Plan Committee and Participants
Associated Asphalt Partners Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Associated Asphalt Partners Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"), which comprise the statements of net assets available for benefits as of July 3, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits for the respective period and year then ended, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of July 3, 2025 and December 31, 2024 and for the respective period and year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Associated Asphalt Partners Retirement and Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Associated Asphalt Partners (the “Company” or “Employer”) Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan’s provisions.

Effective December 15, 2023, the Company was acquired by Ergon Asphalt & Emulsions, Inc. This transaction had no impact on Plan operations through December 31, 2024. During the period ended July 3, 2025, transfers of approximately \$28,858,000 were made to the Ergon 401(k) Plan. Also see Note 6.

General

The Plan was a defined contribution plan available to qualifying employees of the Company. To be eligible to participate in the Plan, an employee must have reached the age of 19 and completed 90 days of service. Employees could begin participation as of the first day of the month coinciding with or following the date on which they met the eligibility requirements. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

There were no employee or Company contributions for the period ended July 3, 2025 due to the plan merger discussed in Note 6.

Eligible employees were previously automatically enrolled to defer 5% of compensation, which automatically increased by 1% annually up to 10%, unless they elected an alternative deferral percentage or declined participation in the Plan. Participants could otherwise elect to contribute a percentage of their pre-tax or after-tax (“Roth”) compensation, as defined, not to exceed the limits set by the Internal Revenue Service (“IRS”). Participants who had attained age 50 are eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans (“rollovers”).

The Company matched 100% of the first 3%, plus 50% over 3%, not to exceed 5% of base compensation, that each participant contributed to the Plan. The Company could also make a discretionary profit-sharing contribution to be determined annually by the Board of Directors. The profit-sharing contribution was 8% of compensation for the year ended December 31, 2024, and was allocated to participants who were active as of year-end and had 1,000 hours of service in the plan year. The Company made a discretionary profit-sharing contribution of \$1,685,058 for the year ended December 31, 2024 (net of forfeitures of \$84,428). No discretionary profit-sharing contribution was made for the period ended July 3, 2025.

Upon enrollment in the Plan, a participant would direct contributions in any of the investment options offered through the Plan. Participants could change their investment options and deferral percentages at any time.

Participant Accounts

Each participant’s account was credited with the participant’s and the Company’s contributions and an allocation of the Plan’s net earnings and administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

See accompanying independent auditor’s report.

1. Description of Plan (Concluded)

Vesting

Participants were immediately vested in their voluntary contributions and the Company's matching contributions, plus any income or loss thereon. Vesting in the Company's discretionary profit-sharing contributions, plus any income or loss thereon, was based on years of service according to the following schedule:

<u>Years of Continuous Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant could elect to receive a lump-sum payment or certain annuity options. In-service distributions could be made to participants who have reached age 59½. Withdrawals from the Plan could also be made upon circumstances of financial hardship, in accordance with plan provisions.

Notes Receivable from Participants

A vested participant could borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Notes were secured by the balance in the participant's account and bore interest at a rate available for similar notes from commercial lending institutions. The repayment period for general purpose and principal residence notes could not exceed five and 30 years, respectively. Principal and interest were repaid ratably through payroll deductions and the notes were collateralized by the participants' account balances.

Forfeitures

Forfeitures from non-vested participant accounts were used to offset future Company contributions or administrative expenses. During the year ended December 31, 2024, forfeitures of approximately \$40,000 were used to offset Company contributions. Forfeited non-vested accounts available to offset future Company contributions or administrative expenses were approximately \$91,000 at December 31, 2024.

Administrative Expenses

The Company absorbed certain expenses incidental to the administration of the Plan, including internal administrative costs. Other fees, including recordkeeping and investment advisory fees, were paid by the Plan. Distribution and note fees were paid from the affected participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

See accompanying independent auditor's report.

2. Summary of Significant Accounting Policies (Concluded)

Investment Valuation and Income Recognition

Investments are primarily stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated events occurring subsequent to the date of the financial statements through September 29, 2025, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended July 3, 2025 and the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

4. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan adopted a non-standardized plan document sponsored by Fidelity Management and Research Co. The IRS has determined and informed Fidelity Management and Research Co. by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan had been amended since the date of the determination letter; however, the plan administrator believes that the Plan was designed and operated in compliance with applicable provisions of the IRC and, therefore, believes the Plan was qualified, and the related trust was tax-exempt.

See accompanying independent auditor's report.

6. Plan Termination

Effective January 1, 2025, the Plan was terminated and merged into the Ergon 401(k) Plan (“Ergon Plan”). As a result, participant accounts became fully vested and nonforfeitable and were subsequently rolled over to the Ergon Plan during 2025. Employees were eligible to participate immediately in the Ergon Plan.

7. Party-in-Interest Transactions

Certain investments of the Plan were shares of mutual funds and a money market fund managed by an affiliate of the Plan’s trustee and recordkeeper, Fidelity Investments. Fees paid by the Plan to Fidelity for trustee, recordkeeping, and other administrative services were approximately \$16,000 and \$60,000 in the period ended July 3, 2025 and year ended December 31, 2024.

Fees paid by the Plan to World Investment Advisors (formerly Pensionmark Financial Group, LLC) for investment advisory services were approximately \$4,000 and \$25,000 during the period ended July 3, 2025 and year ended December 31, 2024.

Fees paid by the Plan to Smith Leonard PLLC for accounting and auditing services were approximately \$10,000 and \$0 during the period ended July 3, 2025 and year ended December 31, 2024.

8. Fair Value Measurements

The Plan adopted Accounting Standards Codification 820, “Fair Value Measurements and Disclosures” (“ASC 820”), which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurement

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual funds and money market funds: Valued at net asset value (“NAV”) of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common stocks (included in Brokerage Link Option): Valued at the quoted price reported in an active market and classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Valued at NAV as determined by the issuer using the estimated fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs. There are no reserves for credit risk of the issuer. As the value of these investments is readily determinable, these funds are classified within Level 2 of the valuation hierarchy.

See accompanying independent auditor’s report.

8. Fair Value Measurements (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2024.

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$11,589,245	\$ -	\$ -	\$11,589,245
Money market funds	6,434	-	-	6,434
Brokerage link option	817,190	-	-	817,190
Common collective trust funds	-	18,438,535	-	18,438,535
	\$12,412,869	\$18,438,535	\$ -	\$30,851,404
