INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Arc 401(k) Plan
Torrance, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024, and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARC 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Arc 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Good Sports Plus, Ltd. (dba Arc) (the Company), except for employees covered by collective bargaining agreements and nonresident aliens. Effective January 1, 2022, the Plan adopted a defined contribution pre-approved plan sponsored by Duncan Financial Group, LLC. The Plan engages Capital Bank and Trust Company as Trustee and Custodian to hold and invest plan assets and execute plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees over the age of 21 are eligible to participate in the Plan following the completion of one year of service. Participants may participate in the Plan on the first day of the plan year quarter after eligibility requirements are met.

Contributions: Eligible employees may elect to defer a percentage of their pre-tax or post-tax annual compensation as defined in the Plan. The maximum amount contributed during any calendar year may not exceed the limit permitted under Section 402(g)(5) of the Internal Revenue Code. The maximum contribution was \$23,000 and \$22,500 for the calendar years 2024 and 2023, respectively. However, participants who had attained age 50 by year end could also make catch-up contributions of \$7,500 for the calendar years 2024 and 2023. Participants may also contribute amounts representing transfers from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution that equals a percentage of participants' 401(k) salary deferrals. The percentage is determined each year. For 2024 and 2023, the Company did not make matching contributions.

The Company may also make a discretionary profit sharing contribution each plan year. Participants who are eligible to participate in the Plan, will share in the discretionary profit sharing contribution. For the years ended December 31, 2024 and 2023, the Company made a profit sharing contribution of \$104,316 and \$19,800, respectively.

Under the 401(k) provision of the Plan, the Company is required to make a nonelective Safe Harbor contributions to each eligible participant in an amount equal to 3% of each participant's compensation, up to the first \$345,000 of wages, whether or not they have elected to contribute to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and rollovers, the Company discretionary matching contribution, as well as an allocation of (a) the discretionary profit-sharing contribution (b) nonelective safe harbor contribution and (c) the plan earnings. Allocations are based on participant salaries or account balances, as required by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

ARC 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting: For the salary deferrals and 401k Safe Harbor contributions, participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's matching portion and profit-sharing portion of their accounts plus actual earnings thereon is based on years of continuous service. Employer matching and profit sharing contributions are vested on a five year graduated term (i.e. 20% vested after 1 year of service, 40% vested after 2 years, 60% vested after 3 years, etc). A participant is 100 percent vested after five years of credited service.

Notwithstanding the above, a participant will become fully vested in their account upon (1) attaining the age of 65 or (2) death or (3) total and permanent disability. Participants are always 100% vested in Safe Harbor contributions without regard to years of service.

Payments of Benefits: Upon retirement, death, or other termination of service, a participant's vested account shall be made in a lump sum. Partial withdrawals or installments are only permitted for Participants or Beneficiaries who must receive required minimum distributions. If the participant's vested account is greater than \$1,000, a participant may elect to receive a lump sum or partial withdrawal by submitting a request for payment. In any case, participant consent is required for distributions over \$1,000.

Hardship Withdrawals: Participants may withdraw a percentage of their pre-tax account balance attributable to their own employee contributions or rollovers upon approval of the plan administrator and subject to IRS hardship withdrawal rules.

In-Service Withdrawals: Participants who have reached age 59-1/2 may make a cash withdrawal at any time from any of their vested contributions.

Administrative Expenses: Administrative expenses are borne by both the Plan and the Company. Administrative expenses charged to the Plan include investment advisor fees, distribution fees, and loan fees. Other plan expenses paid by the Company include record-keeping fees, advisory fees, and audit fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan administrator to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Accordingly, actual results could differ from the estimated amounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Contributions: Participant contributions are recorded and remitted to the custodian each bi-weekly payroll period and recorded in the year withheld from a participant's check.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of net realized gains or losses and the net unrealized appreciation or depreciation in the fair value of investments.

Payments of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events: The plan administrator has evaluated its December 31, 2024 and 2023 financial statements for subsequent events through August 27, 2025, the date of issuance of the financial statements. The plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE/CUSTODIAN

The Trustee of the Plan certified certain information as of and for the years ended December 31, 2024 and 2023. The certified information was not audited in accordance with the plan administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedule, certified by the Trustee, consists of the following:

December 31,	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual funds	\$ 4,351,261	\$ 3,365,739
Notes receivable from participants	\$ 52,910	\$ 41,906
Net investment income	\$ 505,198	\$ 484,411
Interest income on notes receivable from participants	\$ 2,790	\$ 2,140

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ARC 401(K) PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

- *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end. Valuations are based on quoted prices in active markets for identical assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at fair value as of December 31, 2024

NOTE 5. FORFEITURES

Participants who are not 100% vested will forfeit the nonvested portion of the employer match and profit sharing contributions upon termination of employment. Forfeitures will be used to reinstate previously forfeited account balances of former participants, pay plan administrative expenses, or reduce future employer contributions. Forfeitures of \$7,330 and \$0 were used to pay plan administrative expenses and reduce employer contributions, respectively, for the year ended December 31, 2024. Forfeitures of \$6,840 and \$78 were used to pay plan administrative expenses and reduce employer contributions, respectively, for the year ended December 31, 2023. There were \$16,727 and \$12,736 in forfeitures available as of December 31, 2024 and 2023, respectively.

NOTE 6. NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow up to 50% of their vested account balance to a maximum of \$50,000, reduced by the participant's highest outstanding loan balance in the previous twelve months. The repayment term of the loan is not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which has a repayment term not to exceed 20 years. These loans are secured by the balance in the participant's account and bears an interest rate equal to 2% above the prime rate. Principal and interest is paid through payroll deductions.

NOTE 7. FEDERAL INCOME TAX STATUS

The Plan adopted an defined contribution pre-approved plan sponsored by Duncan Financial Group, LLC. The prototype plan provider has received an opinion letter from the Internal Revenue Service on May 27, 2021, stating that the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2024 and 2023, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 10. PARTY-IN-INTEREST TRANSACTIONS

During the calendar years 2024 and 2023, certain plan investments were invested in shares of mutual funds held and managed by Capital Bank and Trust, the Trustee. Therefore, these transactions qualified as party-in-interest transactions under ERISA.

NOTE 11. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits reported in the financial statements at December 31, 2024 and 2023 to the amounts in Form 5500:
