Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RSM US LLP

(2) EIN: 42-0714325

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Southwest Research Institute Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Southwest Research Institute Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF), as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Note 1. Description of Plan

The following description of the Southwest Research Institute Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement for a more complete description of the Plan's provisions.

General: The Plan is a 403(b) defined contribution retirement plan that is intended to be used by tax-exempt organizations described in Internal Revenue Code (IRC) Section 501(c)(3). The Plan covers all eligible employees of Southwest Research Institute (SwRI, the Plan Sponsor) who are age 18 or older immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: SwRI contributes a nondiscretionary amount based on an integrated formula to the individual accounts of qualifying participants each plan year. Contributions are subject to certain limitations.

The Plan allows for automatic enrollment of new employees at 5% of compensation; however, employees can opt out or elect a different deferral percentage at any time. Each year participants may elect to contribute up to the maximum permissible amount for any year in accordance with Treasury Regulations, or 100% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from an eligible retirement plan, as defined by the Plan document (rollovers).

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution, SwRI's contribution and Plan earnings, net of administrative expenses. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. Employer contributions have a six-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Note 1. Description of Plan (Continued)

Plan loans: Prior to December 3, 2021, participants could borrow directly from Teachers Insurance and Annuity Association (TIAA) a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested deferred account balance. The loans are secured by the portion of the participant's deferred account balances in the TIAA Traditional Annuity to cover 110% of the outstanding loan in case of default. If a participant ceases to make loan repayments and the Plan Recordkeeper and Custodian deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Loans bear interest at variable market rates ranging from 4.00% to 6.52%. Principal and interest are paid directly to TIAA by the participant. At December 31, 2024 and 2023, the amount of participant balances used to collateralize the outstanding loans totaled \$1,217,470 and \$1,991,978, respectively. Plan loans are not included in the financial statements because they are maintained outside the scope of the Plan. Effective December 3, 2021, collateralized loans are no longer available under the Plan.

Notes receivable from participants: Effective December 3, 2021, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest loan balance in the previous 12 month period or 50% of their vested account balance and no more than three loans are allowed to be outstanding at one time. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Recordkeeper and Custodian. Principal and interest are paid through automatic ACH payments. As of December 31, 2024, interest rates on outstanding loans are 4.25%-9.50% maturing through 2030.

Payment of benefits: Upon death, disability, retirement or other termination of service, a participant has distribution options he or she may elect to receive, such as lump sum, partial payments, installment payments or annuity contracts. The participant's individual agreements governing the investment options he or she selected may further restrict the distribution options. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that does not exceed \$5,000 is paid as a direct rollover to an individual retirement account designated by the Plan Administrator.

Forfeited accounts: If a participant terminates employment before they become fully vested in their Plan benefits, they will be entitled to receive a distribution of their vested benefits under the Plan. Their nonvested benefits will be forfeited in accordance with the terms of the Plan. Participant forfeitures are used to reduce future employer contributions. During 2024, employer contributions were partially funded using forfeited nonvested accounts in the amount of \$1,285,150. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$225,563 and \$113,299, respectively.

Records of TIAA: For certain annuity and custodial accounts that were issued by TIAA to current and former employees prior to January 1, 2009, certain accounting records and supporting documents could not be located to determine if individuals who held investments with TIAA prior to December 31, 2008, were included in the Plan. The extent to which the financial statements may have been affected by this condition, if any, is unknown.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Basis of accounting: The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (U.S. GAAP). Cash basis financial statements that adjust the carrying amount of investments to fair value are considered to be prepared on a modified cash basis. Under U.S. GAAP, income and the related assets are recognized when earned and expenses are recognized when obligations are incurred. Under the modified cash basis of accounting, income is recognized only when collected and expenses are recognized only when disbursed. Investment income is recognized when received. Contributions to the Plan are recognized as income upon receipt, rather than when due to the Plan. Benefit payments and trustee fees are recognized when paid by the Plan, rather than when incurred.

Note 2. Summary of Significant Accounting Policies

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments in insurance company pooled separate accounts are reported at the value reported to the Plan by the insurance company, which approximates fair value.

The fair value of the guaranteed (fixed) annuity contracts equals the accumulated cash contributions and interest credited less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded as incurred. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for the Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses of the Plan: Plan fees and expenses, including fees and expenses connected with providing administrative services by external service providers, are paid from plan assets. Other supporting expenses are paid directly by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Payment of benefits: Benefit payments are recorded as a reduction of net assets available for benefits upon distribution.

Transfers between accounts: Participants are permitted to transfer funds between their College Retirement Equities Fund (CREF) pooled separate account, variable annuity contracts and mutual funds and into the TIAA annuity account at any time. However, transfers out of the TIAA annuity account, under certain contract terms, may have liquidity restrictions.

Subsequent events: The Plan has evaluated subsequent events through September 23, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2024, and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by TIAA and CREF, the custodians of the Plan. The Plan Administrator has obtained certifications from TIAA and CREF that information provided to the Plan Administrator by TIAA and CREF related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2024	2023
Investments at fair value:		
Mutual funds	\$ 1,246,743,370	\$ 1,102,500,253
Pooled separate account	56,311,806	55,882,071
Guaranteed (fixed) annuity contracts	331,111,681	326,899,540
Total investments at fair value	<u>\$ 1,634,166,857</u>	<u>\$ 1,485,281,864</u>
Investments at contract value:		
Guaranteed (fixed) annuity contracts	<u>\$ 60,896,668</u>	<u>\$ 61,946,560</u>
Notes receivable from participants	<u>\$ 3,226,586</u>	<u>\$ 2,192,596</u>

TIAA and CREF also certified to the completeness and accuracy of \$136,512,712 of net appreciation in fair value of mutual funds, \$17,195,952 of annuity interest income, \$232,353 of participant loan interest income, \$33,349,702 of dividends on mutual funds, \$2,275,531 of pooled separate account losses and \$639,305 of plan service credits related to the aforementioned plan assets for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. CREF accounts are included as mutual funds because CREF is an SEC registrant under the Investment Company Act of 1940 as an open-end diversified management investment company.

Pooled separate account: The pooled separate account is valued at the daily unit value, which is published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Guaranteed (fixed) annuity contracts: Guaranteed (fixed) annuity contracts are nonfully benefit-responsive investment contracts and are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Money market mutual funds	\$ 28,189,960	\$ -	\$ -	\$ 28,189,960
Fixed income	94,450,905	-	-	94,450,905

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Money market mutual funds	\$ 28,604,436	\$ -	\$ -	\$ 28,604,436
Fixed income	83,766,623	-	-	83,766,623
Multi-asset fund	233,383,089	-	-	233,383,089
Equities	747,815,955	-	-	747,815,955
Institutional	8,930,150	-	-	8,930,150
Pooled separate account:				
TIAA real estate	-	55,882,071	-	55,882,071
Guaranteed (fixed) annuity contract:				
TIAA Traditional Nonbenefit Responsive Annuity	-	-	326,899,540	326,899,540
Total investments at fair value	<u>\$ 1,102,500,253</u>	<u>\$ 55,882,071</u>	<u>\$ 326,899,540</u>	<u>\$ 1,485,281,864</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The Plan's Level 3 assets had net deductions of \$2,977,850 and transfers to Level 3 assets of \$30,948,622 and transfers out of Level 3 assets of \$23,758,631 for the year ended December 31, 2024.

Southwest Research Institute Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2024 and 2023:

		December 31, 2024		
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Nonbenefit Responsive Annuity	<u>\$ 331,111,681</u>	Discounted cash flow	Risk-adjusted market rate applied	Retirement Annuities 1.0%-3.0%

		December 31, 2023		
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Nonbenefit Responsive Annuity	<u>\$ 326,899,540</u>	Discounted cash flow	Risk-adjusted market rate applied	Retirement Annuities 1.0%-3.0%

The significant unobservable input used in the fair value measurement of the Plan's guaranteed annuity contract is the credited interest rate. Significant increases in this input would have resulted in a significantly lower fair value measurement.

Note 5. Guaranteed (Fixed) Annuity Contracts

The Plan offers an investment option in guaranteed (fixed) annuity contracts that are fully and unconditionally guaranteed by TIAA, a New York domiciled nonprofit legal reserve life insurance company, one of which is fully benefit-responsive while the other is not. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest and the potential for additional interest if declared by TIAA. Investments in the TIAA Traditional Annuity are secured by the general assets of TIAA and backed by the claims-paying ability of TIAA.

Fair value is the relevant measure for nonbenefit-responsive investment contracts, and contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the Plan. Nonbenefit-responsive investment contracts are reported at fair value and fully benefit-responsive investment contracts are reported at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As an insurance company, TIAA is required to maintain contingency reserves to ensure it will be able to fulfill its contractual obligations to policyholders. The crediting interest rate is supported by the investment performance of a large, diversified portfolio, is correlated with the highest quality debt security yields and is adjusted for contract liquidity. The crediting rate is determined, in part, by the net investment earnings rate of TIAA's assets less a charge for administrative expenses and an amount set aside for contingency reserves. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan held \$60,896,668 and \$61,946,560 of investment contracts at contract value at December 31, 2024 and 2023, respectively, and \$331,111,681 and \$326,899,540 of investment contracts at fair value at December 31, 2024 and 2023, respectively.

Southwest Research Institute Retirement Plan

Notes to Financial Statements

Note 5. Guaranteed (Fixed) Annuity Contracts (Continued)

TIAA issues various types of contracts as funding vehicles for retirement plans. Certain contract types contain liquidity restrictions on the redemption of TIAA Traditional Annuity accumulations, which could impact the value realized upon exiting the contract.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed (fixed) annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Party-in-Interest Transactions

TIAA is issuer of Plan investments in mutual funds, fixed annuity contracts and the pooled separate account and, therefore, transactions involving these investments qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

Effective January 1, 2018, the Plan adopted the TIAA 403(b) volume submitter plan document, which received an advisory letter from the Internal Revenue Service (IRS), dated August 7, 2017, which stated that the volume submitter plan document is acceptable under Section 403(b) of the IRC and may be relied upon as provided in Revenue Procedures 2013-22. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits—modified cash basis.
