Opinion

We have audited the financial statements of AECOM Retirement & Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of AECOM Retirement & Savings Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AECOM Retirement & Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AECOM Retirement & Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AECOM Retirement & Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AECOM Retirement & Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4a-schedule of delinquent participant contributions and schedule H, line 4i-schedule of assets held at end of year as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AECOM RETIREMENT & SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN

The following brief description of the AECOM Retirement & Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description for more complete information.

General — The Plan is a defined contribution plan that was established to provide benefits to eligible employees of AECOM (“AECOM” or the “Company”) and various subsidiaries meeting certain employment requirements. The Plan is administered by the AECOM Americas Benefits Administration Committee as authorized by AECOM. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan is intended to qualify as a defined contribution plan (and an eligible individual account plan, as defined in Section 407(d)(3) of ERISA) which is qualified and exempt from taxation under Sections 401(a) and 501(a) of the Internal Revenue Code and is intended to qualify as a profit-sharing plan which may invest in shares of stock of the Company which meet the requirements for “qualifying employer securities” under Section 407(d)(5) of ERISA. Assets of the Plan are held by Bank of America, N.A., the trustee and record keeper (the “Trustee”), except for certain investments. Assets in the separately managed accounts are held by Northern Trust Corporation; the Vanguard investment funds are held by The Vanguard Group; and the stable value fund is held at Fidelity Management Trust Company on behalf of the Trustee.

Each participant is entitled to exercise voting rights attributable to the Company shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee votes for shares for which instructions have not been given by a participant in accordance with the trust agreement.

Eligibility — Eligible employees become eligible to participate in the Plan on their date of hire, and can enroll as soon as administratively feasible thereafter (“Eligible Employees,” as defined in the Plan document). If the Eligible Employee decides not to participate when they are first eligible, they may begin participating anytime, provided they are an Eligible Employee of the Company on that date.

Participant Contributions — Participants may voluntarily make pre-tax, Roth 401(k) and/or after-tax contributions in any combination. Pre-tax and Roth 401(k) contributions are limited to \$23,000 for the calendar year 2024 per the Internal Revenue Service (“IRS”) limits. Contributions can be made in whole percentage increments up to 75 percent of eligible compensation, as defined in the Plan document. Participants who are 50 years of age and over may voluntarily make additional contributions on a pre-tax or Roth 401(k) basis up to \$7,500 for calendar year 2024 per IRS limits, which are counted as part of the Plan’s 75 percent limitation. Participants also may contribute amounts representing rollovers from individual retirement accounts and/or other qualified plans. If participants are highly-compensated employees, the maximum contribution percentage may be subject to further limitation.

The Plan provides for an automatic enrollment feature for Eligible Employees. A participant’s contribution under the automatic enrollment feature will be one percent pre-tax until either a participant elects to discontinue or change his or her election.

Participant Accounts — Each participant's account is credited with the participant's contributions and rollovers, Company contributions, and allocations of Plan investment earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan document. Certain administration fees are paid from the participant's account. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Employer Contributions — The participants' pre-tax and Roth 401(k) contributions made to the Plan are matched 50% by the Company up to 6% of eligible compensation. Participants' after-tax contributions are not eligible for the Company match. The Company's annual match is generally allocated 50% to the participant's selected investment allocations and 50% to AECOM common stock. Participants can transfer their account balance in AECOM common stock to other investment options and make withdrawals, subject to certain Plan and legal restrictions. In order to receive the annual match, participants must generally be employed on the last day of the Plan year. Notwithstanding the foregoing, participants covered by a collective bargaining agreement ("CBA"), government contract, or specific project agreement are eligible for a Company match (if any) as described in the applicable CBA, government contract, or specific project agreement.

Vesting — Participants' contributions and rollovers, and the earnings thereon, are at all times vested in such participants' accounts. Vesting in the Company contributions and associated earnings is based on years of continuous service. A participant vests in the Company contributions and associated earnings over a three-year period (33% after one year of service, 67% after two years of service, and 100% after three years of service). In addition, participants who are employees become fully vested upon attaining age 65, becoming disabled or deceased while employed at the Company, or upon termination of the Plan. Notwithstanding the foregoing, different vesting requirements may apply to (i) participants covered by a CBA, government contract, or specific project agreement, or (ii) participants acquired or terminated in connection with a corporate transaction.

The portion of a participant's account balance that is not vested upon termination of employment is forfeited at the time the participant receives a distribution or as of the end of the Plan year in which the participant incurs five consecutive One-Year Breaks in Service, as defined in the Plan document, whichever occurs first. These unvested forfeited Company contributions and associated earnings are accumulated in the forfeiture account and are available to reduce subsequent Company contributions.

During the year ended December 31, 2024, forfeitures of approximately \$2.4 million were used to offset the Company match for 2024. As of December 31, 2024 and 2023, the balance in the forfeiture account was \$0.0 million and \$0.4 million, respectively.

