Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KPMG, LLP**

(2) EIN: **13-5565207**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X

Independent Auditors' Report

To the Plan Participants and Plan Administrator
Premcor Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Premcor Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, line 4j—Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PREMCOR PENSION PLAN NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General

The Premcor Pension Plan (the Plan) is a noncontributory cash balance defined benefit pension plan covering certain of Valero Energy Corporation's eligible employees in the United States of America (U.S.). (See "*Eligibility and Participation*" below for a description of employees eligible for participation in the Plan.) The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). As used in this report, the term "Valero" may refer, depending upon the context, to Valero Energy Corporation, one or more of its consolidated subsidiaries, or all of them taken as a whole.

The description of the Plan included in these notes to financial statements provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

Plan Administration

Valero, the plan sponsor, is a multinational manufacturer and marketer of petroleum-based and low-carbon liquid transportation fuels and petrochemical products. Valero owns 15 petroleum refineries located in the U.S., Canada, and the United Kingdom with a combined throughput capacity of approximately 3.2 million barrels per day. Valero is a joint venture member in Diamond Green Diesel Holdings LLC, which produces low-carbon fuels at two plants located in the Gulf Coast region of the U.S. with a combined production capacity of approximately 1.2 billion gallons per year. Valero also owns 12 ethanol plants located in the Mid-Continent region of the U.S. with a combined production capacity of approximately 1.7 billion gallons per year.

Valero's common stock trades on the New York Stock Exchange under the symbol "VLO."

The Valero Energy Corporation Benefit Plans Administrative Committee (Administrative Committee), consisting of persons selected by Valero, administers the Plan. The members of the Administrative Committee serve without compensation for services in that capacity. Principal Trust Company serves as the trustee of the Plan. Principal Bank, a sub-custodian and agent of Principal Trust Company, performs accounting and administrative services for Principal Trust Company.

The Plan is intended to be administered in accordance with applicable provisions of the Pension Protection Act of 2006.

Eligibility and Participation

Valero's employees at its Memphis Refinery represented by the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union and its Local 9-00631-01 become participants in the Plan upon employment.

Contributions

Employees are not required nor permitted to make contributions to the Plan. The plan sponsor makes contributions to the Plan in amounts at least equal to the minimum funding requirements of ERISA, if

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

any, as determined by the Plan's actuary. The Plan was in compliance with applicable ERISA minimum funding requirements for the plan years ended December 31, 2024 and 2023.

Retirement Benefits

Pension accounts for each participant are credited annually with contributions based on a percentage of the participant's compensation (primarily salary, overtime pay, and bonuses), as defined in the plan document. Pension accounts are also credited with monthly interest contributions on the balance in the account. Participants become 100 percent vested in their pension account upon the earlier of the completion of three years of service or the attainment of their normal retirement date. A participant's normal retirement date is the first day of the month on or after the date they attain age 65.

Upon termination or retirement, vested participants may elect to receive their pension accounts. Vested participants may elect either a lump-sum or an annuity distribution. A participant whose vested accrued benefit is \$5,000 or less will receive a lump-sum distribution, without regard to the spousal consent requirements. A participant who terminates employment before becoming vested shall forfeit their pension account upon employment termination.

Unless a married participant elects otherwise, plan benefits are paid in the form of a 50 percent joint and survivor annuity. In this form, the participant receives a reduced pension during their lifetime, and after their death, the participant's spouse receives a pension equal to one-half the pension paid to the participant. A participant may also elect the joint and survivor annuity payment option with 75 percent or 100 percent of the benefit payable to the participant to continue to the beneficiary until the beneficiary's death. Each of the joint and survivor annuity options are actuarially equal to the benefit otherwise payable.

A participant who remains active after the normal retirement date continues accruing retirement benefits until their actual retirement date.

A participant who becomes disabled and qualifies for benefits under Valero's long-term disability plan shall be considered to have terminated employment for purposes of this Plan. A participant may elect to receive the full amount in their pension account beginning on the first day of the month following the month in which the participant is eligible to receive benefits under Valero's long-term disability plan.

Pre-retirement Death Benefit

A participant's pension account shall become 100 percent vested upon the participant's death if the participant is still employed at the time of death. If an active participant dies prior to their commencement of benefit payments leaving their spouse as beneficiary, the spouse shall receive an annuity for life that shall be the actuarial equivalent of the participant's vested pension account. The spouse may elect to receive the benefit in the form of a lump sum in lieu of a life annuity. If the participant has designated a non-spouse beneficiary, the participant's vested pension account shall be paid to such beneficiary in an immediate lump sum.

Plan Expenses

All expenses associated with the administration of the Plan are paid out of the trust that funds the Plan, unless paid by the plan sponsor without reimbursement from the Plan. Expenses that are paid directly by the Plan's sponsor are excluded from these financial statements. Certain expenses incurred in connection

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses in the statements of changes in net assets available for benefits.

SECURE 2.0 Act of 2022

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0 Act) was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. The Plan will incorporate changes in its plan document and administration to the extent required by the SECURE 2.0 Act.

2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

General

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP).

Subsequent Events

Management has evaluated subsequent events through September 19, 2025, the date these financial statements were available to be issued. Any material subsequent events that occurred during this time have been properly recognized or disclosed in these financial statements.

Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value as described in Note 4.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of net realized gains and losses on the sale of investments and net unrealized appreciation (depreciation) of investments.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

In general, the Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. These risks may be impacted by certain external financial, business, and other factors, such as the

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

effects of economic downturns, natural disasters, pandemics, war, or hostilities. In addition, Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to the level of risk associated with certain investments and uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes may occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

3. INFORMATION CERTIFIED BY PRINCIPAL BANK

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this method of compliance, no audit procedures were performed by the independent auditors with respect to information certified as complete and accurate by Principal Bank, except for comparing such information with the related information included in the financial statements and supplemental schedules.

The following information included in the financial statements, notes to financial statements, and supplemental schedules was obtained or derived from information supplied to the Plan administrator and certified by Principal Bank as complete and accurate:

- a. Investments, accrued interest and dividends, due from broker for securities sold, and due to broker for securities purchased as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- b. Interest income, dividend income, and net appreciation in fair value of investments as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- c. Investment balances as shown in Note 4 as of December 31, 2024 and 2023.
- d. The Schedule of Assets (Held at End of Year) as of December 31, 2024 as shown on Schedule H, line 4i.
- e. The Schedule of Reportable Transactions for the year ended December 31, 2024 as shown on Schedule H, line 4j.

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

4. FAIR VALUE MEASUREMENTS

A fair value hierarchy (Level 1, Level 2, or Level 3) is used to categorize fair value amounts based on the quality of inputs used to measure fair value. Accordingly, fair values determined by Level 1 inputs utilize unadjusted quoted prices in active markets for identical assets or liabilities. Fair values determined by Level 2 inputs are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability. Level 3 inputs are unobservable inputs for the asset or liability for which there is little, if any, market activity at the measurement date. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair values of its applicable assets and liabilities. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The valuation methods used to measure the Plan’s financial instruments at fair value are as follows:

- The mutual funds are measured at fair value using a market approach based on quoted prices from national securities exchanges and are categorized in Level 1 of the fair value hierarchy.
- The cost of interest-bearing cash approximates its fair value and is therefore categorized in Level 1 of the fair value hierarchy.

The following table presents the Plan’s investments at fair value as of December 31, 2024 and 2023 by level of the fair value hierarchy. No investments were categorized in Level 2 or Level 3 of the hierarchy as of December 31, 2024 and 2023.

	2024	2023
	Level 1	
Mutual funds	\$ 70,066,311	\$ 63,702,642
Interest-bearing cash	493,046	496,691
Investments at fair value	\$ 70,559,357	\$ 64,199,333

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan’s provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- a. retired or terminated participants or their beneficiaries;
- b. beneficiaries of participants who have died; and
- c. active participants or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, termination, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation were as follows:

	December 31,	
	2024	2023
Discount rate	5.65%	5.00%
Interest crediting rate	4.15%	4.00%
Weighted-average retirement age (in years)	62.22	62.22
Life expectancy	Amounts-Weighted 2012 Base Rates from Pri-2012 Mortality Study Projected Generationally from 2012 using Scale MP-2021	Amounts-Weighted 2012 Base Rates from Pri-2012 Mortality Study Projected Generationally from 2012 using Scale MP-2021
Actuarial cost method	Traditional Unit Credit Cost Method	Traditional Unit Credit Cost Method

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits determined by the Plan's actuary was as follows:

	December 31,	
	2024	2023
Vested benefits:		
Participants currently receiving payments	\$ 7,581,000	\$ 6,697,000
Vested benefits for other participants	42,212,000	43,350,000
Total vested benefits	49,793,000	50,047,000
Nonvested benefits	867,000	1,177,000
Total actuarial present value of accumulated plan benefits	<u>\$ 50,660,000</u>	<u>\$ 51,224,000</u>

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

The changes in the actuarial present value of accumulated plan benefits were as follows:

	Year Ended December 31,	
	2024	2023
Actuarial present value of accumulated plan benefits, beginning of year	\$ 51,224,000	\$ 50,390,000
Increase (decrease) during the year attributable to:		
Benefits accumulated and plan experience	2,101,000	1,233,000
Interest due to shorter discount period	2,482,000	2,523,000
Changes in actuarial assumptions	(1,946,000)	675,000
Benefits paid	(3,201,000)	(3,597,000)
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 50,660,000</u>	<u>\$ 51,224,000</u>

The changes in actuarial assumptions shown above were primarily due to changes in the discount rate during the years presented. In addition, a change in the interest crediting rate was made during the 2024 plan year.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, Valero has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits are guaranteed at the level in effect on the date of the Plan's termination.

**PREMCOR PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)**

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of Valero and the level of benefits guaranteed by the PBGC.

7. TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated August 20, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code of 1986, as amended (the Code). Although the Plan has been amended since receiving the determination letter, the plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any plan years.

8. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by Principal Bank. As described in Note 1, the Plan paid certain expenses related to plan operations to various service providers. In addition, Valero, the sponsor of the Plan, provides accounting and administrative services at no cost to the Plan. These transactions are party-in-interest transactions under ERISA and are covered by an exemption from the "prohibited transactions" provisions of ERISA and the Code.

Interest Rates for Minimum Funding Purposes	Based on segment rates with a two-month lookback (as of November 2023), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor under ARPA
1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%
Salary Increases	See Table 1 Average rate from age 45 to 62 is 3.29%
Cash Balance Interest Crediting Rate	1.00% less than the effective interest rate ignoring interest rate stabilization (4.66%) but not less than 4.00%
Cash Balance Annuity Conversion Rate	7% and 1983 Group Annuity Mortality table blended 50% male and 50% female
Inflation	2.75%
Retirement Age	
Active Participants	See Table 2, weighted average retirement age of 62.22
Terminated Vested Participants	For those not electing immediate lump sums at termination, 90% assumed to take lump sums at 58 (63 if 58 or older at the valuation date) and 10% assumed to take annuities at 63
Mortality Rates	
Healthy and Disabled	2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b)

Premcor Pension Plan

EIN: 74-1828067 PN: 008

Optional Payment Form Election Percentage

65% elect lump sums and 35% elect annuities at retirement; for terminations and other decrements, 50% elect lump sums at termination and for those not electing lump sums at termination, 90% assumed to take lump sums at 58 and 10% assumed to take annuities at 63

Benefit and Compensation Limits

Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2022 Plan Year

6.35%, limited to 5.92%

2023 Plan Year

Schedule SB, Part V — Summary of Plan Provisions

Effective Date

January 1, 2002.

Plan Amendments

By virtue of the Premcor Merger Agreement effective September 1, 2005, Valero Energy Corporation adopts the Premcor Pension Plan as an "employer" and assumes sponsorship of the plan. The plan was amended effective January 1, 2006 with the following key provisions.

- Freezing of benefits for certain Premcor employees:
 - Accrued benefit under the plan was frozen as of December 31, 2005 for all participants except for the following groups: (i) Delaware City Refinery participants eligible for Supplemental Pension Benefit (SPB) as of the freeze date and whose 2005 annual salary was less than \$105,000, (ii) employees at the Premcor headquarters facility in Old Greenwich, Connecticut, as identified by a schedule in the plan amendment, and (iii) participants who are covered by a collective bargaining agreement, to the extent their participation is expressly provided for in their collective bargaining agreement (e.g., Delaware City and Memphis).
 - The accrued benefit of such frozen participants as of December 31, 2005 shall cease accruing annual contribution credits but shall continue to be credited with interest credits in accordance with the plan's provisions.
 - During the period in which such frozen participants remain in the employ of Valero or any of its affiliates, they shall be credited with vesting service in accordance with the plan's provisions.
- All benefits as of September 1, 2005 were 100% vested.
- Provisions applicable to certain Delaware City Refinery employees:
 - Delaware City Refinery SPB eligible employees, who are excepted from the freeze as described in the paragraph above and who are not covered by a collective bargaining agreement, shall have their benefit earned under the Premcor Pension Plan from and after January 1, 2006 offset by the value of the benefit under the Valero Pension Plan.

