Independent Auditors' Report

To the Plan Administrator of
Onity Group Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Onity Group Inc. 401(k) Savings Plan (the Plan), formerly known as Ocwen Financial Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Onity Group Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Onity Group Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Onity Group Inc. 401(k) Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Onity Group Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Onity Group Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Plan Administrator of
Onity Group Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Onity Group Inc. 401(k) Savings Plan (the Plan), formerly known as Ocwen Financial Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Onity Group Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Onity Group Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Onity Group Inc. 401(k) Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Onity Group Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Onity Group Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ONITY GROUP INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1 - Description of Plan

The following description of the Onity Group Inc. 401(k) Savings Plan (the Plan) provides only general information. Effective June 10, 2024, the Plan was renamed to Onity Group Inc. 401(k) Savings Plan (formerly Ocwen Financial Corporation 401(k) Savings Plan) in connection with Ocwen Financial Corporation's name change to Onity Group Inc. on the same date. For a more complete description of the Plan's provisions, participants should refer to the Plan Document which is available from the plan sponsor, Onity Group Inc. (the Company, Onity or Employer).

General

The Plan is a defined contribution plan that provides Internal Revenue Code (IRC) Section 401(k) employee salary deferral benefits and employer contributions for the eligible employees of the Company and its participating affiliates and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Company and fiduciary responsibility has been delegated by the Company's Board of Directors to the Retirement Committee (the Plan Administrator).

Bank of America, N.A. (Bank of America) is the Plan's trustee and also serves as the record keeper to maintain the individual accounts of each of the Plan's participants. The Plan's assets are administered under a contract with Bank of America. As the Plan's trustee, Bank of America, invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

Effective March 25, 2024, the Plan was amended to add PHH Asset Services LLC (PAS) as a participating employer following Onity's formation of this wholly-owned subsidiary.

Eligibility

Employees of the Company and its participating affiliates, as defined are eligible to participate in the Plan on the first day of the calendar month coincident with or following attainment of age 21 and completion of one (1) month of service. Long-term part-time employees who met eligibility requirements under the SECURE Act are also eligible to participate in the Plan. Newly eligible participants are automatically enrolled in the Plan with a deferral rate of 1% of pre-tax eligible earnings in a designated balanced fund.

Individuals who are (i) leased employees; (ii) independent contractors; and (iii) nonresident aliens with no U.S. source income are not eligible to participate in the Plan. Employees whose employment is governed by a collectively bargained agreement are also excluded from participation in the Plan unless the agreement provides to the contrary. Union employees, nonresident aliens, leased employees and employees who are classified on the books and records of the Employer as a License Holder and participants other than participants who work in the United States Virgin Islands (USVI) for Ocwen USVI Services (OVIS), LLC, Inc., an affiliate of the Company, or any successor entity are not eligible for the profit sharing contribution.

Employee Contributions

Participants may elect to defer eligible compensation on a pre-tax basis, an after-tax Roth basis, or a combination of both, subject to the limitations described by the IRC. The statutory annual maximum contribution limit, which may be adjusted each year for cost-of-living increases, was \$23,000 for 2024. Participants who were at least 50 years old by December 31st were permitted to contribute a maximum of \$7,500 as catch-up contributions for 2024. Participant contributions are recorded in the period that payroll deductions are made from the participant.

Rollover Contributions

All participants, upon eligibility, are provided the option to make a rollover contribution into the Plan in accordance with Internal Revenue Service (IRS) regulations and Plan provisions.

Employer Match Contributions

The Company provides matching contributions to the Plan for pre-tax and Roth contributions based on the participant's eligible compensation that is contributed to the Plan each payroll period, subject to the limitations described by the IRC. For 2024, the Company made matching contributions of 50% of the first 6% of eligible compensation.

The statutory annual maximum matching contribution limit per participant, which is adjusted each year for cost-of-living increases, was \$10,350 for 2024. Participants are eligible for matching contributions after one year of eligibility service. One

**ONITY GROUP INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

year of eligibility service is defined as the completion of 1,000 or more hours during a 12-month consecutive period. Catch-up contributions made by eligible participants are not matched by the Company.