Investment Options — Upon enrollment in the Plan, a participant is allowed to direct the investment of his or her account into a variety of diversified investment funds offered by the Plan. If a participant is automatically enrolled in the Plan and has not selected an investment to invest his or her contributions to the Plan, those contributions are invested in a target date fund, as determined by the AECOM Americas Retirement Plan Investment Committee. Participants may change their selection of investments at any time.

One of the investment options offered under the Plan consists of shares of AECOM common stock, which is an employee stock ownership plan as defined in Section 4975(e)(7) of the Code within the Plan. In December 2021, AECOM initiated a dividend program on its shares of common stock. As a stockholder of AECOM common stock through the AECOM common stock fund, the Plan will receive dividends. The Plan will allocate the dividends to accounts of participants, which hold shares of AECOM common stock within the AECOM common stock fund, as of the dividend record date. The dividend will be deposited in the AECOM common stock fund unless the

participant elects to receive it in cash outside of the Plan. Dividends deposited into the AECOM common stock fund account are reinvested to purchase more shares of AECOM common stock, which can be held or diversified into other investment funds in the Plan. The declaration and payment of dividends are subject to the sole discretion of the Company's board of directors.

Notes Receivable from Participants — Active participants may obtain loans from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount permitted is \$1,000; the maximum is the lesser of \$50,000 or 50% of the participant's vested account balance. The interest rates are no less than 1% over the prime rate as published in *The Wall Street Journal*, in effect on the first business day of the month in which the loan application is made. Notes receivable from participants bear interest at rates that range from 4.25% to 9.50% at December 31, 2024 and 2023. The repayment period of such loans cannot exceed five years, unless the proceeds are used to buy the participant's principal residence, in which case longer terms, up to twenty years, are allowed. These loans are secured by a promissory note from the participant and his or her vested interest in the Plan.

Distributions — Generally, distributions are made upon a participant's election after a participant terminates employment, becomes disabled, dies, or turns age 59-1/2 (in the event of death, payment shall be made to his or her beneficiary or, if none, to his or her surviving spouse, civil union partner, or state-registered domestic partner or, if none, to his or her legal representatives in care of his or her estate). A partial or complete distribution may be made in a lump-sum in the form of cash or in-kind distribution (in case of Company shares). Distributions may also be made in monthly, quarterly, semi-annual, or annual installments, or in a direct rollover distribution. Distribution options for members of certain acquired companies, provided in previously merged plans, were grandfathered in as a protected benefit. In addition, certified hardship withdrawals for certain substantiated financial reasons and withdrawals of specific contributions may be permitted from vested amounts during employment.

Transfers in From Affiliated Plan - In October 2024, net assets of approximately \$6.6 million in investments were transferred into the Plan from one affiliated plan of the Company.

B. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition — Investments held by the Plan are reported at fair value. Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The cost of investments sold or distributed is determined on the basis of the average cost for each participant. Purchases and sales of securities are reflected on the trade date. Transactions pending clearance with brokers not settled at year-end are recorded as other receivables or payables on the Statements of Net Assets Available for Benefits. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net investment income (loss) of the AECOM DC Retirement Plans Vanguard Master Trust, the AECOM DC Retirement Plans SMA Master Trust, and the AECOM DC Retirement Plans Stable Value Master Trust (collectively,

the “Master Trusts”) is allocated daily to the Plan based on the ratio of the Plan’s investment in the Master Trusts to the total value of the related investments held by each master trust as of the beginning of the day.

Notes Receivable from Participants — Notes receivable from participants are measured at their principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits — Benefits are recorded when paid by the Plan.

Administrative Expenses — The Plan incurs monthly recordkeeping and administrative expenses. Specific participant transaction expenses are deducted from participant accounts directly. Plan expenses that cannot be directly charged to a specific participant transaction may be paid, in whole or in part, from a twelve-dollar quarterly administrative fee charged to participant accounts. For the year ended December 31, 2024, the Plan incurred \$1.5 million of recordkeeping and administrative expenses.

Fair Value Measurements — The Plan’s investments, which are stated at fair value, are disclosed in accordance with the established framework and disclosure requirements described in the Financial Accounting Standards Board Accounting Standards Codification No. 820-10, “*Fair Value Measurements and Disclosures*” (“ASC 820-10”), which defines fair value, establishes a framework for measuring fair value under current accounting pronouncements that require or permit fair value measurement, and enhances disclosures about fair value measurements. ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 — Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common Stock and Other Exchange-Traded Equity Securities Including AECOM Stock

The fair value of these instruments is based on the closing price per the principal stock exchange on which they are traded and are classified within Level 1 of the valuation hierarchy. AECOM common stock is valued at the closing price reported on the New York Stock Exchange Composite Listing and is classified within Level 1 of the valuation hierarchy.

Mutual Funds

A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments, and/or other securities. These investments are public investment vehicles valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised of investments which are valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy. In addition, the self-directed brokerage accounts also hold investments in fixed income instruments, such as government and corporate bonds, and certificate of deposits. Accordingly, these investments are classified within Level 2 of the valuation hierarchy.

