## Independent Auditor's Report

To the Board of Trustees  
Opal Fuels LLC 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of Opal Fuels LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Opal Fuels LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and December 31, 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Opal Fuels LLC 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Basis of Accounting***

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Opal Fuels LLC 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audits of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Opal Fuels LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Opal Fuels LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) – modified cash basis is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following brief description of Opal Fuels LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete descriptions of the Plan's provisions.

### General

The Plan is a safe harbor defined contribution plan covering eligible employees of the Plan Sponsor who have completed three months of service. The Plan is subject to the provisions of ERISA.

The Plan Sponsor is Opal Fuels, LLC. Participants are former employees of Fortistar Services LLC and related company TruStar Energy LLC.

The Board of Trustees is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

### Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor matches 100 percent of the first 3 percent of eligible compensation and 50 percent of the next 2 percent of eligible compensation that a participant contributes to the Plan, for a maximum of 4 percent. In addition, the employer may make a discretionary contribution for all eligible participants actively employed at the end of the contribution period.

Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

### Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. All eligible participants are immediately 100 percent vested in the Plan Sponsor's contribution portion of their account plus earnings thereon.

### Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms shall not exceed 5 years, unless the loan is for the purchase of a primary residence, in which case the term shall not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at 4.25 percent as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time.

**1. Description of the Plan (Continued)**

**Benefit Payments**

On termination of service due to retirement, death, disability, or termination of employment, a participant with a balance exceeding \$1,000 may elect to receive either a lump sum equal to the value of their vested account balance or to defer payments until age 70½. For accounts under \$1,000, the participant will receive a lump sum of their vested account balance. In the event of a participant's death, the entire account balance will be paid to the participant's named beneficiary. Benefits are provided for retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon specific hardship or attainment of age 59½.

**Forfeitures**

Forfeited non-vested accounts are used to reduce future Plan Sponsor contributions or to pay administrative expenses. At December 31, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$15 and \$41,228, respectively. Also in 2024, Plan Sponsor contributions were reduced by \$41,266 from forfeited nonvested accounts.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost plus accrued interest and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

**Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are borne by the participant. No allowance for credit losses has been recorded as of December 31, 2024 and December 31, 2023.

## 2. Summary of Significant Accounting Policies (Continued)

### **Investment Valuation and Income Recognition**

Investments are stated at fair value as certified by the trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are borne by the borrower and are included as part of the note receivable to be repaid by the participant. Requests for distributions are charged directly to the participant's account and are included as part of benefits paid to participants. Investment related expenses are included in net appreciation/depreciation in fair value of the investments.

### **Subsequent Events**

The Plan has evaluated subsequent events through September 9, 2025, which is the date the financial statements were made available to be issued.

## 3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

### **Interest Bearing Cash**

Valued at cost plus accrued interest.

### **Mutual Funds**

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### 3. Fair Value Measurement (Continued)

The following table presents information about the Plan investments measured at fair value on a recurring basis as of December 31, 2024 and December 31, 2023, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	December 31, 2024

**4. Financial Certification (Unaudited)**

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Fidelity Management Trust Company, in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Fidelity Management Trust Company. The Plan has obtained a certification from Fidelity Management Trust Company that such information is complete and accurate as of December 31, 2024 and December 31, 2023 and for the year ended December 31, 2024.

	December 31,	
	2024	2023
Assets as of		
Notes receivable from participants	\$ 705,959	\$ 471,481
Interest bearing cash	865,930	976,182
Mutual funds	27,460,726	22,880,993
Transactions for the year ended		
Notes receivable interest	\$ 24,313	
Investment income	4,499,247	

**5. Related-Party and Party-in-Interest Transactions**

Certain plan investments are managed by Fidelity Management Trust Company, who is the trustee and record keeper for the Plan. Transactions with this party qualifies as party-in-interest transactions. Fees paid by the Plan for administrative and professional services amounted to \$4,644 for the year ended December 31, 2024. Fees paid by the Plan for other investment management services are included in the net appreciation in fair value of the investments as they are paid through revenue share rather than a direct payment. The Plan Administrator pays directly any other expenses related to the Plan’s operations.

Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA. Interest earned on notes receivable from participants amounted to \$24,313 for the year ended December 31, 2024.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant’s account.

**7. Tax Status**

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion or determination letter from the IRS. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

**9. Reconciliation of Form 5500 to the Financial Statements**

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31,	
	2024	2023
Net assets available for benefits per the Form 5500	\$ 29,032,616	\$ 24,328,657
Other reconciling items - rounding	(1)	(1)
Net assets available for benefits per the financial statements	<u>\$ 29,032,615</u>	<u>\$ 24,328,656</u>

**10. Transfers Out of The Plan**

In December 2024, it was determined that members of Hillman Power Company, LLC should no longer be eligible to participate in Opal Fuels LLC 401(k) Plan. Transfers out of the Plan during the year ended December 31, 2024, as a result of this, were \$1,069,118.

