Kalihi-Palama Health Center 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kalihi-Palama Health Center 401(k) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (continued)

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**KALIHI-PALAMA HEALTH CENTER
401(k) RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

Kalihi-Palama Health Center 401(k) Retirement Savings Plan (Plan) became effective as of July 1, 2014. The following is a description of the Plan that provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2022.

General

The Plan is a defined contribution plan covering substantially all employees (except employees covered by a collective bargaining unit, leased employees, and non-resident aliens) of Kalihi-Palama Health Center (Center). Participants are eligible to make salary deferral contributions upon completion of one year of service with at least 1,000 hours of service. Effective January 1, 2021, the service requirement changed to the earlier of the 1,000 hours of service within a 12-month period or 500 hours of service in each 12-month period for three consecutive 12-month periods after 2020. Participants may enroll on the first day of each Plan quarter, after the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was amended to adopt certain interim provisions relating to the Further Consolidated Appropriations Act 2020, including the SECURE Act provisions, the Coronavirus, Aid, Relief and Economic Security (CARES) Act and the Consolidated Appropriations Act 2021 (CAA).

Contributions

Participants may make employee salary deferral contributions to the Plan up to \$23,000 and \$22,500 in 2024 and 2023, respectively, adjusted annually for the cost of living, plus an additional \$7,500 in 2024 and 2023, for employees age 50 and over.

The Center may elect on a year-to-year basis to make matching contributions to the Plan as determined by the Board of Directors. Participants are eligible for the matching contribution if they worked 1,000 hours in 12 consecutive months during the plan year, and if still employed on the last day of the plan year. The matching contribution shall not exceed 4% of an eligible participant's compensation and shall not be made with respect to elective deferrals in excess of 6% of an eligible participant's compensation. For the years ended December 31, 2024 and 2023, there were no matching contributions made by the Center.

The Center may also elect on a year-to-year basis to make a profit sharing contribution between 3% to 25% of the compensation of each eligible participant as determined by the Board of Directors. The first 3% of the profit-sharing contribution shall be a safe-harbor profit sharing contribution and the remainder shall be a discretionary profit sharing contribution. Participants are eligible for the safe-harbor profit sharing contribution if credited with at least one hour of service during the plan year. Participants are eligible for the discretionary profit sharing contribution contingent upon 1,000 hours of service and employment on the last day of the plan year. For the years ended December 31, 2024 and 2023, the Center contributed 3% of the compensation of each eligible participant or \$460,498 and \$430,101, respectively.

Total employee and employer contributions to each employee's account may not exceed the lesser of \$69,000 (\$76,500 with the catch-up contributions) and \$66,000 (\$73,500 with the catch-up contributions) for 2024 and 2023, respectively, or 100% of annual compensation, as defined.

401(k) RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants direct their elective contributions into various investment options offered by the Plan. The Center's contributions are invested in the same manner as that of the participant's elective contributions. Each participant's account is credited with the participant's contributions, the Center's matching contribution, an allocation of the profit sharing contributions, and an allocation based on participant earnings or account balances of the Plan's net earnings; less an allocation of plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions, safe-harbor profit sharing contributions, and actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions is based on a six-year graded vesting schedule with 20% vesting upon completion of two years of service and an additional 20% each year of service through year six. While still employed by the Company, a participant will automatically become 100% vested upon reaching normal retirement age under the Plan or in the event of a participant's death or permanent disability.

Payment of Benefits

The vested amount in each participant's account is payable upon death, disability, normal retirement, or termination of employment. Participants may elect to receive the entire value of their accounts in a lump sum, a direct rollover to a qualified retirement plan, or in an annuity under certain circumstances. Mandatory lump sum amounts will be paid to participants whose vested balance is less than \$1,000. Mandatory rollovers will be made for participants whose vested balance is greater than \$1,000 and less than or equal to \$7,000 to an individual retirement account or other qualified plan unless a lump sum distribution is elected.

Withdrawals

In-service withdrawals are available to all participants on his or her portion of the balance of rollover accounts or the entire value of the vested interest in his or her account if the participant has attained age 59 ½. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Forfeitures

Termination of employment for reasons other than retirement, disability, or death results in a forfeiture of the nonvested portion of the participant's account balance. Forfeitures may be applied to administrative expenses of the Plan and/or employer discretionary and matching contributions. At December 31, 2024 and 2023, there were no forfeited amounts.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested portion of their account balances. The minimum amount that may be borrowed is \$1,000, and a participant may only have two loans outstanding at any one time under the Plan. The notes and related interest must be repaid within five years unless the loan is used to acquire a principal residence. The notes are collateralized by the participants' account balances and bear interest at prevailing rates, which was 4.75% to 10.00% at December 31, 2024 and 2023. The notes mature at various dates through November 2029.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

U.S. GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonably possible that such estimates may change within the near term, and such differences could be material to the financial statements.

Investments Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee of the Plan. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized when investments are sold or otherwise disposed of. Net appreciation in the fair value of investments includes the Plan's gains and losses on those investments bought and sold as well as held during the year.

Contributions Receivable

Contributions receivable from the employer are recorded in the year in which participant compensation is earned, and remitted to the Plan after year-end.

For the Years Ended December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions Receivable (continued)

Management has evaluated the collectability of employer contributions receivable in accordance with Accounting Standards Update No. 2016-13, *Financial Instruments – Credit Losses (Topic 326)*, and determined that no allowance for credit losses is necessary as of December 31, 2024 and 2023. The Plan considers the Center’s historical payment experience, current and future financial condition, and the legally binding nature of the contribution obligation in making this assessment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Expenses are recognized when the related liability is incurred. The Plan’s administrative expenses are paid by either the Plan or the Center, as provided by the plan document. Fees incurred by the Plan for the investment management services are included in net appreciation of the investments. Expenses that are paid by the Center are excluded from these financial statements.

NOTE C – CERTIFICATION BY QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in the fair value of investments, dividends, and interest for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by AdvisorTrust, Inc., the qualified institution of the Plan.

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP provides a hierarchy that prioritizes the inputs to the valuation methodologies used to measure fair value. There are three levels of the fair value hierarchy. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan values its investments in money market funds at stated value and mutual funds at quoted market values, Level 1 inputs. There were no investments held by the Plan valued using Level 2 or Level 3 inputs. The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values.

The following sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 141,475	\$ -	\$ -	\$ 141,475
Mutual funds	<u>12,114,957</u>	<u>-</u>	<u>-</u>	<u>12,114,957</u>
Total investments, at fair value	<u>\$12,256,432</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$12,256,432</u>

The following sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 324,293	\$ -	\$ -	\$ 324,293
Mutual funds	<u>9,835,232</u>	<u>-</u>	<u>-</u>	<u>9,835,232</u>
Total investments, at fair value	<u>\$10,159,525</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$10,159,525</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Years Ended December 31, 2024 and 2023

NOTE E – TAX STATUS

The Plan received an opinion letter dated June 30, 2020 from the IRS granting the non-standardized pre-approved profit sharing plan a “favorable determination” because the Plan met the qualification requirements established by Section 401(a) of the Internal Revenue Code. The Plan has been amended since the determination letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator evaluated the Plan’s tax positions as of December 31, 2024 and 2023 and for the years then ended, and determined that the Plan had no uncertain tax positions required to be reported in accordance with U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan’s assets were administered by and in the custody of AdvisorTrust, Inc., trustee of the Plan, as of and for the years ended December 31, 2024 and 2023. Therefore, these transactions qualify as party in interest transactions.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants become 100% vested in their account balances.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Center operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan were to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions are not presently determinable.

NOTE I – ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by employees of the Center, who receive no compensation from the Plan. Certain administrative expenses and investment fees are charged to the Plan. Certain administrative expenses are paid by the Center and are, therefore, not reflected in the accompanying financial statements.

NOTE J – SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through September 23, 2025, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements.
