Precision Strip Retirement and Savings Plan

Opinion

We have audited the financial statements of Precision Strip Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at the End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These

additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRECISION STRIP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Precision Strip Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides certain benefits to the eligible employees of Precision Strip Inc. (the “Company”), a wholly owned subsidiary of Reliance, Inc. (“Reliance”), and Precision Strip Transport, Inc., a wholly owned subsidiary of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 and subsequent amendments (“ERISA”). The Plan is administered by the Reliance, Inc. Benefits Committee (“Plan Administrator”). The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”) and the recordkeeper is Fidelity Investments Institutional Operations Company, Inc.

In February 2024, the Reliance Steel & Aluminum Co. corporate name was changed to Reliance, Inc. The disclosures do not distinguish between Reliance’s prior and current corporate name and will refer to its current name throughout the financial statements.

Participation

New employees are automatically enrolled into the Plan following the completion of three months of service with an initial deferral contribution of 4% of eligible compensation, unless the employee elects a different deferral contribution percentage or declines to participate. The initial deferral contribution percentage for those participants automatically enrolled into the Plan increases annually by 2% (up to a maximum of 10%), unless elected otherwise by the participant.

Contributions

Participants may contribute up to 50% of eligible compensation into the Plan on a pre-tax basis and/or make Roth 401(k) contributions on an after-tax basis, subject to federal limits. Additionally, participants attaining the age of 50 by the end of a Plan year can make additional “catch-up” contributions. The Company makes employer profit sharing contributions, which are discretionary. Participants become eligible to receive discretionary profit sharing contributions after the completion of 1,000 hours and one year of service.

Participants may contribute eligible rollovers from other qualified defined benefit plans, defined contribution plans and individual retirement accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and allocation of investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balances into various investment funds offered by the Plan.

PRECISION STRIP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Vesting

Participants are immediately vested in their accounts with respect to participant contributions, eligible rollovers and earnings thereon. Participants vest in Company contributions and earnings thereon based upon the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Upon retirement, disability, death, or termination of service, a participant is eligible to receive a lump-sum amount equal to the value of the vested interest in his or her account. Installment payment options are also available. Other withdrawals from participants' account balances may be made under certain circumstances, as defined in the Plan document. The Plan includes certain automatic distribution provisions for participants with small account balances.

Forfeitures

For the year ended December 31, 2024, forfeited employer contributions totaled \$454,374. Forfeitures used to reduce the Company's contributions during 2024 were \$447,495. As of December 31, 2024 and 2023, the Plan held \$11,312 and \$3,075, respectively, of forfeited nonvested account balances that can be used to reduce future Company contributions or pay Plan administrative expenses.

Notes Receivable from Participants

Participants generally may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the respective participant's vested account balance and are subject to interest charges. Interest rates applicable to new notes are determined by the Plan Administrator on the first day of each calendar quarter based on prevailing market rates. Loans are repaid ratably through periodic payroll deductions over a term not exceeding five years for general purpose loans and up to ten years for the purchase of a primary residence. As of December 31, 2024, notes receivable from participants had interest rates that ranged from 4.25% to 9.50% and maturities through October 2034. Interest earned is recorded on an accrual basis in the Interest on notes receivable from participants caption in the accompanying statement of changes in net assets available for benefits. Unpaid loans determined to be in default under the terms of the notes are deemed to be distributed in accordance with the provisions of the Plan document and included in the Benefits paid caption in the accompanying statement of changes in net assets available for benefits.

Administrative Expenses

Recordkeeping fees and other Fidelity fees are partially paid from a suspense account which receives interest income from Fidelity with the Company paying any remaining fees. See *Note 2— "Investment Valuation and Income Recognition"* for further information on the interest income the Plan earns from Fidelity. For the year ended December 31, 2024, the Plan earned \$38,152 of interest income from Fidelity which was used to pay \$41,887 of recordkeeping and other Fidelity fees, included in administrative expenses. As of December 31, 2024 and 2023, the Plan held \$33,707 and \$26,147, respectively, in the suspense account that will be used to pay future Fidelity fees. As of December 31, 2024 and 2023, accrued interest income due from Fidelity of \$11,352 and \$1,737, respectively, is reflected in the Due to trustee, net caption in the accompanying statements of net assets available for benefits.

Loan initiation and maintenance, and overnight delivery fees are also included in administrative expenses and charged by Fidelity directly to the account balance of the applicable participants. As of December 31, 2024 and 2023,

PRECISION STRIP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

accrued administrative expenses of \$27,938 and \$7,889, respectively, are reflected in the Due to trustee, net caption in the accompanying statements of net assets available for benefits.

Audit, legal, certain Fidelity recordkeeping fees, and other administrative expenses relating to the Plan are not reflected in the accompanying financial statements as they are paid by the Company.

Revenue Sharing Program

The Plan receives investment funds administrative revenue credits through its participation in Fidelity's revenue sharing program. As of December 31, 2024 and 2023, revenue sharing credits owed to the Plan from Fidelity of \$1,988 and \$1,765, respectively, were reflected in the Due to trustee, net caption in the accompanying statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments are reported at fair value.