At year-end, the Company performs a true-up calculation of the employer matching contribution for all participants and makes any necessary additional matching contributions in the subsequent year. The true-up contributions are recorded as employer contributions receivable in the accompanying Statements of Net Assets Available for Benefits. See Note 4 - Contribution Receivable.

Profit-Sharing Contributions

Each participant who has eligible compensation in the USVI for OVIS or any successor entity receives a profit-sharing contribution equal to 2% of the participant's compensation up to the annual limitations described by IRS of \$6,900 for 2024.

Participant Accounts

Each participant's account is credited with (i) the participant's contributions, (ii) the appropriate amount of Company matching and/or profit-sharing contributions and (iii) an allocation of Plan earnings or losses (including interest, dividends and net realized and unrealized appreciation or depreciation on investments, less administrative expenses). All amounts in participant accounts are participant-directed.

Investments

Participants direct the investment of participant and Company matching and profit-sharing contributions to various investment options offered by the Plan. Participants may reallocate investments or change future contributions on a daily basis. Contributions are invested in the Plan's default investment option if no investment direction is provided by the participant.

Vesting

The Plan provides each eligible participant immediate fully vested rights on all employee, employer and rollover contributions and earnings on those contributions, regardless of the employee's length of participation in the Plan or service with the Company.

Notes Receivable from Participants

Active participants may obtain a loan from the Plan and may only hold one outstanding loan at any time. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the participant's vested account balance, except the amounts borrowed under the CARES Act. The loans are secured by the participant's account balance and bear interest at a rate equal with the applicable prevailing rates. Loan repayments are made through payroll deductions. In the event that a participant's employment with Onity terminates for any reason while a loan is outstanding, the full outstanding balance of principal and interest becomes immediately due and payable.

Withdrawals

Withdrawals from the vested accounts of the participants under the Plan may be made when the participant reaches age 59½, terminates employment, dies, becomes disabled or experiences financial hardship. However, a 10% excise tax may be applied to early withdrawals from the Plan. Participants may request a withdrawal from their rollover contributions at any time.

Benefit Payments

Upon termination of employment, a participant's account value under the Plan is paid in a single sum distribution if the value of the account is \$7,000 or less. If the account balance is greater than \$1,000 but equal to or less than \$7,000, a participant may elect to execute a transfer or rollover to another plan or receive a single sum distribution, otherwise the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Administrative Committee. Benefit payments are recorded when paid and are paid net of any outstanding loan balance when a participant withdraws from the Plan.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited accounts totaled \$8,817 and \$98, respectively. These forfeited amounts primarily resulted from corrective actions required on employer matching contributions. These accounts can be used to reduce future employer contributions or pay reasonable administrative expenses. During 2024, forfeited amounts of \$202 were used to reduce employer contributions.

NOTES TO FINANCIAL STATEMENTS**

2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 - Fair Value Measurements for a discussion of the three-level valuation hierarchy and discussion of the valuation methodologies, significant inputs and classification pursuant to the valuation hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The net appreciation or depreciation in fair value of investments consists of realized and unrealized gains and losses on the investments held during the year. Realized gains and losses on investments are determined on the basis of average costs. Unrealized gains or losses on investments are based on changes in the market values of investments.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately stated. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Updates

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of the SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

3 - Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**ONITY GROUP INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are non-observable and significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Investment in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The mutual fund assets, held by the Plan, are valued at NAV (quoted price) at year-end and are, therefore, classified as a Level 1 investment.

Interest Bearing Cash

Investments in interest bearing cash are classified as Level 1 of the valuation hierarchy and are stated at cost, which approximates fair value.

Common/Collective Trusts

The Plan's investments in common/collective trusts are not traded in active markets and are valued at the NAV per unit, as determined by the trustee. The NAV per unit is used as the practical expedient to estimate fair value. The NAV per unit is based on the value of the underlying investment asset price using actual trade data, contract value, accrued interest, benchmark yield data, broker or dealer quotes, issuer spread data and other reference information. The Plan can redeem investments in common/collective trusts daily at the stated price to meet benefit payments and other participant-initiated withdrawals. The Plan is required to provide 12 months advance notice to the trustee prior to a full redemption of the Great Gray Trust Company Stable Value Fund II and the Wells Fargo Stable Return Fund (liquidated in 2024). The remaining Common/Collective trust investments require five business days advance written notice for any plan sponsor directed withdrawals that will exceed \$1,000,000. The Plan has no unfunded commitments or unmet notice requirements for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**ONITY GROUP INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

	December 31, 2024		
	Level 1	Level 2	Total
Mutual funds	\$ 183,749,259	\$ —	\$ 183,749,259
Interest bearing cash	8,850	—	8,850
	<u>\$ 183,758,109</u>	<u>\$ —</u>	<u>183,758,109</u>
Common/collective trusts measured at NAV (1)			149,299,539
Total investments, at fair value			<u>\$ 333,057,648</u>

	December 31, 2023		
	Level 1	Level 2	Total
Mutual funds	\$ 254,157,978	\$ —	\$ 254,157,978
Interest bearing cash	69,408	—	69,408
	<u>\$ 254,227,386</u>	<u>\$ —</u>	<u>254,227,386</u>
Common/collective trusts measured at NAV (1)			58,328,772
Total investments, at fair value			<u>\$ 312,556,158</u>

- (1) In accordance with ASC 820, certain investments that are measured at fair value using the NAV per unit practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4 - Contribution Receivable

Contribution receivable consisted of following:

	December 31,	
	2024	2023
Corrective qualified non-elective contribution (1)	\$ 4,390	51,747

- (1) Per Nondiscrimination testing performed by the Plan trustee, employee contributions of \$49,927 and \$212,467 (including earnings) for 2024 and 2023 respectively, were determined to be in excess of amounts allowed by the IRC. The Plan administrator addressed this through qualified non-elective contributions. These contributions for 2024 and 2023 were received by the Plan prior to March 15, 2025 and 2024 respectively.

5 - Plan Termination

Although it has not expressed any intent to do so, Onity has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6 - Federal Income Tax Status

The IRS has confirmed by a favorable determination letter dated June 30, 2020, that the Pre-approved Defined Contribution Plan (see Note 1 - Description of Plan) and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no tax audits for any tax periods in progress.

**ONITY GROUP INC. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

7 - Related Party and Party-in-Interest Transactions

During 2024 and 2023, the Plan had investments managed by Bank of America. The Plan issues loans to participants, which are secured by the participants' account balances. Other third-party administrators have been contracted by the Plan to provide certain services to participants on behalf of the Plan Administrator. These transactions qualify as exempt party-in-interest transactions under ERISA.

As the plan sponsor, the Company is a party-in-interest with respect to the Plan. The Company's employer contributions to the Plan qualify as party-in-interest transactions. These transactions are exempt party-in-interest transactions. In addition, there were no reimbursements of direct expenses paid by the Plan to the Company for the Plan operations and administration in 2024.

8 - Risk and Uncertainties

The Plan provides for various investment options in common/collective trust funds and mutual funds with underlying assets consisting of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market condition and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty, it is at least reasonably possible that changes in the value of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

All investments in the Plan are participant-directed. The investment securities in which a participant elects to invest do not present a risk to the Plan itself or the employer contributions (which are a match of employee contributions), only to the individual participant's assets available for benefits. Concentration of risk is limited by the diversification of investments across multiple investment fund options; refer to the supplemental Schedule of Assets (Held at End of Year) which includes a schedule of investments,, current values and percentage (or concentration) of total asset values as of December 31, 2024.

9 - Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees incurred by the Plan for third-party administrator services are included as administrative expenses. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

10 - Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution.
