## **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator,  
PBC Management LLC 401(k) Profit Sharing Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompany financial statements of PBC Management LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits as of December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS****PBC Management LLC 401(k) Profit Sharing Plan**

December 31, 2024 and 2023

**Note 1 - DESCRIPTION OF PLAN**

The following brief description of the PBC Management LLC (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

**a. General**

The Plan is a defined contribution plan covering substantially all employees of the Company who are eligible to participate upon completion of three consecutive months of service. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Retirement and Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

**b. Contributions**

Each year, participants are permitted to defer a percentage of their pay into an elective deferral account on a pre-tax and/or post-tax basis, subject to the limitations specified in the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make “catch-up” contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of pre-tax compensation unless they affirmatively elect not to participate in the Plan.

In any plan year, the Company may make discretionary matching contributions. Effective, July 1, 2024, the Company’s discretionary matching contribution was increased to 100% of participant’s deferral up to 4%. Prior to this change, the Company matched 100% of the participant’s deferral up to 3% of the participant’s compensation. For the year ended December 31, 2024, the Company contributed \$3,334,424, net of forfeitures of \$271,816.

In any year, the Company may also make discretionary non-elective contributions. The Company made no discretionary non-elective contributions for the year ended December 31, 2024.

**Note 1 - DESCRIPTION OF PLAN (Continued)**

**c. Participant Accounts**

Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of the Company's discretionary non-elective contributions and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**d. Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

**e. Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the bank prime rate, as reported by the U.S. Federal Reserve. Interest rates on notes receivable from participants ranged from 4.25% to 9.5% for both the years ended December 31, 2024 and 2023. Principal and interest is paid ratably through payroll deductions.

**f. Payment of Benefits**

Distributions to participants or their beneficiaries take place upon the participant's separation of service, retirement, permanent and total disability, or death. Distributions equal to the value of the participant's vested interest in his or her account may be paid in lump sum amounts or in a series of equal installment payments over a period not to exceed the life expectancy of the participant and a designated beneficiary. Additionally, a participant may request an in-service withdrawal of all or part of his or her account balance upon reaching age 59½. The Plan requires a mandatory distribution of accounts with balances of \$7,000 or less following the severance from employment. A participant may also request a distribution from his or her 100% vested account (excluding earnings) in case of hardship as detailed in the plan document.

**Note 1 - DESCRIPTION OF PLAN (Continued)**

**g. Forfeitures**

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,988 and \$18,728, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2024, forfeitures totaling \$271,816 were used to reduce the Company's matching contribution.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**a. Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**b. Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**c. Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement and Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**d. Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**e. Payment of Benefits**

Benefits are recorded when paid.

**f. Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Additionally, the plan sponsor receives an allowance equal to 0.10% collected from asset-based fees deducted from the accounts of all Plan participants paid in quarterly installments and calculated by dividing the annual amount by four pursuant to the Plan's administrative services agreement. All amounts received into the allowance account are used solely for eligible administrative expenses that are reasonable and necessary. Any allowance paid in excess of incurred administrative expenses for any given year will be appropriately allocated to participants as of the end of the Plan year in which the amounts were made available. During the year ended December 31, 2024, an allowance of approximately \$93,000 was received by the Plan, approximately \$86,000 was used to pay administrative expenses. As of December 31, 2024 and 2023, the ERISA expense account had \$26,936 and \$19,372, respectively, available to be used for eligible administrative expenses.

**g. SECURE 2.0 Act of 2022**

On December 29, 2022, the SECURE 2.0 Act was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates.

Significant provisions were as follows:

- The RMD age was increased from 72 to 73, effective January 1, 2023, and to age 75, effective January 1, 2033;
- The excise tax for failure to take RMDs was reduced from 50 percent to 25 percent of the RMD amount that was not taken, beginning January 1, 2023; and;

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**g. SECURE 2.0 Act of 2022 (Continued)**

- All catch-up contributions for participants with compensation of more than \$145,000 (indexed for inflation) are required to be designated as Roth 401(k) contributions beginning after December 31, 2023. However, in August 2023, the Internal Revenue Service (IRS) announced an administrative transition period that delays this requirement until taxable years beginning after December 31, 2025.

The Plan will incorporate changes in its plan document and administration to the extent required by the “*SECURE 2.0 Act*”.

