INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering all U.S. nonunion employees of Solid Power Operating, Inc. (the Company) who are age eighteen or older and have one month of service. The Plan excludes interns who have not attained 1000 hours of service and nonresident aliens. Participants may participate in the Plan on the first day of the month following when they meet the Plan eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Executive Management is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Executive Management.

The Plan was amended on January 30, 2023. The amendment did not have any material changes to the Plan other than changing the computation period for employer matching contributions from a pay period basis to an annual basis.

The Plan was amended on May 1, 2023. The amendment did not have any material changes to the plan other than reducing the age of eligibility for participation in the Plan from 21 to 18 years of age.

2. *Participants' Contributions*

Each year, participants may contribute up to 92 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of \$23,000 for the year ended December 31, 2024. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Salary deferral contributions can be changed or stopped at any time at the beginning of each pay period. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent each at the beginning of each Plan year up to 6 percent of compensation unless they affirmatively elect not to participate in the auto escalate feature. The Plan currently offers various mutual funds, a stable value trust, as well as self-directed brokerage accounts as investment options for participants. Employee Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to the Financial Statements (Continued)

December 31, 2024 and 2023

3. *Employer Contributions*

The Company contributes a safe harbor match equal to 100 percent of the first 4 percent of compensation that a participant contributes to the Plan. Additional discretionary non-elective contributions equal to a percentage determined by the Company may also be made with approval by the Company's Executive Management. Employees are eligible for the discretionary non-elective contributions once they have attained one year of service with 1000 hours and are employed with the Company at the end of the plan year. The Company did not make any discretionary non-elective contributions to the Plan during 2024. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of Company discretionary non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting for the employer non-elective contribution is based on years of service. Participants vest 20 percent once they complete their second year of service and are 100 percent vested after six years of credited service.

6. *Unallocated Assets and Forfeited Accounts*

At December 31, 2024 and 2023, unallocated assets totaled \$10,411 and \$10,073, respectively. If necessary, unallocated assets are used to reduce future employer contributions and/or to pay for Plan administrative expenses. In 2024, no administrative expenses were paid from unallocated asset accounts. Also, in 2024, no unallocated asset accounts were used to reduce employer contributions.

7. *Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Only one loan may be outstanding at a given time. Loans are required to be repaid within five years. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined at the date the loan is made and is set at the prime rate plus one percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

8. *Payment of Benefits*

On termination of service due to death, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, installment payments, or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of \$5,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2024 and 2023, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½, disability, or is called to active duty as a qualified reservist. In addition, hardship distributions are permitted at a minimum of \$500 if certain criteria are met.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies by utilizing information provided by the investment advisor and trustee. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

Contributions from plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Solid Power Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements (Continued)

December 31, 2024 and 2023

5. *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for current expected credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

Benefits are recorded when paid.

7. *Administrative Expense*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2025, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of \$0 as of December 31, 2024 and 2023.

9. *Subsequent Events*

Plan management has evaluated subsequent events from the statement of net assets available for benefits date through September 19, 2025, the date the financial statements were available to be issued. There were no material events noted in the subsequent period that would have impacted results reported herein or require disclosure.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The following information, which is included in the financial statements and ERISA-supplemental schedule, has been certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and has not been audited:

Statements of Net Assets Available for Benefits

- All information except employer contributions receivable

Statement of Changes in Net Assets Available for Benefits

- Net appreciation/depreciation in fair value of investments
- Interest
- Dividends
- Interest income on notes receivable from participants

ERISA-required Supplemental Schedule

- Schedule of Assets (Held at End of Year)

NOTE D – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Investments Institutional Operations Company, LLC (Fidelity). Fidelity is the Plan's record keeper for the plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity amounted to \$30,940 for the year ended December 31, 2024.

Certain plan investment advisory and other services are provided by Global Retirement Partners, LLC, dba HUB. HUB is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to HUB amounted to \$32,951 for the year ended December 31, 2024.

Certain plan investment advisory and other services are provided by Strategic Advisors, Inc. Strategic Advisors, Inc. is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Strategic Advisors, Inc. amounted to \$5,589 for the year ended December 31, 2024.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value trust: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the common trust is reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of money market funds, common stock, and level 1 and level 2 call/put options that are valued on the basis of readily determinable market prices.

NOTE F – SELF DIRECTED BROKERAGE ACCOUNTS

The Self Directed Brokerage Account investments as of December 31, 2024 and 2023, are as follows:

	2024	2023
Money market funds	\$ 154,160	\$ 57,915
Stock put options	(7,318)	(2,553)
Common stock	25,329	29,156
Total	\$ <u>172,171</u>	\$ <u>84,518</u>

NOTE G – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated June 30, 2020, that the volume submitter plan adopted by the Plan sponsor, for the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since that date and has not received an advisory opinion specific to the Plan itself, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in all employer discretionary non-elective contributions.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Solid Power Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General*

The Plan is a defined contribution plan covering all U.S. nonunion employees of Solid Power Operating, Inc. (the Company) who are age eighteen or older and have one month of service. The Plan excludes interns who have not attained 1000 hours of service and nonresident aliens. Participants may participate in the Plan on the first day of the month following when they meet the Plan eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Executive Management is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Executive Management.

The Plan was amended on January 30, 2023. The amendment did not have any material changes to the Plan other than changing the computation period for employer matching contributions from a pay period basis to an annual basis.

