## Independent Auditor's Report

To the Plan Administrator of the  
Baker Botts L.L.P. 401(k) and Savings Plan – Plan A  
Houston, Texas

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Baker Botts L.L.P. 401(k) and Savings Plan – Plan A (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplementary Information Required by ERISA***

The supplementary information listed in the table of contents as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **Baker Botts L.L.P. 401(k) and Savings Plan – Plan A**

## **Notes to Financial Statements**

### **Note 1. Description of the Plan**

The following description of the Baker Botts L.L.P. (the Firm) 401(k) and Savings Plan – Plan A (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution benefit plan and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Effective January 1, 2005, the Firm authorized that the Baker Botts L.L.P. 401(k) and Savings Plan be split into two separate, but identical plans, except with respect to eligibility requirements. This Plan was renamed the Baker Botts L.L.P. 401(k) and Savings Plan – Plan A and the newly created plan was named the Baker Botts L.L.P. 401(k) and Savings Plan – Plan B (Plan B). The Plan, after being split, provides that all partners and only those eligible employees who are not partners and whose social security numbers end with an odd number may participate in Plan A and all Partners and only those eligible employees who are not partners and whose social security numbers end with an even number may participate in Plan B. The total account of each participant who is an employee with a social security number ending with an even number and one half of each partner's account on December 31, 2004, was transferred to Plan B, effective January 1, 2005.

#### **Administration**

The Plan is administered by two committees appointed by the Firm: The Administrative Committee and the Investment Committee. The Administrative Committee is responsible for directing the administrative operations of the Plan. The Investment Committee is responsible for monitoring the performance of the investment options offered under the Plan and amending investment options as deemed necessary.

The Firm has also appointed Voya Institutional Plan Services and Voya Institutional Trust Company (Trustee) as the Plan's record keeper and trustee, respectively.

#### **Eligibility**

All employees who are either a U.S. citizen or a U.S. resident and employed by and carried on the Firm's U.S. payroll and whose social security number ends with an odd number and partners are eligible to participate as of the date on which such employee is hired or such partner joins the Firm. A partner must be either a U.S. citizen or a U.S. resident and must be paid in U.S. dollars. Summer Associates, Senior Counsel, seasonal, leased, contract, and temporary employees are not eligible to participate in the Plan.

#### **Elective Contributions**

No elective contributions are required. However, each participant may elect to defer a dollar amount or percentage, up to a maximum of 75 percent of the participant's total eligible annual compensation in before-tax contributions, Roth 401(k) contributions, or a combination of the two, subject to certain annual statutory limitations. Participants who have attained the age of 50 during the plan year may also elect to contribute additional catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible staff employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Prior to January 19, 2024, automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, increasing annually by 1 percent until reaching 6 percent, and their contributions invested in a designated balanced fund until changed by the participant. Effective January 19, 2024, automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation, elected contributions in an amount less than 6 percent will increase annually by 1 percent until reaching 6 percent, and their contributions invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan was amended to allow a participant to make an in-Plan Roth conversion rollover of all or a portion of the vested participant accounts.

## **Notes to Financial Statements**

### **Non-Elective Contributions**

Each year, the Firm may make a discretionary contribution to the Plan on behalf of staff members, senior professionals, and special counsel for such amount as the Firm shall determine. Any Firm contributions are allocated to each participant meeting the eligibility requirements and who are employed on the last business day of the plan year in accordance with an allocation described in the Plan document. The allocation for a staff member, senior professional, or Special Counsel is based on a percentage or formula described in the Plan that may include annual compensation limits and years of service. Partner contributions are mandatory and are determined by a formula as described in the Plan document.

### **Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant may choose how the amounts in his or her account are invested in any whole percentage up to 100 percent by selecting from the various investment funds offered under the Plan. Each participant's account is credited with elective and non-elective contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant's account is valued on a daily basis and a participant may make investment election changes to his or her account any time.

### **Vesting**

The entire amount in a participant's account is fully vested at all times.

### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participants may have a maximum of two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through monthly payroll deductions.

### **Distributions to Participants**

A participant who has attained the age of 59 ½ may direct payment to himself or herself all or a part of his or her account in a lump sum from the balance of the participant's elective and non-elective contribution accounts. The minimum amount of such withdrawal is \$500.00 and is limited to one withdrawal each Plan Year.

When a participant terminates, he or she may leave their account in the Plan; however, they are required by law to begin receiving required minimum distributions from their account on their required distribution date. A participant's "required distribution date" is the April 1<sup>st</sup> following the calendar year in which he or she attains age 72 (or age 70 ½ prior to January 1, 2020). A terminated participant may take partial distributions of his or her account at any time after he or she terminates service. The minimum amount of the partial distribution is \$500.00 and is limited to one distribution each Plan Year unless the participant is subject to the required minimum distribution rules described above.

