Report of Independent Auditors

To the Administrator of Puerto Rico Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Puerto Rico Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PUERTO RICO SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023 AND FOR THE YEAR ENDED DECEMBER 31, 2024

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Puerto Rico Savings and Investment Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and became effective January 1, 1999. The Plan is available to the Puerto Rico-based employees of the following companies: Corteva Agriscience Puerto Rico, Inc. (“Plan Sponsor” and the “Company”) and former employees of Mycogen Seeds Puerto Rico, DuPont Agricultural Caribe Industries, Ltd. and DuPont Electronic Microcircuits Industries, Ltd. The purpose of the Plan is to encourage and assist employees in following a systematic savings program suited to their individual objectives, and to provide an opportunity for employees to invest in the alternatives described in the Plan.

The Plan is a tax qualified defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Savings Plan Investment Committee, whose members are appointed by Corteva Agriscience, LLC, has responsibility for selecting and overseeing the Plan investments and determining the Plan's valuation policies utilizing information provided by the investment advisors and custodians. The Benefit Plans Administrative Committee is the Plan Administrator and has fiduciary duties for the Plan. The Plan's record keeper is Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill”), a wholly-owned subsidiary of Bank of America, N.A. (“Bank of America”). Banco Popular de Puerto Rico (“Banco Popular”) is the Trustee and paying agent for the Plan.

Plan Participation

Participation in the Plan is voluntary. All employees of employers who have adopted the Plan are eligible to participate, except: (i) employees with respect to whom retirement benefits have been the subject of good faith collective bargaining; (ii) leased employees; (iii) employees paid by commissions only; (iv) any employee covered by any other profit sharing plan containing a cash or deferred arrangement sponsored by Corteva, Inc. or any of its affiliates; and (v) employees who do not reside in Puerto Rico or do not render services primarily in Puerto Rico. Temporary employees are immediately eligible for participation in the Plan. Temporary employees are defined as individuals hired to complete a special project of limited duration or to fill the vacancy of an employee who is on a leave of absence.

Contributions

An eligible employee may contribute pre-tax contributions up to an amount not to exceed the maximum deferral amount specified by Section 1081.01(d)(7)(A) of the Internal Revenue Code for a New Puerto Rico of January 31, 2011, as amended (“PR Code”). For the tax year ended December 31, 2024, the maximum deferral amount was \$15,000. Also, the participant may make voluntary contributions to the Plan on an after-tax basis up to 10% of their compensation. The Plan allows for rollover contributions from other Puerto Rico qualified plans. The Company makes a matching contribution equal to 100% of a participant’s contributions, up to 6% of eligible compensation. In addition, the Company makes a contribution (“Retirement Savings Contribution”) to each eligible employee account, currently equal to 3% of eligible pay, regardless of the employee’s contribution election. The Retirement Savings Contribution is contributed annually, in the first quarter following the Plan year, only to participants who are actively employed on December 31 of the applicable Plan year.

Participants are automatically enrolled in the Plan at a 6% before-tax savings rate and increased 1% annually, up to a maximum of 15% of pay, if no action is taken by the employee within 60 days from the date of hire. If a participant fails to make an investment election, their contributions and those made by the Company are invested in accordance with a managed account feature serving as the Plan's Qualified Default Investment Alternative (“QDIA”). The managed account feature is PersonalManager®, which is offered through Bank of America's Advice Access. In addition, participants who have attained age 50 before the end of the Plan year may elect to make additional before-tax contributions of up to \$1,500 per Plan year.

Investment Options

The Plan offers various investment options into which participants can direct their investments, including six actively managed mutual funds, five passively managed index funds, a money market fund as well as a series of target retirement funds. The Plan also offers a managed account feature. Participants may allocate their before and after-tax savings deductions and Company contributions among the various investment options at their discretion.

Participant Accounts

Each participant account is credited with the participant's contributions, Retirement Savings Contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of Plan fees. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow up to 50% of their non-forfeitable account balances subject to a maximum of \$50,000 and a minimum of \$1,000. The loans are secured by the balance in the participant's account. The loans are executed by promissory notes and have a maximum term of 60 months for general purposes or 120 months if for residential mortgage purposes. The interest rate for all loans is fixed for the life of the loan. The interest rate is 1% above the prime rate. Interest relating to notes receivable from participants ranged from 4.25% to 9.50% with maturity dates from 2025 to 2029. Each loan is subject to a \$75 one-time fee paid by the participant upon initiation of the loan. In 2024, the additional \$45 qualification fee for a residential loan was discontinued. If the loan falls in arrears, the payments that are behind are sent directly to Merrill by the participant via a loan payoff check or Automated Clearing House ("ACH") transfer. Terminated employees may continue to make loan payments to Merrill. Participants may repay in full the outstanding balance of a loan any time before the maturity date.

