Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Sam Carbis Solutions Group, LLC 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of Plan

The following description of the Sam Carbis Solutions Group, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan that was adopted by the Company for the benefit of its employees, excluding leased employees. The Plan was originally effective January 1, 1994, and most recently amended and restated effective July 16, 2024. Effective July 16, 2024, each employee is eligible to participate on the first plan entry date following the attainment of age 18. Prior to July 16, 2024, each employee became eligible to participate on the first plan entry date following the attainment of age 18 and the completion of one year of service in which a minimum of 1,000 hours are credited. Effective October 1, 2023, participants may enter the Plan on the first day of the month following the date all eligibility requirements are met. Prior to October 1, 2023, plan entry dates were January 1 and July 1 of each plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The plan trustees oversee the governance of the Plan, including determining the appropriateness of the investment offerings and monitoring investment performance.

The Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was enacted to enhance retirement savings opportunities and improve retirement plan administration in the United States. The Act provides a broad range of mandatory and optional provisions affecting retirement plans, including increasing participation, improving portability of retirement savings, and expanding penalty-free withdrawal options for certain circumstances. Plan sponsors may elect to adopt certain provisions voluntarily before their mandatory effective dates. For the year ended 2024, the Plan elected not to adopt any of the voluntary provisions under the SECURE 2.0 Act.

Contributions

Each year participants may contribute up to 100% of their pre-tax annual compensation to the Plan subject to the limitations as defined in the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching and additional profit-sharing contributions are determined annually by the Company's Board of Directors. Participant contributions eligible for the matching contributions are limited to 6% of the participant's compensation. For the years ended December 31, 2024 and 2023, the Company matched 50% of employees' contributions up to 6% of the employees' compensation. Company matching contributions were approximately \$127,000 and \$179,000 for the years ended December 31, 2024 and 2023, respectively.

Qualified non-elective contributions may be made by the Company in order to satisfy the non-discrimination tests described in the IRC. Qualified non-elective contributions are allocated to every non-highly compensated plan participant who was active in the Plan during the plan year and (effective July 16, 2024) has obtained the completion of one year of service in which a minimum of 1,000 hours are credited. The allocation is based upon the participant's proportionate share of the total compensation paid during that plan year. The Company did not make any qualified non-elective contributions for the years ended December 31, 2024 and 2023.

On October 1, 2023, effective for employees whose commencement date is on or following January 1, 2024, the Plan adopted an automatic enrollment arrangement. Under the automatic contribution arrangement, the Plan treats a participant as having elected to make a pre-tax deferral contribution equal to 3% of compensation provided under the Plan until the participant specifically elects not to have the Company make the contributions or elects a different percentage.

**SAM CARBIS SOLUTIONS GROUP, LLC
401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of Plan (Continued)

Investment options

Upon enrollment in the Plan, participants may direct their contributions, the Company's matching contributions, and the Company's qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) the Company's non-elective contribution, (b) plan expenses, and (c) plan earnings. Allocations are based on participant earnings or account balances as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years and is vested on a graduated basis until completion of six years of continuous service. Participants are immediately vested in rollover and transfer contributions they make to the Plan.

Upon reaching the minimum retirement age (65) or if termination is due to death or disability, the participant becomes 100% vested in all contributions.

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures generated in 2024 and 2023 were approximately \$32,900 and \$23,600, respectively. Forfeited employer contributions not used to pay administrative expense may be used to reduce future employer contributions. Forfeitures of approximately \$41,300 and \$31,500 were used to offset employer contributions in 2024 and 2023, respectively. The Plan had approximately \$650 and \$7,700 of available forfeitures at December 31, 2024 and 2023, respectively.

Participant notes receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and accrue interest at 1% over the Prime Rate in effect at the beginning of the month in which the loan is approved, which represents rates similar to the rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through regular payroll deductions. Through September 30, 2023, no participant may have more than two loans outstanding at any one time. After October 1, 2023, no participant may have more than one loan outstanding at any one time.

**SAM CARBIS SOLUTIONS GROUP, LLC
401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of Plan (Continued)

Withdrawal and payment of benefits

On termination of service, if a participant's vested account balance does not exceed \$5,000, the Plan will automatically distribute the participant's vested account balance in a lump sum. If a participant's vested account balance exceeds \$5,000, a participant may elect to receive a single lump sum or roll over the vested balance into an individual retirement account (IRA) or other qualified plan.

Prior to termination of employment, a participant may withdraw any part or all of the vested balance of the participant's account if the participant has attained age 59½ or has become disabled. If the participant has not attained age 59½ or become disabled, the participant may withdraw all or part of their vested account, excluding earnings, upon furnishing proof of financial hardship. Hardship withdrawals are subject to approval by the plan administrator and may also be subject to tax penalties and other restrictions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Cash and cash equivalents

At December 31, 2024 and 2023, cash and cash equivalents consist of monies held in bank deposit/sweep and cash accounts.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns.

**SAM CARBIS SOLUTIONS GROUP, LLC
401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan expenses

Personnel within the Company perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records, at no charge to the Plan. Contract administration expenses and certain accounting fees are paid by the Company. Other administrative costs are charged to the individual participants' accounts.

Contributions

Employee contributions and matching contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Company qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Payment of benefits

Benefits are recorded when paid.

Note 3. Information Prepared and Certified by Trustee

Certain information related to cash, investments, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American Trust (the trustee of the Plan through September 30, 2023) and T. Rowe Price (the trustee of the Plan beginning October 1, 2023). Funds held with T. Rowe Price at December 31, 2024 and 2023, totaled \$9,361,493 and \$9,192,910, respectively.

At December 31, 2024 and 2023, the Plan held an investment account with LPL Financial, comprised of stocks/options and money market funds. This investment account was not certified by a qualified institution for either year end. The account had a balance of \$0 and \$1,502,000 at December 31, 2024 and 2023, respectively. The account had net appreciation in fair value of investments of \$1,883,964 and \$644,010 for the years ended December 31, 2024 and 2023, respectively, which was also not certified. During the year ended December 31, 2024, the entire balance of the investment account was distributed to participants and the account was closed.

Note 4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

- *Shares of registered investment companies (mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common Stock:* Valued at the closing price reported on the active market on which the individual security is traded.
- *Money market funds:* Stated using amortized cost which approximates fair value.

Note 5. Income Tax Status

The Plan adopted a pre-approved plan. The volume submitter practitioner, DST Retirement Solutions, LLC, received a volume submitter program letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and therefore is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt. PBMARES LLP was the volume submitter practitioner through September 30, 2023. Beginning October 1, 2023, DST Retirement Solutions, LLC became the volume submitter practitioner.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audit for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

The recordkeeper, third-party administrator for the Plan, and investment advisor assisted the Company with selecting investments and monitoring investment results. Therefore, investment transactions qualify as party-in-interest transactions. Investment fees and administrative fees paid by the Plan were approximately \$5,600 and \$48,100 for the years ended December 31, 2024 and 2023, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 22, 2025, the date the financial statements were available to be issued. There were no subsequent events requiring disclosure as of this date.