In the event of a participant's death, the entire amount of his or her account becomes payable to the participant's spouse, or if there is no spouse or the spouse has consented to another beneficiary, then to the designated beneficiary or the participant's estate. The entire Account must be distributed within one year following the participant's death.

# **Baker Botts L.L.P. 401(k) and Savings Plan – Plan A**

## **Notes to Financial Statements**

### **Form of Distributions**

Amounts distributable to a participant or the participant's beneficiary are distributable in a lump sum. A participant or his or her beneficiary with a prior Brumbaugh Plan Account may elect either a lump-sum distribution (with spousal consent) or installments over a period of years. Any participant with an installment election in place prior to October 1, 2001, was grandfathered.

### **Note 2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported change in net assets during the reporting period. Actual results could differ from these estimates.

#### **Investment Valuation and Income Recognition**

The Plan's investments in the Baker Botts L.L.P. Defined Contribution Plans Master Trust (Master Trust) are stated at fair value, as valued by the Trustee based on the closing prices reported on recognized securities exchanges on the last business day of the year (last reported bid price for unlisted securities or securities that have no reported sales). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Master Trust holds assets from both the Plan and Plan B. At December 31, 2024 and 2023, the Plan's interest in the Master Trust was approximately 50% for each Plan and year, respectively.

#### **Contributions**

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

#### **Payment of Benefits**

Benefits are recorded when paid.

## Notes to Financial Statements

### Administrative Expenses

Administrative expenses consist of all expenses incidental to the administration of the Plan, including, but not limited to, accounting, investment management and trustee fees. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net income of the Master Trust.

### Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through September 25, 2025, the date the financial statements were available to be issued.

### Note 3. Participation in Master Trust

All of the Plan's investments, except for participant loans, are in the Master Trust which was established for the investment of the assets of the Plan. The assets of the Plan are invested at the direction of the participant in one or more mutual fund options, a stable value fund or in the Self-Directed Retirement Account (SDRA), which allows participants to purchase and sell certain securities through the Trustee. At December 31, 2024 and 2023, the Plan's interest in the net assets of the Master Trust was approximately 50% each plan year, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

All investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held in the Master Trust and notes receivable from participants at December 31, 2024 and 2023, and net income of the Master Trust and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan.

The following statements of net assets available for benefits are presented for the Master Trust at December 31, 2024 and 2023:

During 2024 and 2023, the Master Trust held a direct interest in the MCM Stable Asset Fund, a separately managed fund that is 100% invested in the Morley Stable Value Fund (SVF), which invests in conventional, synthetic and separate account investment contracts (collectively contracts) issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets. For liquidity purposes, the SVF may have all or a portion of its assets invested in high-quality money market instruments, investment companies and collective investment trusts. There are no unfunded commitments to the SVF, and the Master Trust can redeem its units from the SVF without restriction. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment in the SVF is valued at its net asset value (NAV) per unit (i.e. contract value) on the valuation date. The Master Trust uses this NAV per unit as a practical expedient, as the investment in the SVF (a) does not have a readily determinable fair value and (b) prepares its financial statements consistent with the measurement principles of an investment company. This value represents the proportionate share of the NAV of the SVF.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

## Notes to Financial Statements

### Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market funds: Valued using the NAV of the fund shares.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed retirement account: Accounts primarily consist of mutual funds, money market funds and common stocks that are valued on the basis of readily determinable market prices.

Stable value fund: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value underlying investments using information reported by the investment advisor at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. As of December 31, 2024 and 2023, there were no redemption restrictions on these investments.

## Baker Botts L.L.P. 401(k) and Savings Plan – Plan A

### Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2024 and 2023:

	2024	2023
Level 1:		
Money market fund	\$ 23,698,612	\$ 20,216,223
Mutual funds	677,645,685	618,626,978

Level 2:		
Self-directed retirement account	803,197	594,231
Total assets in the fair value hierarchy	748,962,355	676,934,220
Investments measured at net asset value:		
Stable value fund	6,478,953	7,677,187
Investments at fair value	\$ 755,441,308	\$ 684,611,407

#### **Note 5. Related-Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are managed by the Trustee. Therefore, those transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transactions ruled under ERISA. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

#### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### **Note 7. Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 30, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Notes to Financial Statements

### **Note 8. Risks and Uncertainties**

The Plan provides for investments in various securities through the investment funds offered to participants, including but not limited to, foreign and domestic equity securities, bonds and obligations of the U.S. government, among others. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.