Vesting

Participants are fully vested at all times in their contributions plus actual earnings thereon and in the Company matching contributions. Employees become fully vested on the Retirement Savings Contribution after three years of service. Retirement Savings Contributions are fully and immediately vested when the participant reaches age 65 while working for the Company. In the event of a participant's death, disability or termination of employment due to job elimination, all amounts in the participant's account become fully vested.

Payment of Benefits

Upon reaching normal retirement age, should a participant become disabled or terminated from employment, the portion of their Plan account upon which they are vested will be available for distribution as soon as administratively possible after the participant's retirement date, the date they became disabled or their termination date.

Participants may request a full distribution of the vested portion of their account or elect to receive the value of their account balance in installment payments. Involuntary cash-outs occur for vested account balances less than \$1,000. Effective January 1, 2024, if the value of the vested balance in their Plan account (including any rollover contributions) exceeds \$1,000, they can defer the distribution of benefits until a future date no later than age 75.

Withdrawals are available for any reason from after-tax contributions, rollover contributions and investment earnings on the after-tax and rollover contributions in the Plan. There are no minimum amounts or restrictions on the number of times withdrawals can occur throughout the year. Additionally, after reaching age 59 ½, participants are permitted to make in-service withdrawals for any reason from before-tax contributions, the vested portion of matching contributions and the investment earnings on the before-tax and vested matching contributions in the Plan. Hardship withdrawals are available to active employees who experience a severe financial need.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“GAAP”).

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Savings Plan Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for further information regarding valuation of the Plan’s investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Initiation fees associated with loans are deducted from the individual participant loans.

Contributions

Contributions from Plan participants are recorded in the year when they are withheld from compensation. The Company’s matching contribution and the Retirement Savings Contributions are recorded in the year when they are earned.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Fees

Fees related to the administration of investments are included in “Plan Fees,” including fees related to investment management of accounts and investment advisor fees. Certain expenses of maintaining the Plan, such as legal counseling, broker, advisor and audit fees, are paid directly by Corteva Agriscience, LLC or from forfeitures as available.

Subsequent Events

Effective January 1, 2025, the Savings Plan Investment Committee delegated certain Plan investment management responsibilities to NEPC, LLC, which serves as a fiduciary investment manager under ERISA. Additionally, the Plan added the Vanguard Target Retirement 2070 Fund as a participant investment option effective as of this date.

The Plan's QDIA was changed effective March 3, 2025. Absent an investment election being made, participant investments are directed into the Target Retirement Fund that aligns with, or is closest to, the year in which the participant reaches age 65.

Management has evaluated all activity of the Plan through September 5, 2025, the date that the financial statements were available to be issued, and has determined that no additional material events occurred which require recognition or disclosure in the financial statements.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1, which refers to inputs to the valuation methodology which are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date; Level 2, which refers to inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; Level 3, which refers to inputs to the valuation methodology that are based on prices or valuations that include unobservable measurements, and include situations where there is little, if any, market activity for the asset.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified as Level 1 assets. Money market funds, which are a specific form of mutual fund, share this valuation methodology and are hereafter classified as mutual funds. Mutual funds held by the Plan for the years ended December 31, 2024 and 2023 were valued at \$62,106,588 and \$58,241,684, respectively.

NOTE 4 — INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and Schedule of Assets (Held at End of Year) as of December 31, 2024 is complete and accurate.

Statements of Net Assets Available for Benefits

	December 31, 2024	December 31, 2023
Investments, at fair value	\$ 62,106,588	\$ 58,241,684
Notes receivable from participants	\$ 865,646	\$ 638,740

Statement of Changes in Net Assets Available for Benefits For the Year Ended December 31, 2024

Net appreciation (depreciation) in fair value of investments	\$ 4,563,419
Dividend income	\$ 2,458,685
Interest from notes receivable from participants	\$ 58,744

NOTE 5 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by Plan participants to Merrill for administrative services amounted to \$33,783 for the year ended December 31, 2024. For the year ended December 31, 2024, interest income related to notes receivable from participants amounted to \$58,744. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

NOTE 6 — PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. While the Plan Sponsor has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of balances will be made based upon the valuation of the participants' accounts.

NOTE 7 — TAX STATUS

On June 26, 2023, the Company obtained a favorable determination letter from the Puerto Rico Treasury Department as to the Plan's qualified status and the trust's exemption from taxes on income under the provisions of Section 1081.01(a) and (d) of the PR Code.

No events have occurred with respect to the Plan that, in substantial likelihood, would result in the Plan being disqualified by the Puerto Rico Treasury Department. The Plan Administrator believes that the Plan is designed and is currently operated in accordance with the applicable requirements of the PR Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain income tax position that does not rise to a "more likely than not" threshold to be sustained upon examination by federal, state and/or local taxing authorities. The Plan Administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2024 and December 31, 2023, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There were no interest or penalties during the year ended December 31, 2024. The Plan is subject to audits by taxing jurisdictions. At December 31, 2024, the years 2021 and thereafter remain subject to examination.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan's investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic, international conflict or significant changes in trade, tax or other policies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.
