MCT Group Retirement Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of MCT Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MCT Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Applied Integrated Technologies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MCT Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MCT Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedules of schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1. DESCRIPTION OF THE PLAN**

The following description of the MCT Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the plan's provisions.

***General***

The Plan was established on January 1, 2006 and was restated January 1, 2022. The plan is a defined contribution plan covering eligible employees. The Plan is subject to the provisions of ERISA. The Plan excludes Non-Service Contract Act employees from receiving prevailing wage contributions. The Plan excludes Union Employees, Leased Employees and Non-Resident Employees. Employees are eligible for salary deferrals on the first day of the month following one month of service.

***Participating Employers***

The Plan is a multiple employer plan sponsored by MCT Group. Participating employers include Action Trailer Services, Inc., Hartwig Transit, Inc., McCormick Trucking, Inc., McCormicks LLC and Tracie McCormick, Inc.

***Contributions***

The Plan Sponsor makes Prevailing Wage Contributions specified for the Plan year. Contributions also include salary deferrals and discretionary profit sharing (plus a discretionary match for Non-SCA employees only).

***Participant Accounts***

Each participant's account is credited with (a) the Participant's deferrals (b) the Company contributions and (c) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on each participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

***Vesting***

Participants are immediately vested in their contributions, prevailing wage contributions and actual earnings thereon. Vesting in the Company's discretionary profit sharing and discretionary match contributions is based upon a 5- year graded vesting schedule (1 Year: 20%, 2 Years: 40%, 3 Years: 60%, 4 Years: 80% and 5 Years: 100%).

***Participant Loans***

The plan does not allow for participant loans.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1. DESCRIPTION OF THE PLAN (continued)**

***Payment of Benefits***

Participants, or their beneficiaries, are eligible to receive payment of benefits in the event of the participant's retirement, death, disability, or termination or the termination of the Plan. Benefits are distributed according to provisions set forth in the plan document. Such options include lump sum and partial distributions.

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES**

***Basis of Presentation***

The financial statements of the Plan are prepared on the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in accounting period in which they are incurred.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded in the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

***Payments of Benefits***

Benefits are recorded when paid.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES (Continued)**

*Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investments related expenses are included in net appreciation(depreciation) of the fair value of investments.

*Subsequent Events*

The Plan has evaluated subsequent events through September 2, 2025, the date the financial statements were available to be issued.

**NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN**

**NOTE 4. FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

<i>Level 1</i>	<i>Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.</i>
<i>Level 2</i>	<i>Inputs to the valuation methodology include</i> <ul style="list-style-type: none"><li>• <i>quoted prices for similar assets or liabilities in active markets;</i></li><li>• <i>quoted prices for similar assets or liabilities in inactive markets;</i></li><li>• <i>inputs other than quoted prices that are observable for the asset or liability;</i></li><li>• <i>inputs that are derived principally from or corroborated by observable market data by correlation or other means.</i></li></ul> <p style="text-align:center"><i>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</i></p>
<i>Level 3</i>	<i>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</i>

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 4. FAIR VALUE MEASUREMENTS (Continued)**

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* The fair value is determined on the basis of quoted prices in an active market. Shares of mutual funds are valued at the net asset value (“NAV”) of shares held by the Plan on the last business day of the Plan year where the price of the fund is quoted in an active market.

*Common Collective Trust:* The fair value of participation units in the collective trust is based upon the net asset value. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the report net asset value. Participant purchases and sales may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan’s assets at fair value as of December 31, 2024, and 2023:

	<b><u>Asset at Fair Value as of December 31, 2024</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 563,694	\$ -	\$ -	\$ 563,694
Common Collective Trust	-	-	-	4,452,347 <sup>^</sup>
Total asset at fair value	<u>\$ 563,694</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,016,041</u>

  

	<b><u>Asset at Fair Value as of December 31, 2023</u></b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 4,969,963	\$ -	\$ -	\$ 4,969,963
Common Collective Trust	-	-	-	217,498 <sup>^</sup>
Total asset at fair value	<u>\$ 4,969,963</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,187,461</u>

<sup>^</sup> Common collective trust funds are measured at fair market value using the net asset value per share or its equivalent as a practical expedient and are therefore not required to be classified in the fair value hierarchy.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 4. FAIR VALUE MEASUREMENTS (Continued)**

The following table summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Investment Category	2024 Fair Value	2023 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
Common Collective Trust	\$ 4,452,347	\$ 217,498	\$ -	Daily	One Day

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

**NOTE 5. NONPARTICIPANTS-DIRECTED INVESTMENTS**

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2024 and 2023.

**NOTE 6. GUARANTEED INVESTMENT CONTRACT WITH EMPOWER ANNUITY INSURANCE COMPANY**

The Plan has a group annuity contract with Empower Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund totaling \$69,303 for 2024 and \$66,148 for 2023. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the group annuity contract since the contract was determined to be a FBRIC. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. At December 31, 2024, the Plan Administrator does believe that such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 6. GUARANTEED INVESTMENT CONTRACT WITH GREAT WEST LIFE & ANNUITY INSURANCE COMPANY (Continued)**

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed for reset on a quarterly basis.

In addition, certain events allow the issue to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreements without the consent of the issuer.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:

Base in Actual Earnings:	1.41%
Based on interest rate credited to participants:	1.41%

**NOTE 7. RELATED-PARTY TRANSACTIONS**

Certain Plan investments are managed by Empower Annuity Insurance Company. Empower Trust Company, LLC is the custodian and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions.

**NOTE 8. PLAN TERMINATION**

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its operations at any time and to terminate the plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

**NOTE 9. PLAN AMENDMENT AND TAX STATUS**

The Plan was established on January 1, 2006, and restated January 1, 2022, and has obtained an IRS Determination Letter that states the Plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**MCT GROUP RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 10. RISK AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances, and the amounts reported in the statement of net assets available for benefits.