## Independent Auditor's Report

To the Board of Trustees  
Opal Fuels LLC 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of Opal Fuels LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Opal Fuels LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and December 31, 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Opal Fuels LLC 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Basis of Accounting***

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Opal Fuels LLC 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audits of the Financial Statements*

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Opal Fuels LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Opal Fuels LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) – modified cash basis is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of the Plan

The following brief description of Opal Fuels LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete descriptions of the Plan's provisions.

### General

The Plan is a safe harbor defined contribution plan covering eligible employees of the Plan Sponsor who have completed three months of service. The Plan is subject to the provisions of ERISA.

The Plan Sponsor is Opal Fuels, LLC. Participants are former employees of Fortistar Services LLC and related company TruStar Energy LLC.

The Board of Trustees is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

### Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor matches 100 percent of the first 3 percent of eligible compensation and 50 percent of the next 2 percent of eligible compensation that a participant contributes to the Plan, for a maximum of 4 percent. In addition, the employer may make a discretionary contribution for all eligible participants actively employed at the end of the contribution period.

Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

### Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. All eligible participants are immediately 100 percent vested in the Plan Sponsor's contribution portion of their account plus earnings thereon.

### Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms shall not exceed 5 years, unless the loan is for the purchase of a primary residence, in which case the term shall not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at 4.25 percent as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time.

**1. Description of the Plan (Continued)**

**Benefit Payments**

On termination of service due to retirement, death, disability, or termination of employment, a participant with a balance exceeding \$1,000 may elect to receive either a lump sum equal to the value of their vested account balance or to defer payments until age 70½. For accounts under \$1,000, the participant will receive a lump sum of their vested account balance. In the event of a participant's death, the entire account balance will be paid to the participant's named beneficiary. Benefits are provided for retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon specific hardship or attainment of age 59½.

**Forfeitures**

Forfeited non-vested accounts are used to reduce future Plan Sponsor contributions or to pay administrative expenses. At December 31, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$15 and \$41,228, respectively. Also in 2024, Plan Sponsor contributions were reduced by \$41,266 from forfeited nonvested accounts.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost plus accrued interest and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

**Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are borne by the participant. No allowance for credit losses has been recorded as of December 31, 2024 and December 31, 2023.

## 2. Summary of Significant Accounting Policies (Continued)

### **Investment Valuation and Income Recognition**

Investments are stated at fair value as certified by the trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are borne by the borrower and are included as part of the note receivable to be repaid by the participant. Requests for distributions are charged directly to the participant's account and are included as part of benefits paid to participants. Investment related expenses are included in net appreciation/depreciation in fair value of the investments.

### **Subsequent Events**

The Plan has evaluated subsequent events through September 9, 2025, which is the date the financial statements were made available to be issued.

## 3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

### **Interest Bearing Cash**

Valued at cost plus accrued interest.

### **Mutual Funds**

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurement (Continued)

The following table presents information about the Plan investments measured at fair value on a recurring basis as of December 31, 2024 and December 31, 2023, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

**4. Financial Certification (Unaudited)**

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Fidelity Management Trust Company, in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Fidelity Management Trust Company. The Plan has obtained a certification from Fidelity Management Trust Company that such information is complete and accurate as of December 31, 2024 and December 31, 2023 and for the year ended December 31, 2024.

	December 31,	
	2024	2023
Assets as of		
Notes receivable from participants	\$ 705,959	\$ 471,481
Interest bearing cash	865,930	976,182
Mutual funds	27,460,726	22,880,993
Transactions for the year ended		
Notes receivable interest	\$ 24,313	
Investment income	4,499,247	

**5. Related-Party and Party-in-Interest Transactions**

Certain plan investments are managed by Fidelity Management Trust Company, who is the trustee and record keeper for the Plan. Transactions with this party qualifies as party-in-interest transactions. Fees paid by the Plan for administrative and professional services amounted to \$4,644 for the year ended December 31, 2024. Fees paid by the Plan for other investment management services are included in the net appreciation in fair value of the investments as they are paid through revenue share rather than a direct payment. The Plan Administrator pays directly any other expenses related to the Plan’s operations.

Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA. Interest earned on notes receivable from participants amounted to \$24,313 for the year ended December 31, 2024.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant’s account.

**7. Tax Status**

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion or determination letter from the IRS. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

**9. Reconciliation of Form 5500 to the Financial Statements**

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31,	
	2024	2023
Net assets available for benefits per the Form 5500	\$ 29,032,616	\$ 24,328,657
Other reconciling items - rounding	(1)	(1)
Net assets available for benefits per the financial statements	<u>\$ 29,032,615</u>	<u>\$ 24,328,656</u>

**10. Transfers Out of The Plan**

In December 2024, it was determined that members of Hillman Power Company, LLC should no longer be eligible to participate in Opal Fuels LLC 401(k) Plan. Transfers out of the Plan during the year ended December 31, 2024, as a result of this, were \$1,069,118.
