Independent Auditor's Report

To the Participants and Administrator of
J.C. Lewis Motor Co., Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of J.C. Lewis Motor Co., Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

J.C. LEWIS MOTOR CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following description of J.C. Lewis Motor Co., Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution retirement plan which was established January 1, 1980, and covers employees of J. C. Lewis Motor Co., Inc. (the Company) who have completed one year of service following the employee's date of hire, who have been credited with one thousand hours of service, and who are at least twenty-one years of age. Effective June 1, 2022, the requirement of one thousand hours of service was discontinued and twelve months of service alone is sufficient for eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended at various dates to allow employees for new dealerships built or acquired by the Company to participate in the Plan. The Plan was restated effective February 17, 2021, to reflect recent changes in U.S. legislation. Effective June 1, 2022, the Plan was formally amended to allow for automatic enrollment, adjust the period of service requirement, and allow more distribution and timing options for death benefit distributions to beneficiaries.

Contributions

Participants under the Plan may elect to reduce their compensation by a specific percentage or dollar amount and have that amount remitted to the Plan by the Company on behalf of the participants on a pre-tax basis as an elective deferral. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants elected contributions which were limited to \$23,000 and \$22,500 during the plan years ended December 31, 2024 and 2023, respectively. Participants who attained age 50 before the end of the Plan year were eligible to make additional catch-up contributions up to \$7,500 for each of the years ended December 31, 2024 and 2023. For the plan years ended December 31, 2024 and 2023, the Company made a matching contribution equal to 50% of the individual participant contributions up to 4% of the individual participant compensation.

Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and employees and the receipts by the investment custodian. Contributions receivable were \$10,078 and \$17,421 as of December 31, 2024 and 2023, respectively, and have been fully remitted to the Plan.

Forfeitures

Forfeitures serve to reduce a participant's balance when termination occurs before the employee is fully vested in the employer contributions. Forfeited balances are used to pay Plan expenses or for Company matching contributions and are used in the following Plan year. During the years ended December 31, 2024 and 2023, forfeitures of withdrawing participants' account balances totaled \$13,031 and \$15,068, respectively. During the years ended December 31, 2024 and 2023, \$10,395 and \$13,768, respectively, was used to reduce the amounts the Company contributed to the Plan and paid for fees. Unused forfeiture balances totaled \$4,041 and \$1,373 as of December 31, 2024 and 2023, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of benefits

Benefits are payable upon (a) termination of service, (b) early retirement after attainment of age 59 1/2, (c) normal retirement after attainment of age 65, (d) late retirement upon termination of service if the participant continues to work for the Company after his or her normal retirement date, or (e) death or permanent disability. A participant may elect to receive a lump sum equal to the value of his or her account or one of several annuity options which is in compliance with the Internal Revenue Code (IRC) and Regulations. Financial hardship withdrawals of all or part of elective deferral contributions before earnings may be permitted for immediate and severe financial need. As of December 31, 2024 and 2023, no participants had requested withdrawals that were not paid by the Plan until the subsequent year.

Participant accounts and vesting

Each participant's account is credited with the participant's contributions and with an allocation of the Company's contributions and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's contributions are based on participant compensation and elective deferrals. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are vested immediately in their contributions plus actual earnings thereon and are entitled to 100% of their individual contributions upon retirement or termination. Vesting in the Company's contribution to participant accounts occurs over a period of five years as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than one	0%
One	10%
Two	20%
Three	40%
Four	60%
Five or more	100%

Investment options

Investments are participant-directed among twenty-eight funds.

Participant loans

The Plan does not permit participant loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined rather than when received, and expenses are recognized when incurred rather than when paid.

Administrative expenses

Certain administrative, recordkeeping and trustee fees, and participant-initiated transaction fees are paid by participants from their Plan accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 26, 2025, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 4 - DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT TRUSTEE

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have the investment trustee of the Plan, Empower Trust Company, LLC, certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedule in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment trustee and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and supplemental schedule:

- A. Investments in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- B. Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- C. Information included in the supplemental schedule, as listed in the accompanying table of contents.

NOTE 5 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that would likely not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy follow:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Value is based on the NAV on the last business day of the Plan year by the entity holding the trust funds. These investments are not categorized within the fair value hierarchy but are disclosed separately to provide transparency regarding their nature and liquidity. The NAV of the collective investment trusts is used as a practical expedient to estimate fair value and is determined by the trustee based on the fair value of underlying assets in the trusts, less the liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 817,627	\$ -	\$ -	\$ 817,627
Investments measured at NAV				
Collective trust funds				14,165,796
Total investments at fair value				<u>\$ 14,983,423</u>

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 813,246	\$ -	\$ -	\$ 813,246
Investments measured at NAV				
Collective trust funds				12,484,774
Total investments at fair value				<u>\$ 13,298,020</u>

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The trustee is authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments, including shares of mutual funds and units of collective investment trusts, are managed by Empower Trust Company, LLC, the trustee. These transactions qualify as exempt party in interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. In addition to the trustee fees paid by the Plan, the Plan Sponsor absorbs certain administrative expenses of the Plan which totaled \$19,425 and \$15,909 for the years ended December 31, 2024, and 2023, respectively.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	\$ 14,935,777

The following is a reconciliation of deductions from net assets per the financial statements for the year ended December 31, 2024 to Schedule H of Form 5500:

Deductions from net assets per the financial statements	\$ 1,388,715
Less: Corrective distributions payable at December 31, 2024	(57,724)
Plus: Corrective distributions payable at December 31, 2023	<u>23,724</u>
Deductions from net assets per Schedule H of Form 5500	<u>\$ 1,354,715</u>

NOTE 10 - SUBSEQUENT EVENT

The Plan was amended effective January 1, 2025. Key updates resulting from the amendment include, but are not limited to, a conversion to a Qualified Automatic Contribution Arrangement (QACA) Plan, an updated method of calculating employer matching contributions, and an implementation of an annual automatic deferral percentage increase by 1% per year up to a maximum of 6%.
