Independent Auditor's Report

To the Plan Administrator
Faith in Action Network 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Faith in Action Network 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Faith in Action Network 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Matrix Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section.

To the Plan Administrator
Faith in Action Network 401(k) Plan

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Faith in Action Network 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Faith in Action Network 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

To the Plan Administrator
Faith in Action Network 401(k) Plan

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Faith in Action Network 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Faith in Action Network 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Faith in Action Network 401(k) Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions as of and for the year ended December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FAITH IN ACTION NETWORK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the Faith in Action Network 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, originally effective January 1, 2008, and most recently amended and restated January 1, 2021, covering all eligible employees of Faith in Action Network (Organization) for the purpose of saving for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - All employees, except union employees, nonresident aliens, leased employees, residents of Puerto Rico, interns, part-time employees, and temporary employees, who are age 21 or older, are eligible to participate in the Plan. Entry dates are the date the eligibility requirements have been met by a participant.

Contributions - Each year, participants may contribute up to 100% of pre-tax annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate all or a portion of their elective deferral contributions as after-tax Roth elective contributions. A Roth contribution is defined as being made in lieu of all, or a portion of, the pre-tax elective deferral the participant is otherwise eligible to make under the Plan and treated by the Organization as includible in the participant's income. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization contributes a safe harbor non-elective contribution of 3% of the participant's compensation. At its discretion, the Organization may make additional profit-sharing contributions. For the year ended December 31, 2024, the Organization contributed a profit-sharing contribution of \$142,663. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Organization's contribution and plan earnings, as well as charged with an allocation of administrative expenses that are paid by the Plan. Expenses of investment funds are paid directly by the investment fund through a credit to earnings of the fund. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and the Organization's contributions, plus actual earnings thereon.

FAITH IN ACTION NETWORK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced to the extent that the participant's highest outstanding loan balance during the preceding twelve-month period exceeds the current balance, or 50% of their vested account balance. Loan terms range from one to five years. Loan terms may be longer than five years for loans used for the purchase of a primary residence. Loans are secured by the balance in the participant's account and accrue interest at a rate equal to prime plus 1%. Principal and interest are paid ratably through regular payroll deductions. In the event of retirement, disability, death, or termination of employment, the loan becomes payable in full. Participants may only have one loan outstanding at any one time.

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or severance of employment, a participant may request a lump-sum distribution equal to the value of the participant's vested interest in the Plan. In certain instances, a terminated participant may elect to delay withdrawal until a future date. A participant that is age 59½ or older may make in-service withdrawals. For any distribution not in excess of \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement plan designated by the Organization and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 73, or (ii) the year in which the participant retires.

Hardship Withdrawals - Participants may withdraw their account in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must exhaust all other assets prior to obtaining a hardship withdrawal.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FAITH IN ACTION NETWORK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. The Organization determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income earned on the shares of the external funds is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Contributions Receivable - As of December 31, 2024 and 2023, the Plan had employer contributions receivables of \$29,394 and \$13,200, respectively, and participant contributions receivable of \$16,614 and \$0, respectively.

Contributions - Contributions from Plan participants and the contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses paid by the Organization are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. The Plan's designated investment alternatives carry their own operating expenses that reduce the investment earnings of the relevant participant-directed investments.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Organization has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Collective Trust Fund - Valued at net asset value (NAV) of units of the collective trust fund. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the pooled separate account will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Registered Investment Companies	\$ 6,472,293	\$ -	\$ -	\$ 6,472,293
Total Investments in the Fair Value Heirarchy	6,472,293	-	-	6,472,293
Investments Measured at NAV (a)	-	-	-	889,792
Total Investments, at Fair Value	<u>\$ 6,472,293</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,362,085</u>
	2023			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 6,318,120	\$ -	\$ -	\$ 6,318,120
Total Investments in the Fair Value Heirarchy	6,318,120	-	-	6,318,120
Investments Measured at NAV (a)	-	-	-	879,877
Total Investments, at Fair Value	<u>\$ 6,318,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,197,997</u>

(a) In accordance with Subtopic 820-10, *Fair Value Measurements*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4: INFORMATION CERTIFIED BY CUSTODIAN

The Plan’s investments, as of December 31, 2024 and 2023, were held by Matrix Trust Company. The Organization elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Matrix Trust Company, the custodian, has certified the following data included in the accompanying financial statements and supplemental schedules as complete and accurate.

	2024	2023
Investments, at Fair Value		
Registered Investment Companies	\$ 6,472,293	\$ 6,318,120
Collective Trust	889,792	879,877
Total Investments, at Fair Value	\$ 7,362,085	\$ 7,197,997
		2024
Net Appreciation in Fair Value of Investments		\$ 653,709
Dividends		197,160
Total Investment Income		\$ 850,869

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as participant and employer contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies managed by the custodian and recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees for professional services rendered by parties in interest are partially absorbed by the plan sponsor. Participant-borne transaction fees are paid out of the relevant participants’ accounts. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances. Any unallocated forfeitures would be allocated to participants’ accounts and distributed in such a manner as the Organization may determine.

NOTE 7: TAX STATUS

The underlying Ascensus, LLC Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement, has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under the IRC Section 401, therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Organization has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for three years after it is filed.

NOTE 8: PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions and to the Plan from its general assets as soon as practicable. The Plan has contributions totaling \$27,373, all of which represented employee salary deferrals and loan repayments, that were not remitted timely. These contributions are considered prohibited transactions. The Company will calculate lost investment earnings, and expects to compensate the plan for the lost earnings in 2025.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there are various commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Plan Sponsor, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations. The Plan Sponsor believes there are no known commitments and contingencies which are not reflected in the financial statements.
