Report of Independent Auditors

To the Plan Administrator of
New River Electrical Corporation Retirement Savings Plan
Cloverdale, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of New River Electrical Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of New River Electrical Corporation Retirement Savings Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New River Electrical Corporation Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New River Electrical Corporation Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New River Electrical Corporation Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about New River Electrical Corporation Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) and Schedule H, Part IV, line 4j – Schedule of Reportable Transactions, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEW RIVER ELECTRICAL CORPORATION RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of New River Electrical Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General

The Plan, established August 1, 1993, is a defined contribution plan covering specified employees (excluding bargaining employees) of New River Electrical Corporation (the "Company") who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated October 1, 2023.

Contributions

The Plan provides for pre-tax participant contributions of up to a maximum of 6% of compensation, as defined in the Plan. Beginning April 1, 2018, all participants who have not made an election to participate in the plan will be automatically enrolled in the Plan, with an automatic deferral of 2% of compensation. Participants may still elect not to participate in the Plan. The automatic deferral percentage will be increased by 1% per year until it reaches 6%. Participants may also contribute catch-up contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching contributions to the Plan as determined by the Company. For the years ending December 31, 2024 and 2023, the Company discretionary matching contribution is 75% of the deferral amount that the participant contributes to the Plan. Catch-up contributions are not matched. Additional amounts may be contributed as determined by the Company. Contributions are subject to certain limitations. During the years ending December 31, 2024 and 2023, the employer made an discretionary matching contributions, net of forfeitures, of \$1,031,407 and \$874,197, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, participants may direct the custodian of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan.

Participant loans

Participants may borrow from their Plan accounts, as detailed in the Plan. The minimum loan amount is \$1,000. A participant may have only two loans outstanding at a time. Loan terms cannot exceed five years, unless proceeds are used to acquire a principal residence. The maximum loan amount is one-half of the vested account balance or \$50,000, whichever is less. Loans are secured by the vested balance in the participant's account. Interest is currently being charged at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions, with various maturities through 2030.

Payment of benefits

Distribution of the vested portion of a participant's account will occur upon the participant's termination, death, disability, hardship withdrawal or retirement, as defined in the Plan. A participant is entitled to receive a lump sum payment, or installments in an amount equal to the vested value of their account. Participants are also allowed to take in-service withdrawals upon reaching 59 ½ years of age.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vesting in the Company's discretionary matching contributions plus actual earnings thereon.

Forfeitures

During the years ending December 31, 2024 and 2023, forfeitures of terminated non-vested account balances and forfeitures of 415 excess contributions were \$66,639 and \$6,399. Forfeitures may be used to reduce future Company contributions, pay plan expenses, restore forfeitures, or reallocated to participants. During 2024, forfeitures of \$68,925 were used to reduce employer contributions. During 2023, forfeitures of \$5,730 were used to reduce employer contributions. As of December 31, 2024 and 2023, forfeitures of \$-0- and \$646, respectively, were available to reduce future employer matching contributions, restore forfeitures, pay future administrative expenses or be reallocated to participants.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States (U.S. GAAP).

Investment valuation and income recognition

The Plan's registered investments are recorded at fair value based on quoted market prices. The common collective trust is recorded at net asset value based on the underlying assets as practical expedient. The fully benefit-responsive investment contract is based on the amount payable at the reporting date and is reported at contract value. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes investments bought, sold or held during the year.

As described under FASB ASC 962-325-35 "*Plan Accounting – Defined Contribution Pension Plans*", the Plan values all fully-benefit responsive contracts at fair value, which is contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Participant loan receivables

Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loan receivables is recognized in the period in which it is earned and is recorded as interest income on the statements of changes in net assets available for benefits.

Note 2 - Summary of Accounting Policies (continued)

Expenses

Administrative expenses are paid by the Plan and the Company.

Payment of benefits

Benefit payments are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investments – Valued at the quoted market prices of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan’s assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment funds	\$ <u>17,916,900</u>	\$ <u>17,916,900</u>	\$ <u>-</u>	\$ <u>-</u>
Total	\$ <u>17,916,900</u>	\$ <u>17,916,900</u>	\$ <u>-</u>	\$ <u>-</u>

The following table sets forth by level, within the fair value hierarchy, the plan’s assets at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment funds	\$ <u>12,984,199</u>	\$ <u>12,984,199</u>	\$ <u>-</u>	\$ <u>-</u>
Total	\$ <u>12,984,199</u>	\$ <u>12,984,199</u>	\$ <u>-</u>	\$ <u>-</u>

Note 4 – Investment in Fully Benefit Responsive Contract

The plan had a benefit-responsive investment contract in a common collective trust. As of December 31, 2023, the funds are invested in Morley Stable Value Fund common collective trust. The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The value at December 31, 2024 and 2023 is \$-0- and \$3,874,619, respectively.

Certain events limit the Plan’s ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan’s ability to transact a contract value with Plan participants are probable of occurring.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by the plan administrator and has not requested a determination letter but rather has relied upon the Internal Revenue Service opinion letter dated June 30, 2020 issued on the non-standardized pre-approved plan stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan was restated on October 1, 2023. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024 and 2023, no uncertain tax positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

Note 7 – Related Party Transactions

For the years ending December 31, 2024 and 2023, fees paid by the Plan for investment management and recordkeeping services amounted to approximately \$12,996 and \$31,970, respectively.

Although not required by the plan, a portion of the costs of plan administration were absorbed by the Company. For the years ending December 31, 2024 and 2023, the Company paid administrative fees of \$57,485 and \$32,483, respectively.

Note 8 – Excess Deferrals and Contributions

During the year ended December 31, 2024, there were section 415 excess contributions of \$92,602. A liability has been accrued as of December 31, 2024 for \$68,845; the remaining \$23,757 will be forfeited from the employer match source and has not been accrued. During the year ended December 31, 2023, there were section 415 excess contributions of \$119,875. A liability has been accrued as of December 31, 2023 for \$55,990; the remaining \$63,885 will be forfeited from the employer match source and has not been accrued.

Note 9 – Financial Information Certified by the Custodian of the Plan

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held and notes receivable at October 2, 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends and participant loan interest for the period ended October 2, 2023, was obtained by management and agreed to or derived from the information certified as complete and accurate by Principal Trust Company (the custodian of the Plan) as of October 2, 2023 and for the period from January 1, 2023 to October 2, 2023.

Note 10 – Revenue Sharing Arrangement

In 2024, the Plan has a revenue sharing arrangement with its third-party administrator. The Plan received \$240 in revenue sharing income for the year ended December 31, 2024 and paid expenses of \$230 with the reimbursements.

In 2023, the Plan had a revenue sharing arrangement with its custodian, Principal Trust Company. The Plan received \$2,086 in revenue sharing income for the year ended December 31, 2023 and paid expenses of \$2,086 with the reimbursements.

Note 11 – Subsequent Events

The Plan has evaluated subsequent events through August 18, 2025, the date the report is available for issuance. The Plan was amended effective January 1, 2025 to change the eligibility requirements and entry dates for employee deferrals and increase the limit on salary deferrals allowed. No other events requiring disclosure were noted.
