Report of Independent Auditors

To the General Partner of
HIPEP VI-Cayman European Large Buyout Fund L.P.

Opinion

We have audited the financial statements of HIPEP VI-Cayman European Large Buyout Fund L.P. (the “Cayman Partnership”), which comprise the balance sheet as of December 31, 2024, and the related statements of operations, changes in partners’ equity and cash flows for the year then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Cayman Partnership at December 31, 2024, and the results of its operations, changes in its partners’ equity and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cayman Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cayman Partnership’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cayman Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cayman Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The detailed schedule of partners' equity and its related notes (the "supplemental information") is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

1. Partnership

HIPEP VI-Cayman European Large Buyout Fund L.P. (the “Cayman Partnership”) was legally formed on May 7, 2008 as a Cayman Islands exempted limited partnership and began admitting limited partners on July 16, 2008. Following the publication of the Private Funds Act in the Cayman Islands, the Cayman Partnership registered with the Cayman Islands Monetary Authority as a private fund on July 11, 2020. The sole purpose of the Cayman Partnership is to hold the investment in HIPEP VI-European Large Buyout Fund L.P. (the “Partnership”), which makes investments in limited partnerships or other pooled investment vehicles with targeted committed capital equal to or greater than €5 billion, which, in turn, make equity-oriented investments in management buy-in, management buy-out, leveraged buy-out, mezzanine and distressed debt, special situation, recapitalization and other private equity transactions principally in Europe. The Partnership commenced operations and began charging management fees on October 1, 2008. The first capital call was made on March 18, 2009.

At December 31, 2024, the limited partners had committed €18,800,000 in capital, of which 95.0% or €17,860,000 had been called. The remaining unfunded capital commitments of €940,000 are due upon not less than 10 days' prior written notice from the General Partner of the Partnership.

Net gains and losses are allocated to the partners in accordance with their respective sharing percentages, as defined in the partnership agreement. The General Partner has no economic interest in the Cayman Partnership.

No limited partner may assign or otherwise transfer all or any part of their interest in the Cayman Partnership to another entity unless the General Partner has consented to the transfer in writing in accordance with the partnership agreement.

The performance of the Cayman Partnership is dependent upon the performance of the Partnership. The financial statements of the Cayman Partnership should be read in conjunction with the December 31, 2024 audited financial statements of the Partnership, which are attached and are an integral part of these financial statements.

The Cayman Partnership was scheduled to terminate on September 30, 2022. Under the terms of the partnership agreement, the Partnership was extended for three years with consent of limited partners holding at least three-fifths of the aggregate sharing percentages to September 30, 2025.

The attached financial statements of HIPEP VI-European Large Buyout Fund L.P. form an integral part of the financial statements.

2. Significant Accounting Policies

Method of Accounting

The financial statements are prepared in conformity with U.S. generally accepted accounting principles. The Cayman Partnership is an investment company following the accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946 “Financial Services – Investment Companies”.

Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the General Partner to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents may consist of deposits held at a bank or an investment in a money market fund to which the Cayman Partnership is exposed to credit concentration risk. The Cayman Partnership considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount included in the Balance Sheet for cash and cash equivalents approximates their fair value. The amounts on deposit may exceed the federal deposit insurance limits.

As of December 31, 2024, the Cayman Partnership held the following cash and cash equivalents:

<i>All amounts in Euros</i>	
Deposits	43,372
Total cash and cash equivalents	43,372

Accounts Receivable

Accounts receivable includes amounts due from the limited partners for taxes withheld and remitted and estimated withholding tax payments made on their behalf.

Foreign Currency Transactions

Foreign currency transactions, if any, are translated into Euros at the exchange rate in effect at the transaction dates. Foreign currency balances are translated at the rates in effect at December 31, 2024. The Cayman Partnership does not isolate that portion of net income or loss resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair value of investments. Such fluctuations are included in the Statement of Operations in net realized gains/(losses) and unrealized appreciation/(depreciation) on investments. Foreign currency gains and losses on cash and other receivables and payables, if any, are included in net realized gains/(losses) and unrealized appreciation/(depreciation) on foreign currency transactions on the Statement of Operations.

Revenue Recognition

Dividend and interest income, if any, is recorded on the accrual basis of accounting. Dividend income, if any, is recorded on the ex-dividend date. Interest and dividend income are presented net of withholding tax, if any.

Expenses

The Partnership allocates expenses to the Cayman Partnership in accordance with the Partnership’s agreement. Additional expenses paid directly by the Cayman Partnership may include tax expenses, professional fees, and other out-of-pocket expenses which are included in the Statement of Operations.

The attached financial statements of HIPEP VI-European Large Buyout Fund L.P. form an integral part of the financial statements.

Income Taxes

The Cayman Partnership has been granted a tax exemption by the Cayman Islands Government under the provisions of the Exempted Limited Partnership Law. The Cayman Partnership has elected to be treated as a corporation for U.S. tax purposes. As such, the Cayman Partnership will be liable for U.S. taxes to the extent the underlying investments generate certain types of U.S. source income.

The Cayman Partnership accounts for income taxes under the provisions of ASC 740, "Income Taxes." This standard establishes consistent thresholds as it relates to accounting for income taxes. It defines the threshold for recognizing the benefits of tax-return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority and requires measurement of a tax position meeting the more-likely-than-not criterion, based on the largest benefit that is more than fifty percent likely to be realized. The Cayman Partnership may be subject to potential examination by certain taxing authorities in various jurisdictions. Any potential tax liability is also subject to ongoing interpretation of laws by taxing authorities. The tax years under potential examination vary by jurisdiction. The General Partner has analyzed the Cayman Partnership's inventory of tax positions taken with respect to all applicable income tax issues for all open tax years (in each respective jurisdiction), and has concluded that no provision for income tax is required in the Cayman Partnership's financial statements. Each partner individually may be required to report on its own tax return its pro rata share of the Cayman Partnership's taxable income or loss.

The Cayman Partnership may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Cayman Partnership invests. To the extent taxes are attributable to certain partners, the amounts are withheld from those partners' distributions and the withholdings are accounted for as deemed non-cash distributions to such partners. To the extent taxes are borne by the Cayman Partnership, the amounts are accrued and applied to net investment income, net realized gains and net unrealized appreciation as such income and/or gains are earned, and the Cayman Partnership records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date. As of December 31, 2024, there were no deferred tax liabilities at the Cayman Partnership level.

The attached financial statements of HIPEP VI-European Large Buyout Fund L.P. form an integral part of the financial statements.

3. Financial Highlights

Financial highlights for the year ended December 31, 2024 were as follows:

	Percent (%)
<i>Internal rate of return to limited partners since inception:</i>	
Beginning of year	14.1
End of year	13.8
<i>Ratio to limited partners' average partners' equity:</i>	
Net investment income/(loss)	(0.7)
Operating expenses	1.1
Total expenses	1.1
<i>Ratio to limited partners' committed capital:</i>	
Operating expenses	0.5

The internal rate of return to limited partners is calculated net of expenses taking into account the actual dates of the cash inflows (contributions), outflows (distributions), and the ending net asset value at the end of the period (residual value) of the limited partners' capital account as of the measurement date.

Net investment income/(loss) is the limited partners' share of investment income, net of operating expenses and the income and expenses allocated from the Partnership, and does not include the proportionate share of net gain or loss from underlying investments (or the effects of carried interest). Operating expenses include the limited partners' share of the Cayman Partnership's expenses and expenses allocated from the Partnership and do not include the proportionate share of expenses from underlying investments.

As the Cayman Partnership's expenses are largely based on the limited partners' committed capital rather than their average capital, supplemental information has been provided in order to disclose the expense ratio as a percentage of the limited partners' committed capital.

4. Related-Party Transactions

Accounts payable to HarbourVest Partners L.P. (the "Management Company") represents expenses of the Cayman Partnership incurred in the ordinary course of business, which have been paid by and are reimbursable to the Management Company at December 31, 2024.

Certain partners of the Partnership may serve as members of the advisory committees of certain investee entities and may be the partners of the General Partner.

The General Partner of the Cayman Partnership is also the General Partner of the Partnership.

The financial statements include the Cayman Partnership's share of the accounts of the Partnership, which is approximately 51.1%.

The attached financial statements of HIPEP VI-European Large Buyout Fund L.P. form an integral part of the financial statements.

