INDEPENDENT AUDITORS' REPORT

To the Plan Administration of
Atari, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Atari, Inc. 401(k) Profit Sharing Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Atari, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

General

On June 18, 2003, the Infogrames North America, Inc. 401(k) Retirement Plan changed its name to the Atari, Inc. 401(k) Profit Sharing Plan. The Plan, effective as of January 1, 1995, is a defined contribution plan established to provide retirement and other incidental benefits to Atari, Inc. (the "Company") employees. The Plan covers all employees of the Company and related employers who meet the eligibility requirements of the Plan and elect to participate in the Plan. Effective June 18, 2003, the Plan was amended such that every employee who has attained the age of eighteen has the right to participate in the Plan following the completion of three months of credited service, as defined by the Plan document. The 401(k) Profit Sharing Plan Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan (the "Trustee"). Fidelity Investments Institutional Operations Company, Inc., a subsidiary of the trustee, which is also under the trustee's control, is responsible for recordkeeping services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan also meets the requirements of the Internal Revenue Code ("IRC") Section 401(k), which permits employees to exclude contributions to the Plan from current taxable income, subject to certain limits. The Plan was amended and restated as of April 1, 2001, to add Infogrames North America, Games.com Inc., and Paradigm Entertainment, Inc. to the list of related employers whose employees' service is taken into account under the Plan. Effective October 1, 2003, the 401(k) Plan and Trust of Shiny Entertainment Inc., a newly acquired development studio, was merged into the Plan. On October 9, 2008, Infogrames Entertainment S.A. ("Infogrames") acquired Atari, Inc. Atari, Inc. became a wholly owned subsidiary of Infogrames. Effective November 22, 2021, the Plan was restated with no changes to the previous provisions.

Contributions

Each year, participants may contribute any whole percentage up to 60% of their pre-tax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants may allocate their contributions among the investment funds (Note 4). The Company may, at its discretion, make a matching contribution of 100% of the first 3% and 50% of the next 6% of the employee's elective deferral for the Plan year, subject to an annual limit of \$6,000. Matching contributions are computed based on eligible compensation contributed to the Plan each quarter of the Plan year. The Company may also make additional discretionary profit-sharing contributions to the Plan, which are allocated to the participant accounts in accordance with the terms of the Plan document. No such additional discretionary contributions were made for the year ended December 31, 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution, (b) allocations of the Company's discretionary contributions and (c) Plan earnings, and charged with an allocation of administrative expenses and any withdrawal charges. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants' contributions and related earnings are fully vested and non-forfeitable. Effective June 16, 2014, except for participants initially hired prior to April 1, 2001 and who were participants in the Infogrames North America, Inc. 401(k) Retirement Plan, participants have a fully vested interest in any employer contributions and related earnings.

Participants in the Infogrames North America, Inc. 401(k) Retirement Plan who were hired prior to April 1, 2001 were 100% vested after three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator, and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to ten years). Principal and interest is paid ratably through monthly payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant. Unpaid loans will be subtracted from any distribution received upon retirement, death, disability or termination of employment.

Payment of Benefits

Payment to a participant, or in the event of death, to their beneficiary, becomes due after the occurrence of one or more of the following events: retirement, death, disability, termination of employment, or termination of the Plan unless a participant elects to postpone distribution. A participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his/her account, installments over a period of years selected by the participant, or a rollover into a qualified plan. The rules and procedures for electing the timing and form of distribution effective for each participant or beneficiary are described in the Plan document. Distributions are made only in the manner provided, and at the time or times specified by the Plan. If vested amounts are \$7,000 or less, the distribution will be made in a lump-sum payment as such balances are considered *de minimis* distributions.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$514 and \$0, respectively. These accounts are used to pay Plan expenses and to reduce future employer contributions. For the year ended December 31, 2024, the Plan applied \$32 of forfeitures against expenses of the Plan.

