Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of First Citizens Financial Corp. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Citizens Financial Corp. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of First Citizens Financial Corp. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Citizens Financial Corp. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Citizens Financial Corp. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Citizens Financial Corp. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

**First Citizens Financial Corp. Employee Stock Ownership Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 DESCRIPTION OF PLAN

The following description of the First Citizens Financial Corp. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan and trust agreement for a more complete description of the Plan's provisions.

General

The plan sponsor and plan administrator is First Citizens Financial Corp. (FCFC), a bank holding company located in Mason City, Iowa. Participating employers include First Citizens Financial Corp. and its wholly-owned subsidiary, First Citizens Bank (Bank). FCFC has appointed the Bank as the Trustee. These entities are collectively referred to herein as the Company.

The Plan was established for the benefit of the employees of the Company. The First Citizens Financial Corp. Defined Benefit Pension Plan was amended and restated effective January 1, 1991, to the First Citizens Financial Corp. Employee Stock Ownership Plan. The Plan is a noncontributory defined contribution plan sponsored by the Company. The Plan was revised in order to qualify as an employee stock ownership plan under the Internal Revenue Code. Under the revised Plan, investments were designed to be primarily in shares of common stock issued by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company who have reached 21 years of age and have completed one year of service (employed for 12 consecutive months and earned 1,000 hours of service) are eligible to participate in the Plan. Only those participants employed by the Company on the last day of the Plan year, December 31, are eligible to receive an allocation of employer contributions for that year.

Contributions

Employer contributions to the Plan are determined by the Board of Directors of the Company. The Company made discretionary contributions in the amount of \$725,000 and \$683,000 as determined by the Board of Directors of the Company, for each of the plan years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with the Company's contributions, an allocation of shares of the Company's stock released by the Trustee from the unallocated account, an allocation of plan earnings or losses, an allocation of distributions from the Company, and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant compensation and account balances, as defined. The total annual addition made to a participant's account is subject to a limit as specified in the Plan to the maximum allowed by the Internal Revenue Code. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest zero percent for less than three years of service (one year of service attained with 1,000 hours worked) and 100 percent for three or more years of service. Immediate full vesting occurs upon the death, total disability, or attainment of age 65 of an employee to the extent of his or her allocated share of the Plan's net assets.

Forfeitures

Forfeited nonvested amounts are allocated to participants' accounts at the end of the Plan year based on eligible compensation. Forfeited nonvested amounts totaling \$13,693 and \$7,543 were allocated to participants' accounts during 2024 and 2023, respectively.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum payment or annual installments over no longer than a five-year period or, in certain cases, not longer than a ten-year period, equal to the value of his or her vested account. Distributions for the value of a participant's account may only be made in cash. If the value of the participant's Company stock exceeds \$1,165,000, the five-year period will be extended one additional year (but not more than five additional years) for each \$230,000 or fraction thereof for the balance in excess of \$1,165,000. If the vested portion of the participant's account exceeds \$5,000, consent by the participant for distribution prior to normal retirement date, age 65, is required.

First Citizens Financial Corp. Employee Stock Ownership Plan
NOTES TO FINANCIAL STATEMENTS

Upon the death of a participant, the participant's accounts shall be payable to his or her beneficiary. If the participant's beneficiary is the participant's spouse, the spouse may elect any distribution election that would have been available to a participant upon separation from service.

In addition, participants who have completed 10 plan years of service and have attained age 55 have the right to diversify a portion of their account attributable to Company stock. The Plan administrator will advise participants of any such rights.

Voting Rights

The Trustee of the Plan will vote all Company stock held by it as part of the Plan's assets. In limited circumstances, each participant is entitled to direct the Trustee as to the manner in which the voting rights attributable to shares allocated to his/her account are to be exercised.

Put Options

If the Company stock held by the Plan and its participants cannot be readily sold, then two put options are available. The put prices are representative of the fair value of the stock. The Company can pay for the purchase in cash or, if the distribution constituted a total distribution, substantially equal installments over a period of five years. The first 60-day put option period shall begin on the day following the date the Company stock is distributed, and if not exercised, the second 60-day put option will commence as of the first day following the new determination of the fair value of employer securities and notice to the participant of the new fair value.

Rebalancing of Account Balances

The Plan requires a transfer of employer securities from a participant's ESOP portion of the Plan to the participant's profit sharing portion of the Plan to prevent a non-allocation year from occurring and also to prevent a participant from becoming an S-corporation disqualified person.

After all distributions, allocations and re-allocations have been completed for the year, participant accounts will be rebalanced between the employer securities account and the other investment account so that the percent of each participant's total account invested in employer securities is the same.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The Plan relies significantly on the use of estimates in determining the valuation of the common stock of FCFC, which is the primary investment of the Plan. The financial statements include common stock of FCFC, totaling \$30,465,600 and \$28,872,800 at December 31, 2024 and 2023, respectively, whose value has been estimated with the assistance of an independent valuation specialist in the absence of readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

First Citizens Financial Corp. Employee Stock Ownership Plan
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses, including the cost of the valuation of the FCFC stock as of December 31, 2024 and 2023, are paid directly by the plan sponsor.

NOTE 3 INVESTMENT IN FIRST CITIZENS FINANCIAL CORP. COMMON STOCK

The Plan's investment in FCFC common stock as of December 31, 2024 and 2023 is as follows:

	<u>December 31, 2024</u>	<u>December 31, 2023</u>
Number of Shares	800	800
Cost	\$ 8,586,023	\$ 8,586,023
Fair Value	\$ 30,465,600	\$ 28,872,800

NOTE 4 TAX STATUS

The Plan obtained its latest determination letter from the Internal Revenue Service (IRS), in which the IRS stated that the Plan, as amended through January 29, 2014, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

The assets of the Plan are held by First Citizens Wealth Management, a division of the Bank. The Bank is the trustee as defined by the Plan, and therefore, those transactions qualify as party-in-interest transactions. No fees were paid to the Bank by the Plan for the years ended December 31, 2024 and 2023.

Employees of the Plan's trustee and administrator participate in the Plan.

The Plan holds investments in the common stock of FCFC, the plan sponsor and plan administrator.

NOTE 6 RISKS AND UNCERTAINTIES

Participants' account balances are invested primarily in shares of FCFC common stock as well as various other investment securities with contractual cash flows. The FCFC common stock and other investment securities are exposed to various risks such as interest rate, market, and credit risks, and are sensitive to changes in economic conditions, including real estate value, delinquencies, or defaults. Due to the level of risk associated with the FCFC common stock and other investment securities, it is at least reasonably possible that changes in the values of these securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Assets valued at fair value are categorized based on inputs to the valuation techniques as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

First Citizens Financial Corp. common stock - FCFC common stock is valued at estimated fair value based upon an independent appraisal. This appraisal was based on a combination of market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flows and net income, return on assets, return on equity, market comparable, and the estimated fair value of Company assets and liabilities. The value determined per share was \$38,082 and \$36,091 as of December 31, 2024 and 2023, respectively.

Interest-bearing cash, negotiable certificates of deposit (CDs) and corporate bonds and notes - The fair values of the interest-bearing cash, negotiable CDs, and corporate bonds and notes are based on quoted prices in active markets.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
