INDEPENDENT AUDITOR'S REPORT

Audit Committee
The Board of L.L.Bean, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of L.L.Bean, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Audit Committee
The Board of L.L. Bean, Inc.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023 were audited by Berry, Dunn, McNeil & Parker, LLC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 23, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of the L.L.Bean, Inc. 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document, as amended, or summary plan description for more complete information.

General

L.L.Bean, Inc. (the "Company") established the Plan as a way for eligible employees to accumulate capital for their retirement. The Plan includes voluntary savings and company contribution features. The Company also serves as the administrator of the Plan and does not charge a fee for services provided to the Plan.

Employees are eligible to participate in the Plan immediately after they are hired, unless otherwise excluded under terms of the Plan.

Effective January 1, 2023, the Board Compensation Committee approved of the Plan to accept additional distribution options. The Plan now allows for partial distributions and various installment options.

Contributions

Match – Participants can contribute between 1% and 75% of their pre-tax compensation (not to exceed the maximum dollar amount under the Internal Revenue Code, the "Code"), as defined by the Plan. The Company makes matching contributions at a rate of 100% of the participant's contribution up to 3% of the participant's compensation, and 50% in excess of 3% of the participant's contribution up to 5% of compensation. Contributions are recorded in the period the Company makes payroll deductions from employees.

Discretionary – Determined annually by the Board of Directors based on business results. The Company contributed 3% and 4% of eligible participant's compensation for the 2024 and 2023 plan years, respectively.

Rollovers due to pension termination – As a result of the Pension Plan termination, active and terminated vested employees (not yet in pay status) had the option to receive their pension benefit as an immediate lump sum, an immediate annuity, or an annuity at retirement. Participants who selected the immediate lump sum option could opt for a direct rollover to their L.L.Bean, Inc. 401(k), or any other qualified retirement account. The Plan had no termination rollovers for 2024.

Other rollovers – Participants can contribute their entire vested balance from another plan. The Plan accepts both direct and indirect rollovers. Direct rollovers are transferred from another qualified plan into the Plan and indirect rollovers are made by the participant after withdrawing funds from another qualified plan within 60 days.

Discretionary contributions are recorded as receivables within the Statements of Net Assets Available for Benefits, as contributions are made subsequent to plan year end.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

All contributions are subject to annual Code limits.

Participant Accounts

All Company and participant contributions to the Plan are invested in accordance with investment elections specified by each participant. Each participant's account is credited or charged with the participant's contribution or withdrawal and an allocation of (a) the Company's contribution and (b) Plan earnings or losses, less plan administrative expenses to the extent forfeitures and revenue credits are not adequate to cover such expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

401(k) Retirement Savings Account

Participants are immediately 100% vested in employer matching contributions.

Discretionary Contributions

Participants vest in their contributions as follows:

Vesting Percent	Years of Vesting Service
20%	1 but less than 2
40%	2 but less than 3
60%	3 but less than 4
80%	4 but less than 5
100%	5 or more

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to five years or longer for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions in periodic installments.

Payment of Benefits

Withdrawals from after-tax contributions made prior to January 1, 1992, are unrestricted with the exception of the minimum withdrawal being \$500 and limited to one withdrawal in a 12-month period. Hardship withdrawals from pre-tax contributions are available to participants to meet an immediate financial hardship as defined by the Code that cannot be met from other resources.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Upon service or disability retirement, death or termination of employment, the participant or the beneficiary is entitled to the participant's vested interest in their account. If the value is less than \$1,000, the funds will be automatically distributed to the participant. If the value is \$1,000 or more but less than \$5,000, the funds will be automatically rolled into an Individual Retirement Account ("IRA").

Benefit payments from accounts with vested balances of \$5,000 or more may be withdrawn immediately or deferred by participants until their required beginning date, which is April 1st, of the year following the later of: i) the year in which they attain age seventy-two or ii) the year in which they attain age seventy and a half, if they were born before July 1, 1949. The participant or beneficiary will receive benefits in cash in the form of annual installments of the required minimum amount, or in one of the other permitted forms of payment if elected.

Forfeited Accounts

If a participant terminates employment with the Company at a time when the participant does not have a fully vested interest, the nonvested balance and actual earnings thereon are forfeited. Forfeitures are left in the Plan to reduce future administrative expenses or to fund future Company contributions. Forfeitures, including investment earnings thereon, available and used to reduce future administrative expenses or to fund future Company contributions were approximately \$178,000 and \$136,000 at December 31, 2024 and 2023, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. A fully benefit responsive investment contract is an agreement between the Plan and an investment contract issuer where the issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for more information on valuation of the Plan's investments.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (and losses) on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan allows for payment of any expenses incurred in administering the Plan to be paid by either the Company or the Plan. For the years ended December 31, 2024, and 2023, the Plan paid for approximately \$455,000 and \$469,000, respectively, of administrative expenses related to plan administration, with remaining expenses paid for by the Company. Expenses paid for by the Company are not reflected in these financial statements. Investment related expenses are paid by the Plan and are included in net appreciation (depreciation) of fair value of investments.

The Plan has a "Fixed Fee" recordkeeping pricing arrangement with Fidelity Management Trust Company (Fidelity), the trustee, where fees are deducted directly from participant accounts. For presentation in financial statements, the fees are reported as part of net appreciation of fair value of investments.

The Plan incorporates fee leveling and uses the lowest net expense ratio (net of revenue share) when possible. Certain investments have revenue share as part of their gross expense ratio. Where there is revenue share, 100% of that revenue share is credited back to participants resulting in a lower net cost. Plan fees are then debited equally from participant accounts. Loan processing fees and other ancillary fees that may be incurred, are charged directly to the borrowing participant or the participant that utilizes the ancillary features.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Revenue Credit

The Plan has a revenue credit agreement with the trustee, whereby excess revenue, exceeding agreed-upon compensation, received by the trustee from sponsors of some Plan investment options is paid to the trust. As of December 31, 2024, the credit is invested in the MetLife Stable Value Fund that earns interest. As of December 31, 2023, the credit is invested in the Fidelity Managed Income Portfolio that earns interest and dividends. The revenue credits qualify as party-in-interest transactions. The remaining unallocated balance as of December 31, 2024 is included within investments, at contract value on the statements of net assets available for benefits. The remaining unallocated balance as of December 31, 2023 is included within investments, at fair value on the statements of net assets available for benefits.

Subsequent Events

The Company has evaluated events and transactions subsequent to December 31, 2024 through September 18, 2025, which is the date that the financial statements were available to be issued, for recognition or disclosure in the financial statements.

Risk and Uncertainties

The Plan provides for various investment options in a variety of mutual funds and common collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Fair Value Measurement

The Plan follows the provisions detailed within U.S. GAAP on fair value measurement for all financial assets and liabilities. The guidance defines fair value, establishes a framework for measuring fair value, and enhances disclosures about fair value.

The guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance classifies the inputs used to measure fair value into the following three categories:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

December 31, 2024 and 2023

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Mutual funds – Valued at quoted market prices, which represents net asset value (“NAV”).

Common collective trusts – Valued using the market approach based on the NAV of the units held by the Plan at year end. The NAV is provided by the custodians and used as the practical expedient to estimate fair value. As such, they are not included in the fair value hierarchy.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 350,829,569	\$ -	\$ -	\$ 350,829,569
Common collective trusts				410,307,148
Total	\$ 350,829,569	\$ -	\$ -	\$ 761,136,717

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 315,056,966	\$ -	\$ -	\$ 315,056,966
Common collective trusts				393,354,782

4. Investments in Common Collective Trusts

The Plan contains several investments held in common collective trusts (CCT).

The Managed Income Portfolio is managed by Fidelity Management Trust Company as a commingled pool, seeking to preserve principal while earning a level of interest income consistent with principal preservation. The Portfolio strives to maintain a stable net asset value of \$1 per share although there is no guarantee it will be able to do so. As of December 31, 2024 the net asset value of the Fidelity Managed Income Portfolio II was \$24,325.

This CCT is redeemable on any business day for participant-directed distributions. Withdrawals directed by the Plan Sponsor must be preceded by 12 months written notice to the Trustee.

All other CCTs are redeemable monthly. The terms of the CCTs prohibit the Plan from making a direct exchange from these funds to a competing fund. Instead, the Plan must first exchange the funds to a non-competing fund for 90 days.

5. Guaranteed Annuity Account

The Plan entered into a benefit-responsive investment contract with MetLife. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed-upon with the issuer but may not be less than 0% for the MetLife Stable Value Fund. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Information Prepared and Certified by Trustee

The investments, investment transactions, net appreciation (depreciation) in fair value of investments, notes receivable from participants and interest and dividends were obtained by management and agreed to or derived from the information certified by Fidelity, the trustee, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statements of Changes in Net Assets Available for Benefits
- Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year)

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 25, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code and are qualified under Section 401(a) of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Parties-in-Interest

ERISA defines a party-in-interest to include any person who provides services to the Plan. Fidelity is the trustee and custodian of the Plan. As the trustee, Fidelity holds and manages the Plan's assets and makes distributions in accordance with the instructions of the Plan administrator. Certain of these investments are shares of funds managed by the affiliates of the custodian. In addition, certain distributions made by the custodian are in the form of loans to the Plan's participants. These loans are also considered to be party-in-interest transactions. Fees paid by the Plan to Fidelity for administrative expenses, excluding investment related fees, were approximately \$330,000 and \$318,000 for the years ended December 31, 2024 and 2023, respectively. The Plan also paid approximately \$62,000 and \$60,000 in yearly financial consulting fees, and approximately \$63,000 and \$91,000 in legal fees which are included in Administrative Expense for the years ended December 31, 2024 and 2023, respectively.

9. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right to do so at any time. In the event the Plan is terminated, the net assets of the Plan shall be distributed to the participants, based on the requirements within ERISA guidelines, by the trustee. In the event of Plan termination, participants will become fully vested in their employer contributions.

INDEPENDENT AUDITOR'S REPORT

Audit Committee
The Board of L.L.Bean, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of L.L.Bean, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Audit Committee
The Board of L.L. Bean, Inc.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023 were audited by Berry, Dunn, McNeil & Parker, LLC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 23, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

1. Plan Description

The following description of the L.L.Bean, Inc. 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document, as amended, or summary plan description for more complete information.

General

L.L.Bean, Inc. (the "Company") established the Plan as a way for eligible employees to accumulate capital for their retirement. The Plan includes voluntary savings and company contribution features. The Company also serves as the administrator of the Plan and does not charge a fee for services provided to the Plan.

Employees are eligible to participate in the Plan immediately after they are hired, unless otherwise excluded under terms of the Plan.

Effective January 1, 2023, the Board Compensation Committee approved of the Plan to accept additional distribution options. The Plan now allows for partial distributions and various installment options.

Contributions

Match – Participants can contribute between 1% and 75% of their pre-tax compensation (not to exceed the maximum dollar amount under the Internal Revenue Code, the "Code"), as defined by the Plan. The Company makes matching contributions at a rate of 100% of the participant's contribution up to 3% of the participant's compensation, and 50% in excess of 3% of the participant's contribution up to 5% of compensation. Contributions are recorded in the period the Company makes payroll deductions from employees.

Discretionary – Determined annually by the Board of Directors based on business results. The Company contributed 3% and 4% of eligible participant's compensation for the 2024 and 2023 plan years, respectively.

Rollovers due to pension termination – As a result of the Pension Plan termination, active and terminated vested employees (not yet in pay status) had the option to receive their pension benefit as an immediate lump sum, an immediate annuity, or an annuity at retirement. Participants who selected the immediate lump sum option could opt for a direct rollover to their L.L.Bean, Inc. 401(k), or any other qualified retirement account. The Plan had no termination rollovers for 2024.

Other rollovers – Participants can contribute their entire vested balance from another plan. The Plan accepts both direct and indirect rollovers. Direct rollovers are transferred from another qualified plan into the Plan and indirect rollovers are made by the participant after withdrawing funds from another qualified plan within 60 days.

Discretionary contributions are recorded as receivables within the Statements of Net Assets Available for Benefits, as contributions are made subsequent to plan year end.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

All contributions are subject to annual Code limits.

Participant Accounts

All Company and participant contributions to the Plan are invested in accordance with investment elections specified by each participant. Each participant's account is credited or charged with the participant's contribution or withdrawal and an allocation of (a) the Company's contribution and (b) Plan earnings or losses, less plan administrative expenses to the extent forfeitures and revenue credits are not adequate to cover such expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

401(k) Retirement Savings Account

Participants are immediately 100% vested in employer matching contributions.

Discretionary Contributions

Participants vest in their contributions as follows:

Vesting Percent	Years of Vesting Service
20%	1 but less than 2
40%	2 but less than 3
60%	3 but less than 4
80%	4 but less than 5
100%	5 or more

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to five years or longer for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions in periodic installments.

Payment of Benefits

Withdrawals from after-tax contributions made prior to January 1, 1992, are unrestricted with the exception of the minimum withdrawal being \$500 and limited to one withdrawal in a 12-month period. Hardship withdrawals from pre-tax contributions are available to participants to meet an immediate financial hardship as defined by the Code that cannot be met from other resources.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Upon service or disability retirement, death or termination of employment, the participant or the beneficiary is entitled to the participant's vested interest in their account. If the value is less than \$1,000, the funds will be automatically distributed to the participant. If the value is \$1,000 or more but less than \$5,000, the funds will be automatically rolled into an Individual Retirement Account ("IRA").

Benefit payments from accounts with vested balances of \$5,000 or more may be withdrawn immediately or deferred by participants until their required beginning date, which is April 1st, of the year following the later of: i) the year in which they attain age seventy-two or ii) the year in which they attain age seventy and a half, if they were born before July 1, 1949. The participant or beneficiary will receive benefits in cash in the form of annual installments of the required minimum amount, or in one of the other permitted forms of payment if elected.

Forfeited Accounts

If a participant terminates employment with the Company at a time when the participant does not have a fully vested interest, the nonvested balance and actual earnings thereon are forfeited. Forfeitures are left in the Plan to reduce future administrative expenses or to fund future Company contributions. Forfeitures, including investment earnings thereon, available and used to reduce future administrative expenses or to fund future Company contributions were approximately \$178,000 and \$136,000 at December 31, 2024 and 2023, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. A fully benefit responsive investment contract is an agreement between the Plan and an investment contract issuer where the issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for more information on valuation of the Plan's investments.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (and losses) on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan allows for payment of any expenses incurred in administering the Plan to be paid by either the Company or the Plan. For the years ended December 31, 2024, and 2023, the Plan paid for approximately \$455,000 and \$469,000, respectively, of administrative expenses related to plan administration, with remaining expenses paid for by the Company. Expenses paid for by the Company are not reflected in these financial statements. Investment related expenses are paid by the Plan and are included in net appreciation (depreciation) of fair value of investments.

The Plan has a "Fixed Fee" recordkeeping pricing arrangement with Fidelity Management Trust Company (Fidelity), the trustee, where fees are deducted directly from participant accounts. For presentation in financial statements, the fees are reported as part of net appreciation of fair value of investments.

The Plan incorporates fee leveling and uses the lowest net expense ratio (net of revenue share) when possible. Certain investments have revenue share as part of their gross expense ratio. Where there is revenue share, 100% of that revenue share is credited back to participants resulting in a lower net cost. Plan fees are then debited equally from participant accounts. Loan processing fees and other ancillary fees that may be incurred, are charged directly to the borrowing participant or the participant that utilizes the ancillary features.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Revenue Credit

The Plan has a revenue credit agreement with the trustee, whereby excess revenue, exceeding agreed-upon compensation, received by the trustee from sponsors of some Plan investment options is paid to the trust. As of December 31, 2024, the credit is invested in the MetLife Stable Value Fund that earns interest. As of December 31, 2023, the credit is invested in the Fidelity Managed Income Portfolio that earns interest and dividends. The revenue credits qualify as party-in-interest transactions. The remaining unallocated balance as of December 31, 2024 is included within investments, at contract value on the statements of net assets available for benefits. The remaining unallocated balance as of December 31, 2023 is included within investments, at fair value on the statements of net assets available for benefits.

