Report of Independent Auditors

To the Plan Administrator and Participants of the
BOKA Powell, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BOKA Powell, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BOKA Powell, LLC 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BOKA Powell, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BOKA Powell, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BOKA Powell, LLC 401(k) Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BOKA Powell, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of Plan

The following brief description of the BOKA Powell, LLC 401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was established on January 1, 2002, available to qualifying employees of BOKA Powell, LLC (the “Company” or “Plan Administrator”). Fidelity Management Trust Company, (the “Trustee”), in conjunction with Fidelity Workplace Services, LLC, (the “Record-keeper”) serves as the Trustee and Record-keeper of the Plan, respectively.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2024 financial statements.

Effective July 25, 2024, the plan adopted optional provisions of the SECURE Act 2.0 to allow for the following types of withdrawals:

- Domestic Abuse
- Emergency Expense
- Qualified Declared Disaster
- Qualified Birth or Adoption

Eligibility and Participant Accounts

All qualifying employees of the Company, as defined by the plan document, who have attained the age of twenty-one and have completed three months of service are eligible to participate in the Plan. Employees may enroll in the Plan on the first day of each quarter after becoming eligible. Deferral elections may be modified on the first day of each calendar quarter. Each participant’s account is credited with the participant’s contributions, Company matching and discretionary contributions, and actual earnings thereon. Investment income or loss is allocated based on the ratio of each participant’s account balance to the Plan balance. Contributions and earnings are allocated among investment options as selected by the participant.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

1. Description of Plan (continued)**Contributions***Participant Contributions*

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation, excluding reimbursements or other expense allowances, from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") (\$22,500 for 2024). The Plan also allows for after tax ("Roth") deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$7,500 for 2024). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the Plan.

Employer Safe Harbor Matching Contributions

The Plan allows for the Company to make employer safe harbor matching contributions equal to 100% of the first 4% of participants' eligible compensation contributed each pay period. Company safe harbor matching contributions for the year ended December 31, 2024, totaled \$231,831, and is included in employer contributions on the statement of changes in net assets available for benefits.

Employer Discretionary Matching Contributions

The Plan also allows for an additional discretionary matching Company contribution in an amount equal to a percentage of the eligible contributions made by the participant, not to exceed 4% of the participant's eligible compensation for the Plan year. The Company did not make any employer discretionary matching contributions for the year ended December 31, 2024.

Employer Discretionary Non-Elective Matching Contributions

In addition, the Company may make a discretionary non-elective matching contribution in a ratio equal to each eligible participant's compensation to total compensation paid to all eligible participants. The Company did not make any discretionary non-elective matching contributions for the year ended December 31, 2024.

Qualified Discretionary Nonelective Employer Contributions

The Company is permitted to make qualified discretionary nonelective employer contributions ("QNEC") in an amount and allocation at the discretion of the Company. On August 19, 2025, in conjunction with an error of the calculation of eligible compensation, \$2,109 in QNEC contributions were made and are included in corrective employer contributions receivable in the statement of net assets available for benefits.

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment Options

The Plan provides for participants to direct both their contributions and Company contributions into a money market fund and a variety of mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of Plan (continued)**Benefits Paid to Participants**

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of \$5,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment.

Vesting

Participants are immediately vested in their own elective deferrals, Company safe harbor matching contributions, and rollover contributions and any earnings thereon. Vesting in the Company's matching contributions and elective non-matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 20% per year beginning after two years of qualified service, and is 100% vested after six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company contributions. There were no forfeitures available at December 31, 2024 and 2023. For the year ended December 31, 2024, no forfeitures were used to reduce Company matching contributions or pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances, subject to certain restrictions as defined. The borrowings are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Note terms are generally limited to 5 years or up to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have two notes outstanding at a time. Notes receivable from participants are stated at original note amounts less principal repayments received to date. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

2. Summary of Significant Accounting Policies (continued)**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued less unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan.

Recently Adopted and New Accounting Principles

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Trust Company, the Trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

4. Fair Value Measurements

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: The Plan invests in the Putnam Stable Value Fund and is measured at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,131,426	\$ -	\$ -	\$ 12,131,426
Total investments measured at fair value	\$ 12,131,426	\$ -	\$ -	\$ 12,131,426
Investments measured at NAV ^(a) :				1,057,210
Total Investments, at fair value				\$ 13,188,636

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,499,904	\$ -	\$ -	\$ 11,499,904
Total investments measured at fair value	\$ 11,499,904	\$ -	\$ -	\$ 11,499,904
Investments measured at NAV ^(a) :				1,323,148
Total Investments, at fair value				\$ 12,823,052

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	\$1,057,210	N/A	Daily	N/A

As of December 31, 2023:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	\$1,323,148	N/A	Daily	N/A

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2024, the Plan also made direct payments to the record-keeper, trustee, and third-party administrator totaling \$47,076. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become 100% vested.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Income Tax Status

The Plan is based on a prototype plan developed by Fidelity Management Trust Company which received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for the years prior to 2021.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

9. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2024	2023
Net assets available for benefit per financial statements	\$ 13,259,829	\$ 12,876,600
Less: employee contributions receivable	(16,825)	(23,120)
Less: employer contributions receivable	(9,685)	(10,669)
Less: corrective employer contribution receivable	(4,600)	-
Net assets available for benefit per form 5500	\$ 13,228,719	\$ 12,842,811

The following is a reconciliation of net change in net assets available for benefits per the financial statements to the Form 5500:

For the Year Ended December 31,	2024
Net change in net assets per financial statements	\$ 383,229
Less: employee contributions receivable	(16,825)
Less: employer contributions receivable	(9,685)
Less: corrective employer contribution receivable	(4,600)
Add: prior year employee contributions receivable	23,120
Add: prior year employer contributions receivable	10,669
Net change per form 5500	\$ 385,908

10. Administrative Failure*Incorrect Definition of Compensation*

During the year ended December 31, 2024, management determined the definition of eligible compensation was not followed for the purposes of calculating employee deferrals and employer matching contributions. Participants' compensation related to bonuses was incorrectly excluded from the calculation of contributions in violation of the terms of the plan document. Plan Management corrected this administrative failure based on advice from legal counsel by calculating the missed deferral opportunity, related employer match, and lost earnings outside the IRS Voluntary Fiduciary Correction Program ("VFCP"). The correction totaled \$4,600 and was remitted to the plan on August 19, 2025, and is included in corrective employer contributions receivable on the statement of net assets available for benefits.

Report of Independent Auditors

To the Plan Administrator and Participants of the
BOKA Powell, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BOKA Powell, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BOKA Powell, LLC 401(k) Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BOKA Powell, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BOKA Powell, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BOKA Powell, LLC 401(k) Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BOKA Powell, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of Plan

The following brief description of the BOKA Powell, LLC 401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was established on January 1, 2002, available to qualifying employees of BOKA Powell, LLC (the “Company” or “Plan Administrator”). Fidelity Management Trust Company, (the “Trustee”), in conjunction with Fidelity Workplace Services, LLC, (the “Record-keeper”) serves as the Trustee and Record-keeper of the Plan, respectively.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2024 financial statements.

Effective July 25, 2024, the plan adopted optional provisions of the SECURE Act 2.0 to allow for the following types of withdrawals:

- Domestic Abuse
- Emergency Expense
- Qualified Declared Disaster
- Qualified Birth or Adoption

Eligibility and Participant Accounts

All qualifying employees of the Company, as defined by the plan document, who have attained the age of twenty-one and have completed three months of service are eligible to participate in the Plan. Employees may enroll in the Plan on the first day of each quarter after becoming eligible. Deferral elections may be modified on the first day of each calendar quarter. Each participant’s account is credited with the participant’s contributions, Company matching and discretionary contributions, and actual earnings thereon. Investment income or loss is allocated based on the ratio of each participant’s account balance to the Plan balance. Contributions and earnings are allocated among investment options as selected by the participant.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

1. Description of Plan (continued)**Contributions***Participant Contributions*

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation, excluding reimbursements or other expense allowances, from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") (\$22,500 for 2024). The Plan also allows for after tax ("Roth") deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$7,500 for 2024). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the Plan.

Employer Safe Harbor Matching Contributions

The Plan allows for the Company to make employer safe harbor matching contributions equal to 100% of the first 4% of participants' eligible compensation contributed each pay period. Company safe harbor matching contributions for the year ended December 31, 2024, totaled \$231,831, and is included in employer contributions on the statement of changes in net assets available for benefits.

Employer Discretionary Matching Contributions

The Plan also allows for an additional discretionary matching Company contribution in an amount equal to a percentage of the eligible contributions made by the participant, not to exceed 4% of the participant's eligible compensation for the Plan year. The Company did not make any employer discretionary matching contributions for the year ended December 31, 2024.

Employer Discretionary Non-Elective Matching Contributions

In addition, the Company may make a discretionary non-elective matching contribution in a ratio equal to each eligible participant's compensation to total compensation paid to all eligible participants. The Company did not make any discretionary non-elective matching contributions for the year ended December 31, 2024.

Qualified Discretionary Nonelective Employer Contributions

The Company is permitted to make qualified discretionary nonelective employer contributions ("QNEC") in an amount and allocation at the discretion of the Company. On August 19, 2025, in conjunction with an error of the calculation of eligible compensation, \$2,109 in QNEC contributions were made and are included in corrective employer contributions receivable in the statement of net assets available for benefits.

Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment Options

The Plan provides for participants to direct both their contributions and Company contributions into a money market fund and a variety of mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

1. Description of Plan (continued)**Benefits Paid to Participants**

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of \$5,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment.

Vesting

Participants are immediately vested in their own elective deferrals, Company safe harbor matching contributions, and rollover contributions and any earnings thereon. Vesting in the Company's matching contributions and elective non-matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 20% per year beginning after two years of qualified service, and is 100% vested after six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company contributions. There were no forfeitures available at December 31, 2024 and 2023. For the year ended December 31, 2024, no forfeitures were used to reduce Company matching contributions or pay administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances, subject to certain restrictions as defined. The borrowings are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Note terms are generally limited to 5 years or up to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have two notes outstanding at a time. Notes receivable from participants are stated at original note amounts less principal repayments received to date. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

2. Summary of Significant Accounting Policies (continued)**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued less unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan.

Recently Adopted and New Accounting Principles

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Trust Company, the Trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

4. Fair Value Measurements

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: The Plan invests in the Putnam Stable Value Fund and is measured at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,131,426	\$ -	\$ -	\$ 12,131,426
Total investments measured at fair value	\$ 12,131,426	\$ -	\$ -	\$ 12,131,426
Investments measured at NAV ^(a) :				1,057,210
Total Investments, at fair value				\$ 13,188,636

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,499,904	\$ -	\$ -	\$ 11,499,904
Total investments measured at fair value	\$ 11,499,904	\$ -	\$ -	\$ 11,499,904
Investments measured at NAV ^(a) :				1,323,148
Total Investments, at fair value				\$ 12,823,052

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	\$1,057,210	N/A	Daily	N/A

As of December 31, 2023:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	\$1,323,148	N/A	Daily	N/A

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

5. Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2024, the Plan also made direct payments to the record-keeper, trustee, and third-party administrator totaling \$47,076. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become 100% vested.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Income Tax Status

The Plan is based on a prototype plan developed by Fidelity Management Trust Company which received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for the years prior to 2021.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

9. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2024	2023
Net assets available for benefit per financial statements	\$ 13,259,829	\$ 12,876,600
Less: employee contributions receivable	(16,825)	(23,120)
Less: employer contributions receivable	(9,685)	(10,669)
Less: corrective employer contribution receivable	(4,600)	-
Net assets available for benefit per form 5500	\$ 13,228,719	\$ 12,842,811

The following is a reconciliation of net change in net assets available for benefits per the financial statements to the Form 5500:

10. Administrative Failure*Incorrect Definition of Compensation*

During the year ended December 31, 2024, management determined the definition of eligible compensation was not followed for the purposes of calculating employee deferrals and employer matching contributions. Participants' compensation related to bonuses was incorrectly excluded from the calculation of contributions in violation of the terms of the plan document. Plan Management corrected this administrative failure based on advice from legal counsel by calculating the missed deferral opportunity, related employer match, and lost earnings outside the IRS Voluntary Fiduciary Correction Program ("VFCP"). The correction totaled \$4,600 and was remitted to the plan on August 19, 2025, and is included in corrective employer contributions receivable on the statement of net assets available for benefits.

We have audited the financial statements of BOKA Powell, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2024, and we will issue our report thereon dated September 12, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 10, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by BOKA Powell, LLC 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of investments as described in Note 4. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of the information that we did not audit based on your election under 29 CFR 2520.103-8 in Note 3 to the financial statements.

Significant risks are defined as identified and assessed risks of material misstatement that, in the auditor's professional judgment, require special audit consideration. They are not an indication that a misstatement is present or expected to be present, nor are they assumed to be a deficiency or material weakness in internal control. Significant risks do, however, require us to perform specific audit procedures to address. We have identified the following significant risks of material misstatement as part of our audit procedures:

- 1) Management override of controls.
- 2) Overreliance and lack of oversight of third-party service providers.
- 3) Ineffective or weak control environment, and failure to implement complementary user entity controls deemed necessary by service providers.
- 4) Contributions and loan repayments are not remitted in a timely manner and in accordance with the Plan's provisions and DOL requirements.
- 5) Incorrect definition of compensation.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Definition of Compensation

- | | |
|-----------------|--|
| Issue: | During our testing we noted that there is an error in the application of the terms in the Plan Document relating to the definition of eligible wages for the purposes of calculating employee contributions. Specifically, the Plan Document and Adoption Agreement define compensation as "all W-2 wages". We determined that compensation in the form of bonuses was incorrectly excluded from the calculation of participant contributions. |
| Recommendation: | Although management was able to calculate quantify the error and make correcting contributions to participant accounts, we recommend that the Plan management establish procedures to ensure that the payroll system is properly configured to determine correct 401(k) withholdings based on the definition of Plan compensation. |

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 12, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings, Issues, or Recommendations

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of those charged with governance, management, and administrators, as appropriate of BOKA Powell, LLC 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

The CJ CPA Group, PLLC
