Administrative Committee
Alvine and Associates, Inc. 401(k) Profit Sharing Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Alvine and Associates, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alvine and Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alvine and Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alvine and Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alvine and Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALVINE AND ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Alvine and Associates, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General. The Plan is a defined contribution plan. Employees of the Company are eligible to make participant contributions to the Plan. The Plan has no minimum month of service requirement for employee contributions. An employee is eligible for the employer match contribution and employer profit sharing contribution after nine months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. There are several types of contributions that can be added to a participant's account: an employee salary deferral, employer matching contribution, and an employer non-elective (discretionary) contribution. Participants may also rollover amounts representing distributions from other eligible retirement plans.

Each year, eligible participants may make pretax deferrals, after-tax ROTH 401(k) deferrals, or a combination of both up to the IRS limit for the Plan year, by way of a salary deferral contribution. Participants age 50 and older may elect to contribute additional amounts (catch-up contributions) up to \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company's matching contribution is equal to 80% of the participant's salary deferral contribution up to a limit of 6% of the participant's eligible compensation for the year.

Participant Accounts. Each participant's account is credited with the participants contribution and allocations of the Company's contribution and the Plan earnings (including unrealized appreciation or depreciation of Plan assets), and charged with administrative expenses. Allocations of employer matching contributions are based on a percentage of the participant's deferral (0-100%) up to a maximum of 6% of eligible compensation. The benefit to which participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans. Effective May 29, 2009 participants could borrow from their vested balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are to be secured by the balance in the participant's account and the outstanding loans bear interest of 4.25% to 9.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are to be paid ratably through payroll deductions.

Investment Options. Upon enrollment in the Plan, a participant may direct contributions among investment choices in increments of 1%. Participants may change their investment options on any normal business day.

Forfeitures. Forfeitures of terminated participants' nonvested accounts can be used to pay plan expenses, offset the company's next contribution or may be reallocated to participants. Forfeitures of non-vested accounts are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the Plan year bears to the compensation of all participants for such year and treated as an employer profit sharing contribution. During the Plan year ended December 31, 2024, \$4,697 in forfeited participant accounts were used to fund employer contributions and in March 2024, \$90,000 from the forfeitures account was used in part to fund the profit sharing contribution for 2023. At December 31, 2024 and 2023, unallocated forfeitures amounted to \$84,373 and \$91,646, respectively.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting. A participant is immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. If participants cease participation, other than by retirement, disability, or death, the vested interest in the remainder of their accounts is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Years of service for vesting are counted from the date of hire. The participant will be credited with a year of service for each Plan Year during which they earn credit for 1,000 hours of service. The method for crediting 1,000 hours of service is based on an actual method for employee paid on an hourly basis and equivalency method for non-hourly (salaried) employees. Under this method hours of service for employees paid on an hourly basis will be calculated from records of hours worked and for which payment is made or due for vacation, holiday, illness, incapacity (including disability), layoff, jury duty, military duty, or leave of absence. Non-hourly employees, salaried employees, will be credited for hours worked using a weeks-worked equivalency method under which an employee is credited with 45 hours of service per week for each week with at least one hour of service.

Payment of Benefits. Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or a periodic installment contract. For termination of service due to other reasons or if the vested account balance is under \$5,000, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurement.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Contributions. Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits. Benefits are recorded when paid.

Expenses of the Plan. Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative fees are paid by the Company.

Date of Management Review. The Plan considered events occurring through September 22, 2025, for recognition or disclosure in the financial statements as subsequent events. That date is the date the financial statements were available to be issued.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY PRINCIPAL TRUST COMPANY:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified, except for comparing such information certified by Principal Trust Company to information included in the Plan's financial statements and supplemental schedule.

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- The related investment activity and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

**ALVINE AND ASSOCIATES, INC. 401(k)
PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE D - PLAN TERMINATION AND AMENDMENT

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to written notification of all parties concerned and subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts, and the net assets of the Plan must be allocated amount the participants and beneficiaries of the Plan in the order provided by ERISA.

NOTE E - TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRS). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2024 and 2023, the Plan had cash balances in excess of FDIC insurance limits in the amount of \$0 and \$69,090, respectively.

NOTE G – PARTY-IN-INTEREST TRANSACTION:

Certain Plan investments are shares of money market and mutual funds managed by Principal Life Insurance Company. Principal is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rule. Fees paid by the Plan for the investment management fees and services totaled \$63,331 for the year-ended December 31, 2024.

The Company absorbs significant costs of the Plan administration related to legal, accounting, record keeping and general administration.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE H – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: Valued at the unadjusted NAV as of the reporting date, which is the basis for the current transactions.

Collective trust fund: Valued at the Plan's share of the net asset value based of the common collective trust's underlying investments.

Self-directed brokerage accounts – Account consist primarily of mutual funds valued at the net asset value of shares held by the Plan at year end and common stocks and exchange traded funds valued at the closing price reported on the active market on which the individual securities are traded. Accounts also include non-interest-bearing and interest-bearing cash whose cost approximates its fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