Subsequent Events

The Company has evaluated events and transactions subsequent to December 31, 2024 through September 18, 2025, which is the date that the financial statements were available to be issued, for recognition or disclosure in the financial statements.

Risk and Uncertainties

The Plan provides for various investment options in a variety of mutual funds and common collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Fair Value Measurement

The Plan follows the provisions detailed within U.S. GAAP on fair value measurement for all financial assets and liabilities. The guidance defines fair value, establishes a framework for measuring fair value, and enhances disclosures about fair value.

The guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance classifies the inputs used to measure fair value into the following three categories:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

L.L.BEAN, INC. 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Mutual funds – Valued at quoted market prices, which represents net asset value (“NAV”).

Common collective trusts – Valued using the market approach based on the NAV of the units held by the Plan at year end. The NAV is provided by the custodians and used as the practical expedient to estimate fair value. As such, they are not included in the fair value hierarchy.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 350,829,569	\$ -	\$ -	\$ 350,829,569
Common collective trusts				410,307,148
Total	\$ 350,829,569	\$ -	\$ -	\$ 761,136,717

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 315,056,966	\$ -	\$ -	\$ 315,056,966
Common collective trusts				393,354,782
Total	\$ 315,056,966	\$ -	\$ -	\$ 708,411,748

Notes to Financial Statements

December 31, 2024 and 2023

4. Investments in Common Collective Trusts

The Plan contains several investments held in common collective trusts (CCT).

The Managed Income Portfolio is managed by Fidelity Management Trust Company as a commingled pool, seeking to preserve principal while earning a level of interest income consistent with principal preservation. The Portfolio strives to maintain a stable net asset value of \$1 per share although there is no guarantee it will be able to do so. As of December 31, 2024 the net asset value of the Fidelity Managed Income Portfolio II was \$24,325.

This CCT is redeemable on any business day for participant-directed distributions. Withdrawals directed by the Plan Sponsor must be preceded by 12 months written notice to the Trustee.

All other CCTs are redeemable monthly. The terms of the CCTs prohibit the Plan from making a direct exchange from these funds to a competing fund. Instead, the Plan must first exchange the funds to a non-competing fund for 90 days.

5. Guaranteed Annuity Account

The Plan entered into a benefit-responsive investment contract with MetLife. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed-upon with the issuer but may not be less than 0% for the MetLife Stable Value Fund. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Information Prepared and Certified by Trustee

The investments, investment transactions, net appreciation (depreciation) in fair value of investments, notes receivable from participants and interest and dividends were obtained by management and agreed to or derived from the information certified by Fidelity, the trustee, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statements of Changes in Net Assets Available for Benefits
- Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year)

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 25, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code and are qualified under Section 401(a) of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Parties-in-Interest

ERISA defines a party-in-interest to include any person who provides services to the Plan. Fidelity is the trustee and custodian of the Plan. As the trustee, Fidelity holds and manages the Plan's assets and makes distributions in accordance with the instructions of the Plan administrator. Certain of these investments are shares of funds managed by the affiliates of the custodian. In addition, certain distributions made by the custodian are in the form of loans to the Plan's participants. These loans are also considered to be party-in-interest transactions. Fees paid by the Plan to Fidelity for administrative expenses, excluding investment related fees, were approximately \$330,000 and \$318,000 for the years ended December 31, 2024 and 2023, respectively. The Plan also paid approximately \$62,000 and \$60,000 in yearly financial consulting fees, and approximately \$63,000 and \$91,000 in legal fees which are included in Administrative Expense for the years ended December 31, 2024 and 2023, respectively.

9. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right to do so at any time. In the event the Plan is terminated, the net assets of the Plan shall be distributed to the participants, based on the requirements within ERISA guidelines, by the trustee. In the event of Plan termination, participants will become fully vested in their employer contributions.