Schedule SB Attachment (Form 5500) —2024 Plan Year

Premcor Pension Plan

EIN: 74-1828067 PN: 008

- Premcor corporate employees at the headquarters facility in Old Greenwich, Connecticut:
 - Premcor corporate employees, who are excepted from the freeze as described above, shall continue their participation and benefit accrual in the Premcor Pension Plan until the end of a transition period in connection with the Merger Agreement.
- Early retirement window:
 - Special retirement benefits were granted for certain Delaware City Refinery and Power Plant Non-Union employees under an early retirement window in 2009.
 - Participants shall receive the additional annual contribution credits and interest credits.
 - Participants who are accruing a Supplemental Pension Benefit (SPB) credit immediately prior to their severance date shall also receive the SPB credit through June 30, 2012.

Participants

Employees may become new participants after December 31, 2005 only if their collective bargaining agreement provides for coverage under this plan (e.g., Delaware City and Memphis).

Compensation

Gross amount received for services rendered with respect to the employer, including salary, commissions, wages, overtime pay, bonuses paid under an annual incentive plan, 401(k) and Section 125 amounts but excluding other bonuses, incentive pay, reimbursements or other expense allowances, cashed-in vacation days, fringe benefits, moving expenses, deferred compensation, welfare benefits, earnings with respect to equity-based compensation, or benefits or contributions under any qualified plan. Compensation shall not exceed legal limitations.

Annual Contribution Credit

At the end of each plan year (or at termination of employment), the pension account will be credited with 7% of compensation plus 7% of compensation, if any, in excess of the Social Security wage base.

Interest Credit

Interest will be credited each month. The rate of interest for the plan year shall be the prior year's October one-year Treasury Constant Maturity rate plus 1% with minimum rate of 4% and a maximum rate of the prior year's October Code section 417(e)(3) rate (first segment rate) if such maximum is greater than 4%.

Premcor Pension Plan

EIN: 74-1828067 PN: 008

Supplemental Pension Benefit

Effective May 1, 2004 certain Delaware City Refinery employees are entitled to a Supplemental Pension Benefit (SPB) based on service to the earlier of a) termination of employment, b) commencement of benefits under the Texaco/Star Pension plan, and c) June 30, 2012. This benefit is based on each participant's benefit percentage (this ranges from 0.9% to 18.9%), highest three consecutive years' average pay (out of the last 10 years), and service as limited above in this paragraph. Effective November 1, 2005, the compensation used to calculate the final average pay shall have the same definition as defined above.

Normal Retirement

Eligibility

Normal retirement date is the first day of the month coinciding with or next following the date participant attains age 65.

Benefit Amount

Life annuity actuarially equivalent to the pension account balance based on plan factors.

Deferred Vested Eligibility

Three years of service effective January 1, 2008.

Disability Benefits

If eligible to receive LTD benefits, a participant will be treated as a deferred vested employee.

Preretirement Death Benefits

The participant's pension account shall be 100% vested upon his death. The surviving spouse can elect a lump sum or an annuity actuarially equivalent to the value of the vested account. Only the lump sum option is available for non-spouse beneficiaries.

Effective January 1, 2008, the preretirement death benefit attributable to the Supplemental Pension Benefit (SPB) accrued from and after January 1, 2006 is the traditional 50% qualified preretirement survivor annuity (QPSA).

Optional Forms of Benefit

Employees may elect one of the following options on an actuarial equivalent basis:

- 5-, 10-, or 15-year certain and life;
- 50%, 75%, or 100% joint and survivor annuity;
- Lump sum; and
- Life annuity (for married participants).

Vesting Service

An employee shall accrue one month of vesting service for each month during which the employee is credited with at least one day of service.