Investment Valuation and Income Recognition

The Plan has investments in registered investment companies (mutual funds), commingled funds, a common collective trust, a unitized Reliance common stock fund and participant-directed brokerage accounts through Fidelity BrokerageLink®. Mutual funds and common stock are stated at fair value based on the quoted market price of the funds or common stock held. The investments in commingled funds and a common collective trust are stated at net asset value ("NAV") of the shares held by the Plan as a practical expedient to estimate fair value. The investments offered through Fidelity BrokerageLink® include interest-bearing cash, common stocks, mutual funds and exchange traded funds, which are stated at fair value based on quoted market prices in active markets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Included in interest income are earnings the Plan receives from overnight investment of amounts awaiting trade settlement or clearing of disbursements. Such amounts are deposited in a suspense account which are used to pay recordkeeping fees and other Plan expenses. See *Note 1— "Administrative Expenses"* for further details of interest income received from Fidelity.

The Plan holds shares in commingled pools, managed by Fidelity and other sponsors. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value and there are generally no restrictions on a participant's ability to redeem at the fund's NAV.

The Plan has an investment in the Fidelity Managed Income Portfolio II Class 2 ("MIP"), a stable value fund held within a common collective trust, which has entered into fully benefit-responsive investment contracts to provide preservation of principal, maintain a stable interest rate and provide liquidity at contract value for participant withdrawals and transfers. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

Generally, there are no restrictions on a participant's ability to redeem their investment in the commingled pools and common collective trust at the investment's NAV. However, withdrawals prompted by certain events (e.g., the termination of the commingled pools or MIP and changes in laws or regulations) may restrict a participant's ability to redeem the investment at its NAV. There are no unfunded commitments with respect to these investments.

Cash and cash equivalents include interest-bearing cash and a money market fund.

PRECISION STRIP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) in fair value of investments is presented in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could materially differ from those estimates.

Benefit Payments

Benefits to participants and beneficiaries are recorded when paid.

Subsequent Events

Plan management evaluates subsequent events through the date the financial statements are issued.

3. Investments

Participants may invest in certain investments offered by the Trustee, including a unitized Reliance common stock fund that consists principally of Reliance, Inc. common stock and interest-bearing cash that provides liquidity for trading. As of December 31, 2024 and 2023, the Plan held approximately 252,425 and 263,399 units of the Reliance, Inc. Stock Fund with fair values of \$21,443,261 and \$22,808,171, respectively.

The assets and liabilities of the Reliance, Inc. Stock Fund were as follows:

	December 31, 2024	December 31, 2023
Reliance, Inc. common stock (76,320 shares as of December 31, 2024 and 78,196 shares as of December 31, 2023)	\$ 20,549,923	\$ 21,869,857
Interest-bearing cash	892,171	935,730
Other receivables	3,367	4,023
Other payables	(2,200)	(1,439)
	<u>\$ 21,443,261</u>	<u>\$ 22,808,171</u>

For risks and uncertainties regarding investment in Reliance, Inc. common stock, participants should refer to the Reliance, Inc. Annual Report on Form 10-K for the year ended December 31, 2024 and in other documents Reliance files or furnishes with the United States Securities and Exchange Commission.

4. Fair Value Measurements

Fair value is the price that would be received to sell the investment in an orderly transaction between market participants (an exit price). The Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in markets that are active; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

December 31, 2024	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 7,145,143	\$ —	\$ —	\$ 7,145,143
Mutual funds	65,458,970	—	—	65,458,970

Common collective trust measured at NAV				13,483,154
Total investments at fair value	\$ 94,001,780	\$ —	\$ —	\$ 364,732,370

December 31, 2023	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 8,878,653	\$ —	\$ —	\$ 8,878,653
Mutual funds	105,444,106	—	—	105,444,106
Reliance, Inc. common stock	21,869,857	—	—	21,869,857
Self-directed brokerage accounts	376,727	—	—	376,727
Total assets in the fair value hierarchy	136,569,343	—	—	136,569,343
Commingled funds measured at NAV				177,291,021
Common collective trust measured at NAV				15,926,888
Total investments at fair value	\$ 136,569,343	\$ —	\$ —	\$ 329,787,252

Investments in mutual funds, common stock and self-directed brokerage accounts are measured at fair value based on quoted market prices of the underlying investments in active markets. Cash and cash equivalents include a money market fund that is measured at fair value based on a quoted market price in an active market and interest-bearing cash with a carrying amount that approximates fair value. Investments in commingled funds and a common collective trust are measured at fair value using NAV as a practical expedient. The fair value of these assets is excluded from the fair value hierarchy and is presented in the tables above to permit reconciliation of the investments classified within the fair value hierarchy to the total investments at fair value.

PRECISION STRIP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

5. Related Party and Party-in-Interest Transactions

Certain of the Plan’s investments include shares in mutual funds, commingled funds and an interest in a common collective trust that are managed by the Trustee. The Plan also invests in shares of Reliance, Inc. common stock through the unitized Reliance common stock fund. The unitized Reliance common stock fund received \$341,337 of dividends from Reliance, Inc. for the 2024 Plan year. These transactions, participant loans and the Plan’s participation in Fidelity’s revenue sharing program qualify as exempt party-in-interest transactions.

6. Income Tax Status

The Internal Revenue Service (“IRS”) issued an opinion letter dated June 30, 2020 that states that the form of the Fidelity plan document adopted by the Plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the date of this letter, the Plan Administrator believes the Plan is currently operating in compliance with the applicable requirements of the IRC and therefore is tax qualified.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has concluded that, as of December 31, 2024 and 2023, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested with respect to Company contributions.

8. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets and changes in net assets available for benefits as reported on Form 5500 with that reported in the accompanying financial statements:
