for Collectively Bargained Employees  
Brown-Forman Corporation Employee Benefits Committee  
Brown-Forman Corporation  
Louisville, Kentucky 40210-1080

***Opinion***

We have audited the financial statements of Brown-Forman Corporation Savings Plan for Collectively Bargained Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

---

(Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

---

(Continued)

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**1. Description of Plan**

The sponsor of the Brown-Forman Corporation Savings Plan for Collectively Bargained Employees (the Plan), Brown-Forman Corporation (the Company or the Sponsor), is a leading producer and marketer of fine quality consumer products in domestic and international markets. The Company's operations include the production, distribution, and marketing of wines and distilled spirits.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan document for more complete information.

**General**

The Plan is a defined contribution plan covering substantially all union hourly employees of the Company at the Brown-Forman Distillery Operations and Brown-Forman Cooperage. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated in its entirety effective January 1, 2016 and last amended October 1, 2023.

Empower Retirement, LLC (Empower) serves as Recordkeeper and Empower Trust Company, LLC serves as Directed Trustee for the Plan.

**Contributions**

Employees at the Brown-Forman Distillery Operations and Brown-Forman Distillery who are members of Local Unions 89, 320, 110 and 369, as well as employees at the Brown-Forman Cooperage, who are members of Local 2309 and 320 may contribute between 1% and 100% of their weekly compensation. Contributions may be made in pre-tax and/or Roth (after-tax) dollars. Employee contributions are not to exceed the Section 402(g) Internal Revenue Code (the IRC) limitation for the calendar year of \$23,000 and \$22,500 for 2024 and 2023, respectively, plus "catch-up" contribution amounts provided for in the IRC. Participants may rollover assets from their former employers' qualified plans to the Plan provided that the rollover will not jeopardize the tax-exempt status of the Plan or create an adverse tax consequence for the Company. Employees who are members of the Unions covered under this Plan, and who have completed 60 calendar days of service to become eligible for the Plan, shall be automatically enrolled at a 5% deferral rate unless they opt out or elect differently. Rehired employees are also automatically enrolled in the Plan at a 5% deferral rate unless they elect differently.

Eligible participants who have attained age 50 before the close of the plan year may make catch-up contributions in an amount of 1% to 100% of the employee's compensation, subject to the limitations of the IRC. Catch-up contributions are not matched by the Company.

The Company contributes matching contributions in an amount equal to 100% of the participant's elective deferral for up to 5% of compensation that is deferred. Company matching contributions are made with each payroll period in which there are deferrals by the participant. At the end of the year, the Company may make a true-up match contribution for those participants still employed on December 31.

Participant accounts are credited with the participant contributions and an allocation of (i) the Company's contribution on a per payroll basis, and (ii) plan earnings daily. Credits for employer contributions are made on a per-payroll basis. Allocations are based on the participants' contributions, earnings, account balances, or specific participant transactions, as defined in the Plan. The total annual contributions, as defined by the Internal Revenue Service (IRS) and the Plan, credited to a participant's account in a plan year may not exceed the lesser of (i) \$69,000, or (ii) 100% of the participant's compensation in the plan year.

**Brown-Forman Corporation Savings Plan for Collectively Bargained Employees**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Participants can allocate contributions among various investment options in 1% increments. The Plan currently offers participants several different investment choices, including mutual funds, common collective trust funds, pooled separate accounts and Brown-Forman Corporation Class B common stock in the Employee Stock Ownership Plan (ESOP) component of the Plan. Effective July 13, 2023, new investments in Brown-Forman Corporation Class B common stock under the ESOP component of the Plan are no longer permitted; dividend reinvestments continue to be allowed. Investment elections allocated to Brown-Forman Corporation Class B common stock as of the freeze effective date were redirected to the Plan's qualified default investment alternative (QDIA), based on participants' age.

**Vesting**

Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Company's contributions and earnings thereon is 25% per year of service with the Company. After four years of service, participants will become 100% vested in the company contributions account. Participants will become 100% vested in their Company contributions account in case of death, normal retirement or total and permanent disability while employed.

**Withdrawals**

Upon termination of service, participants can elect to transfer their vested interest in the Plan to a qualified plan of their new employer, roll over their funds into an Individual Retirement Account (IRA), or receive their vested interest in the Plan. Payments to participants can be made via partial withdrawals, in a lump-sum amount or in the form of installment payments over a period of time not to exceed life expectancy. Withdrawals of investments in Brown-Forman Class B common stock may be taken in the form of Brown-Forman Class B common stock (in kind) or cash. Upon termination of employment, if the total vested account balance is \$7,000 (\$5,000 until April 1, 2024) or less, and the participant does not direct otherwise, it will be automatically rolled over into an IRA with Inspira Financial (formerly Millennium Trust); or, distributed in cash in the case of a participant who has attained normal retirement age (65). In the event of death, participant beneficiaries will receive the vested interest in a permitted payment form that they elect. Participants may also withdraw their vested interest in the case of financial hardship under guidelines promulgated by the IRS.

Any participant 59 1/2 or older, once fully vested, may request an in-service withdrawal.

**Notes Receivable from Participants**

A participant may borrow a portion of their vested benefit under the Plan. Loans are limited to the lesser of \$50,000 or 50% of the vested account balance. Loans must bear a reasonable rate of interest, be secured by the balance in the participant's account and be repaid within five years. Interest rates are fixed based on prevailing rates charged by lending institutions. The interest rate for outstanding loans at December 31, 2024 and 2023 ranged from 3.25% to 9.50%. For actively working participants, principal and interest are paid ratably through payroll deductions. In the event of layoff, leave of absence, termination, or retirement, loan payments may continue to be made directly to the Trustee/Recordkeeper. Principal and interest paid on participant loans is allocated directly to the applicable participant's account.

**Forfeited Accounts**

Forfeited balances of terminated participants' non-vested accounts are used first to reinstate previously forfeited account balances of re-employed participants, if any, and the remaining amounts are used to reduce Company contributions, as defined in the plan document, or may be used to pay administrative expenses of the Plan. The unused remaining balance of forfeitures available to offset future employer contributions and administrative expenses as of December 31, 2024 and 2023 was \$30,416 and \$182,558, respectively. During 2025, forfeitures totaling \$2,576 were used to reduce the amount of Employer matching contributions receivable reflected in the financial statements as of December 31, 2024. During 2024, forfeitures totaling \$8,834 were used to reduce the amount of Employer matching contributions receivable reflected in the financial statements as of December 31, 2023. Also during 2024, forfeitures totaling \$219,254 were used to reduce the amount of Employer matching contributions made throughout the year.

### **Employee Stock Ownership Plan**

The Plan includes a participant directed ESOP, which includes Company Class B common stock in the participant's account and provides participants the option of having cash dividends payable on shares of Company Class B common stock held in the ESOP either paid directly to the participant in cash or reinvested in the ESOP. Effective July 13, 2023, this investment option was frozen to transfers and new contributions. Dividend reinvestment is still permitted.

### **Transfers to/from Company Sponsored Plan**

The Plan permits the transfer of participant account balances to or from another Company sponsored plan as a participant experiences changes in employment status. During 2024, there were no transfers of Plan assets or to other Company sponsored plans.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. The Plan defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or more advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan's Investment & Funding Committee (the Committee) determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation or depreciation in the value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

### Registered Investment Companies (mutual funds):

Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on the quoted market value of the fund on the last day of the year. These funds are open-end mutual funds registered with the Securities and Exchange Commission and are deemed to be actively traded. Mutual funds are required to publish their daily NAV and to transact at that price.

### Common Stock:

The Brown-Forman Class B common stock is valued at the quoted closing market price on the active market on which the individual securities are traded. The value of a unit reflects the market value of one share of the underlying Sponsor stock.

### Collective Trusts:

The Plan's interest in collective trusts is valued at the NAV per unit as determined by the collective trusts as of the valuation date. They are valued on the basis of the relative interest of each participating investor at the fair value of the underlying assets. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments with respect to these investments. Participant-directed redemptions of these investments have no restrictions, except for the Putnam Stable Value Fund, and may be redeemed daily. For the investments in the Putnam Stable Value Fund, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the funds.

