenues and/or has credit risk exposure; and the source of guarantees, if any, of such securities. The fund may invest a portion of its assets in common stocks and other securities of companies in emerging markets.

Blackrock Ishares MSCI EAFE International Index Separate Account: The investment seeks to provide investment results approximating (before fees and expenses) the aggregate price and dividend performance of the securities included in the MSCI EAFE Index. The fund invests at least 80% of its net assets (plus the amount of any borrowings for investment purposes) in the equity securities of companies included in the index, in weightings that approximate the relative composition of the securities contained in the index, and in MSCI EAFE Index futures contracts. The index is a widely recognized, unmanaged index representative of equity securities in developed markets, excluding the U.S. and Canada.

The Hartford International Opportunities Separate Account: The investment seeks long-term growth of capital. The fund normally invests at least 65% of its net assets in equity securities, including non-dollar securities, of foreign issuers. It may invest in companies domiciled in emerging markets as a percentage of its net assets up to the greater of: (a) 25% or (b) the weight of emerging markets in the MSCI All Country World (ACWI) ex USA Index plus 10%.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for year prior to 2021.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of sub-accounts of a pooled separate account managed by Empower and also holds units of a guaranteed income fund issued by Empower. These transactions and payment of transaction fees and investment management fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 8 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts was \$125,511 and \$110,048 as of December 31, 2024 and 2023, respectively.

Traditional Guaranteed Investment Contract: The Plan holds a fully benefit-responsive investment contract with Empower, via an investment in a separate account guaranteed interest contract ("SAGIC"). Empower maintains the contributions in its general account. The SAGIC provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated annually based upon contract provisions, and it may not be less than 1.0%. MassMutual RetireSmart's (MMRS) general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 11, 2025, which is the date the financial statements were available to be issued.