Secure Act

The Plan adopted the required provisions of the Setting Every Community Up for Retirement Enhancement Act, known as SECURE 2.0 Act. Plan amendments required by the Act need not be made until the end of the first plan year beginning on or after January 1, 2025. Provisions that are in effect for the Plan year ended December 31, 2023 include increasing the Required Minimum Distributions age to 73 starting on January 1, 2023. Under the SECURE 2.0 Act, retirement plans may allow participants to elect to receive non-elective contributions as Roth contributions. In addition, the Plan Sponsor may rely on employee certification that deemed hardship withdrawal conditions have been met.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than the common collective trust contract, are included in the fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most administrative expenses incurred by the Plan are paid by the Company. The participant portion of the quarterly per participant fee is reflected in administrative fees.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AS COMPLETE AND ACCURATE

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information, and the information contained in the Supplemental Schedule of Assets (Held at End of Year), was certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan, and was not subjected to any auditing procedures performed by the independent auditors, except for comparing such information with the related information included in the financial statements.

| | 2024 | 2023 |
|---|---------------|---------------|
| Investments, at fair value | \$ 15,975,904 | \$ 14,537,457 |
| Net appreciation in fair value of investments | \$ 1,729,841 | |
| Interest and dividends | \$ 603,698 | |

Notes receivable from participants of \$40,130 and \$29,290 at December 31, 2024 and 2023, respectively, and interest income on notes receivable from participants of \$2,069 for the year ended December 31, 2024, have also been certified by the trustee.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, "Fair Value Measurement" provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ATARI, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Money Market Fund

Money market funds are investment mutual funds comprised of high credit quality short-term securities that aim to pay money market interest rates while maintaining their NAV at \$1 per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common Collective Trust Fund

The Fidelity Managed Income Portfolio (the “Fund”) is a collective investment trust that is primarily a portfolio invested in assets (typically fixed-income securities or bond funds), investment contracts issued by insurance companies and other financial institutions (“wraps”), and cash equivalents represented by shares in money market funds. It is the policy of the portfolio to use its best efforts to maintain a stable NAV of \$1.00 per unit; although there is no guarantee that the portfolio will be able to maintain this value. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant-directed withdrawals and exchanges made in order to accommodate distribution to participants, whether in-service or following termination of employment, may be made on any business day. Withdrawals made in order to accommodate a participant-directed exchange to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds or certain other types of fixed income funds).

Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Non-participant directed withdrawals directed by a Plan sponsor must be preceded by twelve months written notice to the trustee of the Fund; provided, however, that the trustee may, in its discretion, complete any such plan-level withdrawals before the expiration of such twelve-month period. The Fund qualifies as an investment company under FASB ASC 946, *Financial Services – Investment Companies*, and follows the accounting and reporting guidance for investment companies. The Fund is a direct filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | Investments at fair value as of December 31, 2024 | | | |
|---|---|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | \$ 15,327,075 | \$ - | \$ - | \$ 15,327,075 |

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Fair Value of Investments in Entities that Use Net Asset Value

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| As of December 31, 2024 | | | | |
|-----------------------------------|------------|------------------------|-------------------------|-----------------------------|
| Investment | Fair Value | Unfunded Commitment | Redemption Frequency | Redemption Notice Period |
| Fidelity Managed Income Portfolio | \$ 980 | N/A | Daily | See above description |

|-----------------------------------|------------|------------------------|-------------------------|-----------------------------|
| Investment | Fair Value | Unfunded Commitment | Redemption Frequency | Redemption Notice Period |
| Fidelity Managed Income Portfolio | \$ 822 | N/A | Daily | See above description |

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments represent shares in mutual funds or other investments administrated by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Investment income received by the Plan is net of fees charged by the trustee or its affiliates. Fees paid by the Plan for the investment management and administrative services amounted to \$333 for the year ended December 31, 2024. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7: TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan offered by the Plan's trustee. The IRS has determined, by letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: DELINQUENT EMPLOYEE DEFERRAL REMITTANCES

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$6,883 were not remitted within the required time period for the year ended December 31, 2024. The Company remitted any related lost earnings on these delinquent employee contributions on August 8, 2025.

NOTE 10: SUBSEQUENT EVENTS

Effective March 1, 2025, the trustee of the Plan, Fidelity Management Trust Company and the recordkeeper of the Plan, Fidelity Investments Institutional Operations Company, Inc., (a subsidiary of the trustee) was replaced with Vanguard Group, Inc. ("Vanguard") and Ascensus Trust Company ("Ascensus"). All Plan assets and records were transferred to Ascensus and Vanguard.

The Plan administrator has evaluated subsequent events through September 18, 2025, the date the financial statements were available to be issued.