5. Investment in HIPEP VI-European Large Buyout Fund L.P.

In accordance with the ASC 820, "Fair Value Measurement," the Cayman Partnership values its investment in the Partnership at fair value. At December 31, 2024, the Cayman Partnership's only fair valued investment is its investment in the Partnership. The value of the Cayman Partnership's investment in the Partnership is based primarily upon the net asset value of the Partnership, determined from the December 31, 2024 audited financial statements of the Partnership, which are attached and are an integral part of the financial statements. For further discussion about the Partnership's valuation policies refer to the audited financial statements and footnotes of the Partnership.

Income derived from the Cayman Partnership's investment in the Partnership is recorded using the equity pick-up method. Under the equity pick-up method of accounting, the Cayman Partnership's proportionate share of the net investment income/(loss), net realized gains/(losses), and aggregate increase or decrease in unrealized appreciation/(depreciation), as reported by the underlying Partnership, is reflected in the Statement of Operations.

The investment consists of a partnership interest in HIPEP VI-European Large Buyout Fund L.P., which carries restrictions on redemption as described in the partnership agreement.

6. Investment Commitments

As of December 31, 2024, the Cayman Partnership has unfunded investment commitments to the Partnership of €940,000 which are payable upon 10 days written notice by the General Partner of the Partnership.

7. General Indemnifications

General Indemnifications

In the normal course of business, the Cayman Partnership may enter into contracts that contain a variety of representations and warranties and which provide for general indemnifications. The Cayman Partnership's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Cayman Partnership that have not yet occurred. Based on the prior experience of the General Partner, the Cayman Partnership expects the risk of loss under these indemnifications to be remote.

General Partner Indemnifications

Consistent with standard business practices in the normal course of business, the Cayman Partnership has provided general indemnifications to the General Partner, any affiliate of the General Partner and any person acting on behalf of the General Partner or such affiliate when they act in good faith, in the best interest of the Cayman Partnership. The Cayman Partnership is unable to develop an estimate of the maximum potential amount of future payments that could potentially result from any hypothetical future claim but expects the risk of having to make any payments under these general business indemnifications to be remote.

8. Subsequent Events

In the preparation of the financial statements, the General Partner has evaluated the effects, if any, of events occurring after December 31, 2024 through the date of the report of the independent auditors, which is the date that the financial statements were available to be issued. There were no events or material transactions subsequent to December 31, 2024 that required recognition or disclosure in the financial statements.

The attached financial statements of HIPEP VI-European Large Buyout Fund L.P. form an integral part of the financial statements.

Report of Independent Auditors

To the General Partner of HIPEP VI-European Large Buyout Fund L.P.

Opinion

We have audited the financial statements of HIPEP VI-European Large Buyout Fund L.P. (the “Partnership”), which comprise the balance sheet, including the schedule of investments, as of December 31, 2024, and the related statements of operations, changes in partners’ equity and cash flows for the year then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Partnership at December 31, 2024, and the results of its operations, changes in its partners’ equity and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**Shape the future
with confidence**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The detailed schedule of partners' equity and its related notes (the "supplemental information") is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

1. Partnership

HIPEP VI-European Large Buyout Fund L.P. (the "Partnership") was legally formed on May 2, 2008 as a limited partnership under Delaware law and began admitting limited partners on July 16, 2008. The purpose of the Partnership is to make investments primarily in limited partnerships or other pooled investment vehicles with targeted committed capital equal to or greater than €5 billion, which, in turn, make equity-oriented investments in management buy-in, management buy-out, leveraged buy-out, mezzanine and distressed debt, special situation, recapitalization and other private equity transactions. The Partnership invests in entities which intend to invest principally in Europe, provided that up to 10% of the aggregate capital commitments of the partners may be invested in interests in portfolio entities which intend to invest principally in the United States. The Partnership commenced operations and began charging management fees as of October 1, 2008. The first capital call was made on March 18, 2009.

At December 31, 2024, HIPEP VI Associates L.P. (the "General Partner") and limited partners had committed €36,767,677 in capital, of which 95.0% or €34,929,296 has been called. The remaining unfunded capital commitments of €1,838,381 are due upon not less than 10 days' prior written notice from the General Partner. The General Partner has agreed to contribute capital to the Partnership in an aggregate amount equal to 1% of the aggregate capital contributions of all partners. Such amount may be paid by the General Partner upon and to the extent of distributions made by the Partnership to the General Partner, but in no event later than the end of the Partnership's taxable year in which the General Partner's interest is liquidated (or, if later, within 90 days after the date of such liquidation).

All net profits and losses (defined as "Net Profits" or "Net Losses" in the partnership agreement) are allocated to all partners in proportion to their respective sharing percentages, as defined in the partnership agreement, except for management fees. Management fees are allocated to the limited partners in accordance with the management agreement as discussed in Note 4.

No limited partner may assign or otherwise transfer all or any part of their interest in the Partnership to another entity unless the General Partner has consented to the transfer in writing in accordance with the partnership agreement.

The Partnership was scheduled to terminate on September 30, 2022. Under the terms of the partnership agreement, the partnership was extended for three years with consent of limited partners holding at least three-fifths of the aggregate sharing percentages to September 30, 2025.

2. Significant Accounting Policies

Method of Accounting

The financial statements are prepared in conformity with U.S. generally accepted accounting principles. The Partnership is an investment company following the accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946 "Financial Services – Investment Companies".

Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the General Partner to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents may consist of deposits held at a bank or an investment in a money market fund to which the Partnership is exposed to credit concentration risk. The Partnership considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount included in the Balance Sheet for cash and cash equivalents approximates their fair value. The amounts on deposit may exceed the federal deposit insurance limits.

As of December 31, 2024, the Partnership held the following cash and cash equivalents:

All amounts in Euros

Deposits	698,588
JPMorgan U.S. Government Money Market Fund	695,717
Total cash and cash equivalents	1,394,305

Investments in money market funds are recorded at net asset value per share and are classified as Level 1 assets.

Accounts Receivable

Accounts receivable includes amounts due from the limited partners for taxes withheld and remitted and estimated withholding tax payments made on their behalf.

Foreign Currency Transactions

Foreign currency transactions, if any, are translated into Euros at the exchange rate in effect at the transaction dates. Foreign currency balances are translated at the rates in effect at December 31, 2024. The Partnership does not isolate that portion of net income or loss resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in fair value of investments. Such fluctuations are included in the Statement of Operations in net realized gains/(losses) and unrealized appreciation/(depreciation) on investments. Foreign currency gains and losses on cash and other receivables and payables, if any, are included in net realized gains/(losses) and unrealized appreciation/(depreciation) on foreign currency transactions on the Statement of Operations.

Revenue Recognition

Dividend and interest income, if any, is recorded on the accrual basis of accounting. Dividend income, if any, is recorded on the ex-dividend date. Interest and dividend income are presented net of withholding tax, if any.

Expenses

Expenses are recorded on an accrual basis as incurred. The Partnership allocates expenses to limited partners in accordance with their respective sharing percentages. Expenses paid directly by the Partnership may include tax expense, professional fees, and other out-of-pocket expenses and are included in the Statement of Operations.

Income Taxes

The Partnership has elected to be treated as a partnership for U.S. tax purposes.

The Partnership accounts for income taxes under the provisions of ASC 740, "Income Taxes." This standard establishes consistent thresholds as it relates to accounting for income taxes. It defines the threshold for recognizing the benefits of tax-return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority and requires measurement of a tax position meeting the more-likely-than-not criterion, based on the largest benefit that is more than fifty percent likely to be realized. The Partnership may be subject to potential examination by certain taxing authorities in various jurisdictions. Any potential tax liability is also subject to ongoing interpretation of laws by taxing authorities. The tax years under potential examination vary by jurisdiction. The General Partner has analyzed the Partnership's inventory of tax positions taken with respect to all applicable income tax issues for all open tax years (in each respective jurisdiction), and has concluded that no provision for income tax is required in the Partnership's financial statements. Each partner individually may be required to report on its own tax return its pro rata share of the Partnership's taxable income or loss.