Fixed Income Instruments

Fixed income instruments are valued based on prices received from the fund custodian. The custodian uses multiple valuation techniques to determine the valuation of fixed income instruments. In instances where there is sufficient market activity, the custodian may utilize a market-based approach through which trades or quotes from similar instruments with comparable durations, yields, and credit ratings are used to determine the valuation of these instruments. In instances where there is insufficient market activity, the custodian may utilize proprietary valuation models that maximize observable inputs. The valuation models may consider market transactions in comparable securities, the various relationships between securities, and/or market characteristics to estimate the relevant cash flows, which are then discounted to calculate the fair values. Fixed income securities, which are valued based on significant observable inputs, are classified within Level 2 of the valuation hierarchy because quoted prices of identical instruments are not readily available in active markets.

Collective Investment Trusts

A collective investment trust is a trust for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan. These investments are valued using the net asset value ("NAV") provided by the administrator of the collective trust. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The collective investment trusts are not classified within the fair value hierarchy; however, the amounts measured using NAV is disclosed to permit reconciliation of the fair value of investments to the Statements of Net Assets Available for Benefits. These funds may also include short-term

investment funds, which are valued based on significant observable inputs, and are classified within Level 2 of the valuation hierarchy.

Subsequent Events — The Plan monitors significant events occurring after the balance sheet date and prior to the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued. The Plan has evaluated subsequent events through the date which the financial statements are issued.

D. INVESTMENT IN AECOM DC RETIREMENT PLANS VANGUARD MASTER TRUST

Certain investment assets of the Plan are held in a custody account at The Vanguard Group and consist of a 100% interest in the investment account of the AECOM DC Retirement Plans Vanguard Master Trust (“Vanguard Master Trust”), a master trust established by AECOM and administered by the Trustee. The Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the current sole participating plan. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments were held by the Vanguard Master Trust.

The following table presents the net assets of the Vanguard Master Trust as of December 31:

E. INVESTMENT IN AECOM DC RETIREMENT PLANS SMA MASTER TRUST

Certain investment assets of the Plan are held in separately managed accounts (“SMA”) in a custody account at Northern Trust Corporation and consist of a 100% interest in the investment account of the AECOM DC Retirement Plans SMA Master Trust (“SMA Master Trust”), a master trust established by AECOM and is administered by the Trustee. The Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the current sole participating plan. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments were held by the SMA Master Trust.

The following table presents the net assets of the SMA Master Trust as of December 31:

	SMA Master Trust

F. INVESTMENT IN AECOM DC RETIREMENT PLANS STABLE VALUE MASTER TRUST

Certain investment assets of the Plan are held in a custody account at Fidelity Management Trust Company and consist of a 100% interest in an investment account of the AECOM DC Retirement Plans Stable Value Master Trust (“Stable Value Master Trust”), a master trust established by AECOM and is administered by the Trustee. The Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment funds to the current sole participating plan. Investment gains or losses are recognized as earned based on the terms of the investments and the period during which the investments were held by the Stable Value Master Trust.

The following table presents the net assets of the Stable Value Master Trust as of December 31:

	<u>Stable Value Master Trust</u>

G. BENEFITS PAYABLE

Net assets available for benefits at December 31, 2024 and 2023 include \$1.8 million and \$6.8 million, respectively, for participants who have withdrawn from the Plan and have requested distribution of benefits but have not yet been paid.

H. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of AECOM common stock. At December 31, 2024 and 2023, the Plan held approximately 4.9 million and 5.2 million shares of AECOM common stock, respectively, with a fair value of approximately \$521.7 million and \$477.4 million at December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, the Plan acquired approximately \$49.5 million of AECOM common stock, of which \$24.7 million was AECOM common stock issued by the Company to the Plan. Additionally, during the year ended December 31, 2024, the Plan sold approximately \$81.1 million of AECOM common stock, of which \$18.8 million were in-kind distributions. The Plan recorded \$4.5 million in dividend income and recorded a net appreciation in fair value of approximately \$71.5 million, which included gains and losses on shares bought and sold, as well as held during the year ended December 31, 2024.

The Plan holds self-directed brokerage accounts and investments managed by Bank of America, N.A. and its affiliates; and these transactions qualify as party-in-interest transactions. The Plan also holds investments managed by Northern Trust Corporation, Fidelity Management Trust Company, and The Vanguard Group; these transactions qualify as party-in-interest transactions.

These party-in-interest transactions qualify for prohibited transaction exemptions.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, AECOM has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

J. TAX STATUS

The Plan received its latest determination letter on February 2, 2016, in which the IRS indicated that the form of the Plan complies with the applicable requirements of the Internal Revenue Code. The Plan was amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits in progress for open tax periods.

K. RISKS AND UNCERTAINTIES

The Plan and the Master Trusts invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's exposure to a concentration of risk is limited by the diversification of investments across various participant-directed investment options. Additionally, the investments within each participant-directed

investment option are further diversified into varied financial instruments, with the exception of AECOM common stock, which is a single security.
