## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
Vault Pressure Control 401(k) Plan  
Houston, Texas

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Vault Pressure Control 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vault Pressure Control 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vault Pressure Control 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Basis of Accounting**

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vault Pressure Control 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vault Pressure Control 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vault Pressure Control 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VAULT PRESSURE CONTROL 401(k) PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Vault Pressure Control 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**GENERAL**

The Plan is a defined contribution plan covering full-time employees of Vault Pressure Control, LLC (the Company and Plan Sponsor) who have one month of service. Plan entry dates are the first day of the month coinciding with eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**PLAN ADMINISTRATION**

The Custodian of the Plan, Empower Retirement, LLC (Empower), also acts as the recordkeeper and is responsible for managing the Plan's investment assets and performs the Plan's administrative duties such as preparation of the Form 5500, participant recordkeeping, compliance testing and enrollment and transaction processing. The Plan Administrator is an employee of the Company. Employees of the Company may perform certain other administrative functions; however, such employees receive no compensation from the Plan.

**CONTRIBUTIONS**

Participants may elect to contribute amounts from eligible compensation, as defined in the Plan agreement, not to exceed the limits of Internal Revenue Code Section (IRC) 401(k). In addition, participants that reach age 50 before the close of the Plan year may make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trust funds and a fixed insurance annuity as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make a discretionary, non-elective matching contribution as determined by the Chairman of the Board of the Company. In 2024, the Company made a discretionary, non-elective matching contribution of \$1,056,190. In addition, the employer may also make discretionary, non-elective contributions on behalf of active participants, of which none were made in the Plan year. These discretionary, non-elective contributions, if any, shall be allocated to active participants based on compensation.

**PARTICIPANT ACCOUNTS**

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**VESTING**

Participants are immediately vested in their contributions plus actual earnings thereon. In the event the Company makes any contributions on behalf of active participants, vesting in the contributions plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>% Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

**VAULT PRESSURE CONTROL 401(k) PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023  
CONTINUED**

**NOTE 1 - DESCRIPTION OF PLAN - CONTINUED**

**VESTING - CONTINUED**

The Plan has a special vesting provision stating that participants whose employment commencement date is prior to January 1, 2021, will be 100% vested at all times in all accounts. Full vesting also occurs at retirement, disability, death, or plan termination.

**NOTES RECEIVABLE FROM PARTICIPANTS**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of the participant's account balance or \$50,000. Participants may only have one loan outstanding at any time. At December 31, 2024, notes were secured by the balance in the participant's account and bear interest at a rate of 4.25% - 9.50%. Principal and interest are paid ratably through payroll deductions.

**PAYMENT OF BENEFITS**

Participants are entitled to the benefits that can be provided from their individual account balances, subject to vesting, upon retirement, death, hardship, or termination. Payment is required to be made as soon as administratively feasible after one of these events occurs. The participant may elect to defer distribution until the later of age 62 or Normal Retirement Age. Normal Retirement Age is 65, or the 5<sup>th</sup> anniversary of participation in the Plan, if later. The vested portion of the participant's benefits may be distributed to the participant or his beneficiary in the form of a single lump-sum payment, partial withdrawals or installments (for required minimum distributions) or as a direct rollover to an Individual Retirement Account. Vested balances less than \$5,000 at termination of employment are paid as a lump sum.

**FORFEITED ACCOUNTS**

Forfeitures may be used to reduce employer contributions or pay administrative fees of the Plan. During the year ended December 31, 2024, the Plan received \$90,396 in forfeited funds and used \$69,043 to reduce employer contributions and \$6,647 to pay Plan expenses. As of December 31, 2024 and 2023, forfeitures along with accrued interest income amounted to \$30,036 and \$14,688, respectively.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF ACCOUNTING**

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The cash basis method of accounting is modified with respect to investments, which are recorded at fair value except for fully benefit-responsive investment contracts, which are reported at contract value.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTES RECEIVABLE FROM PARTICIPANTS**

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments, and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on terms of the Plan document.

**INVESTMENT VALUATION AND INCOME RECOGNITION**

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the Plan Custodian. See Note 3 for discussion of fair value measurements.

**INVESTMENT VALUATION AND INCOME RECOGNITION - CONTINUED**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**CONTRIBUTIONS**

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**PAYMENT OF BENEFITS**

Benefits are recorded when paid.

**EXPENSES**

The Company, at its sole discretion, may pay the administrative expenses (i.e., custodian fees, fund fees, loan fees, recordkeeping fees and other similar expenses) of the Plan. If such expenses are not paid by the Plan Sponsor, they are paid out of plan assets. Investment related expenses are included in net appreciation in fair value of investments.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds*

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. As of December 31, 2024 and 2023, the Plan had \$4,986,725 and \$3,980,358, respectively, invested in open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded and considered Level 1 investments.

*Common collective trust funds:*

The fair value of common collective trust funds are valued at net asset value (NAV) of shares held by the Plan at year end. Units held in these investments are valued at NAV daily using publicly available quoted market prices as published by the individual funds. The redemption frequency and notice periods of each of these investments is daily, and there are no redemption restrictions on unfunded commitments.

In accordance with the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America, certain investments measured at NAV (or its equivalent) are not required to be classified in the fair value hierarchy.

*Investments measured using the net asset value per share practical expedient:*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2024

December 31, 2023				
Common collective trust funds	\$ 6,858,507	N/A	Daily	None

**NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN**

Certain information related to cash and investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the third-party administrator Empower.

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 14,266,894	\$ 10,838,865
Investment at contract value	498,154	239,592
Notes receivable from participants	<u>744,537</u>	<u>482,864</u>
	<u>\$ 15,509,585</u>	<u>\$ 11,561,321</u>
Investment income (including interest income on notes receivable from participants)	<u>\$ 1,927,074</u>	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedule.

**NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY**

The Plan had fully benefit-responsive guaranteed investment group annuity contract with Great-West Life & Annuity Insurance Company of New York (the insurance company), which is called the Key Guaranteed Portfolio Fund and totaled \$498,154 and \$239,592 at December 31, 2024 and 2023, respectively. The insurance company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.05%. The crediting rate is reviewed on a quarterly basis for resetting.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2024 and 2023, the average yield earned by the fund and the average rate credited to participants was 1.4% and 1.2%, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY - CONTINUED**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination), (2) closing or disruption of financial markets or exchanges, (3) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (4) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (6) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

**NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by Empower. Empower is the Custodian and recordkeeper for the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

**NOTE 7 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**NOTE 8 - TAX STATUS**

The Plan Sponsor has adopted a prototype plan which received a favorable tax determination letter from the Internal Revenue Service (IRS) that it qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 9 - RISKS AND UNCERTAINTIES**

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 10 - SUBSEQUENT EVENTS**

Subsequent events were evaluated through September 12, 2025, the date on which the financial statements were available to be issued.
