Independent Auditor's Report

To the Participants and Administrator of
HD Supply 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HD Supply 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit section:

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HD Supply 401(k) Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

Note 1: Description of Plan

The following description of the HD Supply 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

HD Supply, Inc. (the Plan Sponsor or the Company) adopted the Plan as of December 28, 2007. The Plan was established as a spin-off of The Home Depot FutureBuilder (The Home Depot Plan), which is sponsored by The Home Depot, Inc. (The Home Depot). The assets and liabilities of The Home Depot Plan that were attributable to certain individuals who were, or had been, employed in the lines of business that The Home Depot transferred out of its controlled group on or about August 30, 2007, transferred to this Plan on or about December 28, 2007; however, no individual became a participant in this Plan until January 1, 2008. All participants were credited with any years of service earned under The Home Depot Plan and retained all assets and liabilities associated with The Home Depot Plan. The Plan was restated effective January 1, 2013. During December 2020, The Home Depot acquired the Company. No Plan assets were transferred as a result of this acquisition. As a result of the 2020 acquisition, the Plan was amended to require employees who switch employment between The Home Depot and the Plan Sponsor to leave all of their plan assets in their previous employers plan and to enter into the plan of their new employer maintaining their service earned at the prior company for eligibility and vesting purposes.

Effective January 1, 2023, the Company changed Trustees from Fidelity to Northern Trust Company and adopted a new Plan Document.

General

The Plan is a voluntary defined contribution plan established to provide retirement benefits to eligible associates of the Plan Sponsor. Non-resident aliens with no U.S. income, leased employees, independent contractors and union associates covered under a collective bargaining agreement are not eligible to participate in the Plan unless such collective bargaining agreement specifies eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility for Participation

Associates are eligible to participate in the Plan following the later of their 18th birthday and completion of a 90-day waiting period from the date of hire. Following completion of the 90-day waiting period, associates are automatically enrolled in the Plan with a 3% associate contribution. This deferral figure will increase by 1% as soon as administratively feasible commencing with the first contribution of April up to a maximum of 7%. If the associate does not want to make contributions to the Plan, they can "opt out" of automatic enrollment. If the associate wants to contribute a different percentage, they can change the initial automatic contribution percentage. These changes can be made before the automatic deduction begins but no sooner than 45 days prior to the eligibility date.

Effective January 1, 2025, the Plan increased its auto-escalation maximum from 7% to 15%.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pretax or Roth after-tax contributions to the Plan from 1% to 75% of their eligible compensation, as defined in the Plan Document and subject to aggregate limits imposed by the Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Aggregate limits as prescribed by the IRS were \$23,000 for participants under the age of 50 and \$30,500 for participants age 50 and older in 2024. Participants direct their contributions into various investment options offered by the Plan. The Plan also accepts rollovers from other tax-qualified and tax-advantaged plans.

The Company's provided matching contribution is 50% of a participant's pre-tax and Roth after-tax contributions to the extent that such contributions do not exceed 7% of the participant's earnings. The Plan does not provide for a discretionary matching contribution from the Company. The Company's contributions totaled \$22,367,004 for the year ended December 31, 2024.

Administration

Northern Trust Company (Northern Trust or the Trustee) serves as the trustee and custodian of the Plan. The Trustee receives all contributions made under the Plan, holds all Plan assets, and pays benefits to participants as directed by the Plan administrator (Notes 3 and 8).

The Company, including the Retirement Plan Committee, serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The Plan administrator engaged Alight Solutions LLC as a third-party administrator to assist in the administration of the Plan.

Participant Accounts

Each participant account is credited with the participant's contributions, the participant's share of investment income or loss and any Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan administrator.

Vesting

Participants are 100% vested in their contributions plus any allocated earnings thereon. Participants are 100% vested in the Company match after completion of 3 years of service. Participants are immediately vested upon termination of the Plan, death, total disability or upon reaching normal retirement age of 65.

Participant accounts under the Plan belonging to a participant whose employment with the Company is terminated as a result of a business unit sale becomes fully vested on the date of termination.

Payment of Benefits and Withdrawals

The Plan provides for benefit distributions to participants or beneficiaries of their vested account balance upon termination of employment, disability, death or attainment of age 59 ½. If the value of the vested account is not greater than \$7,000 when employment is terminated or thereafter, the benefit may be automatically distributed in accordance with the terms of the Plan Document at the end of the quarter following termination. A terminated participant with a balance of less than \$1,000 may be automatically paid out of the Plan. A terminated participant with a balance between \$1,000 and \$7,000 may be automatically paid out of the Plan into a qualified retirement account.

In general, a participant may withdraw a minimum of \$500 and up to 100% of the participant's pre-tax and rollover contributions in the event of a participant's immediate and heavy financial hardship, as defined in the Plan Document.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account, subject to the possibility of reinstatement before the end of five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts are used to pay administrative expenses of the Plan, restore non-vested amounts to re-employed participants, or to reduce Plan Sponsor contributions, as defined in the Plan Document. At December 31, 2024, forfeitures used to reduce Plan Sponsor contributions totaled \$750,542. As of December 31, 2024 and 2023, forfeitures of non-vested accounts totaled \$40,868.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable transactions are treated as a transfer to (from) the investment funds from (to) the participant's note receivable fund. Note receivable terms range from 1 to 5 years for nonresidential loans and 15 years for residential loans. The notes receivable are secured by the balance in the participants' accounts and bear interest at a rate commensurate with the interest rate charged by persons in the business of lending money for loans made under similar circumstances. For purposes of this Plan, the Wall Street Journal's Prime Interest Rate plus one percentage point is used. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan Document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan are charged to each participant's account, as defined in the Plan Document.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements for the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits and Rollover Distributions

Benefit payments and rollover distributions are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Note 3: Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

	2024	2023
Statements of net assets available for benefits:		
Investments, at fair value	\$ 538,082,371	\$ 458,508,085
Investment, at contract value	5,148,174	4,976,136
Cash and cash equivalents	2,291,096	885,886
Notes receivable from participants	10,772,850	9,056,188
Statement of changes in net assets available for benefits:		
Investment income:		
Interest and dividends	\$ 95,682	
Net appreciation in the fair value of investments	60,247,918	
Interest on notes receivable from participants	705,116	

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Input to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common collective trusts: The common collective trusts are stated at fair value as determined by the issuer of the common collective trusts based on the fair market value of the underlying investments, which are valued at the net asset value (NAV) of units of the common collective trusts.

Mutual Funds: Mutual funds, including money market funds and the self-directed brokerage accounts, are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or a reflection of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table is set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value.

Investments at fair value as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Common collective trusts (a)	\$ -	\$ -	\$ -	\$ 535,038,844
Self-directed investments	<u>3,043,527</u>	<u>-</u>	<u>-</u>	<u>3,043,527</u>
Total investments at fair value	<u>\$ 3,043,527</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 538,082,371</u>

Investments at fair value as of December 31, 2023:

Description	Level 1	Level 2	Level 3	Total
Common collective trusts (a)	\$ -	\$ -	\$ -	\$ 457,302,885
Self-directed investments	<u>1,205,200</u>	<u>-</u>	<u>-</u>	<u>1,205,200</u>
Total investments at fair value	<u>\$ 1,205,200</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 458,508,085</u>

(a) In accordance with Subtopic Accounting Standards Codification 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Fully Benefit-Responsive Investment Contract

The T. Rowe Price Stable Value Fund represents direct investments in fully benefit-responsive synthetic investment contracts. This contract meets the benefit-responsive investment contract criteria and therefore is reported at contract value. In accordance with Accounting Standards Update (ASU) 2015-12, contract value is the only relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value of the T. Rowe Price Stable Value Fund represents contributions plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Note 6: Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7: Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts presented in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 8: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements is as follows:

Net Assets Available for Benefits	2024	2023
Net assets, as reported on Form 5500	\$ 556,304,729	\$ 473,432,187
Adjustments to accrue current year:

Excess contributions payable not recorded on Form 5500	<u>(2,449)</u>	
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 83,122,116</u>	

Note 9: Party-in-Interest Transactions

The Trustee performs services for, and sells products to, the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 10: Plan Termination

Although it has expressed no intent to do so, the Company reserves the right to change or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the value of each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Note 11: Excess Contributions Payable

During 2024 and 2023, the Plan was not in compliance with the IRC Section 401(k) and IRC Section 402(g), respectively. As a result, corrective distributions totaling \$2,449 and \$252,023 were due from certain accounts at December 31, 2024 and 2023, respectively. This amount is presented as excess contributions payable in the accompanying statements of net assets available for benefits and is included in participants and employer contributions in the accompanying statement of changes in net assets available for benefits. The Plan refunded these excess contributions subsequent to the respective plan year.

Note 12: Subsequent Events

The Plan Sponsor has evaluated subsequent events between December 31, 2024, the date of the statements of net assets available for benefits, and the report date, which is the date these financial statements were available for issuance and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
