INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
SEIU Affiliates' Supplemental Retirement Savings 401(k) Plan

Opinion

We have audited the accompanying financial statements of the SEIU Affiliates' Supplemental Retirement Savings 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the SEIU Affiliates' Supplemental Retirement Savings 401(k) Plan as of December 31, 2024 and 2023, and the statements of changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SEIU AFFILIATES' SUPPLEMENTAL RETIREMENT SAVINGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the SEIU Affiliates' Supplemental Retirement Savings 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a multiple employer defined contribution retirement plan covering employees of any local union or other subordinate entity of the Service Employees International Union (SEIU). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Each year participants may contribute up to 25% of pretax annual compensation, as defined in the Plan. Effective March 1, 2022, the Plan was amended to accept Roth contributions. Deferral rules for Roth contributions are the same as used for pre-tax deferrals under the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Each employer may contribute additional amounts at the option of each participating employer. Contributions are subject to certain limitations.

Participants Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the employer's contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon varies by employer. An employer may select one of three vesting options: (1) three-year cliff vesting where participants are fully vested after three years of service; (2) immediate vesting where participants are fully vested when participation commences; or (3) graduated vesting where participants are 33% vested after one year, 67% after two years, and 100% after three years.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in the investment options offered by the Trustees. The investment options consist of mutual funds, shares of pooled separate accounts, and insurance company guaranteed contracts.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. These loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loans may not exceed five years, however if the loan is for the purchase of a principal residence, the Plan administrator may permit longer repayment terms, not to exceed twenty years, that are within statutory limits.

Distributions - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over the estimated life of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - The forfeiture portion of any terminated account is allocated on a pro rata basis among the Plan's other participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual method of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is reported on the accrual basis. Related fees are reported as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are reported as a distribution based upon the terms of the Plan document.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions - Contributions receivable are stated at the amount management expects to collect from balances outstanding at year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial. No allowance for credit losses is considered necessary.

Participant contributions and related employer matching contributions are recorded when contributions are withheld from the participant.

Payment of Benefits - Benefits are recorded when paid.

Corrective Distributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding deduction on the statements of changes in net assets available for benefits. The Plan distributed the excess contributions to the applicable participants prior to March 15th of each subsequent year.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated August 22, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. federal jurisdiction and the various states and local jurisdictions in which the Plan files returns. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. PLAN TERMINATION

Although no employer has expressed any intent to do so, each employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their employer's contributions.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Assets at Fair Values as of December 31, 2024			
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 71,979,266	\$ 71,979,266	\$ -	\$ -
Investments measured at NAV*	23,619,063			
Total investments at fair value	\$ 95,598,329			

Description	Assets at Fair Values as of December 31, 2023			
	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 61,257,030	\$ 61,257,030	\$ -	\$ -
Investments measured at NAV*	18,896,462			
Total investments at fair value	\$ 80,153,492			

*In accordance with Accounting Standards Codification, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes the Plan's investments measure at fair value based on NAV per share as of December 31, 2024 and 2023.

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Pooled separate accounts	\$ 23,619,063	\$ 18,896,462	None	Daily/Monthly	Without Notice

The Plan's investment in the pooled separate accounts category is comprised of several investments. Underlying assets in these funds primarily include publicly traded equity securities and fixed income securities and are valued at their net asset values calculated by the fund sponsor and have daily or monthly liquidity.

NOTE 6. EMPOWER GUARANTEED INCOME FUND

The Plan invests in the Guaranteed Income Fund (GIF), a general account group annuity contract issued by Empower Annuity Insurance Company of America. The contract is considered a fully benefit-responsive investment contract and is therefore reported at contract value in the statements of net assets available for benefits.

NOTE 6. EMPOWER GUARANTEED INCOME FUND (CONTINUED)

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of this plan. Under this contract, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract value is also often referred to as book value.

The contract is affected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid overtime. There are not any events that allow the issuer to terminate the contract, and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

The contract value of the investment contracts at December 31, 2024 and 2023 was \$9,891,392 and \$10,295,005, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 7. ADMINISTRATIVE EXPENSES, RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments, including notes receivable from participants, are managed by Empower (formerly Prudential). Empower is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Empower for the years ended December 31, 2024 and 2023 were \$391,772 and \$303,224, respectively.

Expenses of maintaining the Plan are paid by the Plan. The Plan pays certain administrative, investment and professional fees to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

The SEIU National Industry Pension Fund provides administrative services to the Plan. At December 31, 2024 and 2023, amounts due to the Fund for reimbursement of administrative fees paid on behalf of the Plan were \$2,009 and \$7,172, respectively.

At December 31, 2024, the Plan owed the SEIU Affiliates Officers and Employees Pension Plan - United States \$21,267, for reimbursement of insurance policy premiums paid on behalf of the Plan.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation from the financial statements to the Form 5500 is necessary to explain differences in the financial data reported under U.S. generally accepted accounting principles and the Form 5500's requirements. Investment expenses are netted with investment income on the statements of net assets available for benefits.

The following table is a reconciliation for additions per the financial statements to income per Form 5500 for the year ended December 31, 2024:

Additions per financial statements	\$ 23,894,203
Add: investment expenses	<u>391,772</u>
Income per Form 5500	<u>\$ 24,285,975</u>

The following table is a reconciliation of deductions per the financial statements to expenses per Form 5500 for the year ended December 31, 2024:

Deductions per financial statements	\$ 8,292,298
Add: investment expenses	<u>391,772</u>
Expenses per Form 5500	<u>\$ 8,684,070</u>

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 18, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