The Plan was amended on May 1, 2023. The amendment did not have any material changes to the plan other than reducing the age of eligibility for participation in the Plan from 21 to 18 years of age.

2. *Participants' Contributions*

Each year, participants may contribute up to 92 percent of pre-tax and post-tax annual compensation, as defined in the Plan, subject to the maximum elective deferral amount of \$23,000 for the year ended December 31, 2024. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Salary deferral contributions can be changed or stopped at any time at the beginning of each pay period. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent each at the beginning of each Plan year up to 6 percent of compensation unless they affirmatively elect not to participate in the auto escalate feature. The Plan currently offers various mutual funds, a stable value trust, as well as self-directed brokerage accounts as investment options for participants. Employee Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Solid Power Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements (Continued)

December 31, 2024 and 2023

3. *Employer Contributions*

The Company contributes a safe harbor match equal to 100 percent of the first 4 percent of compensation that a participant contributes to the Plan. Additional discretionary non-elective contributions equal to a percentage determined by the Company may also be made with approval by the Company's Executive Management. Employees are eligible for the discretionary non-elective contributions once they have attained one year of service with 1000 hours and are employed with the Company at the end of the plan year. The Company did not make any discretionary non-elective contributions to the Plan during 2024. Participants direct the Company contributions into various investment options offered by the Plan. Employer contributions are subject to certain IRS limitations.

4. *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of Company discretionary non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Vesting*

Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting for the employer non-elective contribution is based on years of service. Participants vest 20 percent once they complete their second year of service and are 100 percent vested after six years of credited service.

6. *Unallocated Assets and Forfeited Accounts*

At December 31, 2024 and 2023, unallocated assets totaled \$10,411 and \$10,073, respectively. If necessary, unallocated assets are used to reduce future employer contributions and/or to pay for Plan administrative expenses. In 2024, no administrative expenses were paid from unallocated asset accounts. Also, in 2024, no unallocated asset accounts were used to reduce employer contributions.

7. *Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Only one loan may be outstanding at a given time. Loans are required to be repaid within five years. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined at the date the loan is made and is set at the prime rate plus one percent. Principal and interest are paid ratably through bi-weekly payroll deductions.

December 31, 2024 and 2023

8. *Payment of Benefits*

On termination of service due to death, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or roll over the account balance to an IRA or to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, installment payments, or roll over the account balance to an IRA or to another qualified retirement plan. Accounts for terminated participants with balances in excess of \$5,000 are maintained in the Plan until the participant requests a distribution. As of December 31, 2024 and 2023, no amounts were required to be allocated to accounts of persons who had elected to withdraw from the Plan, but had not yet been paid. In-service withdrawals are permitted upon the attainment of age 59 ½, disability, or is called to active duty as a qualified reservist. In addition, hardship distributions are permitted at a minimum of \$500 if certain criteria are met.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. *Use of Estimates*

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies by utilizing information provided by the investment advisor and trustee. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Contributions*

Contributions from plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Solid Power Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements (Continued)

December 31, 2024 and 2023

5. *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for current expected credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

6. *Payment of Benefits*

Benefits are recorded when paid.

7. *Administrative Expense*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

8. *Contributions Receivable and Current Expected Credit Losses*

Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions for the Plan calendar year ended December 31, 2025, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of \$0 as of December 31, 2024 and 2023.

9. *Subsequent Events*

Plan management has evaluated subsequent events from the statement of net assets available for benefits date through September 19, 2025, the date the financial statements were available to be issued. There were no material events noted in the subsequent period that would have impacted results reported herein or require disclosure.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE

The following information, which is included in the financial statements and ERISA-supplemental schedule, has been certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan) as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and has not been audited:

Statements of Net Assets Available for Benefits

- All information except employer contributions receivable

Statement of Changes in Net Assets Available for Benefits

- Net appreciation/depreciation in fair value of investments
- Interest
- Dividends
- Interest income on notes receivable from participants

- Schedule of Assets (Held at End of Year)

NOTE D – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Investments Institutional Operations Company, LLC (Fidelity). Fidelity is the Plan's record keeper for the plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity amounted to \$30,940 for the year ended December 31, 2024.

Certain plan investment advisory and other services are provided by Global Retirement Partners, LLC, dba HUB. HUB is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to HUB amounted to \$32,951 for the year ended December 31, 2024.

Certain plan investment advisory and other services are provided by Strategic Advisors, Inc. Strategic Advisors, Inc. is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to Strategic Advisors, Inc. amounted to \$5,589 for the year ended December 31, 2024.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value trust: Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the common trust is reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed brokerage accounts: Accounts primarily consist of money market funds, common stock, and level 1 and level 2 call/put options that are valued on the basis of readily determinable market prices.

NOTE F – SELF DIRECTED BROKERAGE ACCOUNTS

The Self Directed Brokerage Account investments as of December 31, 2024 and 2023, are as follows:

	2024	2023
Money market funds	\$ 154,160	\$ 57,915
Stock put options	(7,318)	(2,553)
Common stock	25,329	29,156
Total	\$ <u>172,171</u>	\$ <u>84,518</u>

NOTE G – TAX STATUS

The IRS has determined and informed the Plan by an advisory opinion letter dated June 30, 2020, that the volume submitter plan adopted by the Plan sponsor, for the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since that date and has not received an advisory opinion specific to the Plan itself, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in all employer discretionary non-elective contributions.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