**h. Subsequent Events**

The Plan has evaluated subsequent events through September 11, 2025, the date the financial statements were available to be issued.

**Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE**

During December 31, 2024 and 2023, certain information related to investments in the guaranteed income fund, mutual funds, and notes receivable from participants disclosed in the accompanying financial statements was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan, and Empower Annuity Insurance Company, in accordance with Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA:

	2024	2023
Investments in mutual funds	\$ 62,613,351	\$63,908,169
Investments in guaranteed income fund	\$ 15,013,845	\$16,922,322
Investments in pooled separate accounts	\$ 18,204,986	\$11,924,320
Notes receivable from participants	\$4,891,144	\$4,273,203
Net appreciation in fair value of investments	\$7,104,660	
Dividends and interest	\$3,406,525	
Interest income on notes receivable from participants	\$301,100	

**Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (Continued)**

On April 1, 2022, Empower Annuity Insurance Company of America, formerly known as Great-West Life & Annuity Insurance Company, acquired the full-service retirement business of Prudential Financial, Inc. Subsequent to the acquisition of Prudential Retirement by Empower, the legal name of Prudential Retirement Insurance and Annuity Company (PRIAC) was changed to “Empower Annuity Insurance Company” (EAIC) as of October 3, 2022. On March 31, 2023, Prudential Bank & Trust, F.S.B. merged into Empower Trust Company, LLC, an Empower affiliate, and all services performed by Prudential Bank & Trust, F.S.B. were assumed by Empower Trust Company, LLC.

**Note 4 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
  
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly such as:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Note 4 - FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

- *Mutual funds*: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.
- *Pooled separate accounts*: Valued at the NAV or equivalent based on the units of the pooled separate accounts. The NAV is a readily determinable fair value because the underlying investments are equity securities structured similarly to a mutual fund in which the fair value per unit are determined and published and are the basis for current transactions. The daily NAV is available to participants of the Plan and participants are allowed to make daily redemption requests at NAV. The pooled separate accounts are measured using fair value and have been determined to be Level 2 inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Totals
Mutual funds	\$ 62,613,351	\$ -	\$ -	\$ 62,613,351
Pooled separate accounts	-	18,204,986	-	18,204,986
Investments, at fair value	\$ 62,613,351	\$ 18,204,986	\$ -	\$ 80,818,337
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Totals
Mutual funds	\$ 63,908,169	\$ -	\$ -	\$ 63,908,169
Pooled separate accounts	-	11,924,320	-	11,924,320
Investments, at fair value	\$ 63,908,169	\$ 11,924,320	\$ -	\$ 75,832,489

Based on a reevaluation of the criteria for concluding that an investment has a readily-determinable fair value, the fair value of the pooled separate accounts as of December 31, 2023 have been reclassified to Level 2 in the fair value table to conform with the current year presentation. This reclassification has no impact on net assets available for benefits as of December 31, 2023.

**Note 5 - GROUP ANNUITY INSURANCE CONTRACT**

The Plan has entered into a benefit-responsive group annuity insurance contract with EAIC totaling \$15,013,845 and \$16,922,322 as of December 31, 2024 and 2023, respectively. As described in Note 2, because the guaranteed investment contract (GIC) is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The concept of a value other than contract value does not apply to this insurance company issued contract, a general account backed evergreen (no maturity date) group annuity spread product, even upon a discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. This contract does not have a fair value adjustment upon discontinuance. There are no specific securities in the general account that back the liabilities of this annuity contract, and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not a traditional GIC and therefore there are no cash flows that could be discounted. As a result, the fair value is equal to the contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid overtime. There are no events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of the contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The minimum crediting rate under the contract is 1.50%. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

**Note 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Plan assets are invested in a group annuity contract offered by EAIC. Empower Trust Company, LLC and EAIC provided administrative and investment advisory services to the Plan. These transactions qualify as party-in-interest transactions.

**Note 7 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

**Note 8 - TAX STATUS**

The non-standardized pre-approved document adopted by the Plan received a favorable opinion letter from the Internal Revenue Service dated December 4, 2020, which stated that the non-standardized plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

On February 1, 2025, the Plan was restated and the non-standardized pre-approved document adopted by the Plan received a favorable opinion letter from the Internal Revenue Service dated September 16, 2022, which states that the non-standardized plan is designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 9 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

**Note 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to the Form 5500:
