Report of Independent Auditors

The Administrative Committee of
Irvine Company Unified Savings Plan

Opinion

We have audited the financial statements of Irvine Company Unified Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

IRVINE COMPANY UNIFIED SAVINGS PLAN

Notes to Financial Statements

December 31, 2024

1. Organization and Summary of Significant Accounting Policies

Fidelity Management Trust Company and Fidelity Workplace Services LLC (collectively, “Fidelity”) are the trustee and recordkeeper, respectively, of Irvine Company Unified Savings Plan (the “Plan”). Irvine Management Company (the “Sponsor”) and its subsidiaries, and certain other affiliated entities are collectively considered the “Company” or the “Employer”.

Each Plan participant is eligible to direct Fidelity as to their choice of investment options among investment funds including mutual funds and common collective trust funds. The Plan assets maintained in the mutual fund and common collective trust fund investments are stated at fair value which is based on quoted market prices at December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Participants with a balance greater than zero (\$0) at any time during the year are assessed a fixed annual fee of \$50, which is prorated and billed quarterly. Administrative expenses associated with the Plan are funded by the participants. The annual fee of \$50 for participants with an account balance of less than \$5,000 are funded by the Sponsor.

The Plan participates in Fidelity’s Revenue Credit Program and the Plan Sponsor is permitted to use any credit received under this program to pay administrative expenses associated with the Plan and/or allocate the credit to participant accounts via the plan-level pro rata method. Allocations for the Revenue Credit amounts are made to eligible participants pro rata based on account balances, exclusive of outstanding loan balances. Solely for purposes of these allocations, eligible participant means any participant or beneficiary with a balance greater than zero (\$0). Credits under this program totaled \$64,392 and \$46,979 for the years ended December 31, 2024 and 2023, respectively.

IRVINE COMPANY
UNIFIED SAVINGS PLAN

Notes to Financial Statements (continued)

In the event of nonperformance by other parties, the Plan's exposure to credit loss on investments is limited to the carrying value of such investments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan administrator believes that no significant concentrations of credit risk existed as of December 31, 2024 and 2023. Due to the level of market and credit risks associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in these risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of December 31, 2024 and 2023, and changes in net assets available for benefits for the years then ended. Accordingly, actual results could materially differ from those estimates.

In connection with preparation of the Plan's financial statements, the Company evaluated subsequent events after the financial statement date of December 31, 2024 through August __, 2025, the date the financial statements were available to be issued. Effective February 24, 2025, participants with terminated employment and a distributable account balance may elect partial distributions or periodic installment distributions under a systematic withdrawal plan to withdraw any portion of their vested balance. Effective April 1, 2025, the fixed annual Participant fee decreased from \$50 to \$42.

2. Description of Plan

Effective April 10, 2024, the Plan transitioned from its individually designed plan to the Fidelity Pre-Approved Defined Contribution Plan ("Fidelity Pre-Approved Plan"). The provisions governing the Plan remained unchanged upon transition to the Fidelity Pre-Approved Plan.

The following description of the Plan provides only general information. Participants should refer to the plan document and related agreements for a more complete description of the Plan's provisions. The Plan is a defined contribution plan. Substantially all employees of the Company may participate in the Plan. Employees can contribute 1% to 75% of their eligible compensation on a before-tax basis and/or after-tax basis, up to the annual participant contribution limit designated by the Internal Revenue Service ("IRS"). These contributions are considered "voluntary employee contributions". Employees are eligible to begin making participant contributions on the first of the month, following the date of hire. Employees may rollover account balances from other qualified

IRVINE COMPANY UNIFIED SAVINGS PLAN

Notes to Financial Statements (continued)

employer retirement plans into the Plan. Participants age 50 or older by the end of the calendar year are eligible to make catch-up contributions up to the additional contribution limit designated by the IRS.

The Employer will make a non-discretionary matching contribution, up to the annual compensation limit designated by the IRS, equal to 100% of an employee's contribution, including catch-up contributions, up to 5% of eligible pay ("Company Match Contributions"). Company Match Contributions and the associated investment earnings are always fully vested.

Each participant's account is credited with the participant's contributions, Employer contributions, any applicable Revenue Credit allocations, and allocations of Plan earnings/losses, and is reduced by certain administrative expenses and distributions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan requires that the account of each participant be revalued daily to reflect the net income or loss and any change in the fair value of assets in the participant's account.

Benefits are paid in the form of cash distributions. A participant is generally not permitted to make withdrawals from his or her account while employed, unless withdrawals are made under the applicable Internal Revenue Code (the "Code") hardship provision, the participant has reached the age of 59½, or the withdrawal is requested from rollover contributions. Effective November 12, 2024, the Plan has adopted certain optional provisions under the SECURE Act 2.0.

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions and terminate the Plan subject to provisions of ERISA. In the event the Plan was terminated, participants accounts would be distributed by the trustee.

3. Investments

Fair value is defined as the amount that would be received to sell an asset in an orderly transaction between market participants as of the measurement date. The Plan utilizes a hierarchy of valuation techniques (Level 1, Level 2 or Level 3) based on whether the inputs to a fair value measurement are considered observable or unobservable in the marketplace. The valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Mutual funds are valued at the daily closing price as reported by the fund. All of the mutual funds are open ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1. The Plan invests in common collective trust funds

IRVINE COMPANY
UNIFIED SAVINGS PLAN

Notes to Financial Statements (continued)

which are considered to have readily determinable fair values based on their daily NAV provided by the fund's issuer and are categorized as Level 1. Participant-directed redemptions have no restrictions; however, four common collective trusts require notification for redemptions. The Plan is required to provide a one-year redemption notice to liquidate its entire share in the Putnam Stable Value Fund. The Plan is required to provide written notice, five business days in advance, to MFS Heritage Trust Company International Growth CIT and MFS Large Cap Value CIT for investment line-up changes greater than \$5,000,000. The Plan is also required to provide written notice, five business days in advance, to Driehaus Emerging Markets Growth CIT for redemptions greater than \$10,000,000 or 10% of the balance held, and fifteen business days in advance to liquidate its entire holding.

The following assets have been measured at fair value as of December 31, 2024 and 2023:

	Hierarchy	December 31,	
Investments	Level	2024	2023
Common collective trust funds	Level 1	\$ 506,385,958	\$ 435,227,756
Mutual funds/Money market	Level 1	66,844,366	65,684,545
Total investments at fair value		\$ 573,230,324	\$ 500,912,301

4. Loans

Participants are able to obtain loans from the Plan, not to exceed the lesser of \$50,000 or 50% of their investment balance (as reduced by the participant's highest outstanding loan balance within the last 12 months). Participant loans must be repaid within five years, require minimum quarterly payments, and bear interest at fixed interest rates which are based on the prime rate at the beginning of each quarter, plus 1%. Interest income on a participant loan is recognized by the Plan (net of administrative expenses) and allocated to the participant's account from which the loan was disbursed.

5. Income Tax Status

The Fidelity Pre-Approved Plan received an opinion letter from the IRS dated June 30, 2020, stating that the underlying plan, including related amendments, as designed, was in compliance with the applicable requirements of Section 401(a) of the Code. The Plan had been amended since the adoption of the Fidelity Pre-Approved Plan. The Plan administrator believes the Plan continues to be operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.

UNIFIED SAVINGS PLAN

Notes to Financial Statements (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