The Partnership may be subject to taxes imposed by countries in which it invests. Such taxes are generally based on income and/or capital gains earned or repatriated. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Partnership invests. To the extent taxes are attributable to certain partners, the amounts are withheld from those partners' distributions and the withholdings are accounted for as deemed non-cash distributions to such partners. To the extent taxes are borne by the Partnership, the amounts are accrued and applied to net investment income, net realized gains and net unrealized appreciation as such income and/or gains are earned, and the Partnership records an estimated deferred tax liability in an amount that would be payable if the securities were disposed of on the valuation date. As of December 31, 2024, there were no deferred tax liabilities at the Partnership level.

Market and Other Risk Factors

The Partnership's investments are subject to various risk factors including market, credit, interest rate and currency risk. Investments may be concentrated in certain regions, or industries, as detailed in the **Error! Reference source not found.** Schedule of Investments. The Partnership's investments are inherently more sensitive to declines in revenues and to increases in expenses that may occur due to general downward swings in the world economy or other risk factors including increasingly intense competition, rapid changes in technology, changes in federal, state and foreign regulations, and limited capital investments. Since the Partnership's investments generally will involve a high degree of risk, poor performance by a few of the investments could adversely affect the total return to limited partners.

3. Investments

In accordance with the authoritative guidance on fair value measurements and disclosures under generally accepted accounting principles in the United States, the Partnership discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1	Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access at the measurement date;
Level 2	Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;
Level 3	Inputs that are unobservable.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Because of the inherent uncertainty of these valuations, the estimated fair value may differ significantly from the value that would have been used had a ready market for this security existed, and the difference could be material.

Investment Valuations

For investments in partnerships and other pooled investment vehicles, the General Partner encourages all managers to apply fair value principles in their financial reports that are consistent with U.S. generally accepted accounting principles and completes a good faith determination of such. Where possible, the Partnership values its investments at fair value using the net asset value (“NAV”) as a practical expedient. Investments for which fair value is measured using NAV per share as a practical expedient have not been categorized within the fair value hierarchy.

Partnership Investments

Unless otherwise noted below, all Partnership Investments held by the Partnership are measured at fair value using the NAV as a practical expedient.

The following table summarizes the levels used in valuing the Partnership's investments as of December 31, 2024.

<i>All amounts in Euros</i>	Level 1	Level 2	Level 3	<i>Measured using NAV as a practical expedient¹</i>	Total
Partnership Investments	-	-	-	10,702,488	10,702,488
Total Investments	-	-	-	10,702,488	10,702,488

Investments include partnership interests in private equity partnerships, all of which carry restrictions on redemption. The Partnership recognizes transfers at fair value at December 31, 2024. There were no transfers during the year ended December 31, 2024.

Investment Transactions

Partnership Investments generally record income derived from such investments using the equity pick-up method. Under the equity pick-up method of accounting, the Partnership's proportionate share of the net investment income/(loss) and net realized gains/(losses), as reported by the underlying investments, is reflected in the Statement of Operations as net realized gains/(losses) on investments. The Partnership's proportionate share of the aggregate increase or decrease in unrealized appreciation/(depreciation), as reported by the underlying investments, is reflected in the Statement of Operations as net change in unrealized appreciation/(depreciation) on investments. An investment's cost basis, as reported in the Schedule of Investments, is increased by the Partnership's share of net earnings from the Partnership Investment and decreased by the Partnership's share of net loss from the Partnership Investment.

¹ Investments that are measured at fair value using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Balance Sheet.

4. Management Fee

The General Partner, or its designee, has agreed to provide management services for which it receives a management fee based on capital commitments of the limited partners. In general, the General Partner, or its designee, bears all ordinary costs of administering the Partnership (other than the management fee), except for such expenses as organizational expenses, syndication expenses, legal and accounting fees, costs of reporting to the limited partners, and other costs of evaluating, making, holding and selling investments and certain other costs and expenses. The General Partner has retained HarbourVest Partners L.P. (the “Management Company”) to provide such services.

The limited partnership agreement was amended for management fees calculated with respect to the capital commitments of certain limited partners. The limited partners whose aggregate commitments over €40 million (Designated Commitment) are eligible for a tiered fee structure in the HIPEP VI Investment Program (the “Program”), which is comprised of HarbourVest International Private Equity Partners VI-Partnership Fund L.P., HIPEP VI-European Small-Medium Buyout Fund L.P., HIPEP VI-European Large Buyout Fund L.P., HIPEP VI-Emerging Markets Fund L.P., and HIPEP VI-Asia Pacific Fund L.P.

The management fee computed with respect to each limited partner’s commitment to the Program is computed in accordance with the following schedule:

Year	Commitments less than €40M	Incremental Commitments above €40M up to €80M	Incremental Commitments above €80M up to €120M	Incremental Commitments above €120M up to €160M	Incremental Commitments above €160M
10/1/23 – 9/30/24	0.075%	0.075%	0.075%	0.075%	0.075%

As of October 1, 2024, management fees are no longer charged to the Partnership.

During the year ended December 31, 2024, management fees charged by the Management Company were €20,475. The management fee was calculated based on limited partner capital commitments of €36,400,000 in accordance with the schedule above.

The management fee shall be reduced, but not below zero, by the amount of any director's compensation and any break-up, management, consulting, monitoring, transaction or other similar fees received by the General Partner, members of the General Partner or the Management Company from any investee entity or proposed investee entity. The management fee shall also be reduced by any syndication costs.

5. Financial Highlights

Financial highlights for the year ended December 31, 2024 were as follows:

	Percent (%)
<i>Internal rate of return to limited partners since inception:</i>	
Beginning of year	14.5
End of year	14.2
<i>Ratio to limited partners' average partner's equity:</i>	
Net investment income/(loss)	(0.2)
Operating expenses	0.7
Total expenses	0.7
<i>Ratio to limited partners' committed capital:</i>	
Operating expenses	0.3

The internal rate of return to limited partners is calculated net of expenses taking into account the actual dates of the cash inflows (contributions), outflows (distributions), and the ending net asset value at the end of the period (residual value) of the limited partners' capital account as of the measurement date.

Net investment income/(loss) is the limited partners' share of investment income, net of operating expenses and does not include the proportionate share of net gain or loss from underlying investments (or the effects of carried interest). Operating expenses include the limited partners' share of partnership expenses and do not include expenses from underlying investments.

The ratios are calculated based on the limited partners' capital taken as a whole. The computation of such ratios based on the amount of net investment income or loss, total expenses and incentive allocation assessed to an individual limited partners' capital may vary from these ratios based on the tiered management fee schedule.

As the Partnership's expenses are largely based on the limited partners' committed capital rather than their average capital, supplemental information has been provided in order to disclose the expense ratio as a percentage of the limited partners' committed capital.

6. Related-Party Transactions

Accounts payable to HarbourVest Partners L.P. represents expenses of the Partnership incurred in the ordinary course of business, which have been paid by and are reimbursable to the Management Company at December 31, 2024.

Certain partners of the Management Company may serve as members of the advisory committees of certain investee entities and may be the partners of the General Partner.

The General Partner of the Partnership is also the General Partner of HIPEP VI-Cayman Large Buyout Fund L.P., a limited partner which has a €18,800,000 capital commitment to the Partnership.

7. Investment Commitments

As of December 31, 2024, the Partnership has unfunded investment commitments to other partnerships of €2,946,813 which are payable upon notice by the partnerships to which the commitments have been made.

8. General Indemnifications

General Indemnifications

In the normal course of business, the Partnership may enter into contracts that contain a variety of representations and warranties and which provide for general indemnifications. The Partnership's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Partnership that have not yet occurred. Based on the prior experience of the General Partner, the Partnership expects the risk of loss under these indemnifications to be remote.

General Partner Indemnifications

Consistent with standard business practices in the normal course of business, the Partnership has provided general indemnifications to the General Partner, any affiliate of the General Partner and any person acting on behalf of the General Partner or such affiliate when they act in good faith, in the best interest of the Partnership. The Partnership is unable to develop an estimate of the maximum potential amount of future payments that could potentially result from any hypothetical future claim but expects the risk of having to make any payments under these general business indemnifications to be remote.

9. Subsequent Events

In the preparation of the financial statements, the General Partner has evaluated the effects, if any, of events occurring after December 31, 2024 through the date of the report of the independent auditors, which is the date that the financial statements were available to be issued. There were no events or material transactions subsequent to December 31, 2024 that required recognition or disclosure in the financial statements.