**Brown-Forman Corporation Savings Plan for Collectively Bargained Employees**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Additionally, Putnam Stable Value Fund redemptions made to another investment option by a participant may be made on any business day, provided the exchange is not directed into a competing fund (money market fund or other fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. The investment may be subject to redemption restrictions, at the Trustee's discretion, to the extent it is determined such actions would disrupt management of the funds.

Pooled Separate Accounts:

The Plan's interest in pooled separate accounts (PSAs) are valued at the NAV per unit as determined by the pooled separate accounts as of the valuation date. The PSAs are valued on the basis of the relative interest of each participating investor at the fair value of the underlying assets. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets held through sub accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV. The investments are redeemable at the adjusted NAV on a daily basis under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments for these investments.

**Notes Receivable from Participants**

Notes receivable from participants are valued at the outstanding principal balance plus accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant is taxed on the deemed distribution of the defaulted amount, but the loan balance is not offset until and unless the account is actually distributed.

**Management Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Payment of Benefits**

Benefits are recorded when paid.

**Investment Management Fees and Operating Expenses**

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

**Administrative Expenses**

The Company pays consulting fees, recordkeeping fees, and certain other administrative expenses; certain fees for by participant-specific transactions are paid from participant accounts and shown in the financial statements.

**Subsequent Events**

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued. Management has evaluated events and transactions occurring after December 31, 2024, and no subsequent events requiring accrual or disclosure have occurred that are not otherwise disclosed herein. The following administrative subsequent event is detailed below.

As a result of the closure of the Brown-Forman Cooperage effective April 25, 2025, the plan administrator has determined that a partial termination of the Plan occurred. In accordance with the terms of the Plan, all affected participants are fully vested in their accounts.

**3. Tax Status**

The IRS has determined, and informed the Company by a letter dated February 13, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving that document. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**4. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**5. Related Party & Parties-in-Interest Transactions**

Parties-in-interest include fiduciaries and employees of the Plan, persons providing services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of the employer, or such organization and relatives of any such persons as listed.

Plan investments include notes receivable from participants. These investments are also considered party-in-interest transactions.

The Plan invests in units of pooled separate account funds managed by Empower Annuity Insurance Company. Empower Trust Company, LLC, the trustee of the Plan, and Empower Retirement LLC, the recordkeeper of the Plan, are affiliates of Empower Annuity Insurance Company. Therefore, these transactions qualify as party-in-interest transactions.

During the current year, participants in the Plan were eligible to invest in Brown-Forman Corporation Class B common stock through the ESOP. Effective April 2024, State Street Global Advisors Trust Company was appointed as an ERISA Section 3(38) investment manager and independent fiduciary managing the Brown-Forman Corporation Class B common stock investment. Purchases and sales of \$107,375 and \$2,116,390, respectively, of Brown-Forman Corporation Class B common stock were made from the ESOP portion of the Plan during the year ended December 31, 2024. The number of these shares held by the Plan was 96,603 and 137,282 as of December 31, 2024 and 2023, respectively. Dividends received from the Plan on this stock totaled approximately \$107,000 and realized net losses on sales were approximately \$328,000 for the Plan year ended December 31, 2024; the fair value of the stock held by the Plan as of that date was \$3,668,965.

Participant transaction fees are paid directly by the participant and these transactions are also considered party-in-interest transactions. Certain administrative services are provided by the Sponsor at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Sponsor.

**6. Fair Value Measurements**

The fair values of assets and liabilities are categorized into three levels based upon the assumptions (inputs) used to determine those values. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment.

Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. A description of the valuation methodologies used for assets measured at fair value is included in Note 2. Fair value guidance establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets. The Plan's investments with active markets include its investment in Brown-Forman Corporation Class B common stock, as well as its investments in mutual funds which are reported at fair value utilizing Level 1 inputs. For these investments, quoted current market prices are readily available.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets; quoted prices for identical or similar assets in markets that are not active; or inputs other than quoted prices that are observable, or that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets. There are no investments in the Plan that represent a level 2 valuation.

Level 3 - Unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets. There are no investments in the Plan that represent a level 3 valuation.

There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Financial Accounting Standards Board guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the statement of net assets available for benefits. This amount represents investments in collective trusts and pooled separate accounts which each file a Form 5500 as a direct filing entity. As such, significant investment strategies have not been disclosed for these investments.
