Plan Administrator for Cobb, Fendley & Associates, Inc.
Employee Stock Ownership Plan
Houston, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cobb, Fendley & Associates, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1: DESCRIPTION OF THE PLAN

General

Cobb, Fendley & Associates, Inc. (the "Company") established Cobb, Fendley, & Associates, Inc. Employee Stock Ownership Plan (the "Plan") on January 1, 1997. As of January 1, 2009, the Plan was amended and operates as an employee stock ownership plan (ESOP), designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an administrative committee consisting of two members of the Company's board of directors. The same two members of the Company's board of directors also serve as co-trustees of the Plan.

Eligibility

Employees of the Company are generally eligible to participate in the Plan as of the first quarterly entry date following six months of service. Participants who do not have at least 1,000 hours of service during a plan year, or are not employed on the last working day of a plan year, are generally not eligible for an allocation of Company contributions for such year.

Payment of Benefits

Subject to various pay-out provisions, participants receive distributions from the Plan upon death, disability, retirement or termination of employment with the Company. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. As of December 31, 2024 and 2023, the vested value of all terminated participants' accounts totaled \$8,653,923 and \$7,923,215, respectively.

Under the provisions of the Plan, the Company (or the trust) is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2024 the Trust repurchased from participants 15,553 shares at prices determined from an independent appraisal.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year after two years of service and are 100 percent vested after six years of service.

NOTE 1: DESCRIPTION OF THE PLAN (*Continued*)

Voting Rights

When a shareholder vote is required in connection with any corporate merger, recapitalization, reclassification, liquidation, dissolution, sale of substantially all business assets, or other transaction prescribed by regulation, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. Otherwise, the Trustees are required to vote any shares for which timely instructions have not been given by a participant, in accordance with instructions from the Committee.

Termination

The Company reserves the right to terminate the Plan at any time, subject to the Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Administrative Committee shall direct the Trustees to pay all liabilities and expenses of the trust fund.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustees and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's covered compensation, relative to total covered compensation of all participants.

Put Options

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash for the value of their vested shares.

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25 percent of the value of his account to the extent such value exceeds the amounts to which any prior election applied. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may receive a cash distribution, at the discretion of the Committee.

Participant Accounts and Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non vested shares allocated to remaining participants as of December 31, 2024 were valued at \$86,001. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balances.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Employer common stock has been valued by an independent professional appraiser. The net change in unrealized appreciation or depreciation on investments held at year end is allocated annually on a pro-rata basis to the participants' accounts. Purchases and sales of securities are recorded on a trade date basis.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE 3: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 21, 2013, that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist of Company common shares and contributions receivable, are held by the Trustees of the Plan. Company contributions are held and managed by the Trustees, who invest cash received and make distributions to participants. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

NOTE 5: EMPLOYER CONTRIBUTIONS

The Company, at the discretion of the Board of Directors, may make contributions in the form of cash or shares of Company stock to the Plan during the year, provided that such contributions do not exceed the maximum amounts deductible under the Code. Contributions for each year are paid to the Plan no later than the due date for filing the Company's federal income tax return for that year.

NOTE 6: INVESTMENTS

The Plan's investment in Company common shares at December 31, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Number of Shares	264,954	264,954
Cost	\$ 2,204,411	\$ 2,204,411
Market	\$ 30,231,241	\$ 24,587,723

NOTES TO FINANCIAL STATEMENTS

NOTE 7: INCOME TAXES

The Plan did not have unrecognized tax benefits as of December 31, 2024 and 2023, and does not expect this to change significantly over the next 12 months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2024 and 2023, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 8: FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements*, provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1:

Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2:

Measured based upon inputs that are observable, either directly or indirectly, or the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

Level 3:

Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

COBB, FENDLEY & ASSOCIATES, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8: FAIR VALUE MEASUREMENTS *(Continued)*

As required by ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The fair value of the Company's common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Company's financial instruments by ASC 820-10 pricing levels as of December 31, 2024 and 2023:

	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Other Observable Inputs (Level 2)</u>	<u>Unobservable Inputs (Level 3)</u>	<u>Fair Value at December 31, 2024</u>
Common Stock	\$ -	\$ -	\$ 30,231,241	\$ 30,231,241
